401K SAFE, LLC MULTIPLE EMPLOYER 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010

NOTE A - DESCRIPTION OF THE PLAN

The following description of 401K Safe, LLC Multiple Employer 401(k) Plan (the Plan) provides only general information. Participants should refer to their respective employer's adoption agreement for a complete description of the Plan's provisions, as it applies to them.

General

The Plan was established on January 1, 2010 and is a multiple employer plan maintained by 401K Safe, LLC (the Sponsor) as a defined contribution plan. With the consent of the Sponsor, an employer (worksite employer) may adopt the Plan by executing an adoption agreement. The provisions of the Plan as applicable to the worksite employer and its employees are based on the selections of the worksite employer with respect to the variable features provided for in the Plan document and the adoption agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees of each employer will become eligible to participate in the plan as specified in the adoption agreement. The minimum age specified in the adoption agreement shall not exceed age 21 and the number of years of service that may be specified in the adoption agreement shall not exceed one year.

Contributions

Each year, participants may contribute up to 100 percent of pretax compensation (up to the IRS maximum allowable amount), as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. On December 31, 2010, the Plan offered 23 pooled separate accounts and one guaranteed investment account as investment options to which participants directed their investments. Each employer contributes a matching contribution or profit sharing contribution as indicated on the adoption agreement. Contributions are subject to certain limitations.

During 2010, the Plan accepted assets of \$22,684,187 attributable to employees of worksite employers that adopted the Plan.

NOTE A - DESCRIPTION OF THE PLAN - Continued

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the worksite employer's matching contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participants' earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the employer contribution portion of their accounts is based on years of continuous service as defined in their respective worksite employer's adoption agreement.

Forfeited Accounts

At December 31, 2010, forfeited nonvested accounts totaled \$40,127. Forfeitures of nonvested accounts shall be used to reduce future employer contributions. During 2010, employer contributions were reduced by \$466 from forfeited nonvested accounts.

Notes Receivable from Participants

Participants may borrow from their vested account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25 percent to 10.25 percent, which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through monthly payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments over a fixed reasonable period of time, not to exceed the life expectancy of the participant. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts of Lincoln National Life Insurance Company. The statements of net assets available for benefits present the fair value of the investment in Lincoln National Life Insurance Company contracts, as well as the adjustment of the investment from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants represent loans to participants and are measured at the unpaid principal balance plus any accrued and unpaid interest. Interest income is recorded on the accrual basis.

**NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES -
Continued**

Payment of Benefits

Benefits are recorded when paid.

Uncertain Tax Positions

The Plan has adopted the provisions of the ASC relating to uncertainty in income taxes. The guidance requires entities to assess their uncertain tax positions for the likelihood that they would be overturned upon Internal Revenue Service (IRS) examination. In accordance with this guidance, the Plan has determined that it does not have any positions at December 31, 2010, that it would be unable to substantiate. Prior to implementation, disclosure requirements were governed by the guidance for contingencies.

Subsequent Events

Management has evaluated subsequent events and their potential effects on these financial statements through the report date, which is the date the financial statements were available to be issued.

NOTE C - INVESTMENT INFORMATION

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2010, and net appreciation in fair value of investments and interest and dividends for the year ended December 31, 2010, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Lincoln National Life Insurance Company (the custodian).

Stadion Managed Moderate Fund	5,802,691

LVIP SSgA Bond Index	2,649,704
LVIP S&P Equity 500 Index	2,937,825

During 2010, the Plan's investments in pooled separate accounts (including gains and losses on investments bought and sold, as well as held during the year) appreciated \$1,464,330 in fair value.

NOTE D - FAIR VALUE MEASUREMENTS

ASC Topic 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 - Valuations based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these products does not entail a significant degree of judgment.

401K SAFE, LLC MULTIPLE EMPLOYER 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010

NOTE D - FAIR VALUE MEASUREMENTS - Continued

- Level 2 - Valuations based on observable inputs, including quoted prices (other than Level 1) in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability, such as interest rates, yield curves, volatilities and default rates, and inputs that are derived principally from or corroborated by observable market data.
- Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2010:

Pooled separate accounts: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Guaranteed investment account: Valued at contract value. Contract value is adjusted to fair value by applying a ratio of the fair value of the general account assets to the amortized cost of the general account assets at the end of the valuation period.

