INDEPENDENT AUDITORS' REPORT

To The Trustees
Worcester Area Plumbers and Pipefitters Union Local No. 4
Pension Plan
Wallingford, CT 06492-7617

We were engaged to audit the accompanying statements of net assets available for benefits - modified cash basis of the Worcester Area Plumbers and Pipefitters Union Local No. 4, Pension Plan (a Multiemployer Plan) as of December 31, 2010 and 2009, the related statements of changes in net assets available for benefits - modified cash basis for the years then ended, and the supplemental schedules of (1) Schedule H, Line 4i - Schedule of Investments (Held at Year End), (2) Schedule H, Line 4i - Schedule of Assets (Acquired and Disposed of Within the Year), (3) Schedule H, Line 4j - Schedule of Reportable Transactions, (4) Schedule G - Schedule of Financial Transactions, and (5) Schedule of Administrative Expenses. These financial statements and schedules are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Bank of America and Amalgamated Bank, the custodians of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. The Plan administrator has informed us that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2010 and 2009, that the information provided to the Plan administrator by the custodian is complete and accurate.

As described in Note 2, the accompanying financial statements have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedules taken as of or for the years ended December 31, 2010 and 2009. The form and content of the information included in the financial statements and schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

INDEPENDENT AUDITORS' REPORT

To The Trustees
Worcester Area Plumbers and Pipefitters Union Local No. 4
Pension Plan
Wallingford, CT 06492-7617

We were engaged to audit the accompanying statements of net assets available for benefits - modified cash basis of the Worcester Area Plumbers and Pipefitters Union Local No. 4, Pension Plan (a Multiemployer Plan) as of December 31, 2010 and 2009, the related statements of changes in net assets available for benefits - modified cash basis for the years then ended, and the supplemental schedules of (1) Schedule H, Line 4i - Schedule of Investments (Held at Year End), (2) Schedule H, Line 4i - Schedule of Assets (Acquired and Disposed of Within the Year), (3) Schedule H, Line 4j - Schedule of Reportable Transactions, (4) Schedule G - Schedule of Financial Transactions, and (5) Schedule of Administrative Expenses. These financial statements and schedules are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Bank of America and Amalgamated Bank, the custodians of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. The Plan administrator has informed us that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2010 and 2009, that the information provided to the Plan administrator by the custodian is complete and accurate.

As described in Note 2, the accompanying financial statements have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedules taken as of or for the years ended December 31, 2010 and 2009. The form and content of the information included in the financial statements and schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010 AND 2009

NOTE 1 – DESCRIPTION OF THE PLAN:

The following description of the Worcester Area Plumbers and Pipefitters Union Local No. 4, Pension Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Worcester Area Plumbers and Pipefitters Union Local No. 4 Pension Plan was adopted January 1, 1992 to replace the Plumbers and Pipefitters Union Local No. 4 Plan (effective January 1, 1963), the Plumbers and Pipefitters Union Local No. 92 Plan (effective April 1, 1961), and the Pipefitters Union Local No. 408 Plan (effective July 1, 1961).

The Plan covers employees working under the terms of the collective bargaining agreement between the Union and the employers, which participate in the Plan. Union officials and employees of the Union may also be eligible if contributions are made to the Plan by the Union on their behalf pursuant to a participation agreement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Retirement Benefits

Participants with 5, 15 or 30 years of vested credited service are entitled to normal retirement benefits at age 65, 62 or 60, respectively. There is no automatic retirement age under the Plan. If a participant is age 55 or older and has completed 10 or more vesting credits, they are eligible for early retirement benefits. There are vested retirement benefits, which are monthly pensions payable upon application at or after age 55 to a participant who leaves covered employment after qualifying for vested benefits. To become fully vested for early retirement benefits, the participant has to accumulate 10 vesting credits.

Death and Disability Benefits

The spousal death benefit provides a pension upon a participant's death to his or her spouse. For unmarried participants, the beneficiary is entitled to a lump sum distribution upon a participant's death.

