NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2010

A. DESCRIPTION OF PLAN

(1) General

The following description of the Emser Tile 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan was formed effective January 1, 1998 to provide certain benefits to the employees of Emser Tile, LLC ("Company" or "Sponsor"). The Plan is a defined contribution plan that is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

(2) Income Tax Status

The Plan has adopted the provisions of the Fidelity Advisors 401(K) Premium Service Plan (Profit Sharing/401(K) Plan) Prototype Plan. The Internal Revenue Service has determined and informed Fidelity Management Trust Company by letter, dated October 9, 2003, that the amendment to the prototype plan is designed in accordance with the applicable sections of the Internal Revenue Code ("IRC"). The Plan's administrator believes the Plan is designed and being operated in a manner consistent with the provisions of the IRC.

(3) Participation

Employees are eligible to participate after the attainment of age 18. Additionally, effective December 1, 2010, the Sponsor adopted an auto-enrollment for existing employees not participating in the Plan. The auto-enrollment provides for a 3% participant contribution beginning on the first payroll period after January 1, 2011 but also includes an option to opt out of participation.

(4) Contributions

Participants may elect to make contributions to the Plan in an amount up to 15% of eligible compensation, as defined in the Plan agreement, subject to limits established by the IRC. The Company may, at the directive of its board of directors, make a discretionary matching contribution and/or a discretionary profit sharing contribution to the participants of the Plan as of the last day of the year. The Sponsor's discretionary contributions to the Plan are allocated based on a percentage of each participant's contribution

(5) Participant Accounts

Separate accounts are maintained for each participant. Each participant's account is credited with his or her salary deferral contribution, the Company's contributions and investment earnings. The benefit to which a participant is entitled is the benefit that can be provided from that participant's vested account. Participants my direct their separate accounts into any or all of the investments with the Trustee/Custodian and may make changes to the deferral amount and/or allocation of investments as of the beginning of each payroll period.

A. DESCRIPTION OF PLAN (Continued)

(6) Vesting

Participants are fully vested in their accounts with respect to salary deferral contributions and related earnings at all times. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service as follows:

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

(7) Payment of Benefits

On termination of service due to death, disability, or retirement, a participant or beneficiary may elect to receive a lump-sum amount equal to the value of his or her account. Other withdrawals and loans from the Plan may be made under certain circumstances, as defined in the Plan agreement and subject to limits established by the IRC. Amounts allocated to withdrawing participants are recorded on the Schedule H of Form 5500 for benefit claims that have been processed and approved for payment prior to year end but not yet paid as of that date and were approximately $73,900 at December 31, 2010.

(8) Participant Loans

Participants may borrow from their accounts the lessor of $50,000 or 50% of their vested account balance. Fixed interest rates on participant loans are determined by the Plan administrator. Loans outstanding at December 31, 2010 bear interest at rates ranging from 5.25% to 9.75% and mature through January 2016.

(9) Forfeitures

Non-vested Company contributions forfeited by participants upon termination are available to first pay for administrative expenses. Any excess forfeitures are used to reduce future payments of the Company's contributions. During the year ended December 31, 2010, forfeitures were approximately $22,200.

(10) Plan Termination

Although it is currently the intent of the Company to continue the Plan, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their employer contributions.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(1) Fair Value Measurements

FASB ASC 820, formerly Statement of Financial Accounting Standards No.157, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on available inputs to measure the fair value of its investments.

Level 1 Fair Value Measurements

The fair values of common stock, most corporate bonds and debentures, and U.S. Government securities are based on quoted market value.

Level 2 Fair Value Measurements

The fair value of certain corporate bonds and debentures, pooled separate accounts and common/collective trust funds for which quoted market price are not available are valued based on observable inputs other than the quoted prices included in Level 1; for example, quoted market-based prices of similar assets.

