NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of the Plan

The following description of the Intradeco Retirement & Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan adopted by the Board of Directors of Intradeco, Inc. (the "Plan Sponsor") and is subject to the provisions of the Internal Revenue Code and the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration

In May 2010, the Plan changed trustees to Massachusetts Fidelity Trust Company ("MFTC"). In addition, the Plan Sponsor hired Transamerica Retirement Services ("TRS") as the custodian for the Plan. TRS provides various services to the Plan which includes participant record maintenance, investment allocation maintenance, quarterly participant statement preparation, disbursement processing, new employee enrollment as well as ongoing administrative services. In addition, at the time of the change to the new custodian, the Plan transferred all of its net assets available for benefits from the former custodian, Minnesota Life Insurance Company to TRS.

Eligibility

All non-excluded employees of the Plan Sponsor are eligible to participate in the Plan after completing one year of eligible service. One year of eligible service is defined by the Plan to be the completion of 1,000 hours of service after a twelve month consecutive period.

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Contributions

Participants may elect to contribute a percentage of their annual pretax compensation, subject to statutory limits. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other plans and certain IRAs. Under Internal Revenue Service Code Section 402 (g)(1), the maximum deferral of pretax earnings was $16,500 for the years ended December 31, 2010 and 2009. The Plan Sponsor will make matching contributions equal to 100% of elective contributions up to 3% of participant's compensation plus 50% of elective contributions greater than 3%, not to exceed more than 5% of the participant's total compensation. Additional profit sharing amounts may be contributed at the discretion of the Plan sponsor. No additional profit sharing amounts were contributed in 2010. Participants may change their salary deferral contribution amounts or terminate their salary deferral contributions at any time.

Participant Accounts

Each participant's account is credited with the participant's contribution as well as an allocation of the Plan Sponsor's contribution and Plan earnings or losses. Participant accounts are charged with an allocation of certain other administrative expenses, such as loan fees, specific to each participant. Allocations of the Plan's earnings or losses in each investment option and Plan Sponsor's contributions were made to the participants' accounts based on the ratio of each participant's current account balance in each investment option to total participants' account balances in the investment option. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures of the non-vested account balances of participants are used to reduce employer contributions. For the years ended December 31, 2010 and 2009, there were no forfeitures to be utilized by the Plan Sponsor to reduce employer contributions.

Vesting

Participants are immediately vested in salary reduction contributions, transfer contributions and any safe harbor contributions, as defined by the Internal Revenue Service. Participants are vested in the employer's contribution based on years of service as follows:

Years of Vesting Service	Vested
Less than 2	- %
2	20%
3	40%
4	60%
5	80%
6 or more	100%

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits

Participant contributions and the vested portion of the Plan Sponsor's matching contributions are available for distribution upon attainment of age 59 ½, death, disability, termination of employment or normal retirement age. Distributions may be received as a lump-sum payment, or in installments. If the participant's vested account balance is less than $1,000 at the date of the distribution, then that balance shall be distributed in a single lump-sum payment.

Contributions are also available for distribution in the form of a hardship withdrawal.

In the event of death the participant becomes 100% vested and the amount of the account is payable in a single lump sum to the Plan participant's beneficiaries.

If a participant becomes permanently disabled, the participant becomes 100% vested in all accounts. Permanently disabled is defined by the Plan as when a participant is eligible for disability benefits under the Social Security Act.

Termination of the Plan

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Investments

Security transactions are recorded on a trade date basis, which is the date the order to buy or sell is executed. Interest income and expenses are accrued on a daily basis. Distributions to participants are recorded on the ex-dividend date. The Plan's investments are stated at fair value. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions to any of the various TRS investment options (see Note 2). Participants may change their investment options daily.

Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in these risks and uncertainties in the near term would materially affect participants account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable From Participants

Notes receivable consist entirely of loans to participants. A participant may borrow from his or her account up to the lesser of 50% of a participant's vested balance or $50,000. The minimum principal loan is $1,000. The principal and interest must generally be repaid within five years. Notes receivable from participants bear interest at a rate reasonable at the time of application, considering the purpose of the loan and the rate charged by representative commercial banks in the local area for similar loans. During 2010, the interest rates on notes receivable from participants ranged from 4.25% to 6.74%. Notes receivable from participants were approximately $132,000 and $127,000, as of December 31, 2010 and 2009, respectively.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles ("GAAP") requires the Plan to make estimates and assumptions that affect the reported amounts of net assets available for benefit and disclosure of contingent net assets available for benefit at the date of the financial statements and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Administrative Expenses

Certain administrative and accounting functions are performed by the Plan Sponsor's employees, who received no compensation from the Plan. Administrative expenses, such as professional fees, are paid directly by the Plan's Sponsor.

NOTE 2. INVESTMENTS

For the year ended December 31, 2010, MFTC held the Plan's various investments in TRS. Minnesota Life Insurance Company held the Plan's investments as of December 31, 2009. Financial information relating to those investments is included in the accompanying financial statements and supplementary data based on the information provided by the custodian and former custodian. For Plan years ended December 31, 2010 and 2009, the Plan administrator has obtained certification from each respective custodian, that the information provided is complete and accurate.

All investment elections are participant-directed funds. The following investments represent 5% or more of the Plan's net assets available for benefits as of December 31, 2010 and 2009:

Investment income, including net appreciation in fair value of assets and interest, for the years ended December 31, 2010 and 2009 amounted to approximately $351,000 and $417,000 respectively.

NOTE 3. FAIR VALUE MEASUREMENTS

GAAP provides a framework for measuring fair value, expands disclosures about fair value measurements, and establishes a fair value hierarchy which prioritizes the inputs used in measuring fair value summarized as follows:

Level 1: Inputs using the valuation methodology are unadjusted quoted prices for identical assets or liabilities active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified or contractual term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following is a description of the valuation methods used for assets measured at fair value.

- Common/collective trusts: The fair value of the investments in the common/collective trusts is determined by the fund trustee based on the fair value of the underlying securities within the fund, which represent the net asset value of the shares held by the Plan at year end.

The following tables present the Plan's assets which are measured at fair value on a recurring basis as of December 31, 2010 and 2009, by level within the fair value hierarchy.

NOTE 3. FAIR VALUE MEASUREMENTS (Continued)

Index funds	-	62,978	-	62,978
Total Assets at fair value	$ -	$ 2,059,003	$ -	$ 2,059,003

NOTE 4. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by TRS, custodian of the Plan. Therefore, these transactions qualify as party-in-interest.

NOTE 5. TAX STATUS

The Plan obtained its latest opinion letter in January 2006, in which the Internal Revenue Service stated that the form of the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan administrator believes that the Plan complies with the requirements of Section 401(a) of the Internal Revenue Code and is therefore, exempt from federal income taxes under Section 401(a) of the Internal Revenue Code.

NOTE 6. PROHIBITED TRANSACTIONS

During 2010, participant contributions for 18 of the 52 payroll periods totaling approximately $31,000 were not remitted timely to the Plan. The Department of Labor (DOL) requires that participant contributions be remitted to the Plan on the earliest date on which they can be reasonably segregated from the Company's general assets. Failure to remit participant contributions to the Plan in a timely manner results in a prohibited transaction which must be separately reported to the DOL and may result in penalties to the Plan Sponsor.

Subsequent to the due dates, the Plan Sponsor remitted the late participant contributions to the Plan.

NOTE 7. SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 14, 2011, the date the financial statements were available to be issued.