Should a participant become totally and permanently disabled while working in covered employment after having completed 10 or more vesting credits, he or she would be eligible for pension benefits, provided he or she had not incurred a break in service prior to disability.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010 AND 2009

NOTE 1 – DESCRIPTION OF THE PLAN (Continued):

Funding Policy

Contractors who employ members of the Worcester Area Plumbers and Pipefitters Union Local No. 4 are required to contribute an amount as specified in the joint agreement between the contractors and the Worcester Area Plumbers and Pipefitters Union Local No. 4. The rate was \$7.65 and \$6.65 at December 31, 2010 and 2009, respectively. ERISA requires that pension plans maintain an account called the funding standard account (FSA). This is a memorandum account. The sponsors' annual contribution to the Plan must be sufficient to cover the normal cost for the period. The Plan's contributions for 2010 and 2009 comply with the minimum funding requirements of ERISA.

Plan Termination

In the event the Plan terminates, the net assets of the Plan, after payments of expense, will be allocated to pay pensions in accordance with the provisions of Section 4044 of ERISA. Upon termination, each participant shall have a fully vested interest in his accrued benefit to the extent then funded or as required by the Pension Benefit Guaranty Corporation.

Other

To protect against any unforeseen situations, the Trustees have had the Plan written so that they have the right to change the Plan and, if necessary, discontinue it. If it is necessary to discontinue the Plan, the assets of the Plan will be used to provide benefits according to the Plan document.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES:

Basis of Accounting

The accompanying financial statements have been prepared on the modified cash basis of accounting, which is an acceptable alternative method of reporting under regulations issued by the Department of Labor. Investments are reported at fair value as prescribed by the Department of Labor. Dividend and interest income and routine contributions are recorded when received rather than when earned. Unrealized appreciation or depreciation in the fair value of investments is recognized currently.

Reclassifications

Certain amounts in the 2009 financial statements have been reclassified to conform to the 2010 presentation with no effect on previously reported net income.

Tax Status

The trust established under the Plan to hold the Plan's assets is intended to qualify pursuant to the appropriate section of the Internal Revenue Code (IRC) as a tax-exempt organization. The trust has obtained a favorable tax determination letter, dated August 19, 2002 from the Internal Revenue Service and the Plan sponsor believes the trust continues to qualify and to operate as designed.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (Continued):

Tax Status (continued)

The Plan adopted the provisions of Accounting for Uncertainty in Income Taxes. The standard clarifies the accounting for uncertainty in income taxes recognized in an enterprise's financial statements and prescribes a threshold of more-likely-than-not for recognition of tax benefits of uncertain tax positions taken or expected to be taken in a tax return. The standard also provides related guidance on measurement, derecognition, classification, interest and penalties, and disclosure. The adoption of this standard did not have an impact on the Plan Financial statements.

The Company's income tax returns are subject to examination by the appropriate taxing jurisdictions. The Company's federal and various state tax returns generally remain open for the last three years. The Company recognizes interest and penalties, if any, related to unrecognized tax benefits in interest expense.

Valuation of Investments

The Plan's investments are stated at fair value. Securities traded on the national securities exchange are valued at the last reported sales price on the last business day of the Plan year. Investments traded in the over-the-counter market and listed securities for which no sale was reported on that date are valued at the average of the last reported bid and asked prices.

Risks and Uncertainties

The Plan may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

The Plan has a concentrated credit risk for cash and cash equivalents because it maintains deposits at banks that sometimes exceed amounts insured by the Federal Deposit Insurance Corporation.

NOTE 3 – BENEFITS:

The Plan is a defined benefit plan to which employers contribute at a contractual rate per employee working unit.

Employer contributions are designed to fund the defined benefit Plan's current service costs on a current basis and past service costs over a period of not more than forty years. The yield on investments of the Plan serves to reduce future contributions that would otherwise be required to provide for the defined level of benefits under the Plan.

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service that participants have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated participants or their beneficiaries, (b) beneficiaries of participants who have died, and (c) present participants or their beneficiaries.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010 AND 2009

NOTE 3 – BENEFITS (Continued):

Benefits under the Plan are based on the participants' uninterrupted pension credits earned at a point in time multiplied by certain rates, as set forth in the Plan document. Benefits payable under all circumstances retirement, death, disability and termination of employment are included; to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by the Plan's actuary, The Segal Company, and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuations as of January 1, 2010 and 2009 were (a) life expectancy of participants (for healthy lives, the 1994 Group Annuity Mortality Table was used), (for disabled lives, the PBGC Mortality Table for Disabled Lives Receiving Social Security Benefits was used), (b) retirement age assumptions (the assumed average retirement age was 65 with five pension credits or age 62 with fifteen pension credits) and (c) investment return.

