As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed the other auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by Fidelity Management Trust Company, the trustee of the Plan. Their report, dated October 4, 2010, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the 2010 financial statements and supplemental schedules. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2010, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information in the Plan's 2010 financial statements and supplemental schedules that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2010 financial statements and supplemental schedules taken as a whole. The form and content of the information included in the 2010 financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

T2K 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1. PLAN DESCRIPTION

The following description of the T2K 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Therapy 2000, Inc. (the Sponsor), and was adopted effective January 1, 2004. The Plan was amended effective as of January 1, 2009. The Plan covers all employees of the Sponsor, as defined, who have completed three months of service and have attained age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Retirement Equity Act of 1984. (REACT). The Plan established Fidelity Management Trust Company as the Plan Trustee and record keeper.

Contributions

Eligible employees, as defined, may have the Sponsor make pre-tax contributions to the Plan in accordance with Section 401(k) of the Internal Revenue Code. Under the Plan, participants may elect to reduce their compensation and contribute to the Plan between 1% and 80% of their total annual compensation, as defined, with a maximum of $16,500 ($22,000 if the employee is age fifty or older).

The Sponsor matches 100% of the participant's regular deferral and catch up contributions, up to 3% of the participant's compensation, as defined, plus 50% of the participant's contribution between 3% and 5% of participant's compensation. There were no discretionary non-elective employer contributions in 2010 or 2009.

The Plan permits rollover distributions received from other qualified plans and certain individual retirement accounts (IRAs).

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of Plan earnings or losses based on the earnings or losses of the participant's selected investments. Sponsor matching contributions are allocated to the participant's matching contribution account.

Vesting

Participants are immediately vested in their contributions and Sponsor matching contributions.

NOTE 1. PLAN DESCRIPTION – CONTINUED

Investment Options

Upon enrollment in the Plan and throughout the participant's eligible period of employment, each participant may direct that his or her employee, Company matching, and Company discretionary contributions, in 1% increments, be invested in any combination of thirty investment options, which include mutual funds and a money market account.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant (or the participant's beneficiary, if applicable) may elect to receive a lump-sum amount equal to the value of the participant's vested account balance in his or her account.

Upon termination of service, benefits are paid in a lump-sum payment as soon as administratively possible at the participant's election.

The Plan provides that if the participant terminates employment and his or her vested account balance in the Plan does not exceed $1,000, then a lump sum distribution will be made as soon as administratively possible following the termination of employment. If the vested account balance is greater than $1,000, but does not exceed $5,000, the Sponsor will automatically rollover the entire account balance to an IRA unless specific distribution instructions are received from the participant.

The benefits received from the Plan are subject to ordinary income tax in the year in which the participant received the payment, unless he or she defers taxation by a rollover of the distribution into another qualified plan or IRA.

Participant Notes Receivable

Participants may borrow an amount from their accounts of the lesser of a minimum of $1,000, up to a maximum of $50,000, or 50% of their total vested account balance. Note transactions are treated as deductions from participants' accounts and accounted for separately. Participants may only have one note outstanding at any given time. Note terms range from 1 to 5 years or, if for the purchase of a residence, up to 30 years. The notes are secured by the balance in the participant's account and bear interest. As of December 31, 2010, interest rates are 4.25% to 5%, and outstanding notes mature through January 2016. Principal and interest are paid through bi-weekly payroll deductions. There were no notes in default at December 31, 2010 and 2009.

NOTE 1. PLAN DESCRIPTION – CONTINUED

Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to suspend contributions, discontinue contributions or terminate the Plan subject to the provisions of ERISA. Upon termination or partial termination of the Plan, participants will become 100% vested in their accounts.

Administration of Plan assets

The Plan's assets are held by the Trustee of the Plan. The Trustee receives contributions, invests funds according to participant's directions and makes distributions to participants.

The Plan Sponsor has absorbed certain administrative costs of the Plan aggregating approximately $4,175 and $17,400 for the years ended December 31, 2010 and 2009, respectively.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America and have been consistently applied.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions.