Level 3 Fair Value Measurements

The fair value of certain investments which have no quoted market price or similar assets with quoted market-based prices are considered to have no observable inputs. Unobservable inputs shall be used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset at the measurement date. Therefore, unobservable inputs shall reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset. Participant loans are not actively traded and other significant observable inputs are not available. The fair value of the participant loans is equal to the amortized cost of the loans because the loans are secured by each participant's account balance.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(1) Fair Value Measurements (Continued)

Fair value measurement at December 31, 2010 is as follows:

	Fair Value	Quoted Prices In Active Markets or Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Interest bearing cash	$ 550,306	$ 550,306	$ -	$ -

	$ 7,067,213	$ 6,498,663	$ 402,991	$ 165,559

Fair value measurement at December 31, 2009 is as follows:

	Fair Value	Quoted Prices In Active Markets or Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Interest bearing cash	$ 596,988	$ 596,988	$ -	$ -

	$ 5,758,702	$ 5,246,085	$ 361,819	$ 150,798

Fair value measurements using significant unobservable inputs (Level 3) for the years ended December 31 are as follows:

	2010	2009
Beginning balance - Participant loans	$ 150,798	$ 140,152
Increases - Net of payments received	14,761	10,646
Ending balance - Participant loans	$ 165,559	$ 150,798

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(2) Administrative Expenses

Substantially all administrative expenses for operating the Plan are paid by the Company.

(3) Income Recognition

Purchase and sale of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

(4) Party-In-Interest Transactions and Plan Expenses

Parties-in-interest, by definition, include the Sponsor, fiduciaries (including those who provide investment advice or who have discretionary control over Plan assets) and those who provide services to the Plan. The Sponsor pays to parties-in-interest, at its expense, various plan administrative, trustee, legal and accounting fees. Such transactions are not prohibited transactions.

Non-investment costs and administrative expenses of the Plan are paid by the Company, which is a party-in-interest. These expenses are not reflected in the financial statements and constitute exempt party-in-interest transactions under ERISA. Investment service fees are paid by the Plan and are offset against the related investment income.

(5) Payments of Benefits

Benefits are recorded when paid.

(6) Estimates

The preparation of financial statements in conformity with generally accounting principles generally accepted in the United States of America requires management and the Plan's administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

(7) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rates, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(8) Date of Management's Review

Subsequent events were evaluated through September 29, 2011, which is the date the financial statements were available to be issued.

C. INVESTMENTS

The Plan invests in certain investments offered by Fidelity Management Trust Corporation at December 31, 2010 and 2009 ("Trustee/Custodian").

In the Statement of Changes in Net Assets Available for Benefits, the Plan presents the net appreciation or depreciation in the fair value of investments, which consists of realized gains or losses and unrealized market value appreciation or depreciation of investments.

Investments that represent five percent or more of the Plan's net assets at December 31 are as follows:

	2010	2009

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2010

A. DESCRIPTION OF PLAN

(1) General

The following description of the Emser Tile 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan was formed effective January 1, 1998 to provide certain benefits to the employees of Emser Tile, LLC ("Company" or "Sponsor"). The Plan is a defined contribution plan that is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

(2) Income Tax Status

The Plan has adopted the provisions of the Fidelity Advisors 401(K) Premium Service Plan (Profit Sharing/401(K) Plan) Prototype Plan. The Internal Revenue Service has determined and informed Fidelity Management Trust Company by letter, dated October 9, 2003, that the amendment to the prototype plan is designed in accordance with the applicable sections of the Internal Revenue Code ("IRC"). The Plan's administrator believes the Plan is designed and being operated in a manner consistent with the provisions of the IRC.

(3) Participation

Employees are eligible to participate after the attainment of age 18. Additionally, effective December 1, 2010, the Sponsor adopted an auto-enrollment for existing employees not participating in the Plan. The auto-enrollment provides for a 3% participant contribution beginning on the first payroll period after January 1, 2011 but also includes an option to opt out of participation.

(4) Contributions

Participants may elect to make contributions to the Plan in an amount up to 15% of eligible compensation, as defined in the Plan agreement, subject to limits established by the IRC. The Company may, at the directive of its board of directors, make a discretionary matching contribution and/or a discretionary profit sharing contribution to the participants of the Plan as of the last day of the year. The Sponsor's discretionary contributions to the Plan are allocated based on a percentage of each participant's contribution

(5) Participant Accounts

Separate accounts are maintained for each participant. Each participant's account is credited with his or her salary deferral contribution, the Company's contributions and investment earnings. The benefit to which a participant is entitled is the benefit that can be provided from that participant's vested account. Participants my direct their separate accounts into any or all of the investments with the Trustee/Custodian and may make changes to the deferral amount and/or allocation of investments as of the beginning of each payroll period.

