INDEPENDENT AUDITORS' REPORT

To the Netezza Corporation 401(k) Plan Committee
Marlboro, Massachusetts

We were engaged to audit the accompanying statements of net assets available for plan benefits of Netezza Corporation 401(K) Plan as of the periods ended May 3, 2011 and December 31, 2010, and the related statement of changes in net assets available for plan benefits for the periods ended May 3, 2011 and December 31, 2010, and the supplemental schedules of (1) Schedule H, line 4i-Schedule of Assets (Held At End of Year), and (2) Schedule H, line 4j-Schedule of Reportable Transactions as of or for the year ended May 3, 2011. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Bank of America, N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the periods ended May 3, 2011 and December 31, 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

As further discussed in Notes 2 and 6 to the financial statements, the Plan assets have been transferred to the purchasing company's plan as of May 3, 2011. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the ongoing plan basis used in presenting the 2010 financial statements to the liquidation basis used in presenting the 2011 financial statements.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE PERIODS ENDED MAY 3, 2011 AND DECEMBER 31, 2010

NOTE 1 DESCRIPTION OF THE PLAN

The following description of the Netezza Corporation 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement or summary plan description for a more complete description of the Plan's provisions.

General

The Plan, a defined contribution plan with a Section 401(k) cash or deferred feature, of Netezza Corporation (the "Company") was established effective January 1, 2001 to provide a systematic savings plan and retirement benefits for eligible employees ("participants"). The Plan is administered by Netezza Corporation, which is responsible for the Plan's compliance with the reporting and disclosure requirements of the Employee Retirement Income Security Act of 1974 (ERISA). Employees become eligible for participation in the Plan upon attaining age 21 and may enter the Plan immediately upon hire.

Recently Adopted Accounting Policies

The Plan has adopted certain provisions of ASC 820 which were issued during April 2009. This issuance provides additional guidance for estimating fair value when the volume and level of activity for the asset or liability have significantly decreased in relation to normal market activity for the asset or liability, as well as guidance on identifying circumstances that indicate a transaction is not orderly. ASC 820 also requires annual disclosure of the inputs and valuation techniques used to measure fair value and a discussion of changes in valuation techniques and related inputs, if any during the period, and definitions of each major category of equity and debt securities, as described in ASC 320, *Investments - Debt and Equity Securities*. The Plan adopted the aforementioned aspects of ASC 820 on December 31, 2009; such adoption did not have a material impact on the Plan's financial statements.

In May 2009, the Plan adopted FASB ASC 855, Subsequent Events, that established requirements for the accounting and disclosure of events that occur after the balance sheet date, but before the financial statements are issued or available to be issued. The adoption of this guidance had no impact on the Plan's financial statements.

In June 2009, the FASB issued FASB ASC 105 (ASC 105) *Generally Accepted Accounting Principles*. This guidance establishes the FASB ASC as the Source of authoritative accounting principles recognized by the FASB to be applied by nongovernmental entities in the preparation of financial statements in conformity with GAAP. ASC 105 is effective for financial statements issued for annual periods ending after September 15, 2009. The Plan has adopted ASC 105 on December 31, 2009 and has updated its referencing for all accounting standards in these financial statements.

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Recently Adopted Accounting Policies (Continued)

In September 2009, The FASB issued Accounting Standards Update No. 2009-12 (ASU 2009-12), *Fair Value Measurements and Disclosures: Investments In Certain Entities That Calculate Net Asset per Share* (or its equivalent) which amended ASC 820-10 *Fair Value Measurements and Disclosures-Overall*. ASU 2009-12 expands the required disclosures for certain investments with a reported net asset value. ASU 2009-12 permits, as a practical expedient, an entity holding investments in certain entities that calculate net asset value per share or its equivalent for which the fair value is not readily determinable, to measure the fair value of such investments on the basis of that net asset value per share of its equivalent without adjustment. The ASU requires enhanced disclosures about the nature and risks of investments with its scope. Such disclosures include the nature of any restrictions on an investor's ability to redeem its investments at the measurement date, any unfunded commitments, and the investment strategies of the investee. The Plan has adopted ASU 2009-12 on a prospective basis for the year ended December 31, 2009.

Recent Accounting Pronouncements

In January 2010, the FASB issued ASU No. 2010-06 (ASU 2011-06) *Improving Disclosures About Fair Value Measurements* which provides amendments to ASC 820 that will provide more robust disclosures regarding the different classes of assets measured at fair value, valuation techniques and inputs used, transfers of assets and liabilities between the levels of the fair value hierarchy, and activity in the level 3 measurements. Certain new disclosures and clarifications of existing disclosures prescribed by ASU 2010-06 are effective for annual reporting periods beginning after December 31, 2009. Disclosures regarding purchases, sales, issuances and settlements in the roll-forward of activities in level 3 are effective for fiscal years beginning after December 15, 2010. The Plan has adopted this guidance on January 1, 2010 and will include the new disclosures prospectively, as required.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The plan currently does not offer any mutual funds for investments. The Company may make discretionary matching and/or discretionary profit sharing contributions at the option of the Company's board of directors which are credited to participants' accounts who are employed by the Employer as of the last day of the contribution period for matching contributions and on the last day of the Plan year for profit sharing contributions. Contributions are subject to certain limitations. No employer matching or profit sharing contributions were made for 2011 or 2010.