These estimates and assumptions affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements, as well as reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Mutual funds are reported at fair value as determined by quoted market prices. Participant notes receivable are valued at their outstanding principal balances, which approximates fair value, plus accrued interest.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Investment Valuation and Income Recognition – Continued

Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Investment income is reported as net investment income due to the Trustee's inability to separate income from the realized and unrealized gains and losses.

Investment Risk

The Plan's investments include funds which invest in various types of investment securities and in various companies within various markets. Investment securities are exposed to several risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the Plan's financial statements and schedules.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses, other than investment advisory fees, are generally paid by the Plan.

Subsequent Events

The Plan has evaluated subsequent events from the balance sheet date through October 13, 2011, the date at which the financial statements were available to be issued. No material subsequent events have occurred since December 31, 2010 that require recognition or disclosure in these financial statements.

Recently Issued Accounting Standards

In January 2010, the FASB issued Accounting Standards Update (ASU) 2010-06, Improving Disclosures about Fair Value Measurements (ASU 2010-06). ASU 2010-06 requires additional disclosures about fair value measurements including transfers in and out of Levels 1 and 2 as well as the reasons for the transfers and a greater level of disaggregation for each class of assets and liabilities. For the reconciliation of Level 3 fair value measurements, information about purchases, sales, issuances, and settlements are presented separately rather than one net number. This standard is effective for interim and annual reporting periods beginning after December 15, 2009 with the exception of revised Level 3 disclosure requirements, which are effective for interim and annual reporting periods beginning after December 15, 2010. The Plan adopted the provisions of this standard to its financial statement disclosure for the year ending December 31, 2010.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Recently Issued Accounting Standards – Continued

In January 2010, the FASB issued ASU No. 2010-25, "Plan Accounting – Defined Contribution Pension Plans" (ASU 2010-25), which requires disclosure and measurement changes related to participant loans. For reporting purposes, participant loans shall be classified as notes receivable from participants and are no longer subject to fair value measurement disclosure requirements. In addition, notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. The Plan adopted the amendments in ASU 2010-25 effective January 1, 2010, and has retrospectively applied throughout the Plan's financial statements.

NOTE 3. INCOME TAXES

The Internal Revenue Service (IRS) has determined that the Plan meets the requirements of Section 401(a) of the Internal Revenue Code (IRC) and is exempt from federal tax under Section 501(a) of the IRC. The Plan obtained its latest determination letter on March 31, 2008, in which the IRS stated that the Plan is in compliance with the applicable requirements of the IRC. Although the Plan has been amended since the date of the letter, the Plan's third party administrator performs a non-discrimination compliance test at the end of each plan year. Results show that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and is therefore qualified and the related trust is tax-exempt. Therefore, no provision for income taxes is included in the Plan's financial statements.

On January 1, 2009, the Plan implemented the provisions of Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 740, Income Taxes, relating to accounting for uncertainties in income taxes. ASC 740 requires the Plan to recognize in the financial statements the financial effects of a tax position only if it is determined that it is more likely than not that the tax position will be sustained upon examination, including resolution of any related appeals or litigation processes, based on the technical merits of the position. The new standard was effective for the Plan as of January 1, 2009. Plan management has determined there are no uncertain tax positions requiring adjustment or disclosure in the Plan's financial statements. As of December 31, 2010, the Plan's tax years from 2007 through 2009 remain subject to Internal Revenue Service examination.

NOTE 4. INVESTMENTS (UNAUDITED)

The following is unaudited information regarding the Plan as of December 31, 2010 and 2009, and for the year ended December 31, 2010, included in the Plan's financial statements and supplemental schedule that was prepared by or derived from information prepared by Fidelity Management Trust Company, the trustee of the Plan and furnished to the Plan administrator. The Plan administrator has obtained a certification from the Trustee that such information is complete and accurate.

