We were engaged to audit the financial statements and supplemental schedule of Clockwork Home Services, Inc. 401(k) Profit Sharing Plan and Trust as of and for the year ending December 31, 2010, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management. The financial statements as of December 31, 2009, were audited by Kirkland, Russ, Murphy & Tapp, P.A. whose shareholders became shareholders of Mayer Hoffman McCann P.C. on November 1, 2010. As permitted by 29 CRF 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed Kirkland, Russ, Murphy & Tapp, P.A. not to perform, and they did not perform, any auditing procedures with respect to the information certified by JPMorgan Chase Bank (JP Morgan), the Trustee of the Plan for the period from January 1, 2009 through December 31, 2009. Their report, dated September 24, 2010, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by JP Morgan, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by State Street Bank and Trust Company (State Street), the Trustee of the Plan for the period of January 1, 2010 through December 31, 2010, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that State Street holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from State Street as of December 31, 2010 and for the year then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the 2010 financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by State Street, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

(1) Description of the Plan

The following description of the Clockwork Home Services, Inc. 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan for employees of Clockwork Home Services, Inc. and its Subsidiaries (the Company). On July 1, 2010, Clockwork Home Services, Inc. was acquired by Direct Energy. All employees of the Company are eligible to participate in the Plan on their first day of employment, as defined in the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Contributions

Participants may contribute a portion of their annual compensation, ranging from 1% to 80% as defined in the Plan, up to the maximum amount per year, as allowed under the Internal Revenue Code (IRC). For the year ended December 31, 2010, the maximum allowed was $16,500. The limit on catch-up elective deferrals for participants age 50 and over was an additional $5,500 for the 2010 plan year. Participants may also contribute amounts representing distributions from other qualified plans.

The Plan also provides for the Company to make annual profit sharing contributions to the Plan at the discretion of the Board of Directors. The contribution is allocated to the participants based on the proportion of each participant's compensation, as defined, compared to total Plan compensation. A participant must be employed on the last day of the plan year or if terminated, have completed more than 500 hours of service, in order to receive a contribution. No profit sharing contribution was made for the year ended December 31, 2010. The Company may also make discretionary matching contributions. The Company elected not to make any matching contributions during 2010.

Participants may elect to invest their funds in 1% increments in any of the investment options. Asset transfers among these options are permitted daily.

(c) Participant Accounts

Each participant's account is credited with the participants' contributions, allocations of the Company's contributions and Plan investment results. The benefit to which a participant is entitled is the vested benefit that can be provided from the participants account.

(1) Description of the Plan - Continued

(d) Vesting

Participants are immediately vested in their contributions plus earnings thereon. Vesting in the Company contribution portion of their accounts plus earnings thereon, is based on years of continuous service. A year of service means the period during which an employee has completed at least 1,000 hours of service. The Plan provides for 100% vesting of participant balances upon normal retirement, death or permanent disability in accordance with Plan provisions. A participant is incrementally vested over five years of credited service in employer contributions as follows:

Years of Service	Participants Vested Percentage
Less than 1	0%
1 but less than 2	20%
2 but less than 3	40%
3 but less than 4	60%
4 but less than 5	80%
5 or more	100%

(e) Notes Receivable from Participants

In September 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update 2010-25, Reporting Loans to Participants by Defined Contribution Pension Plans (ASU 2010-25). ASU 2010-25 requires participant loans to be measured at their principal balance plus any accrued by unpaid interest and to be classified as notes receivable from participants. Previously, loans were measured at fair value and classified as investments. The Company adopted ASU 2010-25 for the year ended December 31, 2010. Participant loans have been reclassified to notes receivable from participants as of December 31, 2010 and 2009.

Participants may borrow from their fund accounts a minimum of $500 up to a maximum of the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years; provided, however, in the event the loan proceeds are used to acquire a principal residence, repayment may be extended not to exceed 30 years. The loans are secured by the balance in the participant's account and bear interest at a rate of Prime plus 1%, determined on the first day of the month in which the employee requests the loan, 4.25% as of December 31, 2010. Interest and principal are paid ratably through monthly payroll deductions.

(1) Description of the Plan - Continued

(f) Payment of Benefits

Upon termination of service due to death, disability, retirement, or reaching age 59 ½, a participant or beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan also allows for hardship withdrawals.

(g) Forfeitures

Prior to January 1, 2010, forfeited amounts of profit sharing contributions and employer matching contributions were allocated to the individual participant accounts based on the proportion of each participant's compensation, as defined, compared to total compensation of all participants for the year. Effective, January 1, 2010, forfeited amounts will no longer be allocated to the participants; instead forfeited amounts will be used first to pay any administrative expenses and any remaining forfeitures will be used to reduce any employer contributions.

Forfeitures available to be allocated to participants were approximately $162,000 at December 31, 2009. During 2010, approximately $112,400 of forfeitures was allocated to participant accounts and $8,600 was used to reduce employer expenses. Forfeitures available to pay administrative expense or to reduce employer contributions were approximately $52,000 at December 31, 2010. Forfeitures of approximately $41,000 related to 2009 were held at December 31, 2010 and will be allocated to participants.

(h) Administration and Expenses

Plan assets are held and managed by State Street Bank and Trust Company (the Trustee). Management of the Company assists in administering the Plan, and all normal administrative costs of the Plan may be paid by the Company, unless the Company elects to have such expenses paid by the Plan. In 2010, certain recordkeeping fees were paid by the Plan, with all other administrative fees being paid by the Company.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements have been prepared on an accrual basis of accounting and present net assets available for benefits and changes in net assets available for benefits.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the reported amounts in the financial statements and accompanying notes. Actual results could differ from those estimates.

(2) Summary of Significant Accounting Policies - Continued

(c) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair values are based on quoted market prices and include interest, dividends, and realized and unrealized gains and losses, net of any fees and expenses.

Net appreciation represents the change in market value of the investments bought, sold and held during the year. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

(d) Payment of Benefits

Benefits are recorded when paid.

(e) Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities based upon participant requests. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(f) New Pronouncements

In January 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2010-06, *Improving Disclosures about Fair Value Measurements*, which is an update to ASC Topic 820, *Fair Value Measurement and Disclosure*. This update establishes further disclosure requirements regarding transfers in and out of Levels 1 and 2, and activity in Level 3 fair value measurements. In addition, companies will be required to disclose quantitative information about the inputs used in determining fair values. ASU 2010-06 is effective for interim and annual reporting periods beginning after December 15, 2009, except for the new Level 3 disclosures, which will become effective after December 15, 2010. The Plan adopted ASU 2010-06 on January 1, 2010 and the adoption had no impact on the Plan's net assets available for benefits or changes in net assets available for benefits as it only amends required disclosures.

(3) Investments

The fair value of individual investments at December 31, 2010 and 2009, that represent 5% or more of the Plan's net assets available for benefits are as follows:

	2010	2009
SSGA Government Money Market	$ 1,010,255	1,315,181
Pimco Real Return Fund - A	572,005	456,843

Invvk Equity and Income A	893,686	*

* Investment did not represent 5% or more of net assets available for benefits.

(4) Information Certified by Trustee (Unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Effective January 1, 2010, the Plan switched trustees from JP Morgan Chase Bank to State Street Bank and Trust Company. Accordingly, State Street Bank and Trust Company, the Trustee of the Plan for 2010 and JP Morgan Chase Bank, the Trustee of the Plan for 2009 have certified that the following data included in the accompanying financial statements is complete and accurate:

- Investments and notes receivable from participants as of December 31, 2010 and 2009, as shown in the statements of net assets available for benefits.
- Investment income for the year ended December 31, 2010, as shown in the statement of changes in net assets available for benefits.
- The schedule of assets (held at end of year) at December 31, 2010, as shown in the supplemental schedule.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(5) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(6) Income Tax Status

The Plan is a non-standardized prototype plan developed by ADP, Inc. The Company adopted the prototype plan effective January 1, 2007. The Internal Revenue Service has determined and informed ADP, Inc. by a letter dated March 31, 2008, that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The prototype plan has been amended since receiving this determination letter. However, the Plan Administrator believes that the prototype plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

(7) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as of December 31, 2010 and 2009 to Schedule H of Form 5500:

The following is a reconciliation of net increase in net assets available for benefits per the financial statements for the year ended December 31, 2010 to net income on Schedule H of Form 5500:

Net income per Schedule H of Form 5500, Part II, Line 2(k) plus, Line l(1)	$	628,401

(8) Fair Value Measurements

FASB Accounting Standards Codification Topic 820, *Fair Value Measurement and Disclosure* (ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

a) Quoted prices for similar assets or liabilities in active markets
b) Quoted prices for identical or similar assets or liabilities in inactive markets
c) Inputs other than quoted prices that are observable for the asset or liability
d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Registered Investment Companies

Valued at the net asset value of shares held by the plan at year end.

Common/Collective Trusts

Valued at fair value by the expected future cash flows for each contract discounted to present value.

Interest Bearing Cash

Valued at the quoted prices reflecting market transactions involving identical assets.

(8) Fair Value Measurements - Continued
