INDEPENDENT AUDITOR'S REPORT

To the Trustee
Auto Trust 401(k) Plan
Woodside, New York

We were engaged to audit the financial statements and supplemental schedule of the Auto Trust 401(k) Plan as of December 31, 2010 and 2009, and for the year ended December 31, 2010, as listed in the accompanying index. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information as summarized in Note 5, which was certified by Nationwide Financial Services, Inc., the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2010 and 2009, and for the year ended December 31, 2010 that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. **Description of Plan:**

The following description of Auto Trust 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a. General:

Paragon Motors of Woodside, Inc. ("Company") adopted the Plan effective as of July 1, 2000 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan was adopted under the provisions of Section 401(a) of the Internal Revenue Code ("IRC") with a cash or deferred arrangement as described in Section 401(k) of the IRC. The Plan is a defined contribution plan covering all full-time employees of the Company who have completed six months of service and attained age 21. Exclusions apply to members of a collective bargaining unit whose retirement benefits are the subject of a collective bargaining agreement that is in full force and effect.

b. Contributions:

Each year, participants may contribute the maximum amount of their pretax annual compensation specified for that year as determined by the Federal Government. For 2010, that amount is $16,500, except for those employees age 50 or older. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

At the election of the Company, matching contributions and discretionary contributions may be made to an employee's account. Each year, the Company may provide a matching contribution that is proportionate to the employee's elective deferral. The amount of the discretionary contribution is determined annually. Employees are not required to make elective deferrals in order to receive a discretionary contribution.

c. Participant Accounts:

Each participant's account is credited with the participant's contribution and allocation of (a) the Company's contributions and (b) account earnings. Allocations are based on participant earnings or account balances, as defined under the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d. Vesting:

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

e. Investment Options:

Each participant may direct salary reduction contributions into any of various pooled separate accounts under a variable account annuity contract maintained by the Nationwide Life Insurance Company ("Nationwide"). Participants have unlimited investment option exchange privileges.

1. Description of Plan (continued):

f. **Payment of Benefits:**

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or other form of payment permitted under the Plan.

g. **Notes Receivable from Plan Participants:**

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan terms range from 1-5 years or up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with the prime rate charged by a local commercial lender plus 1 percent. Rates currently range from 4.25% and 9.25%. Principal and interest is paid ratably through payroll deductions.

h. **Forfeited Accounts:**

When certain terminations of participation in the Plan occur, the non-vested portion of the participant's account, as defined by the Plan, represents a forfeiture. Forfeitures are first used to reduce administrative expenses of the Plan. Any remaining forfeitures are used to reduce company contributions into the plan. At December 31, 2010, the forfeited non-vested account balance was $365. During 2010, there were no reductions in administrative expenses and no employer contributions from forfeited non-vested accounts.

2. Summary of Significant Accounting Policies:

a. **Basis of Accounting:**

The financial statements of the Plan are prepared using the accrual method of accounting. Investment contracts held by a defined contribution plan are required to be reported at fair value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statements of Net Assets Available for Benefits present the fair value of the investment contract which equals contract value due to the nature of the underlying investments.

b. **Investment Valuation and Income Recognition:**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. Summary of Significant Accounting Policies (continued):

c. **Payment of Benefits:**

Benefits are recorded when paid.

d. **Use of Estimates:**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

e. **Notes Receivable From Plan Participants:**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans may be reclassified as distributions in accordance with the terms of the plan document.

f. **Operating Expenses:**

All expenses of maintaining the Plan are paid by the Company.

3. Fair Value Measurements:

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

3. Fair Value Measurements (continued):

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Investment contract containing pooled separate accounts: Investing mainly in mutual funds, fixed securities, and domestic stocks, the underlying securities have observable Level 2 quoted pricing inputs. While the underlying assets values are quoted prices, the net asset value ("NAV") of a separate account is not publicly quoted. ASC 820 allows the NAV per share to serve as a practical expedient to estimate the fair value of a pooled separate account as long as certain requirements are met. The NAV is provided and certified by Nationwide Financial Services, Inc. ("NFS"). Fair value is the amount plan participants would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010:

	Assets at Fair Value			
	Level 1	Level 2	Level 3	Fair Value
Pooled Separate Accounts	$ -	$ 3,540,846	$ -	$ 3,540,846

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009:

	Assets at Fair Value			
	Level 1	Level 2	Level 3	Fair Value
Pooled Separate Accounts	$ 2,887,918	$ -	$ -	$ 2,887,918

4. Investment Contract with Insurance Company:

The Plan invests in a benefit-responsive contract with Nationwide. Nationwide maintains the contributions in pooled separate accounts ("PSA"). The PSA contains various investment options which include funds investing in domestic stock, international equities, government securities and money market funds.

Because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for this contract, however, due to the nature of the underlying investments, contract value equals fair value and as described in Note 2(a), the financial statements present the fair value of the investment contract.

5. Information Certified by the Plan's Custodian:

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following investment information was certified by NFS and was not subjected to any auditing procedures performed by the independent public accountants:

a. Total investments as shown in the accompanying Statements of Net Assets Available for Benefits of $3,540,846 as of December 31, 2010, and $2,887,918 as of December 31, 2009.

b. Net investment earnings as shown in the accompanying Statement of Changes in Net Assets Available for Benefits of $600,598 for the year ended December 31, 2010.

c. All investment related information in the accompanying supplemental Schedule H, Line 4i- Schedule of Assets (Held at End of Year) as of December 31, 2010.

6. Investments:

The following investment represents 5% or more of the Plan's net assets available for benefits at December 31:

	2010	2009
Investment contract with Nationwide at contract value which equals fair value	$ 3,540,846	$ 2,887,918

During 2010 the Plan's investments (including investments bought, sold, and held during the year) appreciated in value by $358,192.

7. Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

8. Risks and Uncertainties:

The Plan invests in various securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

9. **Party-In-Interest Transactions:**

Paragon Motors of Woodside, Inc. provides certain accounting and administrative services to the Plan for which no fees are charged.

Plan investments are shares of separate pooled accounts held in an investment contract with Nationwide. These assets are held through an investment program offered by NFS. Custodial and recordkeeping functions are provided by NFS through its subsidiary Nationwide Trust Company, FSB, which is a division of Nationwide Bank. L.M. Kohn & Company is the investment advisor and receives commissions on the certain transactions from NFS. Fees paid for transactions to these parties qualify as party-in-interest transactions. Fees paid to NFS for its services and transaction costs are included in the net appreciation in the fair value of investments reported in the Statement of Changes in Net Assets Available for Benefits.

10. **Tax Status:**

The Plan is based on a mass-submitter prototype standardized cash or deferred profit-sharing plan document. The plan sponsor has obtained an opinion letter from the Internal Revenue Service, dated March 31, 2008, that the Plan and related Trust were designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the original opinion letter. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

11. **Corrective Distributions Payable:**

The Plan failed one of the discrimination tests for the year ended December 31, 2010. Corrective distributions amounting to $80,527 are recorded as a liability in the accompanying Statements of Net Assets Available for Benefits. These corrective distributions were reimbursed to its participants in February, 2011.