NOTE 4. INVESTMENTS (UNAUDITED) – CONTINUED

*Does not meet the 5% threshold		

During the year ended December 31, 2010, the Plan's investments (including investments bought, sold and held during the year) appreciated in value by $547,012.

NOTE 5. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has received certification from the Trustee that the statements submitted by them are complete and accurate regarding the Plan mutual funds and interest bearing cash investments at fair value totaling $4,697,723 and $3,209,890 at December 31, 2010 and 2009, respectively; notes receivable approximating fair value totaling $97,137 and $46,687 at December 31, 2010 and 2009, respectively; and interest and dividends (including interest from participant notes receivable) and net appreciation in fair value of investments in the amount of $613,014 and $738,795 for the years ended December 31, 2010 and 2009, respectively. Accordingly, at the request of the plan administrator, the Plan's independent certified public accountants have performed no audit procedures on the investment information, and related activity, other than to agree the information to the certified statements.

NOTE 6. FAIR VALUE MEASUREMENT

In accordance with current guidance on fair value measurements and disclosures, the Plan defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities which are required to be recorded at fair value, the Plan considers the principal or most advantageous market in which the Plan would transact and the market-based risk measurements or assumptions that market participants would use in pricing the asset or liability, such as inherent risk, transfer restrictions and credit risk.

The Plan applies the following fair value hierarchy, which prioritizes the inputs used to measure fair value into three levels, and bases the categorization within the hierarchy upon the lowest level of input that is available and significant to the fair value measurement:

Level 1 inputs: Quoted prices in active markets for identical assets or liabilities.

Level 2 inputs: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 inputs: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds

These investments are public investment vehicles valued using the Net Asset Value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.

Money Market Funds

These investments are public investment vehicles valued using $1 for the NAV. The money market funds are classified within Level 2 of the valuation hierarchy.

The following tables set forth by level within the fair value hierarchy the Plan investment assets and investment liabilities at fair value, as of December 31, 2010 and 2009. As required by ASC 820, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

NOTE 7. PROHIBITED TRANSACTIONS

During 2010 and 2009, the Sponsor failed to remit to the Plan's Trustee certain employee contributions totaling approximately $535,000 and $331,000, respectively, within the period prescribed by the Department of Labor regulations. Delays in remitting contributions to the Trustee were due to administrative errors, and the Sponsor will make contributions to the affected participant's accounts to compensate those participants for potential lost income due to the delays. As of October 13, 2011, the amount of any related receivable is not known but management expects such receivable to be immaterial.

NOTE 8. PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee, as of January 1, 2009, as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions.

We were engaged to audit the accompanying statement of net assets available for benefits of T2K 401(k) Plan (the Plan) as of December 31, 2010, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010, and the supplemental schedules as of or for the year ended December 31, 2010 as listed in the accompanying table of contents. These financial statements and supplemental schedules are the responsibility of the Plan's management. The financial statements of the Plan as of December 31, 2009, were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed the other auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by Fidelity Management Trust Company, the trustee of the Plan. Their report, dated October 4, 2010, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the 2010 financial statements and supplemental schedules. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2010, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information in the Plan's 2010 financial statements and supplemental schedules that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2010 financial statements and supplemental schedules taken as a whole. The form and content of the information included in the 2010 financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

T2K 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1. PLAN DESCRIPTION

The following description of the T2K 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Therapy 2000, Inc. (the Sponsor), and was adopted effective January 1, 2004. The Plan was amended effective as of January 1, 2009. The Plan covers all employees of the Sponsor, as defined, who have completed three months of service and have attained age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Retirement Equity Act of 1984. (REACT). The Plan established Fidelity Management Trust Company as the Plan Trustee and record keeper.

Contributions

Eligible employees, as defined, may have the Sponsor make pre-tax contributions to the Plan in accordance with Section 401(k) of the Internal Revenue Code. Under the Plan, participants may elect to reduce their compensation and contribute to the Plan between 1% and 80% of their total annual compensation, as defined, with a maximum of $16,500 ($22,000 if the employee is age fifty or older).

