NOTE 1 – DESCRIPTION OF PLAN

The Cosentino North America Retirement Plan (the "Plan") is a qualified retirement plan adopted by C & C North America, Inc. d/b/a Cosentino North America (the "Company") effective on January 1, 2006 to provide employees with the opportunity to save for retirement on a tax-deferred basis. The Plan was amended and restated on February 1, 2008 to conform to new tax basis. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The summary of significant provisions of the Plan presented below provides only general information. Participants should refer to the legal Plan document for a more complete description of the Plan's provisions.

A. General – The Plan covers substantially all employees of the Company, except for certain excluded employees, as defined by the Plan. An employee must complete three (3) months of service before they can participate in the Plan. The entry date is the first day of the month coinciding with or next following the date that the employee meets the eligibility requirements described above.

B. Contributions – Participants may elect to defer up to ninety percent (90%) of their compensation into the Plan, not to exceed a dollar limit which is set by law. Participants age fifty (50) or older may elect to make additional contributions as catch-up contributions to the Plan. An employee is automatically enrolled in the Plan, and a deferral of three percent (3%) of compensation is withheld, unless the employee completed a salary deferral agreement or elected not to defer under the Plan. Participants may modify or terminate their salary deferral election at any time during the Plan year.

   The Company may make a matching contribution equal to a discretionary percentage of participants' deferrals, as determined by the Company each year. For the 2010 Plan year, the Company did not make a match contribution to the Plan.

   The Company may also make a discretionary profit sharing contribution, as determined by the Company each year. Any profit sharing contribution will be allocated among eligible participants. For the 2010 Plan year, the Company did not make a profit sharing contribution to the Plan.

   Participants may also deposit into the Plan distributions they have received from other eligible retirement plans and certain IRAs as rollover contributions.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

C. Participant Accounts – Each participant's account is credited with the participant's contributions, employer contributions, rollover contributions, and an allocation of Plan earnings or losses. Participant accounts may also be charged with an allocation of certain administrative expenses. A participant's account is segregated for purposes of determining the earnings or losses on these investments and do not share in the investment performance of other participants who have directed their own investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D. Vesting – Participants are immediately vested in their salary deferrals, rollover contributions, plus actual Plan earnings or losses thereon. Vesting in the Company's contributions is based on years of service. A participant is fully vested after five (5) years of credited service. Participants also become fully vested in the entire amounts allocated to their accounts upon reaching their normal retirement age, or if employment is terminated by reason of total and permanent disability or death.

E. Investment Options – Participants direct the investment of their entire interest in the Plan into various investment choices offered by the Plan. The Plan currently offers collective trust funds and mutual funds as investment options for participants.

F. Payment of Benefits – A participant whose employment terminates for any reason is entitled to receive the vested portion of their account in the form of a lump-sum payment in cash, net of applicable tax, or a rollover to a qualified retirement account. If a participant's vested benefit in the Plan exceeds $1,000, the participant must consent to the distribution before it may be made. If a participant's vested benefit is $1,000 or less, a lump-sum distribution will be made to the participant within a reasonable time regardless of whether the participant elects to receive it.

Participants may receive a hardship distribution to satisfy certain immediate and heavy financial needs. Participants who have reached age fifty-nine and one-half (59½) are also eligible for an in-service distribution.

G. Note Receivable from Participants – Loans are available to participants on a reasonably equivalent basis in a uniform manner. A participant may borrow the lesser of fifty percent (50%) of their vested interest in the Plan or $50,000, reduced by the excess of the highest outstanding balance of loans from the Plan during the twelve (12) month period prior. The minimum loan balance is $500, and a participant may have up to five (5) outstanding loans during the year. The loans are adequately secured by the balance in the participant's account and bear a reasonable rate of interest equal to the prime rate plus one percent (1%). Loan repayments are made through payroll deductions, and the term of loan may not exceed five (5) years, unless to purchase a principal residence.

