CASA NISSAN INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE A --- DESCRIPTION OF PLAN

The following description of the Casa Nissan Inc. ("Company") 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all full-time employees of the Company who have one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Administration. The Plan is administered by the Company's Committee which is appointed by the Plan Administrator of the Company. Then Plan's trustee, Fidelity Management Trust Company (the "Trustee"), is responsible for the custody and management of the Plan's assets.

Contributions. The Company matches contributions by 20% that a participant contributes to the Plan. Participants may contribute up to $16,500 per calendar year. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers an insurance investment contract

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, (b) Plan earnings, forfeited balances of terminated participants' non-vested accounts, and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after seven years of credited service.

Participant Loans. Participants may borrow from their fund accounts of their vested account balance. Loan terms range from 1-5 years for qualifying emergencies. The loans are secured by the balance in the participants' accounts and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. Interest rates range from 9% to 9.25%. Principal and interest is paid ratably through payroll deductions.

NOTE A --- DESCRIPTION OF PLAN *(continued)*

Payment of Benefits. On termination of service due to death, disability or retirement, participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts. At December 31, 2010 and 2009, forfeited non-vested accounts totaled $930 and $714, respectively. These accounts will be used to reduce future employer contributions.

NOTE B --- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for benefits is prepared on a contract value basis.

Note Receivable from Participants
Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

NOTE B --- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investment bought and sold as well as held during the year.

Payment of Benefits
Benefits are recorded when paid.

Operating Expenses
All expenses of maintaining the Plan are paid by the Company.

NOTE C --- INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	2010	**2009**
Investments, at fair value		
Money market	144,877	143,578
Mutual funds	1,018,296	997,317

NOTE D --- FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Quoted market prices are used to value investments. Shares of mutual funds are valued at net asset value of shares held by the Plan at year-end. Participant loans are valued at their outstanding balances, which approximated fair value. The fair value of the guaranteed investment contract is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations.

NOTE E --- INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets.

	2010	2009
Fidelity Retirement Market, 144,877 and 143,578 shares, respectively	$144,877	$143,578

During 2010, the Plan's investments (including gains and losses on investments bought and sold as well as held during the year) appreciated in value by $86,158 as mutual funds.

NOTE F --- INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2006, the Plan entered into a benefit-responsive investment contract with Fidelity Investments Institutional Operations Company, Inc. ("Fidelity"). Fidelity maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charges for participant withdrawals and administrative expenses.

Contract value, as reported to the Plan by Fidelity, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise.

NOTE G --- PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE H --- RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

	December 31, 2010	December 31, 2009
Net assets available for benefits per the financial statements	$ 1,313,218	$ 1,148,878
Net assets available for benefits per Schedule H to the Form 5500	$ 1,313,218	$ 1,148,878

NOTE H --- RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500 ***(continued)***

The following is a reconciliation of benefits paid to participants per the financial statements for the year ended December 31, 2010 to Schedule H of Form 5500:

Benefits paid to participants per the financial statements	$ 144,020
Less Amount Rollover to another plan	(27,080)
Benefits paid to participants per Schedule H of Form 5500	$ 116,940

Benefits distributions of $144,020 for the plan year ended December 31, 2010 includes payments of $27,080 which was rolled over to the Casa Ford 401 (k) Plan.

NOTE I --- RELATED PARTY TRANSACTIONS

Fidelity is the trustee for both the Plan and Casa Ford 401 (k) Plan. Both plans share the same plan administrator.

NOTE J --- TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated June 17, 1995, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE K --- RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that change in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statement of net asset available for benefits.

CASA NISSAN INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE A --- DESCRIPTION OF PLAN

The following description of the Casa Nissan Inc. ("Company") 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all full-time employees of the Company who have one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Administration. The Plan is administered by the Company's Committee which is appointed by the Plan Administrator of the Company. Then Plan's trustee, Fidelity Management Trust Company (the "Trustee"), is responsible for the custody and management of the Plan's assets.

Contributions. The Company matches contributions by 20% that a participant contributes to the Plan. Participants may contribute up to $16,500 per calendar year. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers an insurance investment contract

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, (b) Plan earnings, forfeited balances of terminated participants' non-vested accounts, and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after seven years of credited service.

Participant Loans. Participants may borrow from their fund accounts of their vested account balance. Loan terms range from 1-5 years for qualifying emergencies. The loans are secured by the balance in the participants' accounts and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. Interest rates range from 9% to 9.25%. Principal and interest is paid ratably through payroll deductions.

NOTE A --- DESCRIPTION OF PLAN *(continued)*

Payment of Benefits. On termination of service due to death, disability or retirement, participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts. At December 31, 2010 and 2009, forfeited non-vested accounts totaled $930 and $714, respectively. These accounts will be used to reduce future employer contributions.

NOTE B --- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for benefits is prepared on a contract value basis.

Note Receivable from Participants
Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

NOTE B --- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investment bought and sold as well as held during the year.

Payment of Benefits
Benefits are recorded when paid.

Operating Expenses
All expenses of maintaining the Plan are paid by the Company.

NOTE C --- INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	2010	**2009**
Investments, at fair value		
Money market	144,877	143,578
Mutual funds	1,018,296	997,317

NOTE D --- FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Quoted market prices are used to value investments. Shares of mutual funds are valued at net asset value of shares held by the Plan at year-end. Participant loans are valued at their outstanding balances, which approximated fair value. The fair value of the guaranteed investment contract is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations.

NOTE E --- INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets.