The methods above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuations methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

A small portion of the Plan's financial instruments, including Company and participant contributions receivable, is not measured at fair value on a recurring basis. However, these instruments are carried at amounts that approximate fair value due to their liquid, or short-term, nature.

401K SAFE, LLC MULTIPLE EMPLOYER 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010

NOTE E - INVESTMENT CONTRACTS WITH INSURANCE COMPANIES

The Plan has a fully benefit-responsive investment contract with Lincoln National Life Insurance Company (LNL). LNL maintains the contributions in a general account. The account is credited with actual earnings on the underlying investments and charged for participant withdrawals and administrative expenses charged by LNL. The adjustment included in the statements of net assets available for benefits from fair value to contract value for the investment contract is based on the contract value as reported by Lincoln National Life Insurance Company (which represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses). The contract value and the fair value of the investment contract at December 31, 2010, were \$892,831 and \$855,332, respectively.

The average yield and crediting interest yield was approximately 3.71 percent in 2010. The crediting interest rate is based on a formula agreed upon with the issuer. There is no minimum credited rate in the contract. Such interest rates are reviewed on a monthly basis for resetting.

Certain events, such as the premature termination of the contract by the Plan or termination of the Plan, would limit the Plan's ability to transact at contract value with Lincoln National Life Insurance Company. These events would also permit LNL to terminate the contract and settle at amounts that differ from contract value. The plan administrator does not believe that the occurrence of such events, which would limit the Plan's ability to transact at contract value with Plan participants, is probable.

The Plan also has a fully benefit-responsive investment contract with Wells Fargo Bank, N.A. (Wells Fargo), a subsidiary of Wells Fargo & Company. Wells Fargo maintains the contributions in a general account. The account is credited with actual earnings on the underlying investments and charged for participant withdrawals and administrative expenses charged by Wells Fargo. The adjustment included in the statements of net assets available for benefits from fair value to contract value for the investment contract is based on the contract value as reported by Wells Fargo (which represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses). The contract value and the fair value of the investment contract at December 31, 2010, was \$18,840.

401K SAFE, LLC MULTIPLE EMPLOYER 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010

NOTE E - INVESTMENT CONTRACTS WITH INSURANCE COMPANIES -
Continued

The average yield and crediting interest yield was approximately six percent in 2010. The crediting interest rate is based on a formula agreed upon with the issuer. There is no minimum credited rate in the contract. Such interest rates are reviewed on a monthly basis for resetting.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with Wells Fargo. These events would also permit Wells Fargo to terminate the contract and settle at amounts that differ from contract value. The plan administrator does not believe that the occurrence of such events, which would limit the Plan's ability to transact at contract value with Plan participants, is probable.

NOTE F - ADMINISTRATIVE EXPENSES

Certain administrative expenses of the Plan, including custodial fees and record keeping fees, have been paid by the Plan. Fees paid by the Plan during 2010 totaled \$123,691. Other administrative expenses, including legal and accounting fees, have been paid by the Sponsor.

NOTE G - TAX STATUS

The Plan has applied for, but has not received, a determination letter from the IRS stating that the Plan is qualified under Internal Revenue Code (IRC) 401(a). However, the plan administrator believes that the plan is qualified, and therefore, the related trust is exempt from taxation. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE H - RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of pooled separate accounts and an unallocated insurance company contract managed by Lincoln National Life Insurance Company, the custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$64,878 for the year ended December 31, 2010.

**401K SAFE, LLC MULTIPLE EMPLOYER 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010**

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE J - PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE K - CORRECTIVE DISTRIBUTIONS

The Plan passed all required nondiscrimination testing for the 2010 Plan year.

During 2010, certain participant contributions exceeded the limits as prescribed by the Internal Revenue Code. The accompanying December 31, 2010, statement of net assets available for benefits and the statement of changes in net assets available for benefits includes a liability and a deduction for \$24,411 related to corrective distributions.

NOTE L - DELINQUENT PARTICIPANT CONTRIBUTIONS

During 2010, certain worksite employers failed to remit participant contributions totaling \$362,931 to the trustee in accordance with the Department of Labor's rules regarding the timeliness of depositing such participant contributions. These employers contributed approximately \$514 to the Plan subsequent to year end, which represented the investment income that would have been earned by the participants had the contributions been deposited with the trustee on a timely basis.

NOTE M - SUBSEQUENT EVENTS

Subsequent to year end, the Plan executed an additional eleven adoption agreements by new participating employers.
