BILL CURRIE FORD, INC. 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

(1) DESCRIPTION OF PLAN

The following description of the Bill Currie Ford, Inc. 401(k) Profit Sharing Plan (the Plan), provides only general information. On July 3, 2008 the Employer was awarded and acquired a Lincoln and Mercury franchise from Ford Motor Company. The Employer changed its name to Bill Currie Ford, Inc. d/b/a Bill Currie Ford Lincoln Mercury. On June 10, 2010, the Employer received notice of Ford Motor Company's intention to discontinue the Mercury brand effective December 31, 2010. On November 12, 2010, the Employer changed its fictitious name filing to Bill Currie Ford Lincoln. The name of the Plan did not change. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan became effective November 1, 1992 and is a defined contribution plan covering all full-time employees of the Company who have completed six months of service. The Plan was amended and restated January 1, 2001 and again January 1, 2002 to comply with various IRS requirements. Significant changes include "catch up" contributions for eligible employees age 50 and older, and the maximum amount which a participant may defer increased to 100% of compensation, limited to an amount determined annually by the Internal Revenue Service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974.

The Plan was amended and restated effective January 1, 2009 to bring the Plan into compliance with the Economic Growth and Tax Relief Reconciliation Act (EGTRRA) and other legislative and regulatory changes.

Contributions – The Employer contributes a discretionary matching contribution equal to a percentage of the amount of the voluntary salary reduction elected by the participant. The discretionary matching contribution will be determined each year by the Employer. For the years ended December 31, 2010 and 2009, the Employer matched 50% of each participant's contribution up to a maximum matching contribution of $300 per participant. As previously noted, participants may contribute up to 100% of their compensation, subject to regulatory limitations.

The Plan allows rollover contributions and the amended and restated plan documents allow participants to designate all or a portion of their contributions as Roth contributions effective April 1, 2010.

Contributions received by the Plan are deposited with Nationwide Financial Services, Inc. and its subsidiary, Nationwide Trust Company (Nationwide). Any benefits provided by the Plan are paid by Nationwide from net assets available for the plan benefits. The benefit to which a Plan participant is entitled is the benefit that can be provided by the contributions, forfeitures and income (loss) thereon (including net realized and unrealized investment gains and losses) allocated to such participant's account.

Participant accounts – Under the Plan, earnings, losses and expenses are allocated in proportion to the account values of the participant's account which is invested in the investment facilities from which the earnings (loss) and expenses arise. Forfeitures are applied to reduce future employer matching contributions. Forfeitures of $2,336 and $1,449 as of December 31, 2010 and 2009, respectively, will be used to reduce future employer matching contributions.

Participants have the ability to direct the investment of their account balances between various investment funds or any combination thereof. Each investment fund has unique and varied investment objectives.

BILL CURRIE FORD, INC. 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS

(1) DESCRIPTION OF PLAN, CONTINUED

In 2010 the Plan was amended to allow participants to invest in 290 various mutual funds including target funds based on the participant's retirement age, to elect a self-directed brokerage account or a Nationwide managed investment account.

Vesting – Participants are immediately vested in their voluntary salary reduction accounts. Vesting in their employer matching account is based on years of continuous service. A participant is 100% vested after five years of credited service.

Loans – Loans are not permitted under the Plan.

Payment of benefits – Effective January 1, 2009 payment of benefits is made as a lump distribution. Participants with account balances of less than $1,000 will be automatically "cashed out" or "rolled over" when the individual terminates employment.

The Plan allows in-service distributions for participants age 59 ½ or older and hardship distributions.

Plan administration fees – Plan administration fees were paid by the Employer in 2009. Plan administration fees totaling $4,136 were charged to participants in 2010. Employer personnel provide administrative services to the Plan at no charge. Plan expenses attributed to a particular participant are charged to the participant's account.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Income recognition – The Plan reports its income on the accrual basis of accounting.

Valuation of investments – Investments are valued at fair value as reported to the Plan and certified by Nationwide. Throughout the plan years ended December 31, 2010 and 2009, the Plan invested in a group variable annuity contract with Nationwide. Nationwide maintains the contributions as directed by the participants in pooled separate accounts. The pooled separate accounts are credited with actual earnings (losses) on the underlying investments and charged for plan withdrawals. Net appreciation (depreciation) in the fair value of pooled separate accounts is included in the financial statements as reported to the Plan and certified by Nationwide.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of benefits – Benefits are recorded when paid.

Risks and uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(3) INVESTMENTS

The Plan's investments are held and certified by Nationwide. Investments that represent 5% or more of net assets available for benefits are separately identified as follows:

Total investments at fair value	$ 3,580,209	$ 3,693,053

The Plan's investments, including investments bought, sold and held during the year, appreciated in value by $261,063 and $587,101, as certified by Nationwide, for the years ended December 31, 2010 and 2009, respectively.

Nonparticipant-directed investments of $2,335 and $1 are included in the American Funds Investment Company of America R6 Fund and Federated Total Return Bond Institutional Fund, respectively, at December 31, 2010 and $1,449 are included in the Nationwide Fund (included in total investments less than 5% of net assets available for benefits) at December 31, 2009.

(4) FAIR VALUE MEASUREMENTS

Generally accepted accounting principles establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of other than quoted prices not included in Level 1 that are observable, either directly or indirectly, and Level 3 inputs consist of unobservable inputs and has the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 or Level 2 inputs are not available.

(4) FAIR VALUE MEASUREMENTS, CONTINUED

Level 2 Fair Value Measurements

The fair value of pooled separate account funds is based on quoted net asset values of the underlying mutual funds held at year-end.

	Fair Value	Fair value measurements (Level 2)
December 31, 2010		
Pooled separate account funds	$ 3,580,209	$ 3,580,209
December 31, 2009		
Pooled separate account funds	$ 3,693,053	$ 3,693,053

The pooled separate account funds were classified as Level 1 investments in the 2009 financial statements based on representations provided by Nationwide. Nationwide advised the plan administrator the 2010 pooled separate account funds should be classified as Level 2 investments. As the investments in pooled separate accounts were essentially the same in 2009 and 2010, the 2009 investments have been reclassified as Level 2 investments in accordance with the 2010 classification.

Effective January 1, 2010, the Plan adopted a new accounting standard that requires enhanced disclosures about fair value measurements in the financial statements. Adoption of this standard had no effect on the Plan's net assets or changes in new assets. The table of fair value measurement below reflects the enhanced disclosure as of December 31, 2010.

Effective January 1, 2009, the Employer adopted the Nationwide Financial Services Prototype Non-standardized 401(k) Profit Sharing Plan. The prototype Plan obtained an opinion letter dated March 31, 2008, in which the Internal Revenue Service stated that the prototype Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's management believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

(7) PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their account balances.

(8) RELATED PARTY TRANSACTIONS

Plan investments are pooled separate accounts managed by Nationwide. Nationwide is the Trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions.
