INDEPENDENT AUDITORS' REPORT

To the Board of Trustees
Cardone Industries, Inc.
Employee Stock Ownership Plan

We have audited the accompanying statements of net assets available for benefits of the Cardone Industries, Inc. Employee Stock Ownership Plan as of December 31, 2010 and 2009, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Cardone Industries, Inc. Employee Stock Ownership Plan as of December 31, 2010 and 2009, and the changes in its net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary schedule of assets (held at end of year) as of December 31, 2010 is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplementary information is the responsibility of the Plan's management. The supplemental information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The IRS announced today that certain taxpayers in Connecticut, Massachusetts, New Hampshire, New Jersey, New York, North Carolina, Pennsylvania, Puerto Rico and Vermont will receive tax relief, and other locations are expected to be added in coming days following additional damage assessments by the Federal Emergency Management Agency (FEMA).

It includes corporations and businesses that previously obtained an extension until Sept. 15, 2011, to file their 2010 returns and individuals and businesses that received a similar extension until Oct. 17. It also includes the estimated tax payment for the third quarter of 2011, which would normally be due Sept. 15.

Full details, including the start date for the relief in various locations and information on how to claim a disaster loss by amending a prior-year tax return, can be found in tax relief announcements for individual states on this website.

The tax relief is part of a coordinated federal response to the damage caused by the hurricane and is based on local damage assessments by FEMA. For information on disaster recovery, individuals should visit disasterassistance.gov.

CARDONE INDUSTRIES, INC.
EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2010 AND 2009

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Cardone Industries, Inc. (the "Company") Employee Stock Ownership Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan established on January 1, 1998 covering all eligible employees who are employed by the Company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and designed to comply with Section 4975(e)(7) and regulations thereunder of the Internal Revenue Code.

CONTRIBUTIONS

The Company contributes two percent of an employee's eligible compensation in the form of Company stock and (or) cash. Employer contributions are allocated to each participant's account based upon the relation of the participant's compensation to total compensation for the plan year. The employer contribution shall not be limited to years in which the employer has current or accumulated net profit. Additionally, to the extent necessary, the employer shall contribute to the Plan the amount necessary to provide for top heavy minimum contribution. No such contribution was necessary for the years ended December 31, 2010 and 2009.

PARTICIPANT ACCOUNTS

The administrator shall establish and maintain an account in the name of each participant. Each participant's account is credited as of the last day of each plan year with an allocation of the Company's common stock contribution and plan earnings, and is charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

ELIGIBILITY

Employees of the Company are generally eligible to participate in the Plan after one year of service provided that they worked at least 1,000 hours during such plan year. Participants who do not have at least 1,000 hours of service during such plan year or are not employed on the last working day of the plan year are not eligible for an allocation of Company contributions for such year.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

VESTING

If a participant's employment with the Company ends for any reason other than retirement, permanent disability or death, he or she will vest the balance in his or her account based on total years of service with the Company.

Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service according to the following schedule:

Years of Service	Vested Percentage
Less than 2	--%
2	20%
3	40%
4	60%
5	80%
6	100%

DIVERSIFICATION

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify receive a distribution to their 401(k) account.

VOTING RIGHTS

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the custodian, TD Ameritrade Trust Company, prior to the time that such rights are to be exercised. The custodian is required, however, to vote any unallocated shares on behalf of the collective best interest of plan participants and beneficiaries. As of December 31, 2010 and 2009, all shares held by the Plan have been allocated to participants.

Each participant shall be entitled to direct the custodian as to the manner in which voting rights on shares of common stock which are allocated to the Company stock account of such participant or beneficiary is to be voted.

PAYMENT OF BENEFITS AND FORFEITED ACCOUNTS

On termination of service due to death, disability or retirement, a participant will receive in cash a lump-sum amount equal to the value of the participant's vested interest in his or her account. Forfeited nonvested amounts are used to allocate among plan participants and amounted to \$31,185 and \$60,947 for 2010 and 2009, respectively.

Under the provisions of the plan, the Company is obligated to repurchase participant shares which have been distributed under the terms of the plan as long as the shares are not publicly traded or if the shares are subject to trading limitations. During December 31, 2010 and 2009, the Company repurchased from participants 75,165 and 57,103 shares, respectively, at prices determined from the independent appraisal.

ADMINISTRATIVE EXPENSE

Certain recordkeeping and administrative expenses of the Plan are borne by the Company. Various transaction charges including distributions are charged directly to the respective participants' accounts and represent substantially all of the Plan's administrative expenses.

INVESTMENT VALUATION AND INCOME RECOGNITION

The shares of Company common stock are valued at estimated fair value. See Note 3 for discussion of fair value measurements.

Dividend income is accrued on the ex-dividend date. Interest income is recorded on the accrual basis.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

NOTE 3 - FAIR VALUE MEASUREMENTS

FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

FOR THE YEARS ENDED DECEMBER 31, 2010 AND 2009

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Common stock - The fair value of the Cardone Industries, Inc. common stock held by the Plan is valued at estimated fair value based upon an independent appraisal. This appraisal was based upon a combination of the market and income valuation techniques consistent with prior years. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparables and estimated fair value of Company assets and liabilities.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different value measurement at the reporting date.

The following table provides fair value measurement information for the Plan's major categories of financial assets measured on a recurring basis. During 2010 and 2009, there were no transfers of financial assets and liabilities between levels within the fair value hierarchy.

NOTE 5 - INCOME TAX STATUS

The Plan obtained its latest determination letter on May 17, 2004, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosures in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

NOTE 6 - ADMINISTRATION OF PLAN ASSETS

The Plan's assets consisting of the Cardone Industries, Inc. common stock are held by the Plan's attorney. The cash and cash equivalents are held by the custodian of the Plan, TD Ameritrade. Certain administrative functions are performed by officers or employees of the Company. No officer or employee receives compensation from the Plan. The third party administrator fees and custodian fees are paid by the Plan.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan invests in the common stock of Cardone Industries, Inc. Those investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statement of net assets available for benefits.

NOTE 8 - SUBSEQUENT EVENTS

The Plan's management has evaluated subsequent events to determine if events or transactions occurring through October 31, 2011, the date the financial statements were available for issuance, require potential adjustments to, or disclosure in, the accompanying financial statements. Based upon the evaluation, the Plan's management did not identify any subsequent events that require adjustment or disclosure in the financial statements.