	2010	2009
Fidelity Retirement Market, 144,877 and 143,578 shares, respectively	$144,877	$143,578
FID Freedom 2040 Fund, 13,511and 7,742 shares, respectively	$108,546	$65,403
FID Freedom 2015 Fund, 29,323 and 28,062 shares, respectively	$332,518	$331,592
FID Freedom 2025 Fund, 8,652 and 18,192 shares, respectively	$99,671	$215,365
FID Freedom 2035 Fund, 8,112 and 9,048 shares, respectively	$93,045	$103,548

During 2010, the Plan's investments (including gains and losses on investments bought and sold as well as held during the year) appreciated in value by $86,158 as mutual funds.

NOTE F --- INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2006, the Plan entered into a benefit-responsive investment contract with Fidelity Investments Institutional Operations Company, Inc. ("Fidelity"). Fidelity maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charges for participant withdrawals and administrative expenses.

Contract value, as reported to the Plan by Fidelity, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise.

NOTE G --- PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE H --- RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

	December 31, 2010	December 31, 2009
Net assets available for benefits per the financial statements	$ 1,313,218	$ 1,148,878
Net assets available for benefits per Schedule H to the Form 5500	$ 1,313,218	$ 1,148,878

NOTE H --- RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500 ***(continued)***

The following is a reconciliation of benefits paid to participants per the financial statements for the year ended December 31, 2010 to Schedule H of Form 5500:

Benefits paid to participants per the financial statements	$ 144,020
Less Amount Rollover to another plan	(27,080)
Benefits paid to participants per Schedule H of Form 5500	$ 116,940

Benefits distributions of $144,020 for the plan year ended December 31, 2010 includes payments of $27,080 which was rolled over to the Casa Ford 401 (k) Plan.

NOTE I --- RELATED PARTY TRANSACTIONS

Fidelity is the trustee for both the Plan and Casa Ford 401 (k) Plan. Both plans share the same plan administrator.

NOTE J --- TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated June 17, 1995, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE K --- RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that change in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statement of net asset available for benefits.

CASA NISSAN INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE A --- DESCRIPTION OF PLAN

The following description of the Casa Nissan Inc. ("Company") 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all full-time employees of the Company who have one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Administration. The Plan is administered by the Company's Committee which is appointed by the Plan Administrator of the Company. Then Plan's trustee, Fidelity Management Trust Company (the "Trustee"), is responsible for the custody and management of the Plan's assets.

Contributions. The Company matches contributions by 20% that a participant contributes to the Plan. Participants may contribute up to $16,500 per calendar year. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers an insurance investment contract

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, (b) Plan earnings, forfeited balances of terminated participants' non-vested accounts, and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after seven years of credited service.

Participant Loans. Participants may borrow from their fund accounts of their vested account balance. Loan terms range from 1-5 years for qualifying emergencies. The loans are secured by the balance in the participants' accounts and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. Interest rates range from 9% to 9.25%. Principal and interest is paid ratably through payroll deductions.

NOTE A --- DESCRIPTION OF PLAN *(continued)*

Payment of Benefits. On termination of service due to death, disability or retirement, participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts. At December 31, 2010 and 2009, forfeited non-vested accounts totaled $930 and $714, respectively. These accounts will be used to reduce future employer contributions.

NOTE B --- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for benefits is prepared on a contract value basis.

Note Receivable from Participants
Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

NOTE B --- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investment bought and sold as well as held during the year.

Payment of Benefits
Benefits are recorded when paid.

Operating Expenses
All expenses of maintaining the Plan are paid by the Company.

NOTE C --- INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	2010	**2009**
Investments, at fair value		
Money market	144,877	143,578
Mutual funds	1,018,296	997,317

NOTE D --- FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Quoted market prices are used to value investments. Shares of mutual funds are valued at net asset value of shares held by the Plan at year-end. Participant loans are valued at their outstanding balances, which approximated fair value. The fair value of the guaranteed investment contract is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations.

NOTE E --- INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets.

	2010	2009
Fidelity Retirement Market, 144,877 and 143,578 shares, respectively	$144,877	$143,578
FID Freedom 2040 Fund, 13,511and 7,742 shares, respectively	$108,546	$65,403
FID Freedom 2015 Fund, 29,323 and 28,062 shares, respectively	$332,518	$331,592
FID Freedom 2025 Fund, 8,652 and 18,192 shares, respectively	$99,671	$215,365
FID Freedom 2035 Fund, 8,112 and 9,048 shares, respectively	$93,045	$103,548

During 2010, the Plan's investments (including gains and losses on investments bought and sold as well as held during the year) appreciated in value by $86,158 as mutual funds.

NOTE F --- INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2006, the Plan entered into a benefit-responsive investment contract with Fidelity Investments Institutional Operations Company, Inc. ("Fidelity"). Fidelity maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charges for participant withdrawals and administrative expenses.

Contract value, as reported to the Plan by Fidelity, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise.

NOTE G --- PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE H --- RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

	December 31, 2010	December 31, 2009
Net assets available for benefits per the financial statements	$ 1,313,218	$ 1,148,878
Net assets available for benefits per Schedule H to the Form 5500	$ 1,313,218	$ 1,148,878

NOTE H --- RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500 ***(continued)***

The following is a reconciliation of benefits paid to participants per the financial statements for the year ended December 31, 2010 to Schedule H of Form 5500:

Benefits paid to participants per the financial statements	$ 144,020
Less Amount Rollover to another plan	(27,080)
Benefits paid to participants per Schedule H of Form 5500	$ 116,940

Benefits distributions of $144,020 for the plan year ended December 31, 2010 includes payments of $27,080 which was rolled over to the Casa Ford 401 (k) Plan.

NOTE I --- RELATED PARTY TRANSACTIONS

Fidelity is the trustee for both the Plan and Casa Ford 401 (k) Plan. Both plans share the same plan administrator.

NOTE J --- TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated June 17, 1995, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE K --- RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that change in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statement of net asset available for benefits.