A. DESCRIPTION OF PLAN (Continued)

(6) Vesting

Participants are fully vested in their accounts with respect to salary deferral contributions and related earnings at all times. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service as follows:

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

(7) Payment of Benefits

On termination of service due to death, disability, or retirement, a participant or beneficiary may elect to receive a lump-sum amount equal to the value of his or her account. Other withdrawals and loans from the Plan may be made under certain circumstances, as defined in the Plan agreement and subject to limits established by the IRC. Amounts allocated to withdrawing participants are recorded on the Schedule H of Form 5500 for benefit claims that have been processed and approved for payment prior to year end but not yet paid as of that date and were approximately $73,900 at December 31, 2010.

(8) Participant Loans

Participants may borrow from their accounts the lessor of $50,000 or 50% of their vested account balance. Fixed interest rates on participant loans are determined by the Plan administrator. Loans outstanding at December 31, 2010 bear interest at rates ranging from 5.25% to 9.75% and mature through January 2016.

(9) Forfeitures

Non-vested Company contributions forfeited by participants upon termination are available to first pay for administrative expenses. Any excess forfeitures are used to reduce future payments of the Company's contributions. During the year ended December 31, 2010, forfeitures were approximately $22,200.

(10) Plan Termination

Although it is currently the intent of the Company to continue the Plan, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their employer contributions.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(1) Fair Value Measurements

FASB ASC 820, formerly Statement of Financial Accounting Standards No.157, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on available inputs to measure the fair value of its investments.

Level 1 Fair Value Measurements

The fair values of common stock, most corporate bonds and debentures, and U.S. Government securities are based on quoted market value.

Level 2 Fair Value Measurements

The fair value of certain corporate bonds and debentures, pooled separate accounts and common/collective trust funds for which quoted market price are not available are valued based on observable inputs other than the quoted prices included in Level 1; for example, quoted market-based prices of similar assets.

Level 3 Fair Value Measurements

The fair value of certain investments which have no quoted market price or similar assets with quoted market-based prices are considered to have no observable inputs. Unobservable inputs shall be used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset at the measurement date. Therefore, unobservable inputs shall reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset. Participant loans are not actively traded and other significant observable inputs are not available. The fair value of the participant loans is equal to the amortized cost of the loans because the loans are secured by each participant's account balance.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(1) Fair Value Measurements (Continued)

Fair value measurement at December 31, 2010 is as follows:

	Fair Value	Quoted Prices In Active Markets or Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Interest bearing cash	$ 550,306	$ 550,306	$ -	$ -
Common collective trusts	402,991	-	402,991	-
Mutual funds	5,948,357	5,948,357	-	-
Participant loans	165,559	-	-	165,559
	$ 7,067,213	$ 6,498,663	$ 402,991	$ 165,559

Fair value measurement at December 31, 2009 is as follows:

	Fair Value	Quoted Prices In Active Markets or Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Interest bearing cash	$ 596,988	$ 596,988	$ -	$ -
Common collective trusts	361,819	-	361,819	-
Mutual funds	4,649,097	4,649,097	-	-
Participant loans	150,798	-	-	150,798
	$ 5,758,702	$ 5,246,085	$ 361,819	$ 150,798

Fair value measurements using significant unobservable inputs (Level 3) for the years ended December 31 are as follows:

	2010	2009
Beginning balance - Participant loans	$ 150,798	$ 140,152
Increases - Net of payments received	14,761	10,646
Ending balance - Participant loans	$ 165,559	$ 150,798

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(2) Administrative Expenses

Substantially all administrative expenses for operating the Plan are paid by the Company.