The 2010 and 2009 valuations included assumed average rates of return of 8% compounded annually, net of investment management fees, respectively. It is also assumed that all expenses of administration in connection with the operation of the Plan will be paid from Plan assets. Annual administration expenses (excluding investment management fees) are assumed to be approximately \$200,000 in 2010 and 2009, respectively.

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefit obligation.

Benefit payments to participants are recorded upon distribution.

NOTE 4 – INVESTMENTS:

ASC Topic 820 provides a definition of fair value which focuses on an exit price rather than an entry price, establishes a framework for measuring fair value which emphasizes that fair value is a market-based measurement, not an entity-specific measurement, and requires expanded disclosures about fair value measurements. In accordance with FASB ASC 820-10, the organization may use valuation techniques consistent with the market participant assumption in fair value measurements. ASC Topic 820 establishes a fair value hierarchy, which prioritizes the inputs used in measuring fair values. The hierarchy gives the highest priority to Level 1 measurements and the lowest priority to Level 3 measurements. The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

WORCESTER AREA PLUMBERS AND PIPEFITTERS UNION LOCAL NO. 4
PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010 AND 2009

NOTE 4 – INVESTMENTS (Continued):

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following sets forth, by level within the fair value hierarchy, the Plan's investments at fair value at December 31, 2010:

NOTE 5 – TRANSACTIONS WITH PARTIES IN INTEREST:

The Pension Plan reimburses the General Fund for services provided to them. For the years ended December 31, 2010 and 2009 the amounts reimbursed were \$838 and \$4,404, respectively.

Amounts due from a related fund as of December 31, 2010 and 2009 were \$442 and \$4,272, respectively.

Fees paid during the year for legal, accounting, actuarial and other professional services rendered by parties-in-interest were based on customary and reasonable rates for such services.

NOTE 6 – FUNDING STATUS:

The Pension Protection Act of 2006 (“PPA”) requires the Trustees of a multi-employer pension plan that has been certified by the plan’s actuary as being in Endangered status (also known as “Yellow Zone” status) to develop a Funding Improvement Plan (“FIP”). A Funding Improvement Plan must prescribe actions, including recommended actions to be taken by the bargaining parties, that are expected to enable a plan to meet stated financial benchmarks by the end of the FIP period, based on reasonable anticipated experience and on reasonable actuarial assumptions.

On March 31, 2010, the Worcester Area Plumbers and Pipefitters Union Local No. 4 Pension Plan (“Pension Plan”) was certified by its actuary to be in Endangered status for the plan year beginning January 1, 2010.

The Funding Improvement Period for the fund is the period of 10 plan years beginning January 1, 2012. If the actuary certifies before the end of this period that the fund is no longer in Endangered status for the plan year, and is not in Critical status, the Funding Improvement Period will end as of the close of the preceding plan year.

Participants should refer to the Funding Improvement Plan for more complete information.

Future Benefit Accruals:	One pension credit per year
Unknown Data for Participants:	Same as those exhibited by participants with similar known characteristics. If not specified, participants are assumed to be male.
Definition of Active Participants:	Employees who worked at least 300 hours during the year and had accrued at least one pension credit.
Inactive Participants:	Inactive nonvested participants with 5 or more pension credits are included in the valuation.
Banked Hours:	Banked hours reported are converted to pension credits to fill in for the years in which the participant earned less than 1 pension credit. No additional banked hours are assumed.
Percent Married:	100%
Age of Spouse:	Females are assumed to be 3 years younger than their spouses.

Net Investment Return:	8.00%
Administrative Expenses:	\$200,000, payable at the beginning of the year, for the year beginning January 1, 2010.
Actuarial Value of Assets:	The actuarial value of assets is equal to the market value of assets less unrecognized returns in each of the last five years. Unrecognized return is equal to the difference between the actual market return and the expected return on the actuarial value, and is recognized over a five-year period (10-year period for 2008 plan year investment loss). The actuarial value is further adjusted, if necessary, to be within 20% of the market value.

Actuarial Cost Method:	Unit Credit Actuarial Cost Method. Under this method, the normal cost equals the actuarial present value of benefits expected to accrue during the year of the valuation. The actuarial accrued liability equals the actuarial present value of all accrued benefits as of the valuation date. For Scheduled Cost purposes, the Entry Age Normal Actuarial Cost Method was used. Entry age is defined as attained age minus service. The normal cost and actuarial accrued liability are calculated on an individual basis and are allocated by service with normal cost determined as if the current benefit accrual rate had always been in effect.