The Sponsor matches 100% of the participant's regular deferral and catch up contributions, up to 3% of the participant's compensation, as defined, plus 50% of the participant's contribution between 3% and 5% of participant's compensation. There were no discretionary non-elective employer contributions in 2010 or 2009.

The Plan permits rollover distributions received from other qualified plans and certain individual retirement accounts (IRAs).

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of Plan earnings or losses based on the earnings or losses of the participant's selected investments. Sponsor matching contributions are allocated to the participant's matching contribution account.

Vesting

Participants are immediately vested in their contributions and Sponsor matching contributions.

NOTE 1. PLAN DESCRIPTION – CONTINUED

Investment Options

Upon enrollment in the Plan and throughout the participant's eligible period of employment, each participant may direct that his or her employee, Company matching, and Company discretionary contributions, in 1% increments, be invested in any combination of thirty investment options, which include mutual funds and a money market account.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant (or the participant's beneficiary, if applicable) may elect to receive a lump-sum amount equal to the value of the participant's vested account balance in his or her account.

Upon termination of service, benefits are paid in a lump-sum payment as soon as administratively possible at the participant's election.

The Plan provides that if the participant terminates employment and his or her vested account balance in the Plan does not exceed $1,000, then a lump sum distribution will be made as soon as administratively possible following the termination of employment. If the vested account balance is greater than $1,000, but does not exceed $5,000, the Sponsor will automatically rollover the entire account balance to an IRA unless specific distribution instructions are received from the participant.

The benefits received from the Plan are subject to ordinary income tax in the year in which the participant received the payment, unless he or she defers taxation by a rollover of the distribution into another qualified plan or IRA.

Participant Notes Receivable

Participants may borrow an amount from their accounts of the lesser of a minimum of $1,000, up to a maximum of $50,000, or 50% of their total vested account balance. Note transactions are treated as deductions from participants' accounts and accounted for separately. Participants may only have one note outstanding at any given time. Note terms range from 1 to 5 years or, if for the purchase of a residence, up to 30 years. The notes are secured by the balance in the participant's account and bear interest. As of December 31, 2010, interest rates are 4.25% to 5%, and outstanding notes mature through January 2016. Principal and interest are paid through bi-weekly payroll deductions. There were no notes in default at December 31, 2010 and 2009.

NOTE 1. PLAN DESCRIPTION – CONTINUED

Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to suspend contributions, discontinue contributions or terminate the Plan subject to the provisions of ERISA. Upon termination or partial termination of the Plan, participants will become 100% vested in their accounts.

Administration of Plan assets

The Plan's assets are held by the Trustee of the Plan. The Trustee receives contributions, invests funds according to participant's directions and makes distributions to participants.

The Plan Sponsor has absorbed certain administrative costs of the Plan aggregating approximately $4,175 and $17,400 for the years ended December 31, 2010 and 2009, respectively.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America and have been consistently applied.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions.

These estimates and assumptions affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements, as well as reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Mutual funds are reported at fair value as determined by quoted market prices. Participant notes receivable are valued at their outstanding principal balances, which approximates fair value, plus accrued interest.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Investment Valuation and Income Recognition – Continued

Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Investment income is reported as net investment income due to the Trustee's inability to separate income from the realized and unrealized gains and losses.

Investment Risk

The Plan's investments include funds which invest in various types of investment securities and in various companies within various markets. Investment securities are exposed to several risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the Plan's financial statements and schedules.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses, other than investment advisory fees, are generally paid by the Plan.

Subsequent Events

The Plan has evaluated subsequent events from the balance sheet date through October 13, 2011, the date at which the financial statements were available to be issued. No material subsequent events have occurred since December 31, 2010 that require recognition or disclosure in these financial statements.

