Independent Auditors' Report

To the Plan Administrator and Participants
of the Professional HealthCare at Home 401(k) Profit Sharing Plan and Trust

We have audited the accompanying statements of net assets available for benefits of Professional HealthCare at Home 401(k) Profit Sharing Plan and Trust (FKA Professional HealthCare at Home 401(k) Plan) ("the Plan") as of December 31, 2008 and 2009 and the related statement of changes in net assets available for benefits for the year ended December 31, 2009. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

Except as explained in the following paragraph, we conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain a reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining, on the test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, investment assets held by Lincoln National Life Insurance Company ("Lincoln"), the custodian of the Plan, and transactions in those assets were excluded from the scope of our audit of the Plan's 2008 financial statements, except for comparing the information provided by Lincoln, which is summarized in Note 4, with the information included in the financial statements.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the Plan's financial statements as of December 31, 2008. The form and content of the information included in the 2008 financial statements, other than that derived from the information certified by Lincoln have been audited by us and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

In our opinion, the financial statements, referred to above, of Professional HealthCare at Home 401(k) Profit Sharing Plan and Trust as of December 31, 2009, and for the year then ended present fairly, in all material respects, the financial status of Professional HealthCare at Home 401(k) Profit Sharing Plan and Trust as of December 31, 2009, and changes in its financial status for the year then ended in conformity with accounting principles federally accepted in the United States of America.

Our audit of the Plan's financial statements as of and for the year ended December 31, 2009, was made for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental schedules, Schedule H, line 4a - Schedule of Delinquent Participant Contributions and Schedule H, line 4i - Schedule of Assets (Held at End of Year) are presented for additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements for the year ended December 31, 2009, and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2009 AND 2008 (See Independent Auditors' Report)

NOTE 1 - DESCRIPTION OF PLAN

General - The following description of the Professional HealthCare at Home 401(k) Profit Sharing Plan and Trust (FKA Professional HealthCare at Home 401(k) Plan) ("the Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Effective January 1, 2009, the Plan adopted the Paychex Flexible 401(k) Profit Sharing Plan. The Plan name changed to Professional HealthCare at Home 401(k) Profit Sharing Plan and Trust.

The Plan is a defined contribution plan that was established on January 1, 1996 by Professional HealthCare at Home, LLC ("the Company" or "Plan Administrator") covering all eligible employees of the Company as defined in the Plan document. The Plan Administrator believes that the Plan is designed and operated in compliance with the applicable requirements of the Internal Revenue Code and the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Administration - Effective January 1, 2009, the Company has contracted with Paychex, Inc. ("Paychex") to process and maintain the records of participant data. SunGard Transaction Network ("STN") is the custodian of the Plan assets. Lincoln National Life Insurance Company ("Lincoln"), was the custodian and record-keeper in year 2008, and remains the custodian of funds invested in the Guaranteed Account. In order to avoid early termination charges assessed by Lincoln, funds invested in the Guaranteed Account are transferred to STN in increments of 20% per year over five years starting in 2009. A corporate officer serves as the trustee for the Plan. An Administrative Committee ("the Committee") manages and monitors the operations of the Plan.

A blackout period from February 17, 2009 to March 19, 2009, occurred due to change in the Plan's record-keeper and custodian. During the blackout period participants were not able to direct or diversify assets in their accounts, obtain a loan and /or distribution.

Contributions - Each year, participants may contribute up to the maximum amount allowed by law of eligible pre-tax annual compensation and/or after-tax Roth deferrals, as defined in the Plan document. Participants who are fifty years or older can elect to make catch-up contributions to the Plan, not to exceed the maximum allowed by law. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may make discretionary profit sharing contributions. For the year

NOTES TO FINANCIAL STATEMENTS (continued)
DECEMBER 31, 2009 AND 2008 (See Independent Auditors' Report)

ended December 31, 2009 no discretionary profit sharing contribution was made. Participants direct their investments and contributions into various investment options offered by the Plan.

Participants' contributions refundable in the amount of \$47,142, consist of excess participant contributions of \$37,305 and related earnings of \$9,837, and were refunded to participants on March 5, 2010. Refund of participants' contributions was required in order for the Plan to satisfy certain non-discrimination tests.

Participant Accounts - Each participant's account is credited with the participant's contribution and the Company's profit sharing contribution if any, and an allocation of Plan earnings or losses and Plan expenses. Allocations of Plan earnings and losses are based on participant investment fund selection. Allocations of the profit sharing contribution are based on compensation as defined in the Plan document. Allocations of the Company's discretionary profit sharing contributions are subject to certain hours of service and employment requirements. Participants should refer to the Plan document for a more complete description of the eligibility requirements and allocation method. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting - Participants are fully vested in their accounts at all times.