Current Liability Assumptions:

<i>Interest</i>	4.58% (previously, 4.82 %)
<i>Mortality</i>	Mortality prescribed under IRS Regulations 1.431(c)(6)-1 and 1.430(h)(3)-1, using the static tables with separate tables for annuitants and nonannuitants (RP-2000 tables projected forward to the valuation year plus seven years for annuitants and 15 years for nonannuitants).

Justification for Change in Actuarial Assumptions (Schedule MB, line 11):

Based on past experience and future expectations

For purposes of determining current liability, the current liability interest rate was changed due to a change in the permissible range and recognizing that any rate within the permissible range satisfies the requirements of IRC Section 431(c)(6)(E) and the mortality tables were changed in accordance with IRS Regulations 1.431(c)(6)-1 and 1.430(h)(3)-1.

Estimated Rate of Investment Return:

<i>On actuarial value of assets (Schedule MB, line 6g):</i>	9.77%, for the Plan Year ending December 31, 2009
<i>On current (market) value of assets (Schedule MB, line 6h):</i>	16.73%, for the Plan Year ending December 31, 2009

Elections under the Preservation of Access to Care for Medicare Beneficiaries and Pension Relief Act of 2010:

<i>Extended Amortization of Net Investment Losses (IRC Section 431(b)(8)(A))</i>	The market value investment loss for the plan year ending December 31, 2008 has been amortized over an extended period based on the retrospective method as defined in IRS Notice 2010-83.

EXHIBIT VIII**Summary of Plan Provisions
(Schedule MB, line 6)**

This exhibit summarizes the major provisions of the Plan included in the valuation. It is not intended to be, nor should it be interpreted as, a complete statement of all plan provisions.

Plan Year: January 1 through December 31**Pension Credit Year:** January 1 through December 31**Plan Status:** Ongoing**Normal Pension:**

Age and Service Requirements 65 with 5 years of participation, 62 with 15 vesting credits or 60 with 30 vesting credits.
Amount \$66 for each pension credit earned prior to January 1, 1984 and \$88 for each pension credit earned on or after January 1, 1984.

Early Retirement:

Age Requirement 55
Service Requirement 10 vesting credits
Amount Normal pension accrued reduced by ¼% for each month prior to Normal Retirement Date.

Disability (Regular):

Age Requirement None
Service Requirement 10 vesting credits
Amount Normal pension accrued

SECTION 4: Certificate of Actuarial Valuation for the Plumbers and Pipefitters Union Local No. 4 Pension Plan

Disability (Occupational):

<i>Age Requirement</i>	None
<i>Service Requirement</i>	10 vesting credits
<i>Amount</i>	Actuarial equivalent of pension accrued.

Vesting:

<i>Age Requirement</i>	None
<i>Service Requirement</i>	5 vesting credits
<i>Amount</i>	Normal or early pension accrued based on plan in effect when last active.
<i>Normal Retirement Age</i>	The earlier of: (1) age 65, but not later than the 5 th anniversary of participation; (2) age 62 and 15 vesting credits; or (3) age 60 and 30 vesting credits.

Spouse's Pre-Retirement Death Benefit (payable also to a non-spouse beneficiary):

<i>Age Requirement</i>	None
<i>Service Requirement</i>	5 vesting credits
<i>Amount</i>	100% of the benefit the employee would have received had he or she retired the day before he or she died and elected the joint and full survivor option. If the employee died prior to eligibility for an early retirement pension, the spouse's benefit is deferred to the employee's earliest retirement date. However, if the employee had five but less than ten vesting credits, the spouse's benefit is deferred to the employee's Normal Retirement Date. If the employee is single, the benefit is calculated as if he or she were married with a spouse the same age and is payable as a lump sum.

