Report of Independent Auditor

To the Participants and Administrator of the
Baltimore Sun Company Employees' Retirement Plan

We were engaged to audit the financial statements of the Baltimore Sun Company Employees' Retirement Plan (the "Plan") at December 31, 2010 and 2009 and for the years then ended, as listed in the accompanying index. These financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 6 and 10, which was certified by The Northern Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2010 and 2009 and for the years then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of the Plan

The following brief description of The Baltimore Sun Company Employees' Retirement Plan (the "Plan") is provided for general information purposes. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined benefit pension plan covering all employees of The Baltimore Sun Company (a subsidiary of Tribune Company) whose positions are covered by a collective bargaining agreement that expressly provides for participation in the Plan and who have satisfied the eligibility requirements. The primary eligibility requirement is that an employee must be credited with one year of service (as defined by the Plan).

Employee contributions are not permitted and Plan participation is automatic once eligibility requirements are satisfied.

On June 12, 2000, The Times Mirror Company, former parent of The Baltimore Sun Company, and Tribune Company ("Tribune" or the "Company") completed the merger of The Times Mirror Company into Tribune. As a result of this change in control, participants who were employees of The Times Mirror Company as of June 12, 2000, became 100% vested in their accrued benefits as of that date.

Effective June 26, 2011, with respect to employees of The Baltimore Sun Company whose positions are covered by a collective bargaining agreement between The Baltimore Sun Company and the Washington-Baltimore Newspaper Guild, (1) any such employee who is otherwise not a participant in the Plan as of such date will not be eligible to participate in the Plan after such date, and (2) any such employee who is a participant in the Plan as of such date will cease accruing benefits under the Plan after such date. Similarly, effective December 31, 2011, with respect to employees of The Baltimore Sun Company whose positions are covered by a collective bargaining agreement between The Baltimore Sun Company and the Truck Drivers, Helpers, Taxicab Drivers and Garage Employees and Airport Employees of Local Union No. 355 of the International Brotherhood of Teamsters, (1) any such employee who is otherwise not a participant in the Plan as of such date will not be eligible to participate in the Plan after such date, and (2) any such employee who is a participant in the Plan as of such date will cease accruing benefits under the Plan after such date.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and is administered by the Tribune Company Employee Benefits Committee (the "Committee") consisting of Company employees who are appointed by the Board of Directors or by the Chairman of the Committee.

Chapter 11 Reorganization

On December 8, 2008, Tribune Company and 110 of its direct and indirect wholly-owned subsidiaries (collectively, the "Debtors"), filed voluntary petitions for relief (collectively the "Chapter 11 Petitions") under Chapter 11 of the United States Bankruptcy Code (the "Bankruptcy Code") in the United States Bankruptcy Court for the District of Delaware (the "Bankruptcy Court"). An additional subsidiary of the Company, Chicago National League Ball Club, LLC ("CNLBC"), commenced a voluntary Chapter 11 Petition on October 12, 2009. The Debtors continue to operate their businesses as "debtors-in-possession" under the jurisdiction of the Bankruptcy Court.

and in accordance with the applicable provisions of the Bankruptcy Code, the Federal Rules of Bankruptcy Procedure and applicable orders of the Bankruptcy Court.

As a result of settlement discussions which took place during September and October 2010, a Joint Plan of Reorganization supported by the Debtors, Angelo, Gordon & Co. L.P., Oaktree Capital Management, L.P., the official committee of unsecured creditors and JPMorgan Chase Bank, N.A. (collectively, the "Debtor/Committee/Lender Plan Proponents") was filed with the Bankruptcy Court on October 22, 2010. On December 10, 2010, the Debtor/Committee/Lender Plan Proponents filed a First Amended Joint Plan of Reorganization and accompanying amended Specific Disclosure Statement. Supplemental exhibits to the First Amended Joint Plan of Reorganization were filed on January 31, 2011. On February 4, 2011, the Debtor/Committee/Lender Plan Proponents filed a Second Amended Joint Plan of Reorganization (as such has been or may be further amended, modified or supplemented from time to time, the "Debtor/Committee/Lender Plan") incorporating additional settlement terms arising from acceptance of the Debtor/Committee/Lender Plan by a group of funds and managed accounts represented by King Acquisition Company, LLC, King Street Capital, LP and Marathon Asset Management, LP.

