New York, New York

We were engaged to audit the financial statements of NLI Group Money Purchase Plan as of December 31, 2010 and 2009, and for the year ended December 31, 2010, and the supplemental schedule as of December 31, 2010, as listed in the accompanying table of contents. These financial statements and the supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the Plan's investment assets, which was certified by Principal Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2010 and 2009, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with generally accepted auditing standards of the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the NLI Group Money Purchase Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution, noncontributory plan covering all eligible employees of Nippon Life Insurance Company of America,, NLI Properties West, Inc., NLI Representative Office and NLI International, Inc. ("Company") who have three months of service. The custodian of the Plan is the Principal Life Insurance Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

The Company makes quarterly contributions directly to the custodian, Principal Life Insurance Company, equal to 5.7% of the participant's compensation up to the taxable wage base and 11.4% of compensation above the taxable wage based limited to $245,000 for 2010. The plan is subject to ERISA minimum funding requirements. The plan met all minimum funding requirements for 2010 and 2009. Participants direct the investment of the contributions into various investment options offered by the plan.

Investment Options

Participants direct the investment of the contributions into various investment options offered by the Plan. The plan offers a variety of mutual funds and pooled separate accounts as investment options.

Participant Accounts

Each participant's account is credited with the Company's contribution and allocation of Plan earnings. Allocations are based on participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts.

NOTE 1 – DESCRIPTION OF THE PLAN – (Continued)

Vesting

Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after five years of credited service. Forfeited balances of terminated participants are used to reduce future Company contributions. Participants vest in employer contributions as follows:

Years of Vesting Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	100%

Participants become eligible to receive benefits, without penalty, in the event of attainment of age 65, disability, termination, or death.

Payment of Benefits

Benefits start on a participant's normal retirement date whether or not severance from employment has occurred.

Normal retirement means the first day of the month on or after the participant reaches age 65.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

Risks and Uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion on fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/ (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Expenses

Administrative expenses of the Plan are paid by either the Plan or the Plan's Sponsor, as provided in the Plan Document.

Forfeited Accounts

As of December 31, 2010 and 2009, forfeited nonvested accounts totaled $604 and $706, respectively. These accounts will be used to reduce future employer contribution. In 2010, employer contributions were reduced by $48,935 from forfeited non-vested accounts.

Payment of Benefits

On termination of service due to death or disability, vesting is immediate. The participant will be entitled to receive an amount equal to the participant's vested interest in his or her account in either a lump-sum amount, or in annual installments over a period to be determined by the participant.

On termination of service for reasons other than death or disability, the participant will be entitled to receive an amount equal to the participant's vested interest in his or her account in either a lump-sum amount, or in annual installments over a period to be determined by the participant. However, the waiting period for distributions is the end of the plan year.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

Date of Management's Review

The Company has performed an evaluation of subsequent events through October 4, 2011, which is the date the financial statements were available to be issued, noting no events which effect the financial statements as of December 31, 2010.

NOTE 3 – LIMITED SCOPE AUDIT

For the years ended December 31, 2010 and 2009, these audits qualified for performing limited-scope auditing procedures with respect to the following information prepared and certified by Principal Life Insurance Company, the custodian, in accordance with DOL Regulation 2520.103-8:

Investment Assets
Investment Income and Transactions
Reportable Transactions

NOTE 4 – INVESTMENTS AND FAIR VALUE MEASUREMENTS

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the custodian as complete and accurate to the best of their knowledge, except for comparing such information certified by the custodian to the information included in the Plan's financial statements and supplemental schedule. Investments held and certified by the custodian in the accompanying statements of net assets available for benefits totaled $5,312,723 and $4,352,665 as of December 31, 2010 and 2009, respectively, net investment income certified in the accompanying statement of changes in net assets available for benefits $563,644 for the year ended December 31, 2010.

U.S. generally accepted accounting principles establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described on the following page:

NOTE 4 – INVESTMENTS AND FAIR VALUE MEASUREMENTS – (Continued)

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset of liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or by other means.

If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2010 and 2009.

Mutual Fund: Valued at the net asset value (NAV) of shares held by the plan at year end.

Common/collective mutual funds: Valued at the fair value of the shares in the collective trust, as determined by the fair value of the underlying investments/mutual funds.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 – INVESTMENTS AND FAIR VALUE MEASUREMENTS – (Continued)

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009:

	Asset Fair Value as of December 31, 2010

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their account.

NOTE 8 – FEDERAL INCOME TAX STATUS

The Plan sponsor adopted a non-standardized prototype plan which received a favorable Internal Revenue Service opinion letter dated March 31, 2008. The Plan Administrator believes that the Plan is currently designed in accordance with applicable sections of the Internal Revenue Code. Accordingly, no provision for income taxes has been included in the financial statements.

NOTE 9 – RELATED PARTY TRANSACTIONS

As of December 31, 2010 and 2009 certain Plan investments are share of pooled separate accounts and mutual funds managed by Principal Life Insurance Company. Principal Life Insurance Company is the custodian as defined by the plan and therefore, these transactions qualify as party-in-interest transactions. All administrative fees paid to Principal Life Insurance Company were paid by the Company.

NOTE 10 – GUARANTEED INVESTMENT CONTRACTS

The Plan's investment portfolio includes Guaranteed Investment Contracts. Such contracts are recorded at fair value. The contracts provide for a guaranteed return on principal over a specified time period. The Plan's Guaranteed Investment Contracts have maturities ranging from matured at December 31, 2010 through December 31, 2014 and rates ranging from .67% to 4.24%. The interest rates are reset upon the maturity of the contracts.

NOTE 11 - PLAN RESTATEMENT

In 2009, the Plan was restated to be in accordance with Congress' legislation dictating that all qualified defined contribution plans be restated. This restatement consolidates previous tack-on amendments and changes due to the Economic Growth and Tax Relief Reconciliation Act (EGTRRA) into one new plan document.

NOTE 12 – REPORTABLE TRANSACTIONS AS PER FORM 5500 SCHEDULE H, PART IV LINE 4J

For the years ended December 31, 2010 and 2009 there were no series of transactions that amounted to more than five percent (5%) of Plan assets or a single transaction in excess of five percent (5%) of Plan assets at the beginning of the Plan year.