Recently Issued Accounting Standards

In January 2010, the FASB issued Accounting Standards Update (ASU) 2010-06, Improving Disclosures about Fair Value Measurements (ASU 2010-06). ASU 2010-06 requires additional disclosures about fair value measurements including transfers in and out of Levels 1 and 2 as well as the reasons for the transfers and a greater level of disaggregation for each class of assets and liabilities. For the reconciliation of Level 3 fair value measurements, information about purchases, sales, issuances, and settlements are presented separately rather than one net number. This standard is effective for interim and annual reporting periods beginning after December 15, 2009 with the exception of revised Level 3 disclosure requirements, which are effective for interim and annual reporting periods beginning after December 15, 2010. The Plan adopted the provisions of this standard to its financial statement disclosure for the year ending December 31, 2010.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Recently Issued Accounting Standards – Continued

In January 2010, the FASB issued ASU No. 2010-25, "Plan Accounting – Defined Contribution Pension Plans" (ASU 2010-25), which requires disclosure and measurement changes related to participant loans. For reporting purposes, participant loans shall be classified as notes receivable from participants and are no longer subject to fair value measurement disclosure requirements. In addition, notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. The Plan adopted the amendments in ASU 2010-25 effective January 1, 2010, and has retrospectively applied throughout the Plan's financial statements.

NOTE 3. INCOME TAXES

The Internal Revenue Service (IRS) has determined that the Plan meets the requirements of Section 401(a) of the Internal Revenue Code (IRC) and is exempt from federal tax under Section 501(a) of the IRC. The Plan obtained its latest determination letter on March 31, 2008, in which the IRS stated that the Plan is in compliance with the applicable requirements of the IRC. Although the Plan has been amended since the date of the letter, the Plan's third party administrator performs a non-discrimination compliance test at the end of each plan year. Results show that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and is therefore qualified and the related trust is tax-exempt. Therefore, no provision for income taxes is included in the Plan's financial statements.

On January 1, 2009, the Plan implemented the provisions of Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 740, Income Taxes, relating to accounting for uncertainties in income taxes. ASC 740 requires the Plan to recognize in the financial statements the financial effects of a tax position only if it is determined that it is more likely than not that the tax position will be sustained upon examination, including resolution of any related appeals or litigation processes, based on the technical merits of the position. The new standard was effective for the Plan as of January 1, 2009. Plan management has determined there are no uncertain tax positions requiring adjustment or disclosure in the Plan's financial statements. As of December 31, 2010, the Plan's tax years from 2007 through 2009 remain subject to Internal Revenue Service examination.

NOTE 4. INVESTMENTS (UNAUDITED)

The following is unaudited information regarding the Plan as of December 31, 2010 and 2009, and for the year ended December 31, 2010, included in the Plan's financial statements and supplemental schedule that was prepared by or derived from information prepared by Fidelity Management Trust Company, the trustee of the Plan and furnished to the Plan administrator. The Plan administrator has obtained a certification from the Trustee that such information is complete and accurate.

NOTE 4. INVESTMENTS (UNAUDITED) – CONTINUED

The Plan investments consist of the following, comprising more than 5% of net assets at fair market value:

*Does not meet the 5% threshold		

During the year ended December 31, 2010, the Plan's investments (including investments bought, sold and held during the year) appreciated in value by $547,012.

NOTE 5. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has received certification from the Trustee that the statements submitted by them are complete and accurate regarding the Plan mutual funds and interest bearing cash investments at fair value totaling $4,697,723 and $3,209,890 at December 31, 2010 and 2009, respectively; notes receivable approximating fair value totaling $97,137 and $46,687 at December 31, 2010 and 2009, respectively; and interest and dividends (including interest from participant notes receivable) and net appreciation in fair value of investments in the amount of $613,014 and $738,795 for the years ended December 31, 2010 and 2009, respectively. Accordingly, at the request of the plan administrator, the Plan's independent certified public accountants have performed no audit procedures on the investment information, and related activity, other than to agree the information to the certified statements.

