INDEPENDENT AUDITORS' REPORT

To the Board of Trustees
Cardone Industries, Inc.
401(k) Safe Harbor Plan

We have audited the accompanying statements of net assets available for benefits of the Cardone Industries, Inc. 401(k) Safe Harbor Plan as of December 31, 2010 and 2009, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Cardone Industries, Inc. 401(k) Safe Harbor Plan as of December 31, 2010 and 2009, and the changes in its net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary schedule of assets (held at end of year) as of December 31, 2010, is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplementary information is the responsibility of the Plan's management. The supplemental information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

IR-2011-87, Sept. 1, 2011

WASHINGTON — The Internal Revenue Service is providing tax relief to individual and business taxpayers impacted by Hurricane Irene.

The IRS announced today that certain taxpayers in Connecticut, Massachusetts, New Hampshire, New Jersey, New York, North Carolina, Pennsylvania, Puerto Rico and Vermont will receive tax relief, and other locations are expected to be added in coming days following additional damage assessments by the Federal Emergency Management Agency (FEMA).

The tax relief postpones certain tax filing and payment deadlines to Oct. 31, 2011. It includes corporations and businesses that previously obtained an extension until Sept. 15, 2011, to file their 2010 returns and individuals and businesses that received a similar extension until Oct. 17. It also includes the estimated tax payment for the third quarter of 2011, which would normally be due Sept. 15.

Full details, including the start date for the relief in various locations and information on how to claim a disaster loss by amending a prior-year tax return, can be found in tax relief announcements for individual states on this website.

The tax relief is part of a coordinated federal response to the damage caused by the hurricane and is based on local damage assessments by FEMA. For information on disaster recovery, individuals should visit disasterassistance.gov.

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Cardone Industries, Inc. 401(k) Safe Harbor Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan covering substantially all full time employees of Cardone Industries, Inc. (the "Company"). Employees become eligible to be participants in the Plan upon completing 250 hours of service within the first three months of employment.

The maximum amount which an employee may elect to defer with respect to any plan year is subject to limitations as provided by the Internal Revenue Code.

EMPLOYER CONTRIBUTIONS

The Company will contribute a matching percentage of 10% of the participant's eligible contributions for the plan year. In addition, the Company may elect to make an additional matching contribution equal to a discretionary percentage of the participant's salary deferral.

The Company will make a nonelective contribution for all eligible employees equal to 3% of compensation.

The Company may elect a discretionary contribution for all eligible employees equal to 2% of compensation. Total contributions for 2010 and 2009 totaled approximately \$2,627,000 and \$2,377,000, respectively.

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2010 AND 2009

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

FORFEITURES

Forfeitures by terminated employees of amounts not vested are used to reduce employer contributions. Employee forfeited, nonvested amounts were approximately \$52,000 and \$43,000 for the years ended December 31, 2010 and 2009, respectively.

Allocations are based on the participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Participants may change their investment options at any time.

Amounts allocated to persons who terminated from the Plan, but have not been paid, totaled approximately \$4,527,000 and \$1,943,000 at December 31, 2010 and 2009, respectively.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 9.25%, which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest is paid ratably through bi-weekly payroll deductions.

PAYMENT OF BENEFITS

On termination of service due to death, disability, hardship distributions, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. If the participant's vested account balance exceeds \$5,000, they may elect to delay distribution until required by law to receive minimum required distributions.

PLAN TERMINATION

Although it has not expressed an intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting.

The Plan invests in investment contracts through a common/collective fund. Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts, as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

FOR THE YEARS ENDED DECEMBER 31, 2010 AND 2009

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

USE OF ESTIMATES

The presentation of financial statements in conformity with Generally Accepted Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

PAYMENTS OF BENEFITS

Benefits are recorded when paid.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

CONCENTRATIONS OF CREDIT RISK

At December 31, 2010 and 2009, the Plan maintained 100% of its investments with TD Ameritrade.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2010 AND 2009

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

RECLASSIFICATIONS

Certain accounts in the prior year's financial statements have been reclassified for comparative purposes to conform to the presentation in the current year's financial statements. These reclassifications have no effect on the previously reported net assets available for benefits.

ADMINISTRATIVE EXPENSES

Certain recordkeeping and administrative expenses of the Plan are borne by the Company. Various transaction charges including new loan set-up, loan maintenance, distribution, and investment fees, are charged directly to the respective participants' accounts and represent substantially all of the Plan's administrative expenses.

NOTE 3 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

CARDONE INDUSTRIES, INC.

401(k) SAFE HARBOR PLAN

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2010 AND 2009

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 Fair Value Measurements

Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement. The Plan does not maintain Level 3 assets.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual funds and money market funds: Valued at the quoted net asset values of the shares held by the Plan at year end.

Common/collective fund: Valued at contractual terms of the underlying guaranteed investment contract.

NOTE 3 - FAIR VALUE MEASUREMENTS (CONTINUED)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table provides fair value measurement information for the Plan's major categories of financial assets measured on a recurring basis. During 2010 and 2009 there were no transfers of financial assets or liabilities between levels within the fair value hierarchy.

NOTE 4 - TAX STATUS

The Plan obtained its latest determination letter on December 12, 2002, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosures in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

NOTE 9 - RELATED PARTY TRANSACTIONS

Certain plan investments are shares of funds managed by TD Ameritrade. TD Ameritrade is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$9,553 and \$11,247 for the years ended December 31, 2010 and 2009, respectively.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statement of net assets available for benefits.

NOTE 11 - SUBSEQUENT EVENTS

The Plan's management has evaluated subsequent events to determine if events or transactions occurring through October 31, 2011, the date the financial statements were available for issuance, require potential adjustments to, or disclosure in, the accompanying financial statements. Based upon the evaluation, the Plan's management did not identify any subsequent events that require adjustment or disclosure in the financial statements.

NOTE 12 - PRIOR PERIOD ADJUSTMENT

During the year ended December 31, 2010, it was discovered that there were certain errors in previously issued financial statements related to the understatement of the contribution receivable from the Company at December 31, 2009 and 2008, in the amount of \$1,803,193 and \$1,656,475, respectively. Accordingly, the net assets available for benefits have been adjusted to reflect the understatements. The net effect on the statements of changes in net assets available for benefits for the years ended December 31, 2009 and 2008 was understatements of income in the amounts of \$146,718 and \$1,656,475, respectively. The financial statements have been restated to reflect the correction of the errors.