On October 29, 2010, a competing Joint Plan of Reorganization supported by Aurelius Capital Management, LP, on behalf of its managed entities, Deutsche Bank, in its capacity as successor indenture trustee for certain series of the Company's senior notes, Law Debenture Trust Company of New York, in its capacity as successor indenture trustee for certain series of the Company's senior notes, and Wilmington Trust Company, in its capacity as successor indenture trustee for the Company's exchangeable subordinated debentures due 2029, (collectively, the "Noteholder Plan Proponents") was filed with the Bankruptcy Court. A Specific Disclosure Statement was filed by the Noteholder Plan Proponents with the Bankruptcy Court on the same date. On December 9, 2010, a revised version of the competing Joint Plan of Reorganization and an accompanying amended Specific Disclosure Statement were filed by the Noteholder Plan Proponents with the Bankruptcy Court. On February 4, 2011, certain exhibits to the competing Joint Plan of Reorganization were filed with the Bankruptcy Court (as such has been or may be further amended, modified or supplemented from time to time, the "Noteholder Plan"). The Debtor/Committee/Lender Plan and the Noteholder Plan are the only plans of reorganization currently before the Bankruptcy Court for confirmation.

The outcome of the Chapter 11 Petitions, including CNLBC's Chapter 11 Petition, and their impact on the Plan, if any, cannot be determined at this time.

Pension Benefits

A participant, hired after June 12, 2000, who has completed five years of vesting service or who has attained age 65 while employed, is fully vested and is entitled to receive benefits upon retirement based upon length of employment, applicable dollar multiplier, and earnings as provided by the Plan.

Subject to certain limitations as more fully described in the Plan document, a participant who has not reached his normal retirement date (as defined in the Plan document), but who has completed 15 years of service may retire from service on a disability retirement allowance (as defined in the Plan document) on the first day of the month coincident with or next following the date employment by the employer terminated on account of the disability.

**The Baltimore Sun Company Employees'
Retirement Plan
Notes to Financial Statements
December 31, 2010 and 2009**

A participant who terminates employment after achieving vested status is entitled to a deferred benefit beginning at normal retirement date of all benefits accrued prior to termination. A vested terminated participant may elect to commence benefits on or after attaining age 55. Benefits with a present value of \$10,000 or less are paid in a lump sum (or normal annuity form of benefit) after termination, at the participant's election.

Normal retirement date is the first day of the month coinciding with or following the participant's 65th birthday. A vested participant may retire early with a reduced benefit any time after age 55 provided he has completed at least 15 years of credited service.

If a participant had a vested interest in his accrued benefit (as defined in the Plan document) as of the date of his or her death and dies prior to the commencement of benefits, a Pre-Retirement Survivor Annuity shall be payable to such participant's surviving spouse (or, in the case of an active participant on the date of his death who has no surviving spouse as of the date of his death, such participant's beneficiary). Eligibility for such benefit is subject to certain limitations as more fully described in the Plan document. If the value of such annuity is \$1,000 or less, as of the participant's date of death, a lump sum distribution shall be paid to the participant's surviving spouse or beneficiary, as applicable. Eligibility for such benefit is subject to certain limitations as more fully described in the Plan document.

If a participant dies after termination of service and after benefit commencement, the benefits, if any, to which a beneficiary may be entitled shall be paid according to the benefit form already in effect at the date of the Participant's death.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, disclosure of contingent assets and liabilities and the actuarial present value of accumulated Plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation

The Plan's investments, stated at fair value, are in the Tribune Company Master Trust for Pension Plans (the "Master Trust"), which was established for the investment of assets of the Plan's interest and other Company pension plans.

The Plan's interest in the Master Trust is determined by The Northern Trust Company (the "Trustee") on a monthly basis based on the beginning market value of the Plan's interest plus contributions minus benefit payments equals the adjusted balance. The Plan's adjusted balance is divided by the total adjusted balance of the Master Trust to determine the Plan's percentage interest in the Master Trust.

The fair values of the underlying investments in the Master Trust, shown in Note 6, are based upon published market quotations or fair value as determined by the Trustee. Fair values of investments

The Baltimore Sun Company Employees'

Retirement Plan

Notes to Financial Statements

in the Master Trust not having an established market are developed by reference to quoted market values and other financial data pertaining to investments of a similar nature, quality, and yield, as determined by the Trustee. Refer to Note 7 for fair value measurements.

