1. DESCRIPTION OF THE PLAN:

The following description of the New York County Health Services Review Organization, Inc. and MedReview, Inc. (the "Company") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Coverage and Eligibility

The Plan is a defined contribution 401(k) profit sharing plan covering all of the employees of the Company (the Plan Sponsor) who have attained age 21. Eligible employees may begin to participate in the Plan at the start of the following month of eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and Section 401(a) of the Internal Revenue Code.

Contributions

Participants may contribute up to maximum percentage allowable of their eligible annual compensation to the Plan. Annual contributions are further limited by certain anti-discrimination tests as required by the Internal Revenue Service and to aggregate contributions of $16,500 ($22,000 for participants over 50 years of age) for the year ended December 31, 2010.

Participant Accounts

All of the Plan's assets are held in a general trust and invested as pooled funds. Each participant's account is credited with the participant's contribution, charged with an allocation of administrative expenses, and an allocation of investment activities pursuant to the participant directed investment allocations.

Vesting

Participants are immediately 100% vested in their contributions and related earnings thereon.

Benefits Paid to Participants

The Plan provides for the payment of benefits to the participant or the participant's beneficiary at retirement, disability, death, financial hardship, or termination of employment for other reasons. Except for termination of employment, participants who qualify for distributions may elect to receive their distributions in the form of a lump sum or substantially equal installment payments. For Termination of services for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Notes Receivable from Participants

The Plan permits the participant to borrow against their account balance a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. All borrowings bear a fixed rate of interest determined on the date of advance by the plan administrator and are payable through monthly payroll deductions. Loan terms range from 1 – 5 years or up to 30 years for the purchase of a primary residence. In the event of termination of employment, participants are required to pay back their loans.

Administrative expenses

The Employer has elected to pay all administrative expenses incurred by the Plan except for certain transaction fees such as loan and distribution requests, which are paid by the plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting
The accompanying financial statements have been prepared on the accrual basis of accounting.

Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investment contracts with AXA Equitable Life Insurance Company ("AXA") are valued at contract value, which approximates fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investment contracts bought and sold as well as held during the year.

Notes receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits
The payment of benefits or distributions, are recorded when paid.

3. RELATED PARTY TRANSACTIONS: Since the inception of the Plan, the plan sponsor has paid certain Plan expenses and fees. These amounts were paid in prior years and are deemed to be immaterial. Certain Plan investments are comprised of contracts managed by AXA, the third party administrator of the Plan. Therefore, these transactions qualify as party-in-interest transactions.

4. INFORMATION CERTIFIED BY THE CUSTODIAN: AXA, the custodian of the Plan, certified as to the completeness and accuracy of the investment assets transactions, income and schedules of the investment assets at December 31, 2010 and 2009.

The following information, included in the accompanying financial statements and supplementary information at December 31, 2010 and 2009, was obtained from data that has been prepared and certified by AXA.

5. FAIR VALUE MEASUREMENTS: FASB ASC 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

5. FAIR VALUE MEASUREMENTS (Continued):

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Common stocks, corporate bonds and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.
Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end.
Participant loans: valued at amortized cost, which approximates fair value.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2010 and 2009:

	Assets at Fair Value as of December 31, 2010			
	Level 1	Level 2	Level 3	Total
Investment Contracts	$1,882,164	$ 0	$ 0	$1,882,164
Mutual funds	2,826,988	0	0	2,826,988
Total assets at fair value	$4,709,152	$ 0	$ 0	$4,709,152

5. FAIR VALUE MEASUREMENTS (Continued):

In the opinion of the Plan administrator, the Plan held no level 3 investments at December 31, 2010.

	Assets at Fair Value as of December 31, 2009			
	Level 1	Level 2	Level 3	Total
Investment Contracts	$1,682,443	$ 0	$ 0	$1,682,443
Mutual funds	2,430,436	0	0	2,430,436
Total assets at fair value	$4,112,879	$ 0	$ 0	$4,112,879

In the opinion of the plan administrator, the Plan held no level 3 investments at December 31, 2009.

6. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. INCOME TAX STATUS:

The Internal Revenue Service has determined and informed the plan administrator by letter dated January 24, 2006 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC) by way of an approved prototype profit sharing plan document. The plan administrator and plan sponsor believe that the Plan, inclusive of amendments and required law changes, is currently designed and is being operated in compliance with applicable requirements of the IRC. Therefore, it believed that the Plan is qualified and the trust is exempt from current income taxes.

8. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. SUBSEQUENT EVENTS:

For the year ended December 31, 2010, the Plan has evaluated subsequent events for potential recognition and disclosure September 15, 2011, the date the financial statements were available to be issued.