NOTE 6. FAIR VALUE MEASUREMENT

In accordance with current guidance on fair value measurements and disclosures, the Plan defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities which are required to be recorded at fair value, the Plan considers the principal or most advantageous market in which the Plan would transact and the market-based risk measurements or assumptions that market participants would use in pricing the asset or liability, such as inherent risk, transfer restrictions and credit risk.

The Plan applies the following fair value hierarchy, which prioritizes the inputs used to measure fair value into three levels, and bases the categorization within the hierarchy upon the lowest level of input that is available and significant to the fair value measurement:

Level 1 inputs: Quoted prices in active markets for identical assets or liabilities.

Level 2 inputs: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 inputs: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds

These investments are public investment vehicles valued using the Net Asset Value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.

Money Market Funds

These investments are public investment vehicles valued using $1 for the NAV. The money market funds are classified within Level 2 of the valuation hierarchy.

The following tables set forth by level within the fair value hierarchy the Plan investment assets and investment liabilities at fair value, as of December 31, 2010 and 2009. As required by ASC 820, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

NOTE 7. PROHIBITED TRANSACTIONS

During 2010 and 2009, the Sponsor failed to remit to the Plan's Trustee certain employee contributions totaling approximately $535,000 and $331,000, respectively, within the period prescribed by the Department of Labor regulations. Delays in remitting contributions to the Trustee were due to administrative errors, and the Sponsor will make contributions to the affected participant's accounts to compensate those participants for potential lost income due to the delays. As of October 13, 2011, the amount of any related receivable is not known but management expects such receivable to be immaterial.

NOTE 8. PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee, as of January 1, 2009, as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions.

T2K 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1. PLAN DESCRIPTION

The following description of the T2K 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Therapy 2000, Inc. (the Sponsor), and was adopted effective January 1, 2004. The Plan was amended effective as of January 1, 2009. The Plan covers all employees of the Sponsor, as defined, who have completed three months of service and have attained age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Retirement Equity Act of 1984. (REACT). The Plan established Fidelity Management Trust Company as the Plan Trustee and record keeper.

Contributions

Eligible employees, as defined, may have the Sponsor make pre-tax contributions to the Plan in accordance with Section 401(k) of the Internal Revenue Code. Under the Plan, participants may elect to reduce their compensation and contribute to the Plan between 1% and 80% of their total annual compensation, as defined, with a maximum of $16,500 ($22,000 if the employee is age fifty or older).

The Sponsor matches 100% of the participant's regular deferral and catch up contributions, up to 3% of the participant's compensation, as defined, plus 50% of the participant's contribution between 3% and 5% of participant's compensation. There were no discretionary non-elective employer contributions in 2010 or 2009.

The Plan permits rollover distributions received from other qualified plans and certain individual retirement accounts (IRAs).

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of Plan earnings or losses based on the earnings or losses of the participant's selected investments. Sponsor matching contributions are allocated to the participant's matching contribution account.

Vesting

Participants are immediately vested in their contributions and Sponsor matching contributions.

NOTE 1. PLAN DESCRIPTION – CONTINUED

Investment Options

Upon enrollment in the Plan and throughout the participant's eligible period of employment, each participant may direct that his or her employee, Company matching, and Company discretionary contributions, in 1% increments, be invested in any combination of thirty investment options, which include mutual funds and a money market account.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant (or the participant's beneficiary, if applicable) may elect to receive a lump-sum amount equal to the value of the participant's vested account balance in his or her account.

Upon termination of service, benefits are paid in a lump-sum payment as soon as administratively possible at the participant's election.

The Plan provides that if the participant terminates employment and his or her vested account balance in the Plan does not exceed $1,000, then a lump sum distribution will be made as soon as administratively possible following the termination of employment. If the vested account balance is greater than $1,000, but does not exceed $5,000, the Sponsor will automatically rollover the entire account balance to an IRA unless specific distribution instructions are received from the participant.

