Plan Administrator and Participants
Laurel Health System Tax Deferred Annuity 403(b) Plan

We were engaged to audit the accompanying statement of net assets available for benefits of the Laurel Health System Tax Deferred Annuity 403(b) Plan (the "Plan") as of December 31, 2010 and 2009 and the related statement of changes in net assets available for benefits for the year ended December 31, 2010. These financial statements are the responsibility of the Plan's management.

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficiently to determine the extent to which the financial statements may have been affected by these conditions.

As described in Note 8, the Plan has excluded from investments in the accompanying statement of net assets available for benefits certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistant Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity and custodial accounts and related income and distributions are not determinable. Accounting principles generally accepted in the United States of America require that these custodial accounts and the related income and distributions be included in the accompanying financial statements.

Since we were not able to apply auditing procedures to satisfy ourselves as to the appropriateness and completeness of the Plan's net assets available for benefits and changes in net assets available for benefits as of December 31, 2010 and 2009, and for the year ended December 31, 2010, the scope of our work was not sufficient to enable us to express, and we do not express, an opinion on these accompanying financial statements.

We were engaged to audit the basic financial statements. The supplemental schedule of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matters described in the second and third paragraphs of this report, we express no opinion on the supplemental schedule.

Laurel Health System Tax Deferred Annuity 403(b) Plan

Notes to Financial Statements
December 31, 2010 and 2009

1. Description of Plan

The following description of the Laurel Health System Tax Deferred Annuity 403(b) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Laurel Health System and those affiliated corporations which adopt the Plan (collectively, the "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan evaluated subsequent events for recognition or disclosure through October 17, 2011, the date the financial statements were available to be issued.

Contributions

Eligible employees can contribute to the Plan an amount up to the maximum amount permissible in accordance with Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participant contributions to the Plan are recorded in the period that payroll deductions are made from the participants. The Plan Sponsor contributes to the Plan a basic contribution based on the participant's age and a percentage of compensation ranging from .65% to 4.00%, as defined by the Plan. The Plan Sponsor, at its discretion, may also make matching contributions to the Plan. For 2010, matching contributions were equal to 50% of up to 3% of a participant's compensation. Matching contributions amounted to \$153,069 for 2010. Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Plan Sponsor's contributions and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested at all times in their contributions plus earnings thereon. Vesting in the Plan Sponsor's contributions plus earnings thereon is based on credited service. A participant is 100% vested after three years of credited service. A participant becomes fully vested upon death or disability.

Laurel Health System Tax Deferred Annuity 403(b) Plan

Notes to Financial Statements
December 31, 2010 and 2009

Payment of Benefits

On termination for any reason, a participant is eligible to receive the vested balance of their account in the form of a lump-sum payment or rollover to another qualified plan. Hardship distributions are available in certain circumstances, as defined by the Plan.

Forfeited Accounts

Forfeited nonvested accounts totaled \$17,405 at December 31, 2010 and \$5,786 at December 31, 2009. These accounts will be used to pay Plan administrative expenses and then to reduce future employer contributions. Forfeitures of \$6,297 were used to pay plan administrative expenses during 2010.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use Of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administration of Plan Assets

The Plan's assets are administered under a contract with Citizens & Northern Bank, the trustee of the Plan. The trustee invests funds received from contributions, investment sales, interest, and dividend income and makes distribution payments to participants. Certain administrative expenses of maintaining the Plan are paid by the Plan Sponsor.

Laurel Health System Tax Deferred Annuity 403(b) Plan

Notes to Financial Statements
December 31, 2010 and 2009

Payment of Benefits

Benefits are recorded when paid.

Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

New Accounting Standard

In January 2010, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update No. 2010-06 "Fair Value Measurements and Disclosures: Improving Disclosures about Fair Value Measurements", ("ASU 2010-06"), which provides a greater level of disaggregated information and more robust disclosures about valuation techniques and inputs to fair value measurements, transfers in and out of Levels 1 and 2, and the separate presentation of information in Level 3 reconciliations on a gross basis rather than net. New disclosures and clarifications of existing disclosures are effective for interim and annual reporting periods beginning after December 15, 2009, Level 3 disclosures are effective for fiscal years beginning after December 15, 2010. Adoption of ASU 2010-06 had no material impact on the Plan's financial statements but expanded disclosures about certain fair value measurements.

3. Fair Value Measurements

The Plan measures on a recurring basis its investments at fair value in accordance with FASB codification "Fair Value Measurements and Disclosures," which provides the framework for measuring fair value. That framework provides fair value hierarchy used to classify the inputs used in measuring fair value. That hierarchy prioritizes the inputs used in determining valuations into three levels. The levels of fair value hierarchy are as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible to the Plan for identical assets. These generally provide the most reliable evidence and are used to measure fair value whenever available.

Level 2 – Inputs to the valuation methodology include significant inputs, other than Level 1 inputs, that are observable either directly or indirectly for substantially the full term of the asset through corroboration with observable market data. Level 2 inputs include quoted market prices in active markets for similar assets, quoted market prices in markets that are not active for identical or similar assets, and other observable inputs.

Level 3 – Inputs to the valuation methodology are unobservable inputs and significant to the fair value measurement.

Laurel Health System Tax Deferred Annuity 403(b) Plan

Notes to Financial Statements
December 31, 2010 and 2009

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2010 and 2009.

Mutual funds and the money market fund are valued at net asset value of shares held by the Plan at year end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of the financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009:

Assets at Fair Value as of December 31, 2010				
	Level 1	Level 2	Level 3	Total

4. Investments

The following presents investments that represent 5% or more of the Plan's net assets available for benefits at December 31, 2010 and 2009:

	2010	2009
PIMCO Total Return Bond Fund	\$ 5,948,834	\$ 5,065,158
Dreyfus Small Cap Stock Index Fund	2,991,230	2,671,411
Growth Fund of America	2,795,780	2,327,613
Fidelity Diversified International Equity Fund	2,113,850	1,750,937
Vanguard Mid-Cap Index Investor Fund	1,825,905	1,484,276
American Beacon Large Cap Value Fund	1,817,276	1,360,968
Columbia Large Cap Value Fund	1,805,770	1,417,388
Fidelity Money Market Fund	1,573,243	1,464,411

During 2010, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$2,526,217.

5. Related-Party Transactions

Certain Plan investments are managed by the trustee. Certain administrative expenses for the Trustee are paid by the Plan. These transactions qualify as party-in-interest transactions.

Certain administrative functions of the Plan are performed by employees of the Plan Sponsor. No such employee receives compensation from the Plan.

6. Plan Termination

Although they have not expressed any intention to do so, the Plan Sponsor has the right to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested in all contributions.

7. Tax Status

The Plan has not obtained a determination letter from the Internal Revenue Service ("IRS") stating that the Plan is designed and currently being operated in accordance with the IRC. The Plan administrator believes that Plan is designed and currently being operated in compliance with the applicable requirements of the IRC.

Laurel Health System Tax Deferred Annuity 403(b) Plan

Notes to Financial Statements
December 31, 2010 and 2009

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2010, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability of disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

8. Custodial Accounts Excluded From Financial Statements

As permitted by the Department of Labor's Field Assistant Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*, ("FAB 2009-02") the Plan administrator has elected to exclude certain custodial accounts from the Plan's financial statements. These custodial accounts were limited to employee contributions held under a voluntary 403(b) plan arrangement prior to January 1, 2009. The amount of the excluded custodial accounts at December 31, 2010 and 2009 could not be determined.

The Plan administrator has concluded that the custodial accounts have met the criteria required under FAB 2009-02 and as such, have been excluded from the Plan's financial statements.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2010:

Net assets available for benefits reported on the financial statements	\$ 27,854,947
