To the Plan Administrator
Summa Health System Retirement Income Plan and Trust

We were engaged to audit the accompanying statements of net assets available for benefits of Summa Health System Retirement Income Plan and Trust (the Plan) as of December 31, 2010 and 2009, the related statements of changes in net assets available for benefits for the years then ended and the supplemental schedules listed in the accompanying table of contents as of and for the year ended December 31, 2010. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by PNC Financial Services Group, Inc., AXA Equitable Life Insurance Company, and Aetna Life Insurance Company, the trustees of the Plan, except for comparing such information with the related information included in the financial statements and the supplemental schedules. We have been informed by the Plan administrator that the trustees hold the Plan's investment assets and execute investment transactions. The Plan administrator has obtained certifications from the trustees as of and for the years ended December 31, 2010 and 2009, that the information provided to the Plan administrator by the trustees is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

NOTE A - Description of the Plan

The following brief description of the Summa Health System Retirement Income Plan and Trust (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more comprehensive description of the Plan's provisions.

General

The Plan is a defined benefit retirement plan covering substantially all employees of Summa Health System (the System). The System was formed in 1989 as a sole corporate member of Akron City Hospital (the Hospital) and Saint Thomas Medical Center (the Medical Center). Each participant of the former plans of the Hospital and the Medical Center who were employed by the System on January 1, 1991 became a participant of the Plan. Credited service prior to January 1, 1991 is determined according to the provisions of the former plans for former participants of those plans.

Effective January 1, 2002, the Cuyahoga Falls General Hospital Retirement Plan (Cuyahoga Plan) merged with the Summa Health System Retirement Income Plan and Trust. All employees who were participants in the Cuyahoga Plan as of December 31, 2001 became participants of the System Plan on January 1, 2002.

Effective January 1, 2009, the Summa Barberton Hospital Bargaining Unit Employees' Retirement Plan (Barberton Plan) was merged into the Plan. Assets of \$5,469,676 were transferred into the Plan as a result of this merger. The Summa Barberton Hospital Bargaining Unit Employees' Retirement Plan had a present value of accumulated Plan benefits at January 1, 2009 of \$7,030,651, computed in accordance with *The Accounting Standards Codification Topic Plan Accounting – Defined Benefit Pension Plans* (see Note F). This merger does not impact participant pension benefits as the benefit provisions of the merged plan were incorporated into the Plan.

The merged Barberton Plan is a contributory, defined benefit pension plan covering substantially all bargaining unit employees of Local No. 2317 and District Council No. 8, American Federation of State, County and Municipal Employees (AFL-CIO), of Summa Barberton Hospital.

Effective January 1, 2010, except for re-hired union employees of Summa Barberton Hospital and all union employees of Akron City Hospital, all other employees hired on or after January 1, 2010 are not eligible to participate in the Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

An employee of the System becomes a participant in the Plan on the first day that the employee completes one year of service (provided that at least 1,000 hours of service were completed during the 12 consecutive month period) and attainment of age 21.

NOTE A - Description of the Plan, continued

Contributions

The Plan provides that the System make contributions to the Plan sufficient to provide the Plan with assets with which to pay benefits to Plan participants. Additionally, prior to January 1, 2002, each participant was allowed to contribute 4% of basic earnings in excess of \$400 per month to the Plan. Such contributions increase retirement benefits based on a formula as defined in the Plan document. Subsequent to January 1, 2002, most employee contributions are no longer permitted. Only those participants who are members of a collective bargaining unit are permitted to contribute employee contributions, unless such elimination of an employee contribution has been approved by the collective bargaining process.

Barberton Plan participants with one year of service may voluntarily elect to contribute up to 4% of their base compensation that exceeds the first \$6,000 of compensation. Such contributions result in supplemental retirement benefits paid to the contributing participants at retirement. Net accumulated participant contributions were approximately \$527,770 and \$517,410 as of December 31, 2010 and 2009, respectively. For the years ended December 31, 2010 and 2009, accumulated participant contributions were credited with 2.95% and 2.48% interest, respectively.

Vesting

All participants of the former Barberton Plan who complete five or more vesting years of credited service, as defined, or who attain age 65 while employed by the Company become vested in their benefits.

For all other Plan participants, the participant's retirement benefit from the Plan is fully vested after three years of eligible employment service. If an employee terminates prior to rendering three years of service for vesting purposes, the employee forfeits the right to receive benefits from the Plan.

