NOTES TO FINANCIAL STATEMENTS

December 31, 2010 and 2009

NOTE A - DESCRIPTION OF THE PLAN

The following description of the **Webster Union 401(k) Savings Plan** (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

1. **General**

   The Plan is a defined contribution 401(k) plan, established June 1, 1995, covering all eligible employees of Webster Industries, a division of Chelsea Industries, Inc (the "Employer"). All employees covered by a collective bargaining agreement working at least 1,000 hours per year are eligible to participate in the Plan as of the first day of the month following the completion of 60 days of employment and the attainment of age 19 ("Participants"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). All investments are participant-directed.

2. **Contributions**

   Participants may contribute to the Plan an amount of their pre-tax annual compensation, subject to Internal Revenue Code limitations ($16,500 in 2010). Participants who have reached the age of 50 before the end of the Plan year are eligible to make catch-up contributions ($5,500 in 2010). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans, commonly referred to as rollovers. The Employer may elect to make discretionary contributions to the Plan. Allocations of Employer contributions are based on each Participant's compensation in proportion to the compensation of all Participants and are subject to all substantive and administrative provisions of the Plan. To date, there have been no discretionary Employer contributions to the Plan.

3. **Participant Accounts**

   Each Participant's account is credited with the Participant's contributions and allocations of Employer's contribution and Plan investment earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on Participant earnings or account balances, as defined. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant's vested account.

4. **Investment Options**

   Participants direct the investment of their contributions into their choices of approximately sixteen investment options offers by the Plan. Sponsor contributions are invested as directed by the Participants.

NOTE A - DESCRIPTION OF THE PLAN - Continued

5. **Vesting**
Participants are immediately vested in their contributions and Employer contributions and actual earnings thereon.

6. **Notes Receivable from Participants**
Subject to approval by the Plan administrator, Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans must be for a nonrenewable term of no more than 5 years (or up to 25 years for the purchase of a primary residence) and are repaid ratably through regular payroll deductions. The loans are secured by the balance in the Participant's account and bear interest at a rate of prime plus 1%. Upon Participant termination, the outstanding loan balance shall be deducted from the Participant's account balance. At December 31, 2010, interest rates ranged from 4.25% to 9.25%.

7. **Payment of Benefits**
On termination of service or upon death, disability or retirement, a Participant has the option of receiving either periodic payments or a lump sum amount equal to the vested value of his or her account. In-service withdrawals from a Participant's account are permitted only due to financial hardship or upon reaching age 59 1/2. Deferral contributions will be suspended for a period of six months after receipt of the hardship withdrawal. Upon termination, if a Participant's account balance is greater than $1,000 but not more than $5,000, and the Participant does not elect to take a distribution, the Plan administrator may make a lump-sum distribution to a direct rollover individual retirement account.

8. **Forfeitures**
A Participant who leaves the employ of the Employer forfeits any non-vested balance upon the earlier of five one-year consecutive breaks in service or the distribution of the entire vested portion of the Participant's account. Forfeited amounts may be first used to pay administrative expenses with any excess of administrative expenses used to reduce future Employer contributions. As of December 31, 2010 and 2009, there were no unallocated forfeited accounts.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES

1. **Basis of Accounting**
   The financial statements have been prepared on the accrual basis of accounting.

2. **Use of Estimates**
   The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires Plan management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could vary from the estimates that were used.

3. **Administrative Expenses**
   Expenses related to administering the Plan are paid by the Employer.

4. **Payment of Benefits**
   Benefits are recorded when paid.

5. **Investment Valuation and Income Recognition**
   Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note H for discussion of fair value measurements.

   Realized gains and losses on investments sold and the unrealized appreciation and depreciation of investments held are reported on the average cost basis, based on fair value of investments at the beginning of the Plan year or at the time of purchase during the Plan year.

   Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transaction under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES - Continued

5. **Investment Valuation and Income Recognition - Continued**

As of December 31, 2010, the difference between contract value and fair value of the SEI Stable Asset Fund, which holds Guaranteed Investment Contracts, is immaterial, and therefore an adjustment is not presented on the Statement of Net Assets Available for Benefits. (See Note C).