Income Recognition

The Plan presents the net appreciation or depreciation in fair value of investments, which includes the realized gains or losses, and the unrealized appreciation or depreciation on those investments, in the Statement of Changes in Net Assets Available for Benefits.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits (see Note 5) are those estimated future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to services rendered by the employees as of the valuation date. Accumulated benefit obligations include benefits expected to be paid to: (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died and (c) present employees or their beneficiaries. Benefits under the Plan are based on employees' years of service and average compensation. The accumulated plan benefits for active employees are based on their average compensation as of the date the benefit information is presented (the valuation date). Benefits payable under all circumstances, (i.e., retirement, death, disability and termination of employment) are included, to the extent they are deemed attributable to employee service rendered as of the valuation date.

The present value of accumulated plan benefits under the Plan was calculated by the Plan's actuary as of January 1, 2010 and is that amount which results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and expected date of payment.

The significant actuarial assumptions used in these valuations were:

- Discount rate – 5.75% per annum at January 1, 2010.
- Mortality – Based on RP-2000 Combined Healthy Mortality Table
- Retirement age - Varying between ages 55-70 and 65 or immediate, if older at January 1, 2010.

These actuarial assumptions are based on the assumption that the Plan will continue. Should the Plan terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Benefit Payments

Benefit payments are recorded when paid. Benefit claims that have been processed and approved for payment prior to December 31 but not yet distributed as of that date are shown as a liability on the Form 5500. At December 31, 2010 and 2009, there were no benefit claims that were processed and approved for payment that had not been distributed.

The Baltimore Sun Company Employees'

Retirement Plan

Notes to Financial Statements

Administrative Expenses

Administrative expenses are paid by the Plan, if not previously paid by the Company. For the years ended December 31, 2010 and 2009, such expenses were paid by the Plan and are included in the Statement of Changes in Net Assets Available for Benefits.

Recently Adopted and Issued Accounting Pronouncements

In January 2010, the Financial Accounting Standards Board issued guidance for improving disclosures about fair value measurements. The new guidance requires new disclosures for transfers in and out of Level 1 and 2 classifications and for more detail about the activity in Level 3 fair value measurements. The new guidance also clarifies previous disclosure requirements by increasing the level of disaggregation to the class level for investments and by requiring more disclosures about inputs and valuation techniques for fair value measurements in Level 2 and Level 3. The disclosures required under this guidance are provided in the accompanying Note 7 to these financial statements.

3. Funding Policy

Company contributions are actuarially determined to provide the necessary assets to pay benefits to Plan participants. Such contributions meet the minimum funding requirements of ERISA. The Company may, at its discretion, contribute amounts to the Plan in excess of the minimum funding requirements. As a result of the Plan's funded status, the actuary has determined that a \$1,271,154 contribution by the Company was required for the year ended December 31, 2010 and a \$1,111,751 contribution by the Company was required for the year ended December 31, 2009. The Company has complied with the minimum funding requirements of ERISA and the Internal Revenue Code ("IRC").

4. Plan Termination

In the event the Plan terminates, the funds of the Plan shall be used for the benefit of participants or their contingent annuitants under the Plan as of the date of such termination, except that any funds not required to satisfy all liabilities of the Plan shall be returned to the Company. Each participant, contingent annuitant receiving a retirement allowance, or spouse receiving a spousal allowance, shall be entitled to a share in the assets of the Plan available to provide benefits in the manner and to the extent then provided in Section 4044 of ERISA.

Should termination occur, to the extent unfunded vested benefits exist and the Company is unable to fund these liabilities, ERISA provides that such benefits are payable by the Pension Benefit Guaranty Corporation (the "PBGC") to participants up to specified limitations, as described in ERISA. Whether a participant's accumulated plan benefit will be paid depends on both the priority of those benefits and the level of the benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all.

6. Interest in Tribune Company Master Trust for Pension Plans (Prepared from Information Certified by the Trustee)

The Master Trust was established for the investment of assets of several Tribune Company sponsored retirement plans. Each participating retirement plan has undivided interest in the Master Trust. The assets of the Master Trust are held by the Trustee. At December 31, 2010 and 2009, the Plan's interest in the net assets of the Master Trust, was approximately 4%. Investment income and administrative expenses relating to the Master Trust are allocated to the individual plans based upon average balances invested by each plan.

7. Fair Value Measurements

On January 1, 2008, the Plan adopted Statement of Financial Accounting Standards No. 157, "Fair Value Measurements" ("SFAS 157") as codified within ASC Topic 820 ("ASC 820"), "Fair Value Measurements and Disclosures". ASC 820 establishes a framework for measuring fair value and expands disclosures about fair value measurements. ASC 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. ASC 820 also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1 – Quoted prices in active markets for identical assets or liabilities.