Benefits

Plan benefits are based on years of credited service, retirement age, and employee contributions. Participants retiring at the normal retirement age (65) receive full benefits. Participants that have reached age 55 and have completed at least three years of credited service may retire with reduced benefits.

Normally, benefits are paid in a 10-year certain life annuity. Participants may elect to receive their retirement in the form of a 5 to 15 year certain life annuity, joint and survivor annuity, 50% joint and survivor annuity or life annuity. The Plan also provides for death benefits for vested participants that die after the earliest retirement date.

Administrative expenses

Some administrative and other expenses of the Plan are paid by the System. All other administrative expenses are paid by the Plan.

NOTE B - Summary of significant accounting policies

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value, except for investments in immediate participation guarantee insurance contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for discussion of fair value measurements.

The Plan's immediate participation guarantee contracts are held with Aetna Life Insurance Company (Aetna) and AXA Equitable Life Insurance Company (Equitable) and were entered into prior to March 20, 1992. Pursuant to *The Accounting Standards Codification Topic Plan Accounting – Defined Benefit Pension Plans* such contracts are permitted to be carried at contract value. Aetna's fair value is the amount which is available for withdrawal in a lump sum on the period end date. The withdrawal value is calculated using the current basis for computing market value adjustments for contracts of this type. Equitable determines fair value based on actual market prices, when available, otherwise, based on a pricing model.

Purchases and sales of investments are reflected on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payments of benefits

Benefits are recorded when paid.

Funding policy

Contributions are made by the System based on guidelines set by the Plan's actuary, Hewitt Associates LLC. The System has adopted the policy of annually providing for current normal costs and an amount sufficient to amortize past service costs, and to meet the minimum funding requirements of ERISA. The System's contributions for the years ended December 31, 2010 and 2009 met or exceeded this requirement.

NOTES TO FINANCIAL STATEMENTS

NOTE B - Summary of significant accounting policies, continued

Accumulated Plan benefits

Accumulated Plan benefits are those future periodic payments that are attributable under the Plan's provisions to the service employees have rendered. Accumulated Plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died and (c) present employees or their beneficiaries. Benefits payable under all circumstances: retirement, death, disability, and termination of employment are included to the extent they are deemed attributable to employee service rendered as of the valuation date.

Recent accounting pronouncements

In January 2010, the Financial Accounting Standards Board (FASB) issued guidance to improve the disclosures related to fair value measurements. The new guidance requires expanded fair value disclosures, including the reasons for significant transfers between Level 1 and Level 2 and the amount of significant transfers into each level disclosed separately from transfers out of each level. For Level 3 fair value measurements, information in the reconciliation of recurring Level 3 measurements about purchases, sales, issuances and settlements shall be presented separately on a gross basis, rather than as one net number.

In addition, clarification is provided about existing disclosure requirements, such as presenting fair value measurement disclosures for each class of assets and liabilities that are determined based on their nature and risk characteristics and their placement in the fair value hierarchy (that is, Level 1, 2, or 3), as opposed to each major category of assets and liabilities, as required in the previous guidance.

Disclosures about the valuation techniques and inputs used to measure fair value for both recurring and nonrecurring fair value measurements will be required for fair value measurements that fall in either Level 2 or Level 3. The new guidance is effective for interim and annual reporting periods beginning after December 15, 2009, except for the disclosures related to the gross presentation of purchases, sales, issuances and settlements for Level 3 fair value measurements, which are effective for reporting periods beginning after December 15, 2010.

Subsequent events

The Plan has evaluated subsequent events through October 10, 2011, the date the financial statements were available to be issued.

NOTE C - Information certified by the trustees (unaudited)

The Plan's investments at December 31, 2010 and 2009 were held by PNC Financial Services Group, Inc. (PNC), Equitable, and Aetna, the trustees of the Plan. The investments have been certified as complete and accurate by the trustees. The value of individual investments that represents 5% or more of the Plan's net assets are as follows at December 31:

NOTE D - Contracts with insurance companies

The Plan maintains immediate participation guarantee contracts with Equitable and Aetna. Under these contracts, the insurance companies hold contributions in pooled separate accounts from which the insurance companies will make pension payments to the participants upon retirement. The balance of the account must be maintained at the amount required, according to a premium schedule in the contract, to provide for the remaining pension benefits to all current retirees. The Plan is required to maintain an allocated annuity balance with Aetna which represents a benefit that is guaranteed. The amount cannot be withdrawn upon contract termination. This balance at December 31, 2010 and 2009 was \$1,159,277 and \$1,283,032, respectively.