(3) Income Recognition

Purchase and sale of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

(4) Party-In-Interest Transactions and Plan Expenses

Parties-in-interest, by definition, include the Sponsor, fiduciaries (including those who provide investment advice or who have discretionary control over Plan assets) and those who provide services to the Plan. The Sponsor pays to parties-in-interest, at its expense, various plan administrative, trustee, legal and accounting fees. Such transactions are not prohibited transactions.

Non-investment costs and administrative expenses of the Plan are paid by the Company, which is a party-in-interest. These expenses are not reflected in the financial statements and constitute exempt party-in-interest transactions under ERISA. Investment service fees are paid by the Plan and are offset against the related investment income.

(5) Payments of Benefits

Benefits are recorded when paid.

(6) Estimates

The preparation of financial statements in conformity with generally accounting principles generally accepted in the United States of America requires management and the Plan's administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

(7) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rates, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(8) Date of Management's Review

Subsequent events were evaluated through September 29, 2011, which is the date the financial statements were available to be issued.

C. INVESTMENTS

The Plan invests in certain investments offered by Fidelity Management Trust Corporation at December 31, 2010 and 2009 ("Trustee/Custodian").

In the Statement of Changes in Net Assets Available for Benefits, the Plan presents the net appreciation or depreciation in the fair value of investments, which consists of realized gains or losses and unrealized market value appreciation or depreciation of investments.

Investments that represent five percent or more of the Plan's net assets at December 31 are as follows:

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2010

A. DESCRIPTION OF PLAN

(1) General

The following description of the Emser Tile 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan was formed effective January 1, 1998 to provide certain benefits to the employees of Emser Tile, LLC ("Company" or "Sponsor"). The Plan is a defined contribution plan that is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

(2) Income Tax Status

The Plan has adopted the provisions of the Fidelity Advisors 401(K) Premium Service Plan (Profit Sharing/401(K) Plan) Prototype Plan. The Internal Revenue Service has determined and informed Fidelity Management Trust Company by letter, dated October 9, 2003, that the amendment to the prototype plan is designed in accordance with the applicable sections of the Internal Revenue Code ("IRC"). The Plan's administrator believes the Plan is designed and being operated in a manner consistent with the provisions of the IRC.

(3) Participation

Employees are eligible to participate after the attainment of age 18. Additionally, effective December 1, 2010, the Sponsor adopted an auto-enrollment for existing employees not participating in the Plan. The auto-enrollment provides for a 3% participant contribution beginning on the first payroll period after January 1, 2011 but also includes an option to opt out of participation.

(4) Contributions

Participants may elect to make contributions to the Plan in an amount up to 15% of eligible compensation, as defined in the Plan agreement, subject to limits established by the IRC. The Company may, at the directive of its board of directors, make a discretionary matching contribution and/or a discretionary profit sharing contribution to the participants of the Plan as of the last day of the year. The Sponsor's discretionary contributions to the Plan are allocated based on a percentage of each participant's contribution

(5) Participant Accounts

Separate accounts are maintained for each participant. Each participant's account is credited with his or her salary deferral contribution, the Company's contributions and investment earnings. The benefit to which a participant is entitled is the benefit that can be provided from that participant's vested account. Participants my direct their separate accounts into any or all of the investments with the Trustee/Custodian and may make changes to the deferral amount and/or allocation of investments as of the beginning of each payroll period.

A. DESCRIPTION OF PLAN (Continued)

(6) Vesting

Participants are fully vested in their accounts with respect to salary deferral contributions and related earnings at all times. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service as follows:

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

(7) Payment of Benefits

On termination of service due to death, disability, or retirement, a participant or beneficiary may elect to receive a lump-sum amount equal to the value of his or her account. Other withdrawals and loans from the Plan may be made under certain circumstances, as defined in the Plan agreement and subject to limits established by the IRC. Amounts allocated to withdrawing participants are recorded on the Schedule H of Form 5500 for benefit claims that have been processed and approved for payment prior to year end but not yet paid as of that date and were approximately $73,900 at December 31, 2010.

(8) Participant Loans

Participants may borrow from their accounts the lessor of $50,000 or 50% of their vested account balance. Fixed interest rates on participant loans are determined by the Plan administrator. Loans outstanding at December 31, 2010 bear interest at rates ranging from 5.25% to 9.75% and mature through January 2016.

