CUTS HOLDINGS, LLC 401(k) PLAN

Notes to Financial Statements
December 31, 2010 and 2009

NOTE 1 - DESCRIPTION OF PLAN

The following description of **CUTS Holdings, LLC 401(k) Plan** provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) Plan covering substantially all employees of the Company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Each participant enters into a salary reduction agreement with the employer. The employee may elect to save a portion of defined compensation by an amount not to exceed 50%. The Company may make a discretionary contribution each year.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. Each participant self directs their individual account in various fund company investments.

Vesting

Participants are 100% vested at all times in their deferral accounts. For the Company's contributions the vesting schedule is 0% at less than one year, 25% at 1 year, 50% at 2 years, 75% at 3 years, and 100% at 4 or more years of service.

Forfeited Accounts

At December 31, 2010 and 2009, forfeited non-vested accounts totaled \$439 and \$18,562, respectively. Forfeited non-vested accounts will be used to reduce future employer contributions. Also, in 2010 and 2009, employer contributions were reduced by \$-0- and \$18,562, respectively, from forfeited non-vested accounts.

Payment of Benefits

Benefits are recorded when paid. On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of his or her account, or installments over the participant's life expectancy or joint life expectancy of the participant and designated beneficiary, if the vested account balance is greater than \$5,000.

Participant Loans

Participants may borrow from their fund account a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 3.25% to 10.25%, which are commensurate with local prevailing rates as determined quarterly by the Plan's management. Principal and interest are paid ratably through semimonthly/biweekly payroll deductions. Participant loans are reported at unpaid principal balance. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

CUTS HOLDINGS, LLC 401(k) PLAN

Notes to Financial Statements

December 31, 2010 and 2009

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Operating Expenses

The employer pays a portion all of the administrative expenses of the Plan.

Subsequent Events

The Plan has evaluated subsequent events through October 4, 2011, the date the financial statements were available to be issued.

NOTE 3 - INVESTMENTS

The Plan's investments are listed on page 9 in the Schedule of Assets Held at End of Year. Investments that represent 5% or more of the Plan's net assets are separately identified.

During the years ending December 31, 2010 and 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$490,569 and \$550,076, respectively, as follows:

	<u>2010</u>	<u>2009</u>
Mutual Funds	\$ 490,569	550,076

NOTE 4 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

CUTS HOLDINGS, LLC 401(k) PLAN

Notes to Financial Statements

December 31, 2010 and 2009

NOTE 4 - FAIR VALUE MEASUREMENTS (continued)

Level 2	<p>Inputs to the valuation methodology include -</p> <ul style="list-style-type: none"> • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</p>
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual Funds

Valued at the net asset value (NAV) of shares held by the Plan at year end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009:

		Assets at Fair Value as of December 31, 2010

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 6 - TAX STATUS

The IRS has determined and informed the Company that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan's management and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan's management has analyzed the tax position taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's management believes it is no longer subject to income tax examinations for years prior to 2007.

NOTE 7 - CERTIFICATION