The benefits received from the Plan are subject to ordinary income tax in the year in which the participant received the payment, unless he or she defers taxation by a rollover of the distribution into another qualified plan or IRA.

Participant Notes Receivable

Participants may borrow an amount from their accounts of the lesser of a minimum of $1,000, up to a maximum of $50,000, or 50% of their total vested account balance. Note transactions are treated as deductions from participants' accounts and accounted for separately. Participants may only have one note outstanding at any given time. Note terms range from 1 to 5 years or, if for the purchase of a residence, up to 30 years. The notes are secured by the balance in the participant's account and bear interest. As of December 31, 2010, interest rates are 4.25% to 5%, and outstanding notes mature through January 2016. Principal and interest are paid through bi-weekly payroll deductions. There were no notes in default at December 31, 2010 and 2009.

NOTE 1. PLAN DESCRIPTION – CONTINUED

Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to suspend contributions, discontinue contributions or terminate the Plan subject to the provisions of ERISA. Upon termination or partial termination of the Plan, participants will become 100% vested in their accounts.

Administration of Plan assets

The Plan's assets are held by the Trustee of the Plan. The Trustee receives contributions, invests funds according to participant's directions and makes distributions to participants.

The Plan Sponsor has absorbed certain administrative costs of the Plan aggregating approximately $4,175 and $17,400 for the years ended December 31, 2010 and 2009, respectively.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America and have been consistently applied.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions.

These estimates and assumptions affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements, as well as reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Mutual funds are reported at fair value as determined by quoted market prices. Participant notes receivable are valued at their outstanding principal balances, which approximates fair value, plus accrued interest.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Investment Valuation and Income Recognition – Continued

Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Investment income is reported as net investment income due to the Trustee's inability to separate income from the realized and unrealized gains and losses.

Investment Risk

The Plan's investments include funds which invest in various types of investment securities and in various companies within various markets. Investment securities are exposed to several risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the Plan's financial statements and schedules.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses, other than investment advisory fees, are generally paid by the Plan.

Subsequent Events

The Plan has evaluated subsequent events from the balance sheet date through October 13, 2011, the date at which the financial statements were available to be issued. No material subsequent events have occurred since December 31, 2010 that require recognition or disclosure in these financial statements.

Recently Issued Accounting Standards

In January 2010, the FASB issued Accounting Standards Update (ASU) 2010-06, Improving Disclosures about Fair Value Measurements (ASU 2010-06). ASU 2010-06 requires additional disclosures about fair value measurements including transfers in and out of Levels 1 and 2 as well as the reasons for the transfers and a greater level of disaggregation for each class of assets and liabilities. For the reconciliation of Level 3 fair value measurements, information about purchases, sales, issuances, and settlements are presented separately rather than one net number. This standard is effective for interim and annual reporting periods beginning after December 15, 2009 with the exception of revised Level 3 disclosure requirements, which are effective for interim and annual reporting periods beginning after December 15, 2010. The Plan adopted the provisions of this standard to its financial statement disclosure for the year ending December 31, 2010.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Recently Issued Accounting Standards – Continued

In January 2010, the FASB issued ASU No. 2010-25, "Plan Accounting – Defined Contribution Pension Plans" (ASU 2010-25), which requires disclosure and measurement changes related to participant loans. For reporting purposes, participant loans shall be classified as notes receivable from participants and are no longer subject to fair value measurement disclosure requirements. In addition, notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. The Plan adopted the amendments in ASU 2010-25 effective January 1, 2010, and has retrospectively applied throughout the Plan's financial statements.

NOTE 3. INCOME TAXES

The Internal Revenue Service (IRS) has determined that the Plan meets the requirements of Section 401(a) of the Internal Revenue Code (IRC) and is exempt from federal tax under Section 501(a) of the IRC. The Plan obtained its latest determination letter on March 31, 2008, in which the IRS stated that the Plan is in compliance with the applicable requirements of the IRC. Although the Plan has been amended since the date of the letter, the Plan's third party administrator performs a non-discrimination compliance test at the end of each plan year. Results show that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and is therefore qualified and the related trust is tax-exempt. Therefore, no provision for income taxes is included in the Plan's financial statements.

