NOTE 1 - Description of the Plan

Effective January 1, 1990, The Liro Group 401(K) Plan formerly LIRO Engineers, Inc. (the "Employer") formed a 401 (k) savings plan (the "Plan") for the benefit of all eligible employees. The following description of the Plan provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of the Employer after their completion of one-quarter year of credited service and upon attaining the age of 21. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Assets of the Plan are held by the trustees established under the Plan. The participant has a choice of allocating their account among nineteen investment options.

Participant Contributions

The Plan provides that the employees may contribute up to 18% of their pretax annual compensation, limited to amounts prescribed by the Internal Revenue Service, adjusted annually.

Employer Contributions

The Plan provides that the Employer will make matching contributions of 37.5 percent of the first 4 percent of compensation that a participant contributes to the Plan.

Participants' Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) Employer's contribution, and (b) increases (decreases) in the value of the invested funds.

Vesting

Participants are immediately vested in their contributions. The company's matching contributions are phased in over time.

Loans

The Plan provides that active employees with at least one year of participation may apply to the Plan or loan administrator for borrowings of up to 50% of their vested interest, not to exceed $50,000. Additional limitations, interest rates and payment term information is outlined in the plan agreement.

NOTE 1 - Description of the Plan, continued

Benefits

Termination Benefits
On termination, a participant shall be entitled to receive a lump-sum distribution of their entire vested interest.

Normal Retirement Benefits
Upon eligibility for retirement, participants shall be 100% vested in their account. The normal retirement date is the first day of the month preceding the date on which the employee attains age 65.

Vested Termination Benefits
A participant's elective contribution is 100% vested. The vesting of the Employer contribution is also 100% vested.

NOTE 2 - Summary of Accounting Policies

Date of Management's Review
Subsequent events were evaluated through October 24, 2011, which is the date the financial statements were available to be issued.

Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting
The financial statements of the Plan are prepared under the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Participant Loans Receivable
Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - Summary of Accounting Policies, - continued

Payments of Benefits
Benefits are recorded when paid.

Income Taxes
The Plan is exempt from Federal income taxes under Section 501 (a) of the Internal Revenue Code.

Investments
The Plan's investments (including investments bought, sold and held during the period) appreciated in value by a net amount of $2,587,223 during the year ended December 31, 2010 and $3,305,281 during the year ended December 31, 2009.

NOTE 4 - Administrative Costs

The Employer absorbed the significant costs of plan administration during the year ended December 31, 2010.

NOTE 5 – Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated August 7, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 6 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefit.

ACCOUNTANTS' REPORT ON INFORMATION ACCOMPANYING THE BASIC FINANCIAL STATEMENTS

Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of assets held for investment purposes, loans or fixed income obligations and reportable transactions are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplementary schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.