Participant Loans - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the participant's account balance, and bear interest rates, which are commensurate with local prevailing rates as determined by the Plan Administrator. The outstanding participant loans at December 31, 2009 and 2008 have interest rates ranging from 4.25% to 9.25% and 6.25% to 9.25%, respectively. Principal and interest is paid ratably through payroll deductions. Loans must be repaid within a four and half years, unless it is used for the purchase of a principal residence in which case the maximum repayment period may be longer. The specific terms and conditions of such loans are established by the Plan Administrator.

Payment of Benefits - Distributions from the Plan may only be made after specific events have occurred. Participants are eligible for a distribution upon termination of employment, death, disability or retirement, and are paid in accordance with Plan provisions. Participants may be eligible to receive distributions up to their pre-tax account balances in the case of financial hardship. Participants are allowed to receive in-service distributions upon attaining age 59½. The Plan allows the Plan Administrator to automatically

rollover terminated accounts with balances in excess of \$1,000 but less than or equal to \$5,000 to an Individual Retirement Account.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting - The accompanying financial statements are prepared on the accrual basis of accounting in accordance with principles generally accepted in the United States of America.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments of the Plan as of December 31, 2009 and 2008 are reported at fair value as determined by STN and Lincoln. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend basis. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Operating Expenses - Substantially all expenses incurred for administering the Plan are paid by the Company. Asset management and administrative fees during the year ended December 31, 2009, in amount of \$10,672 and \$1,440, respectively were paid by the Plan.

Payment of Benefits - Benefits are recorded when paid.

Subsequent Events - The Plan has evaluated subsequent events through October 31, 2011, the date the financial statements were available to be issued.

NOTE 3 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur

NOTE 5 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

**Professional HealthCare at Home 401(k) Profit Sharing Plan and Trust
(FKA Professional HealthCare at Home 401(k) Plan)**

NOTES TO FINANCIAL STATEMENTS (continued)
DECEMBER 31, 2009 AND 2008 (See Independent Auditors' Report)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Mutual funds and Money Market fund: Valued at the net asset value ("NAV") of shares held by the Plan at year end based on closing market prices.

Pooled Separate Accounts: Valued at a unitized share basis based on the value of the underlying investments in the pooled account.

Lincoln Guaranteed Account: Valued at fair value based on fair value of assets in the Lincoln general accounts, considering the credit-worthiness of the issuer.

Participant loans: Fair value of participant loans is equal to their outstanding balances, less amounts deemed uncollectible as determined by the Plan Administrator.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008.

NOTE 6 - GUARANTEED INVESTMENT CONTRACT

The Plan's guaranteed investment contract account ("Lincoln Guaranteed Account") is an insurance company issued group annuity contract valued at contract value as reported by Lincoln. Group annuity contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts. The Guaranteed Account is fully benefit-responsive. As of December 31, 2009, there was no adjustment between fair value and contract value of the Guaranteed Account. As of December 31, 2008 there was a \$59,744 adjustment between fair value and contract value of the Guaranteed Account.

The average yield for the Plan and the average yield credited to participants for the year ended December 31, 2009 and 2008 was 3.96% and 3.82% respectively. The crediting interest rate as of December 31, 2009 and 2008 was 3.96% and 3.82%, respectively. The interest rate is determined by Lincoln and is guaranteed for a three-month period, interest income is credited to the account on a daily basis.

Amounts allocated to the Lincoln Guaranteed Account are backed by the assets of Lincoln and guaranteed against loss of principal. Withdrawals from the Guaranteed Account may be subject to a market value adjustment and a withdrawal charge. However, no market value adjustment or withdrawal charge will apply if withdrawal is a result of a participant's retirement, termination, death, disability, hardship, loan or in-service distribution. There are restrictions on the amount a participant may transfer between the Lincoln Guaranteed Account and any other investment option. Participants should refer to the prospectus for further information regarding the Lincoln Guaranteed Account.

During 2010, the Plan Sponsor deposited into the Plan \$1.53 of lost earnings with respect to the \$676 untimely deposited participant contributions during the three month period ended December 31, 2007. In June 2011, the Plan Sponsor deposited \$199.94 of lost earnings with respect to the untimely deposits during the 2009 year. The necessary excise tax filing was made on August 8, 2011 with the Internal Revenue Service.

NOTE 10 - PLAN TERMINATION AND/OR MODIFICATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to amend or terminate the Plan at any time, subject to the provisions of ERISA.

NOTE 11 - TAX STATUS

The Plan is a prototype plan that received a favorable opinion letter dated March 31, 2008 from the Internal Revenue Service. The Plan has been amended and restated since, however, the Plan Administrator believes that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code and state statutes and is exempt from federal income and state franchise taxes.
