401(k) Profit Sharing Plan

Notes to Financial Statements

NOTE 1. DESCRIPTION OF PLAN

The following description of the Certified Folder Display Service, Inc. (“Company”) 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who have annually over 1,000 hours and one year of service. It is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Contributions

Each year, participants may contribute up to 20 percent of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan currently offers twenty-three mutual funds as investment options for participants. The Company contributes 30 percent of the first 4 percent of base compensation that a participant contributes to the Plan. Participants direct the investment of their contributions and the matching Company contribution into various investment options offered by the Plan. Additional profit sharing amounts may be contributed at the option of the Company's board of directors. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) plan earnings. Allocations are based on individual participant earnings, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after three years of credited service.

Participant Loans

Participants are not permitted to borrow from their investment accounts.

Notes to Financial Statements

NOTE 1. DESCRIPTION OF PLAN (Continued)

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or cash installments over a period determined by the participant or beneficiary. For termination of service for other reasons, a participant may elect to receive the value of the vested interest in his or her account as a lump-sum distribution. For account balance or installment amounts of $5,000 or less, the Plan requires immediate distributions.

Forfeited Non-Vested Assets

These amounts are used first to reduce Plan expenses and then to reduce Company contributions.

NOTE 2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded when received.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

The plan is liable for all its administrative and other expenses. However, the Company may reimburse the Plan for any expenses incurred.

Other	125	152
Net increase/(decrease)	$ 433,227	$ 592,929

NOTE 4. FAIR VALUE MEASUREMENTS

Investments are reported at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs . The three levels of the fair value hierarchy are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access. Also included are quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in inactive markets.

Level 2. Inputs other than quoted prices that are observable for the asset or liability, including those derived principally from or corroborated by observable market data by correlation or other means.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

Common/Collective Trusts: Valued at the net asset value (NAV) of units held by the plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2010 and 2009:

	Level 1	Level 2	Level 3	Total

Common/collective trusts	1,187,801	-	-	1,187,801
	$ 3,982,925	$ -	$ -	$ 3,982,925

NOTE 5. BENEFIT ACTIVITY

Hardship withdrawals	-	18,615
Minimum distributions	16,466	37,033
	$ 52,180	$ 195,969

NOTE 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

Notes to Financial Statements

NOTE 7. PLAN EXPENSES

For the years ended December 31, 2010 and 2009, administration expenses in the amount of $1,706 and $2,125, respectively, were paid by the Company.

NOTE 8. TAX STATUS

The Internal Revenue Service has determined and informed the custodian by a letter dated April 26, 1991, that the prototype Plan adopted by the Company and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The prototype Plan has been amended and a determination letter dated December 15, 1992 was received. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code (IRC).

NOTE 9. PARTY-IN-INTEREST AND REPORTABLE TRANSACTIONS

No prohibited party-in-interest transactions occurred during the years ended December 31, 2010 and 2009.

Reportable transactions are transactions in excess of five percent of Plan assets, as defined under ERISA. There were no reportable transactions which occurred during the Plan years ended December 31, 2010 and 2009.

NOTE 10. RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 3. INVESTMENTS (Continued)

Net increase/(decrease)	$ 433,227	$ 592,929

NOTE 4. FAIR VALUE MEASUREMENTS

Investments are reported at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs . The three levels of the fair value hierarchy are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access. Also included are quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in inactive markets.

Level 2. Inputs other than quoted prices that are observable for the asset or liability, including those derived principally from or corroborated by observable market data by correlation or other means.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

Common/Collective Trusts: Valued at the net asset value (NAV) of units held by the plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 7. PLAN EXPENSES

For the years ended December 31, 2010 and 2009, administration expenses in the amount of $1,706 and $2,125, respectively, were paid by the Company.

NOTE 8. TAX STATUS

The Internal Revenue Service has determined and informed the custodian by a letter dated April 26, 1991, that the prototype Plan adopted by the Company and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The prototype Plan has been amended and a determination letter dated December 15, 1992 was received. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code (IRC).

NOTE 9. PARTY-IN-INTEREST AND REPORTABLE TRANSACTIONS

No prohibited party-in-interest transactions occurred during the years ended December 31, 2010 and 2009.

Reportable transactions are transactions in excess of five percent of Plan assets, as defined under ERISA. There were no reportable transactions which occurred during the Plan years ended December 31, 2010 and 2009.

NOTE 10. RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

We have conducted a DOL limited-scope audit of the financial statements of the Certified Folder Display Service, Inc. 401(k) Profit Sharing Plan for the year ended December 31, 2010 and have issued our report thereon dated October 14, 2011. As permitted by 29 CR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and schedules taken as a whole. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated May 11, 2011. Professional standards also require that we communicate to you the following information related to our audit:

Significant Audit Findings.

Qualitative Aspects of Accounting Practices. Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year under audit. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. We noted no particularly sensitive estimate(s) affecting the financial statements for the audit period.

The disclosures in the financial statements are neutral, consistent, and clear. Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users.

Difficulties Encountered in Performing the Audit. We encountered no significant difficulties in performing and completing our audit.

Corrected and Uncorrected Misstatements. Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. There were no adjustments made as a result of our audit.

Disagreements with Management. For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. No such disagreements arose during the course of our audit.

Management Representations. We have requested certain representations from management that are included in the management representation letter dated September 30, 2010.

Management Consultations with Other Independent Accountants. In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues. We may discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This communication is intended solely for the information and use of management, the Trustees, and others within the organization, and is not intended to be and should not be used by anyone other than these specified parties.