(9) Forfeitures

Non-vested Company contributions forfeited by participants upon termination are available to first pay for administrative expenses. Any excess forfeitures are used to reduce future payments of the Company's contributions. During the year ended December 31, 2010, forfeitures were approximately $22,200.

(10) Plan Termination

Although it is currently the intent of the Company to continue the Plan, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their employer contributions.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(1) Fair Value Measurements

FASB ASC 820, formerly Statement of Financial Accounting Standards No.157, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on available inputs to measure the fair value of its investments.

Level 1 Fair Value Measurements

The fair values of common stock, most corporate bonds and debentures, and U.S. Government securities are based on quoted market value.

Level 2 Fair Value Measurements

The fair value of certain corporate bonds and debentures, pooled separate accounts and common/collective trust funds for which quoted market price are not available are valued based on observable inputs other than the quoted prices included in Level 1; for example, quoted market-based prices of similar assets.

Level 3 Fair Value Measurements

The fair value of certain investments which have no quoted market price or similar assets with quoted market-based prices are considered to have no observable inputs. Unobservable inputs shall be used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity for the asset at the measurement date. Therefore, unobservable inputs shall reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset. Participant loans are not actively traded and other significant observable inputs are not available. The fair value of the participant loans is equal to the amortized cost of the loans because the loans are secured by each participant's account balance.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(1) Fair Value Measurements (Continued)

Fair value measurement at December 31, 2010 is as follows:

	Fair Value	Quoted Prices In Active Markets or Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Interest bearing cash	$ 550,306	$ 550,306	$ -	$ -
Common collective trusts	402,991	-	402,991	-
Mutual funds	5,948,357	5,948,357	-	-
Participant loans	165,559	-	-	165,559
	$ 7,067,213	$ 6,498,663	$ 402,991	$ 165,559

Fair value measurement at December 31, 2009 is as follows:

	Fair Value	Quoted Prices In Active Markets or Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Interest bearing cash	$ 596,988	$ 596,988	$ -	$ -
Common collective trusts	361,819	-	361,819	-
Mutual funds	4,649,097	4,649,097	-	-

	$ 5,758,702	$ 5,246,085	$ 361,819	$ 150,798

Fair value measurements using significant unobservable inputs (Level 3) for the years ended December 31 are as follows:

	2010	2009
Beginning balance - Participant loans	$ 150,798	$ 140,152
Increases - Net of payments received	14,761	10,646
Ending balance - Participant loans	$ 165,559	$ 150,798

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(2) Administrative Expenses

Substantially all administrative expenses for operating the Plan are paid by the Company.

(3) Income Recognition

Purchase and sale of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

(4) Party-In-Interest Transactions and Plan Expenses

Parties-in-interest, by definition, include the Sponsor, fiduciaries (including those who provide investment advice or who have discretionary control over Plan assets) and those who provide services to the Plan. The Sponsor pays to parties-in-interest, at its expense, various plan administrative, trustee, legal and accounting fees. Such transactions are not prohibited transactions.

Non-investment costs and administrative expenses of the Plan are paid by the Company, which is a party-in-interest. These expenses are not reflected in the financial statements and constitute exempt party-in-interest transactions under ERISA. Investment service fees are paid by the Plan and are offset against the related investment income.

(5) Payments of Benefits

Benefits are recorded when paid.

(6) Estimates

The preparation of financial statements in conformity with generally accounting principles generally accepted in the United States of America requires management and the Plan's administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

(7) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rates, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(8) Date of Management's Review

Subsequent events were evaluated through September 29, 2011, which is the date the financial statements were available to be issued.

C. INVESTMENTS

The Plan invests in certain investments offered by Fidelity Management Trust Corporation at December 31, 2010 and 2009 ("Trustee/Custodian").

In the Statement of Changes in Net Assets Available for Benefits, the Plan presents the net appreciation or depreciation in the fair value of investments, which consists of realized gains or losses and unrealized market value appreciation or depreciation of investments.

Investments that represent five percent or more of the Plan's net assets at December 31 are as follows:
