PAUL EVERT'S R.V. COUNTRY, INC. 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

---

1. DESCRIPTION OF THE PLAN:

The following description of the Paul Evert's R.V. Country, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a. General:

The Plan is a defined contribution plan covering all eligible employees of Paul Evert's R.V. Country, Inc. (the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b. Eligibility:

All employees who are not part of a collective bargaining unit are eligible to participate. Each eligible employee becomes a participant in the Plan on the first day of each quarter following the completion of three months of service and attainment of age 21.

c. Contributions:

Both Plan participants and the Employer make contributions to the Plan as follows:

Each year, participants may contribute up to the maximum amount allowable under Internal Revenue Service limits, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans, classified as rollover contributions. Participants direct the investment of all contributions into various investment options offered by the Plan. Participants may make elective contributions to the Plan on a pre-tax basis. Such participant contributions are subject to the requirements of Sections 401(k) and 401(m) of the Internal Revenue Code.

The Employer will make a matching contribution, in an amount equal to a matching percentage deemed advisable, of the participant's salary reduction contributions for each payroll period. The Employer, in their sole discretion, may also contribute an amount designated as a qualified non-elective contribution or a discretionary contribution.

Participants direct the investment of all contributions into various investment options offered by the Plan.

1. DESCRIPTION OF THE PLAN, continued:

d. Participant accounts:

Each participant's account is credited with the participant's contributions, the Employer contributions, an allocation of Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

e. Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's contributions plus earnings is based on years of service. A participant is fully vested after six years of credited service.

f. Notes receivable from participants:

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their non-forfeitable account balance. Loan terms, unless for the purchase of a principal residence, are not to exceed five years. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 8.75% and 4.25% to 9.25% at December 31, 2010 and 2009, respectively. Interest rates correspond with the prime rate plus 1%. Principal and interest is paid ratably through payroll deductions. Loan terms, unless for the purchase of a principal residence, are not to exceed five years.

g. Payments of benefits:

On termination of service due to death, disability, retirement or termination of service for other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

h. Forfeited accounts:

At December 31, 2010 and 2009 forfeited non-vested accounts totaled $1,590 and $759, respectively. These accounts will be used to pay administrative expenses or to reduce future employer contributions.

2. SIGNIFICANT ACCOUNTING POLICIES:

a. Basis of accounting:

The accompanying financial statements have been prepared on the accrual basis of accounting.

b. Use of estimates:

The preparation of financial statements in conformity with generally accepted accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein. Actual results could differ from those estimates.

c. Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

d. Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

e. Payment of benefits:

Benefits are recorded when paid.

2. SIGNIFICANT ACCOUNTING POLICIES, continued:

f. Administrative expenses:

Significant administrative costs are being paid for, on behalf of the Plan, by the Employer. Expenses relating to specific participant transactions (i.e. loan setup, distribution request, etc.) are charged directly against the appropriate participant's account.

g. Reclassification:

Certain amounts in the prior year financial statements have been reclassified for comparative purposes to conform with the presentation in the current year financial statements.

h. Subsequent events:

The Plan has evaluated subsequent events through September 12, 2011, 2011, the date which the financials were available to be issued.

3. INVESTMENTS:

For the Plan years ended December 31, 2010 and 2009, the financial information included in the Plan financial statements, except for contributions and distributions for withdrawals and terminations, has been obtained or derived from information certified as complete and accurate by the John Hancock Insurance Company.

The Plan provides that contributions to the Plan will be invested in certain individual programs offered by John Hancock Insurance Company and as directed by each participant. Participants may change investment options as desired.

The Guaranteed Interest Accounts offer a guaranteed annual effective interest rate with a range of 0.53% to 3.86% and 1.25% to 4.0% at December 31, 2010 and 2009, respectively.

3. INVESTMENTS, continued:

The following presents investments that represent 5% or more of the Plan's net assets.

	2010	2009
John Hancock 5 Year Guaranteed Account	$ 120,942	$ 140,229
Optimized All Cap Fund	115,825	132,891
John Hancock Money Market	192,353	193,924

American Balanced Fund	54,901*	144,601
T. Rowe Price Science & Technology Fund	120,080	228,386
500 Index Fund	12,558*	88,747

*Does not represent 5% of net assets

4. FAIR VALUE MEASUREMENTS:

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;

4. **FAIR VALUE MEASUREMENTS, continued:**

- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Money market: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Guaranteed interest account: The carrying amount reported in the statements of net assets available for benefits for guaranteed accounts approximates those assets' fair values as based on similar assets in the active market. Guaranteed accounts guarantee the return of principle plus compound interest earned over a defined fixed term, less any applicable charges.

Insurance Policy: Valued at the cash surrender value that is available upon voluntary termination before maturity or the insured event occurs.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. FAIR VALUE MEASUREMENTS, continued:

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009:

5. PARTY-IN-INTEREST TRANSACTIONS:

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such employer or employee association, or relatives of such person.

Certain Plan investments are shares in funds managed by a party-in-interest, the Plan's Custodian. At December 31, 2010 and 2009, the Plan had investments in related funds of $1,114,736 and $1,653,142, respectively. Fees paid by the Plan to the Custodian for investment management services amounted to $10,557 and $9,989 for the years ended December 31, 2010 and 2009, respectively.

6. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their entire account balance.

7. TAX STATUS:

The Internal Revenue Service has determined and informed the Employer by an opinion letter dated March 31, 2008 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded as of December 31, 2010 and 2009, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. TAX STATUS, continued:

The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

8. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
