MITCHELL INTERNATIONAL, INC.
401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2010 and 2009

1. Description of Plan

The following description of the Mitchell International, Inc. 401(k) Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General
The Plan was established on April 1, 2000, by Mitchell International, Inc., the Plan's sponsor, after having transferred $28,236,712 in net assets from the Company's previous plan, Thomson Holdings Inc. Savings Plan. The Plan was amended effective January 1, 2009. The Plan's purpose is to allow eligible employees of Mitchell International, Inc. (the Company), the opportunity to participate in a retirement savings program. The Company has contracted with Mercer Trust Company to act as trustee and custodian of the Plan's assets. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility and Contributions
The Plan covers all employees of the Company. Employees must be age 18 or older to be eligible. There is no service requirement. If a terminated employee is reemployed by the Company, such employee is immediately eligible to participate in the Plan provided such person was an eligible employee at the date of termination. Employees may enroll in the Plan on the first day following the first payroll period after hire date.

Participants may elect to contribute a portion of their eligible compensation not to exceed maximum limits allowed under IRS regulations. Participants may contribute amounts into the Plan that were received from a previous employer's qualified retirement plan (rollover contribution). The Company matches 50% of the first 6% that a participant contributes to the Plan. The Company may also make additional contributions on a discretionary basis.

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. Participants become 25% vested in any employer contributions after completing one year of service, and vesting increases 25% for each additional year of service.

1. Description of Plan, Continued

Allocation Method
Employee contributions are added to their participant account on a bi-weekly basis. Investment income is allocated on a pro rata basis, based on the ratio of each participant's individual account balance to the aggregate participant account balances.

Forfeitures
Forfeitures are amounts which could not be paid to terminated participants because they were only partially vested when they terminated employment. In the event the Plan generates forfeitures, these amounts are not allocated to remaining participants, but rather are applied toward the employer contribution. Forfeited employer contributions are allocated in the same manner that the employer contributions are allocated to participants. Forfeitures available for employer contributions were $82,723 and $66,169 at December 31, 2010 and 2009, respectively.

Payment of Benefits
Under the terms of the Plan, participants are eligible to receive distributions at their normal retirement date, as defined in the Plan. Benefits are also payable upon death or disability, termination of employment without a successor plan, or the Company's sale to an unrelated entity. Participants should refer to the Plan agreement for a complete description of the various distribution methods.

In-Service Withdrawals
While the Plan is designed to be a retirement income supplement, it provides flexibility in cases where funds are needed for emergencies prior to retirement. Accordingly, employees may withdraw funds before retirement up to the maximum vested account balance. Withdrawals may result in periods of contribution suspension and forfeiture of nonvested Company contributions.

Basis of Presentation
The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with U.S. generally accepted accounting principles.

Notes Receivable from Participants
Participants may borrow a specified amount of their vested interest in the Plan for a maximum term of five years, subject to a reasonable rate of interest. The repayment period for a residential note may not exceed ten years. Notes are secured by the participant's vested

2. Significant Accounting Policies

Notes Receivable from Participants, Continued
interest in the Plan with a maximum of 50% of their vested balance or $50,000, whichever is less. A participant may have one general-purpose note, and/or one residential note, or two general-purpose notes outstanding at a time. Principal and interest payments are deducted from the participant's paycheck each pay period. If a participant's employment is terminated, any outstanding note balance shall be treated as a distribution.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits
Benefits are recorded when paid.

Administrative Costs
Various administrative costs of the Plan are paid by the Company.

Estimates
The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants
Effective January 1, 2010 the Plan has elected to adopt Accounting Standard Update No. 2010-25, *Plan Accounting – Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans,* which required that loans to participants be presented as notes receivable from participants. The Plan has also retrospectively applied the standard to the balance as of December 31, 2009.

2. Significant Accounting Policies, Continued

Notes Receivable from Participants, Continued
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon terms of the plan document.

Subsequent Events
Management has evaluated subsequent events through October 12, 2011, the date on which the financial statements were available to be issued. There have been no material subsequent events which would require recognition in the financial statements or disclosure in the notes to the financial statements.

3. Investments and Notes Receivable from Participants

Investments are held with a trustee under a trust agreement. At December 31, 2010 and 2009, the fair market value of the investments and notes receivable from participants held in the trust fund was $63,743,884 and $53,002,535, respectively. For the year ended December 31, 2010, the fair value of the investments appreciated by $7,031,733. At December 31, 2010, there was $211,201 of vested account balances for participants who have withdrawn from the Plan.

The fair value of individual investments and notes receivable from participants that represent 5% or more of the Plan's net assets are as follows:

	2010	2009
Putnam Stable Value Fund	$ 10,768,347	9,936,386
T. Rowe Price Growth Fund	7,542,772	6,326,379
Van Kampen Growth and Income Fund	6,776,170	5,771,193
Royce Low Priced Stock Fund	5,090,822	3,388,599
Putnam Income Fund	4,638,366	3,720,237
Putnam New Opportunities Fund	4,466,057	3,751,483
Putnam International Equity Fund	4,152,634	3,724,533
Artisan International Fund	3,590,170	3,169,610

Notes receivable from participants totaled $1,737,982 and $1,596,624 at December 31, 2010 and 2009, respectively.

4. Fair Value Measurements

U.S. generally accepted accounting principles establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under U.S. generally accepted accounting principles are described as follows:

- Level 1 – Quoted prices in active markets (NYSE, NASDAQ, etc) for identical assets or liabilities. These are typically obtained from real-time quotes for transactions in active exchange markets involving identical assets.

- Level 2 –Inputs, other than quoted prices included within level 1, which are observable for the asset or liability, either directly or indirectly. These are typically obtained from readily-available pricing sources for comparable instruments and inputs derived from observable market data by correlation or other means.

- Level 3 – Unobservable inputs, where there is little or no market activity for the asset or liability. These inputs reflect the reporting entity's own assumptions of the data that market participants would use in pricing the asset or liability, based on the best information available in the circumstances.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Common Collective Trusts: Valued based on information reported by Putnam Fiduciary Trust Company using the audited financial statements of the common/collective trust held by the Plan at year end.

4. Fair Value Measurements, Continued

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009:

5. Tax Status

The Plan is a standardized prototype plan. The standardized prototype plan received a favorable tax determination letter from the Internal Revenue Service dated April 16, 1997. Accordingly, the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC) and is exempt from income taxes under Section 501(a). The Plan is also exempt from California state income taxes. The Company and the Plan administrator believe that the Plan is currently being operated in compliance with applicable requirements of the IRC.

The Plan is required to file an "Annual Return/Report of Employee Benefit Plan" (Form 5500) with the Internal Revenue Service. These financial statements agree in all material respects with Form 5500, except as described below.

The Company intends to continue the Plan on a permanent basis. However, the Company reserves the right to terminate it and discontinue contributions at any time. Upon such termination, participants become fully vested in their account balances. The net assets of the Plan shall be allocated among the participants and beneficiaries of the Plan in the order provided for by ERISA.

7. Party-in-Interest Transactions

The Plan's investments are administered by a trustee under a trust agreement. Accordingly, all purchases and sales of investments were transacted by the trustee.