The contracts can be terminated if the Plan becomes disqualified according to the Internal Revenue Code or if the Plan is terminated. The values of the contracts are recorded at contract value plus earnings, less Plan withdrawals and administrative expenses. The average yields and crediting interest rates for 2010 and 2009 were 5.80% and 5.98% for Aetna and 3.80% and 3.79% for Equitable, respectively. Crediting interest rates are determined daily by dividing earned income for the day by the new contract value.

NOTE E - Fair value measurements

The ASC Topic *Fair Value Measurements and Disclosures* defines fair value and provides guidance for measuring fair value and expands disclosures about fair value measurements in accordance with accounting principles generally accepted in the United States of America. *Fair Value Measurements and Disclosures* does not require any new fair value measurements, but rather applies to all other accounting pronouncements that require or permit fair value measurements.

SUMMA HEALTH SYTEM RETIREMENT INCOME PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

NOTE E - Fair value measurements, continued

Fair Value Measurements and Disclosures establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobserved inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

SUMMA HEALTH SYTEM RETIREMENT INCOME PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

NOTE E - Fair value measurements, continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Common collective trusts: The fair values of participation units held in collective trusts are based on the net asset values reported by the fund managers as of the financial statement dates and recent transaction prices (Level 2 inputs). The investment objectives and underlying investments of the collective trusts vary, with some holding diversified portfolios of domestic or international stocks and open-ended mutual funds, some holding securities of U.S. Companies in a particular industry sector, some holding short-term and/or medium-term corporate, government agency bonds, and others holding a blend of various domestic stocks, bonds and mutual funds. Each collective trust provides for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement.

Money market funds: Valued at \$1 per unit including applicable interest and fees.

Common stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the net asset value of shares held by the Plan at year-end.

Alternative investments: Include hedge funds that are meant to provide equity-like returns with fixed-income-like levels of risk. Included in this category are investments that are well diversified across various strategies and may consist of absolute return funds, long/short funds, and other opportunistic/multi-strategy funds. The underlying investments in such funds may include publicly-traded and privately-held equity and debt instruments issued by U.S. and international corporations. Investment strategies in this category may include buyouts, distressed debt and venture capital.

The unfunded commitment on alternative investments in private equity and private real estate funds at December 31, 2010 and 2009 is \$6,926,300 and \$761,850, respectively. The private equity and private real estate funds do not have withdrawal restrictions; however, the hedge fund is in liquidation and as a result the System does not have access to these funds until they are liquidated.

Real estate investment trusts: Valued at the net asset value of units and shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE F - Accumulated Plan benefits, continued

The significant actuarial assumptions used in the valuations as of December 31, 2010 and 2009 include:

Actuarial method	Standard unit credit method
Assumed rate of return on investments and discount rate	8.0% for 2010 and 8.5% for 2009, per annum
Mortality basis after normal retirement age	RP - 2000 Combined Healthy Mortality Table, Projected with Scale AA (fully generational), for 2010 and RP – 2000 Combined Healthy Mortality Table, Projected to Generational by Scale AA, for 2009
Normal retirement age	Age 65
Vesting	Vesting eligibility, five years for former participants of the Barberton Plan, three years for all others

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

NOTE G - Plan termination

Although the System has not expressed any intention to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan. In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

1. Benefits attributable to employee contributions, taking into account those paid out before termination.
2. Benefits participants have been receiving, or would have been receiving if they had retired at normal age, for at least three years. The priority attaches only to the lowest benefit level under the Plan during the five years prior to retirement. For those actually retired for three or more years, the priority applies only to the lowest benefit level in effect during the most recent three-year period.
3. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) up to the applicable limitations.

SUMMA HEALTH SYTEM RETIREMENT INCOME PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

NOTE G - Plan termination, continued

4. All other vested benefits (that is, vested benefits not insured by the PBGC).
5. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested, normal-age retirement benefits, early retirement benefits and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of an individual's monthly benefit.

The payment to participants of their benefits should the Plan be terminated will depend on the sufficiency of the Plan's net assets to provide the benefits, the priority of the benefits to be paid, and the level and type of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the existing assets and the PBGC guaranty, while other benefits may not be provided for at all.