Level 2 – Observable inputs other than level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Unobservable inputs that are supported by little or no market activity that are significant to the fair value of the assets or liabilities.

Following is a description of the valuation methodologies used for investments measured at fair value, including the general classification of such investments pursuant to the fair value hierarchy.

Registered Investment Companies

Registered investment companies are valued based on exchange listed prices, for exchange traded registered investment companies, or Net Asset Value ("NAV") for open-ended and continuously offered closed-end registered investment companies.

Common/Collective Trusts

Investments in common/collective trusts are valued on the basis of the relative interest of each participating investor in the fair value of the underlying assets of each of the respective common/collective trusts. The underlying assets are valued based on the NAV as provided by the investment account manager or based on pricing from observable market information in a non-active market. Redemptions are allowed either daily (pending market conditions) or after a two to three week notice period for some of the common/collective trusts. The trades settle between one and three days. The Master Trust did not have any unfunded commitments related to its common/collective trust investments at December 31, 2010 and 2009.

103-12 Investment Entity

The 103-12 investment entity has underlying assets that include plan assets of two or more plans that are not members of a related group of employee benefit plans. Securities held by this entity include registered investment companies that are valued based on the quoted sale price of the day. Securities for which no market quotations are readily available (including restricted securities), or for which market quotations have become unreliable, are valued using other significant observable inputs.

Retirement Plan

Notes to Financial Statements

December 31, 2010 and 2009

International Equity Limited Partnership

The international equity limited partnership invests in equity securities of emerging market companies that are included in either the International Finance Corporation Free Index or the Morgan Stanley Capital International Emerging Markets Index. Securities are valued based on exchange listed prices.

Fixed Income

Corporate bonds, commercial mortgage-backed and asset-backed securities are generally valued using evaluated prices that reflect observable market information, such as actual trade information of similar securities, adjusted for observable differences and are classified in Level 2 of the fair value hierarchy. Government securities consist of investments in treasury securities, municipal bonds, debt securities issued by the government, index-linked government bonds and government mortgage-backed securities. Government securities traded in an active market are valued based on broker quotes and are classified in Level 1 of the fair value hierarchy. Government bonds not traded on an active market are valued at a price which is based on a compilation of primarily observable market information or a broker quote in a non-active market, and are classified in Level 2 of the fair value hierarchy.

Loan Fund Limited Partnership

The loan fund limited partnership invests in senior bank loans and other senior debt instruments of borrowers that are primarily based in the U.S. and Canada. The loans and other instruments are valued using evaluated prices that reflect observable market information, such as actual trade information of similar securities, adjusted for observable differences. Redemptions are allowed quarterly (pending market conditions) with a 90 day notice period required. There were no unfunded commitments remaining related to the loan fund limited partnership at December 31, 2010.

Real Estate Investment Funds

Real estate investment fund values have been estimated by the investment manager in the absence of readily ascertainable fair values. The valuation of such investments is determined by using the methods most appropriate for the type of investment, including, but not limited to, the following: forecasts of net cash flows based on analyses of revenue and expenses and anticipated net proceeds from the liquidation of the underlying investments, discounted at prevailing risk-adjusted market rates of interest; comparisons of key performance indicators of relevant industry indices; recent negotiations of comparable investments; and/or independent appraisals by lenders or other third parties, when available. Real estate includes investments in three different real estate funds. For two of the funds, redemptions are allowed quarterly (pending market conditions) with a 45-60 day notice period required. For the third fund, redemptions are not allowed during the contractual life of the fund. Distributions from this fund will be received as the underlying investments of the fund are liquidated. The Master Trust had unfunded commitments of \$6.6 million related to its real estate investments at December 31, 2010.

Venture Capital and Private Equity Limited Partnerships

Venture capital and private equity limited partnerships are valued by the investment managers on a periodic basis using models that use market, income, and cost valuation methods. The valuation inputs are not highly observable, and these interests are not actively traded on an open market. Private equity and venture capital investments include eight different partnership funds. These investments cannot be redeemed during the contractual life of the funds. Instead, distributions are received through the liquidation of the underlying assets of the funds. There were no unfunded commitments remaining related to these investments as of December 31, 2010.

Gains and losses (realized and unrealized) included in changes in net assets for the preceding periods are reported in Income (loss) from Plan interest in Tribune Company Master Trust for Pension Plans in the Statement of Changes in Net Assets Available for Benefits.