Pre-Retirement Lump-sum Death Benefit (if not eligible for spouse's benefit):

<i>Age Requirement</i>	None
<i>Service Requirement</i>	One future pension credit and active at time of death
<i>Amount</i>	\$500 per future pension credit

SECTION 4: Certificate of Actuarial Valuation for the Plumbers and Pipefitters Union Local No. 4 Pension Plan

EIN 04-6069434/ PN 001

Post-Retirement Death Benefit:

Husband and Wife

If married, pension benefits are paid in the form of a 50% qualified joint and survivor annuity unless this form is rejected by the participant and spouse. If not rejected, the benefit amount otherwise payable is reduced to reflect the joint and survivor coverage. If rejected, or if not married, benefits are payable for the life of the employee (for former Local 92 employees, the benefits are payable for five years certain and continuous) without reduction, or in any other available optional form elected by the employee in an actuarially equivalent amount.

Automatic Benefit Forms:

Not Married

Unless an optional election is made, the accrued pension paid as a lifetime monthly annuity.

Married

Lifetime monthly annuity to the retiree with 50% of such annuity continuing to the retiree's spouse following the retiree's death. The accrued benefit is adjusted such that the value is the actuarial equivalent of the life annuity.

Married participants may, with written consent of their spouse, elect optional form of payment.

Optional Benefit Forms:

Ten-Year Certain and Life

The retiree may elect the Ten-Year Certain and Life Benefit. The accrued pension is adjusted such that the value is the actuarial equivalent of the life annuity.

Joint and Survivor Forms

Retirees may elect a joint and survivor annuity with or without pop-up option with any percentage continued (*e.g.*, 50%, 66 2/3%, 75%, 100%) to a named beneficiary (who need not be the spouse of the retiree). The benefit under any such election is adjusted such that the value is the actuarial equivalent of the life annuity.

Partial Lump Sum

The retiree may elect a partial lump sum benefit in lieu of a percentage (*e.g.*, 5%, 10%, 15%, or 20%) of the lifetime annuity.

Participation:

After completion of 300 hours in covered employment during a calendar year.

Pension Credit:

One-quarter (1/4) of a pension credit is granted for each 300 hours provided that no more than one (1) full pension credit shall be given for any one plan year.

Vesting Credit:

If less than 1,000 hours of service, one year for each plan year in which 1,000 or more hours of service are credited. One-quarter (1/4) of a vesting credit is granted for each 300 hours of service credited in the plan year.

Banking of Hours: Commencing January 1, 1991 one-half of the hours earned in excess of 1,200 hours in a plan year can be accumulated to a maximum of 3,600 hours (higher maximums apply to members of former Locals). Banked hours may be applied to any plan year in which the employee earned less than 1,200 hours. See plan document for provisions prior to January 1, 1991.

Contribution Rate: The contribution rate increased from \$6.65 to \$7.20 effective March 1, 2010 and to \$7.65 effective September 1, 2010.

Changes in Plan Provisions: There have been no changes in the plan of benefits since our prior valuation.

ACTUARIAL STATUS CERTIFICATION AS OF JANUARY 1, 2010 UNDER IRC SECTION 432

This is to certify that The Segal Company ("Segal") has prepared an actuarial status certification under Internal Revenue Code Section 432 for the Plumbers and Pipefitters Union Local No. 4 Pension Plan as of January 1, 2010 in accordance with generally accepted actuarial principles and practices. It has been prepared at the request of the Board of Trustees to assist in administering the Fund and meeting filing and compliance requirements under federal law. This certification may not otherwise be copied or reproduced in any form without the consent of the Board of Trustees and may only be provided to other parties in its entirety.

The measurements shown in this actuarial certification may not be applicable for other purposes. Future actuarial measurements may differ significantly from the current measurements presented in this report due to such factors as the following: plan experience differing from that anticipated by the economic or demographic assumptions; changes in economic or demographic assumptions; increases or decreases expected as part of the natural operation of the methodology used for these measurements (such as the end of an amortization period or additional cost or contribution requirements based on the plan's funded status); differences in statutory interpretation and changes in plan provisions or applicable law.

This certification is based on the January 1, 2009 actuarial valuation, dated November 18, 2009. Additional assumptions required for the projections and sources of financial information used are summarized in Exhibit V.

The Segal Company does not practice law and, therefore, cannot and does not provide legal advice. Any statutory interpretations on which this certification is based reflect Segal's understanding as an actuarial firm and are subject to the review and opinion of Fund Counsel for legal sufficiency.

This certification was based on the assumption that the Plan was qualified as a multiemployer plan for the year.