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and rollover contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant becomes 100% vested according to the following schedule:

<u>Years of Service for Vesting</u>	<u>Percentage</u>
Less than 1	0
1	25
2	50
3	75
4	100

Forfeiture

Forfeitures as of the last day of the Plan year can be used to offset future Company match and profit-sharing contributions. If there are any contributions remaining, they can be used first to pay plan expenses and then are allocated to participants. At period end, May 3, 2011 and December 31, 2010, there were no forfeited employer contributions.

Benefits and Withdrawals

On termination of employment, including death, disability, or retirement, a participant (or beneficiary, if applicable) may elect to receive either a lump-sum amount or installments, equal to the value of the participant's vested interest in his or her account. Hardship withdrawals are permitted.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 6.25%. Principal and interest is paid ratably through semi-monthly payroll deductions.

NOTE 1 ***DESCRIPTION OF THE PLAN (CONTINUED)***

Participant Loans

The Plan was merged into another plan effective May 3, 2011. Loan repayments were suspended during the plan merger transition period and loans were reamortized after the plan merger was completed.

NOTE 2 ***SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES***

Basis of Presentation

The financial statements of the Plan have been prepared under the liquidation basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Administrative Expenses

Loan administration fees are paid by the Plan participants. Trustee and third-party administration fees are paid by the Plan. All other expenses incurred in the administration of the Plan are paid by the Company, the Plan sponsor. During the periods ended May 3, 2011 and December 31, 2010, the Plan paid \$0 and \$965 in administrative expenses, respectively.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. (See Note 4 for discussion on fair value measurements).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the liquidation basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

All expenses of maintaining the Plan are paid by the Company.

Use of Estimates

The preparation of the Plan's financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make significant estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 3 INVESTMENTS

Our audit has been limited with respect to the following amounts related to investment assets as of May 3, 2011 and December 31, 2010 and investment income for the periods ended May 3, 2011 and December 31, 2010, certified by the Trustees as being complete and accurate.

NOTE 4 **FAIR VALUE MEASUREMENTS**

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include <ul style="list-style-type: none">• quoted prices for similar assets or liabilities in active markets;• quoted prices for identical or similar assets or liabilities in inactive markets;• inputs other than quoted prices that are observable for the asset or liability;

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE PERIODS ENDED MAY 3, 2011 AND DECEMBER 31, 2010

NOTE 4 ***FAIR VALUE MEASUREMENTS (CONTINUED)***

- | | |
|-------------------|---|
| Level 2
(Cont) | • inputs that are derived principally from or corroborated by observable market data by correlation or other means. |
|-------------------|---|

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the assets or liability.

-
- | | |
|---------|---|
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |
|---------|---|
-

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for asset measured at fair value. There have been no changes in the methodologies used at May 3, 2011 and December 31, 2010.

Mutual Funds and Money Funds

Investments in mutual funds and money funds are valued at the fund's closing net asset value per share on the day of valuation.

Other Assets

Other assets of the Plan consist of bonds, money market instruments, swap agreements, asset-backed and mortgage backed securities and are valued as follows:

Bond investments are valued on the basis of the last available bid prices or current market quotations provided by dealers or pricing services. Pricing services may use certain information with respect to transactions based on various relationships in the market place.

Money market instruments are valued at amortized cost.

Swap agreements are valued utilizing quotes received daily by the Trust's pricing service or through brokers which are determined using daily swap curves and trades of the underlying securities.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE PERIODS ENDED MAY 3, 2011 AND DECEMBER 31, 2010

NOTE 4 ***FAIR VALUE MEASUREMENTS (CONTINUED)***

Other Assets (Continued)

The fair value of asset-backed and mortgage-backed securities is estimated based on models that consider the estimated cash flows of each tranche of the entity, establish a benchmark yield and develop an estimated tranche specific to the benchmark yield based on their unique attributes.

Participant Loans

Participant loans are valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of May 3, 2011 and December 31, 2010:

NOTE 5 **TAX STATUS**

The Plan is a prototype plan and the prototype plan has an IRS determination letter. The Plan is designed in accordance with the applicable sections of the Internal Revenue Code ("IRC") and as a result is exempt from income taxes. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRS. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 6 ***PLAN MERGER***

In 2011, the Company was purchased by another company. Subsequently, on May 3, 2011, all the assets of this Plan were transferred into the Plan of the purchasing company.

NOTE 7 ***PARTY-IN-INTEREST***

The records of the Plan indicate no party-in-interest transactions, which are prohibited by the Employee Retirement Income Security Act of 1974 (Section 406) and for which no statutory or administrative exemption exists. In addition, loans to participants (employees of the Company) qualify as party-in-interest transactions.

NOTE 8 ***SUBSEQUENT EVENTS***

The Plan has evaluated subsequent events through October 18, 2011, the date which the financial statements were issued, and none were noted for the Plan year ending May 3, 2011.