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

6. **Notes Receivable From Participants**

Notes receivable from Participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent Participant loans are reclassified as distributions based upon the terms of the Plan document.

NOTE C - INVESTMENTS

During 2010, the Plan's investments in mutual fund accounts (including investments purchased, sold, and held during the year) appreciated in value by $50,477, and investments in common collective trusts depreciated by $2,706.

Investments that represent 5% or more of the Plan's net assets available for the benefits as of the beginning of the plan year were as follows:

	2010	2009
SEI Stable Asset	$ 223,976	$ 225,281
Lifepath 2030	167,755	150,579
Lifepath 2020	102,518	105,929

The Plan's investment in the SEI Stable Asset Fund is a collective trust within the money market/stable value asset category. This fund invests primarily in a broadly diversified portfolio of Guaranteed Investment Contracts ("GICS") issued by major life insurance companies and money center banks, as well as synthetics GICS.

NOTE C - INVESTMENTS - Continued

The Plan provides for various investment options in any combination of mutual fund accounts and other investment securities. Mutual fund accounts and other investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect Participants' account balances and the amounts reported in the statements of net assets available for Plan benefits.

NOTE D - INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

The Plan's investments are held and administered by Hartford Life Insurance Company ("Hartford Life"). Hartford Life, the trustee of the Plan, has provided a certification that the following information which is contained or used to develop the accompanying 2010 and 2009 financial statements are complete and accurate:

- Investments
- Investment income
- Net appreciation (depreciation) in fair value of investments
- Schedule of assets (held at year end)

NOTE E - TAX STATUS

The Plan obtained its latest opinion letter dated March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code, and, therefore, the related trust is exempt from taxation. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE F - PLAN TERMINATION

Although it has not expressed intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a termination of the Plan, any unallocated assets of the Plan shall be allocated to Participant accounts and distributed in such a manner as the Employer may determine.

NOTE G - RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds and common/collective trust funds managed by Hartford Life. Hartford Life is the trustee of the Plan and, therefore, certain participant-directed transaction fees are party-in-interest transactions as defined by ERISA. Participant loans are also considered to be exempt party-in-interest transactions.

NOTE H - FAIR VALUE MEASUREMENTS

Statement of Financial Accounting Standards ("SFAS") No. 157, "*Fair Value Measurements,*" (Accounting Standards Codification (ASC) 820), establishes a framework for measuring fair value. That framework provides a fair value of hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available. The three levels of the fair value hierarchy under SFAS No. 157 are described as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

NOTE H - FAIR VALUE MEASUREMENTS - Continued

Level 2
Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2008:

Mutual funds: Valued at the net asset value (NAV) of underlying assets held by each separate account for each participation unit held by the plan at year end.

Common collective trusts: Valued at the net asset value (NAV) of underlying assets held by each trust for each unit of participation held by the plan at year end.

Participant loans: Valued at amortized cost, which approximates fair value.

NOTE H - FAIR VALUE MEASUREMENTS - Continued

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market Participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a difference fair value measurement at the reporting date.

The following table sets forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010:

	Level 1	Level 2	Level 3	Total
Mutual Funds:				
Growth funds	$ 65,018	$ -	$ -	$ 65,018

Total assets at fair value	$ 528,140	$ -	$ 223,976	$ 752,116

The following table sets forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009.

	Level 1	Level 2	Level 3	Total

Total assets at fair value	$ 465,400	$ -	$ 225,281	$ 690,681

NOTE H - FAIR VALUE MEASUREMENTS - Continued

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2010:

	CCT/GICs	Participant Loans
Balance, beginning of year	$ 225,281	$ 95,880
Purchases, sales, issuances, and settlements (net)	(1,305)	(13,945)

NOTE I - SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 13, 2011, the date the financial statements were available to be issued. There are no recognized or non-recognized subsequent events that existed at the balance sheet date which are necessary to disclose to keep the financial statements from being misleading.