I am a member of the American Academy of Actuaries and I meet the Qualification Standards of the American Academy of Actuaries to render the actuarial opinion herein. To the best of my knowledge, the information supplied in this actuarial certification is complete and accurate. As required by IRC Section 432(b)(3)(B)(iii), the projected industry activity is based on information provided by the plan sponsor. In my opinion, the projections are based on reasonable actuarial estimates, assumptions and methods that (other than projected industry activity) offer my best estimate of anticipated experience under the Plan.

Actuarial Assumptions and Methodology

The actuarial assumptions and plan of benefits are as used in the January 1, 2009 actuarial valuation certificate, dated November 18, 2009, except as specifically described below. We also assumed that experience would emerge as projected, except as described below. The calculations are based on a current understanding of the requirements of the Pension Protection Act of 2006 and IRC Section 432.

Plan of Benefits: Unchanged from the valuation.

Contribution Rates: The contribution rate increased from \$6.65 to \$7.20 on March 1, 2010 and will increase to \$7.65 on September 1, 2010.

The changes to the contribution rate effective in 2010 are based on formal commitments by the collective bargaining parties as provided by the plan sponsor.

Asset Information: The market value of assets as of January 1, 2010 was estimated using the value of investments provided by the Fund Administrator. The income and expense items were based on information about contribution, benefit and expense payments provided by the Fund Administrator.

For projections after that date, the assumed administrative expenses were increased by 3.5% per year and the benefit payments were projected based on the January 1, 2009 actuarial valuation. The projected net investment return was assumed to be 8.00% of the average market value of assets for the 2010 - 2016 Plan Years. Any resulting investment gains or losses due to the operation of the asset valuation method are amortized over 15 years in the Funding Standard Account.

Projected Industry Activity: As required by Internal Revenue Code Section 432, assumptions with respect to projected industry activity are based on information provided by the plan sponsor. Based on this information, the number of active participants is assumed to decrease by 20% in the 2010 plan year and, on average, contributions will be made for each active participant for 1,400 hours each year.

Future Normal Costs: Based on the assumed industry activity and the unit credit cost method, we have assumed that the Normal Cost for the 2011 and later plan years will be 80% of the 2009 Normal Cost.

Current Liability Assumptions:

<i>Interest</i>	4.58% (previously, 4.82 %)
<i>Mortality</i>	Mortality prescribed under IRS Regulations 1.431(c)(6)-1 and 1.430(h)(3)-1, using the static tables with separate tables for annuitants and nonannuitants (RP-2000 tables projected forward to the valuation year plus seven years for annuitants and 15 years for nonannuitants).

Justification for Change in Actuarial Assumptions (Schedule MB, line 11):

Based on past experience and future expectations

For purposes of determining current liability, the current liability interest rate was changed due to a change in the permissible range and recognizing that any rate within the permissible range satisfies the requirements of IRC Section 431(c)(6)(E) and the mortality tables were changed in accordance with IRS Regulations 1.431(c)(6)-1 and 1.430(h)(3)-1.

Estimated Rate of Investment Return:

<i>On actuarial value of assets (Schedule MB, line 6g):</i>	9.77%, for the Plan Year ending December 31, 2009
<i>On current (market) value of assets (Schedule MB, line 6h):</i>	16.73%, for the Plan Year ending December 31, 2009

Elections under the Preservation of Access to Care for Medicare Beneficiaries and Pension Relief Act of 2010:

<i>Extended Amortization of Net Investment Losses (IRC Section 431(b)(8)(A))</i>	The market value investment loss for the plan year ending December 31, 2008 has been amortized over an extended period based on the retrospective method as defined in IRS Notice 2010-83.

Plumbers and Pipefitters Union Local No. 4 Pension Plan

Funding Improvement Plan

For Plan Year Beginning January 1, 2010

Introduction

Sections 305 of the Employee Retirement Income Security Act ("ERISA") and 432 of the Internal Revenue Code ("the Code") require the trustees of a multiemployer pension plan that has been certified by the plan's actuary as being in Endangered status (also known as "Yellow Zone" status) to develop a Funding Improvement Plan ("FIP"). An FIP must prescribe actions, including recommended actions to be taken by the bargaining parties, that are expected to enable a plan to meet stated financial benchmarks by the end of the Funding Improvement Period, based on reasonably anticipated experience and on reasonable actuarial assumptions.