On January 1, 2009, the Plan implemented the provisions of Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 740, Income Taxes, relating to accounting for uncertainties in income taxes. ASC 740 requires the Plan to recognize in the financial statements the financial effects of a tax position only if it is determined that it is more likely than not that the tax position will be sustained upon examination, including resolution of any related appeals or litigation processes, based on the technical merits of the position. The new standard was effective for the Plan as of January 1, 2009. Plan management has determined there are no uncertain tax positions requiring adjustment or disclosure in the Plan's financial statements. As of December 31, 2010, the Plan's tax years from 2007 through 2009 remain subject to Internal Revenue Service examination.

NOTE 4. INVESTMENTS (UNAUDITED)

The following is unaudited information regarding the Plan as of December 31, 2010 and 2009, and for the year ended December 31, 2010, included in the Plan's financial statements and supplemental schedule that was prepared by or derived from information prepared by Fidelity Management Trust Company, the trustee of the Plan and furnished to the Plan administrator. The Plan administrator has obtained a certification from the Trustee that such information is complete and accurate.

NOTE 4. INVESTMENTS (UNAUDITED) – CONTINUED

*Does not meet the 5% threshold		

During the year ended December 31, 2010, the Plan's investments (including investments bought, sold and held during the year) appreciated in value by $547,012.

NOTE 5. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has received certification from the Trustee that the statements submitted by them are complete and accurate regarding the Plan mutual funds and interest bearing cash investments at fair value totaling $4,697,723 and $3,209,890 at December 31, 2010 and 2009, respectively; notes receivable approximating fair value totaling $97,137 and $46,687 at December 31, 2010 and 2009, respectively; and interest and dividends (including interest from participant notes receivable) and net appreciation in fair value of investments in the amount of $613,014 and $738,795 for the years ended December 31, 2010 and 2009, respectively. Accordingly, at the request of the plan administrator, the Plan's independent certified public accountants have performed no audit procedures on the investment information, and related activity, other than to agree the information to the certified statements.

NOTE 6. FAIR VALUE MEASUREMENT

In accordance with current guidance on fair value measurements and disclosures, the Plan defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities which are required to be recorded at fair value, the Plan considers the principal or most advantageous market in which the Plan would transact and the market-based risk measurements or assumptions that market participants would use in pricing the asset or liability, such as inherent risk, transfer restrictions and credit risk.

The Plan applies the following fair value hierarchy, which prioritizes the inputs used to measure fair value into three levels, and bases the categorization within the hierarchy upon the lowest level of input that is available and significant to the fair value measurement:

Level 1 inputs: Quoted prices in active markets for identical assets or liabilities.

Level 2 inputs: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 inputs: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds

These investments are public investment vehicles valued using the Net Asset Value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.

Money Market Funds

These investments are public investment vehicles valued using $1 for the NAV. The money market funds are classified within Level 2 of the valuation hierarchy.

The following tables set forth by level within the fair value hierarchy the Plan investment assets and investment liabilities at fair value, as of December 31, 2010 and 2009. As required by ASC 820, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

NOTE 7. PROHIBITED TRANSACTIONS

During 2010 and 2009, the Sponsor failed to remit to the Plan's Trustee certain employee contributions totaling approximately $535,000 and $331,000, respectively, within the period prescribed by the Department of Labor regulations. Delays in remitting contributions to the Trustee were due to administrative errors, and the Sponsor will make contributions to the affected participant's accounts to compensate those participants for potential lost income due to the delays. As of October 13, 2011, the amount of any related receivable is not known but management expects such receivable to be immaterial.

NOTE 8. PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee, as of January 1, 2009, as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions.