8. Income Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated April 28, 2003, that the Plan is designed in accordance with applicable sections of the ("IRC"). On January 24, 2011, the Company requested an updated determination letter. Although the Plan has been amended since receiving the determination letter, the Plan's ERISA counsel believes that the Plan is designed to comply with, and the Company believes that the Plan is currently being operated in material compliance with, the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and concluded that as of December 31, 2010 and 2009, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2007.

9. Risks and Uncertainties

Plan contributions and the actuarial present value of accumulated Plan benefits are prepared based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions will occur in the near term and that the effect of such changes would be material to the financial statements and the actuarial present value of accumulated plan benefits.

The Plan holds investment securities and instruments in the Master Trust. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks will occur in the near term and that the effect of such changes would materially affect the amounts reported in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

The Master Trust invests in securities with contractual cash flows such as asset-backed securities and commercial mortgage-backed securities, including securities backed by subprime mortgage loans. The value, liquidity and related income of these securities is sensitive to changes in economic conditions, including real estate value, delinquencies and/or defaults and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates

10. Information Certified by the Trustee

The Northern Trust Company serves as Trustee of the Tribune Company Master Trust for Pension Plans as of December 31, 2010 and 2009.

The Plan administrator has received from the Trustee certification as to the accuracy and completeness of certain financial information and data in accordance with Section 2520.103-5 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. The data certified includes all investments and related investment activity reflected in the accompanying financial statements. The investment and related investment activity information included in Note 6 has been derived from statements certified by the Trustee.

11. Party-in-Interest Transactions

Certain Plan investments are shares of funds managed by the Trustee, and therefore transactions between these entities qualify as party-in-interest transactions.

12. Subsequent Events

The Plan has evaluated subsequent events through October 17, 2011, the date the financial statements were available to be issued.

Valuation of Plan Assets

Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value.

A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).

Expected Return on Assets

2008 Plan Year

6.40%.

2009 Plan Year

6.69%.

Trust Expenses Included in Target Normal Cost

Based on the prior year's actual plan administrative expenses (excluding PBGC Variable Rate Premium), plus the estimated PBGC Variable Rate Premium for the current year, rounded to the nearest \$10,000.

Actuarial Method

Standard Unit Credit Cost Method.

Valuation Date

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Vested Termination Benefits

Eligibility

Five years of Vesting Service.

Benefit

An amount equal to the Normal Retirement benefit, based on Benefit Service and Compensation as of the date of termination. The participant may elect to begin receiving benefits at age 55. This benefit will be reduced for Early Retirement.

Preretirement Survivor Benefit

Eligibility

Five years of Vesting Service.

Benefit

If a participant is not eligible for Early Retirement at the time of death, the surviving beneficiary is entitled to an annuity equal to one-half of the annuity the participant would have received if the participant had incurred a break in service on the day before death, survived to earliest retirement date, and elected a pension payable in the form of a qualified 50% Joint and Survivor Annuity.

If a participant is eligible for Early Retirement at the time of death, the surviving beneficiary is entitled to an immediate Life Annuity equal to the amount which would have been paid to the spouse if the participant had retired the day preceding death and had elected a pension payable in the form of a qualified 50% Joint and Survivor Annuity.

Form of Benefit

Normal Form

Single Life Annuity, if single; 50% Joint and Survivor Annuity, if married.

Optional Forms

Single Life Annuity, Joint and Survivor Annuity (50%, 75%, or 100%), Certain and Life Annuity (5 or 10 years), Level Income Age 65 Annuity, and Lump Sum Payment (less than \$10,000).

Definitions

Vesting Service

One year of Vesting Service is credited for each Plan Year an employee completes 1,000 or more hours of

Schedule SB, line 25—Change in Funding Method

The funding valuation reflects the following method change:

- A change in the interest rate basis from the full yield curve with a two-month lookback (as of October 2008) to segment rates with a four-month lookback (5.03%, 6.73%, and 6.82% as of September 2009).

This change has automatic approval under final regulations, Notice 2009-22 or other IRS guidance.

Valuation of Plan Assets

Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value.

A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).

Expected Return on Assets

2008 Plan Year

6.40%.

2009 Plan Year

6.69%.

Trust Expenses Included in Target Normal Cost

Based on the prior year's actual plan administrative expenses (excluding PBGC Variable Rate Premium), plus the estimated PBGC Variable Rate Premium for the current year, rounded to the nearest \$10,000.

Actuarial Method

Standard Unit Credit Cost Method.

Valuation Date