NOTE H - Tax status

The Internal Revenue Service has determined and informed the System in a letter dated December 19, 2002 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving this determination letter. However, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2007.

NOTE I - Party-in-interest transactions

Certain plan investments are investment contracts managed by Equitable and Aetna. Since the trustees of the Plan manage these investments, these transactions qualify as party-in-interest transactions.

SUMMA HEALTH SYTEM RETIREMENT INCOME PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

NOTE I - Party-in-interest transactions, continued

Money market funds are managed by PNC Capital Advisors, LLC. As of September 29, 2009, PNC Capital Advisors, Inc. and its affiliate Allegiant Asset Management Company each merged into and with PNC Capital Advisors, LLC. PNC Capital Advisors, LLC is a subsidiary of PNC Financial Services Group, Inc. (PNC). PNC is a trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE J - Risks and uncertainties

The Plan invests in various investment securities. Investments securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated Plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE K - Prohibited transactions

During the year ended December 31, 2010, the System failed to remit participants' contributions as soon as reasonably possible. These late contribution amounts were submitted to the Plan during 2010.

NOTE L - Subsequent events

Effective June 30, 2011, the Plan was amended to freeze benefits accrued under the Plan, except for participants who were age 60 or older as of December 31, 2010 or participating union employees. The Plan was also closed to new System employees hired on or after January 1, 2010, except for eligible union employees. For those participants where benefits under the Plan were not vested at June 30, 2011, service after that date will count for vesting purposes.

Effective February 1, 2012, the monthly benefit multiplier for participants who belong to the Barberton Union and who retire after February 1, 2012 is increased from \$21.00 to \$21.50 for service in excess of 30 years.

Schedule SB, Part V—Statement of Actuarial Assumptions/Methods

Interest Rates	Based on segment rates with a four-month look-back (as of September 2009).
1st Segment Rate	5.03%.
2nd Segment Rate	6.73%.
3rd Segment Rate	6.82%.
Salary Increases	
Minimum Funding Target Normal Cost	5.00%.
Maximum Tax Expected Benefit Increase	5.00%.
Retirement Age	
Active Participants	See Table 1.
Terminated Vested Participants	65.
Mortality Rates	
Healthy and Disabled	2010 Static Mortality Table for Annuitants and Non-Annuitants Per §1.430(h)(3)-1(e).
Withdrawal Rates	See Table 2.
Disability Rates	See Table 3.
Surviving Spouse Benefit	It is assumed that 85% of males and 85% of females have an eligible spouse, and that males are three years older than their spouses.
Valuation Compensation	2010 monthly rate, annualized.
Benefit and Compensation Limits	Projected benefits and compensation are limited by the current IRC section 415 maximum benefit of \$195,000 and the 401(a)(17) compensation limit of \$245,000.

Valuation of Plan Assets

Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value.

A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).

Expected Return on Assets

2008 Plan Year

6.43%.

2009 Plan Year

6.69%.

Trust Expenses Included in Target Normal Cost

\$300,000. This estimate for the 2010 plan year was based on historical experience.

Actuarial Method

Standard Unit Credit Cost Method.

Valuation Date

January 1, 2010.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Disability Retirement Benefit

Eligible disability pensioners will receive their accrued Basic Benefit at time of disability without actuarial reduction plus the actuarially reduced accrued Supplemental Benefit.

Benefit Upon Termination of Service

Upon termination after meeting the eligibility requirements for a deferred vested benefit, an employee may elect to receive either the accrued Basic and Supplemental Benefits at age 65 or at any time after age 55 on a reduced basis if the employee had at least 10 years of Eligibility Service at termination.

Upon termination before meeting the eligibility requirements for a deferred vested benefit, the employee contributions, if any, with applicable interest, are returned.

Pre-Retirement Spouse's Benefit Option

Upon death after completing 5 years of Eligibility Service, provided that the employee agrees to a reduction in his benefits otherwise payable. This benefit will provide a pension to the spouse upon death of the employee prior to retirement. The amount of the spouse's benefit will be calculated as if the employee retired the day before his death and had elected a 50% Joint and Survivor pension. If death occurs prior to age 55, benefits to the spouse will commence with the month following the date that the employee would have reached age 55.

Plan Participants' Contributions
Basic Benefit
