CLEVER DEVICES LTD.
401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of Plan

The following description of the Clever Devices Ltd. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 1997 and is a defined contribution profit sharing plan covering all eligible employees. The Plan's sponsor is Clever Devices Ltd. (the "Company" or "Employer" or "Sponsor").

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute a percentage of their salary, up to the maximum amount permitted by law. Participants who have attained age 50 before the end of the Plan year, are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Profit sharing amounts may be contributed at the option of the Company's board of directors and allocated among participants eligible to share in the contribution for the Plan year. Profit sharing contributions are subject to certain limitations.

Each year, the Sponsor may make a matching contribution, a discretionary profit sharing contribution and qualified non-elective contributions to the Plan. For the years ended December 31, 2010 and 2009, the Sponsor made no such contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of the employer's contribution, if any, Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - Description of Plan (cont'd.)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants shall have a vested percentage in their employer contribution accounts according to a graded vesting schedule based on years of service.

Participants' accrued benefits from voluntary pre-tax salary reduction contributions and related interest and investment gains and losses are 100% vested at all times. A participant is 100% vested if termination is due to death or disability. Participants' accrued benefits from employer contributions and related interest and investment gains and losses are vested as follows:

Years of Service	Vesting Percentage
Less than 2	0%
3rd and year after	20% in each year

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to the lesser of 50% of their vested account balance or $50,000. If a loan was taken in the previous 12 months, the amount of the highest outstanding loan balance is deducted from the amount the participant may borrow. Loans are secured by the balance in the participant's account. Loans will be subject to interest charges equal to the annual effective prime rate plus 1.5%.

Loans must normally be repaid within such period as agreed to between the participant and the Plan, up to a maximum of five years. Any outstanding loans must be fully repaid when employment terminates. At December 31, 2010, interest rates range from 4.75% to 7.75% per annum, with loans having various maturity dates.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant or beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or in annual installments over a ten-year period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan also allows certain withdrawals at age 59 ½ and hardship withdrawals.

Forfeitures

The non-vested portion of a participant's account is forfeited when employment is terminated and allocated to the other participant accounts. At December 31, 2010, there were no forfeited non-vested accounts.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Cash Equivalents

The Plan considers all highly liquid investments with original maturities of three months or less when purchased to be cash equivalents.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Administrative expenses of the Plan are paid by the Employer, except for $24,417 which was paid by the Plan.

Note 2 - Summary of Significant Accounting Policies (cont'd.)

Subsequent Events

The Plan administrator has evaluated all events or transactions that occurred after December 31, 2010 through the date of the issuance of these financial statements. During this period, there were no material subsequent events requiring disclosure.

New Accounting Pronouncements

In September 2010, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2010-25, *Plan Accounting - Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans*. This ASU applies to any defined contribution pension plan that allows participant loans. The amendments in this ASU require that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest.

The amendments in this ASU are effective for fiscal years ending after December 15, 2010, and should be applied retrospectively to all prior periods presented and early adoption is permitted. The presentation of participant loans has been adjusted in these financial statements to comply with ASU No. 2010-25.

Note 3 - Information Prepared and Certified By Custodian

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by John Hancock Life Insurance Company of New York, the custodian of the Plan, at December 31, 2010 and for the year then ended. This information has not been audited by the independent auditors.

Cash and cash equivalents	$ 672
Investments, at fair value Mutual funds	4,437,962
	$ 4,438,634
Net appreciation in fair value of investments, mutual funds	$ 550,840
Interest on participant loans	$ 2,677

Note 4 - Investments

At December 31, 2010 and 2009, investments that represented 5% or more of the Plan's net assets available for benefits consisted of the following:

Mutual Funds:	2010	2009
Lifestyle Balance	$ 688,620	$ 508,336
Lifestyle Growth	641,202	382,940
Lifestyle Aggressive	238,719	241,344
Stable Value Fund	*	201,599
Total Return Fund	364,536	282,614
Mid Cap Index Fund	289,903	193,466
Columbia Value & Restructuring	230,808	175,047

* Fund balance was not greater than 5% of net assets at December 31, 2010.

Note 5 - Fair Value Measurements

FASB ASC Topic 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 5 - Fair Value Measurements (cont'd.)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2010 and 2009.

The Level 1 inputs relate to mutual funds whose underlying assets are valued at the net asset value (NAV) of shares held by the Plan at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2010 and 2009:

	Assets at Fair Value at December 31, 2010

Total Assets at Fair Value	$ 3,221,849	$ -	$ -	$ 3,221,849

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7 - Related Party Transactions

Certain Plan investments are shares of mutual funds managed by John Hancock Life Insurance Company of New York, custodian as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment services amounted to $24,417 for the year ended December 31, 2010.

Note 8 - Tax Status

The Plan is currently operating without an Internal Revenue Service ("IRS") determination letter. The Sponsor believes that the Plan is designed in accordance with applicable sections of the IRC and is not subject to tax under present income tax law. The Trustees are not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

Note 8 - Tax Status (cont'd.)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that at December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying Statements of Net Assets Available for Benefits.