On March 31, 2010, the Plumbers and Pipefitters Union Local No. 4 Pension Plan ("Fund") was certified by its actuary to be in Endangered status for the plan year beginning January 1, 2010. At that time, the Board of Trustees for the Fund ("Trustees") began working with its actuary and other professionals to develop a formal FIP.

This Funding Improvement Plan:

1. Specifies the funding improvement period;
2. Includes a schedule (the Default Schedule) that meets the requirements of an FIP (schedules must contain remedies that could consist of contribution or benefit changes) that will be provided to the bargaining parties, which must be implemented as part of future contribution allocations and collective bargaining agreements between local unions and contributing employers entered into or renewed after December 17, 2010;
3. Describes how the Default Schedule will be automatically implemented if there is no acceptable agreement between the bargaining parties in a timely manner; and
4. Describes how the Funding Improvement Plan may be updated from time to time.

Funding Improvement Period

The Funding Improvement Period for the Fund is the period of 10 plan years beginning January 1, 2012.

If the actuary certifies before the end of this period that the Fund is no longer in Endangered status for a plan year, and is not in Critical status, the Funding Improvement Period will end as of the close of the preceding plan year.

Schedules

The Funding Improvement Plan must be designed to accomplish the following:

1. An increase in the Fund's funded percentage, as defined in PPA, by the end of the Funding Improvement Period of at least 33% of the difference between the funded percentage as of the beginning of the period and 100%, and
2. No accumulated funding deficiency during the Funding Improvement Period.

Based on the projected funded percentage as of January 1, 2012, the FIP must contain schedules of plan and/or contribution changes that are projected to enable the funded percentage to improve to 84.6% (from the projected January 1, 2012 funded percentage of 76.9%) by the end of the Funding Improvement Period and avoid a projected accumulated funding deficiency for the specified period. Projections based on reasonable assumptions indicate that these requirements are met without the need for changes to the current plan of benefits or to the contribution rates allocated as of October 1, 2010 as provided in the collective bargaining agreements that were effective as of that date. Accordingly, both the default schedule (the schedule that would be applicable should a schedule not be adopted in collective bargaining on a timely basis as described below and that requires benefits to be cut to the level supported by the current contribution rates) and the alternative schedule (the schedule that requires contributions to be increased to the level needed to support the current plan of benefits) consist of the following:

1. A contribution rate of \$7.65 (and already in effect as of October 1, 2010) for all contributing employers and for every year that the Fund is in endangered status.
2. The plan of benefits in effect as of the day before the date of certification of Endangered status (March 31, 2010), for all current and future active participants and for every year that the Fund is in Endangered status, except for:
 - a) any benefit changes required for the Fund to continue meeting the requirements to maintain its tax qualification under the Internal Revenue Code and comply with other applicable law, or
 - b) after commencement of the Funding Improvement Period, specific benefit increases, only if the Trustees determine that they will be financed out of contributions not contemplated for the FIP and will not impede the Fund's progress toward achieving the PPA benchmarks for plans in endangered status.

As noted below, these schedules are subject to revision in future years if the Trustees determine that is necessary in light of the Fund's future financial condition and the requirements of ERISA and the Code, or as appropriate.

Automatic Implementation of FIP Default Schedule

If a collective bargaining agreement providing for contributions under the Fund that was in effect on January 1, 2010 expires, and after receiving this FIP schedule the bargaining parties fail to adopt a collective bargaining agreement that provides for contributions at the scheduled rates, the default schedule will be implemented automatically 180 days after the date on which the collective bargaining agreement expires, provided the employer has not withdrawn from the Fund.

Annual Updating of FIP

Each year the plan's actuary will review and certify the status of the Fund under the funding rules in Sections 305 of ERISA and 432 of the Code and, during the Funding Improvement Period, whether the Fund is making the scheduled progress toward the requirements of the FIP. If the Trustees determine that it is necessary in light of updated information, they will revise the FIP and the benefit and contribution schedules recommended under it. Notwithstanding subsequent changes in benefit and contribution schedules, a schedule of contribution rates provided by the Trustees and relied upon by the bargaining parties in negotiating a collective bargaining agreement shall remain in effect for the duration of that collective bargaining agreement.

This Funding Improvement Plan was adopted on November 17, 2010 by the undersigned Trustees of the Plumbers and Pipefitters Union Local #4 Pension Plan.