H. Forfeitures – The non-vested portion of a terminated participant's account balance remains in the Plan and becomes a forfeiture. Forfeitures will be used to reduce employer contributions and may also be used to pay Plan expenses. At December 31, 2010 and 2009, forfeited non-vested accounts totaled $14,906 and $15,377, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

B. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

C. Recent Accounting Pronouncements

In January 2010, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2010-06, *Improving Disclosures About Fair Value Measurements*. This update requires a number of new disclosures including disclosure of significant transfers in or out of Level 1 and Level 2 and the reason for such transfers, an entity's policy for determining when transfers between levels are recognized, the valuation techniques and inputs used in determining the fair value of assets or liabilities classified as Level 2 or Level 3 and requires the changes in Level 3 fair value measurements to be disclosed separately rather than net. In addition, this update seeks to improve transparency by requiring fair value measurement disclosures for each class of assets and liabilities. This pronouncement is effective for reporting periods beginning after December 15, 2009, except for the disclosures about purchases, sales, issuances, and settlements in the roll forward of activity in Level 3 fair value measurements which are effective for fiscal years beginning after December 15, 2010. The Plan adopted this pronouncement in its entirety effective beginning January 1, 2010. The adoption of this pronouncement did not have a material impact on the Plan's financial statements.

In September 2010, the FASB issued ASU-2010-25, *Reporting Loans to Participants by Defined Contribution Pension Plans*. ASU 2010-25 was issued to clarify how loans to participants should be classified and measured by defined contribution plans. ASU 2010-25 requires that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. This pronouncement is effective for fiscal years ending after December 15, 2010 and shall be applied retrospectively. The Plan adopted this pronouncement on a retrospective basis effective beginning on January 1, 2010. Prior to the adoption of this pronouncement, participant loans were held as an investment and carried at fair value. The Plan has reclassified amounts previously reported to conform to the current presentation. The adoption of this pronouncement did not have a material impact on the Plan's financial statements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

FASB ASC Topic 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 – Quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

- Level 2 – Inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

- Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual Funds: Investments in mutual funds are stated at fair value based upon quoted market prices of the net asset value of shares held by the Plan at year-end.

Collective Trust Funds: The collective trust funds invest in a portfolio of U.S. Treasury inflation protected securities and guaranteed investment contracts. The collective trust funds are stated at fair value as determined by the issue of the fund based on the fair market value of the underlying investments.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Investment Valuation and Income Recognition (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Investment Valuation and Income Recognition (Continued)

Net appreciation in fair value of investments includes realized gains or losses on investments sold during the year and unrealized appreciation or depreciation of investments held at year-end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

E. Benefits

Benefits are recorded when paid. As of December 31, 2010, there are no amounts allocated to participants who have elected to withdraw from the Plan, but have not yet been paid.

F. Administrative Expenses

The Plan permits the payment of Plan expenses to be made from the Plan's assets. If the Company does not pay these expenses, the expenses paid using the Plan's assets will generally be allocated among the accounts of all participants in the Plan. Certain other expenses incurred specifically by a participant are paid out of their individual account.

G. Excess Participant Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions to the applicable participants prior to March 15, 2011 and 2010, respectively.

H. Subsequent Events

The Plan has evaluated events through October 17, 2011, the date the financial statements were available to be issued.

NOTE 3 – INFORMATION CERTIFIED BY THE TRUSTEES (UNAUDITED)

All investments and investment activities included in the accompanying statements of net assets available for benefits, statement of changes in net assets available for benefits, and supplemental schedule of assets (held at end of year) have been certified as complete and accurate by JPMorgan Chase Bank N.A. and State Street Bank and Trust Company (collectively, the "Trustees") as permitted by 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. State Street Bank and Trust Company held the Plan's investment assets and executed investment transactions from January 1, 2010 to December 31, 2010, and JPMorgan Chase Bank N.A. held the Plan's investment assets and executed investment transactions as of December 31, 2009. Accordingly, as permitted under such election, the Company instructed the Plan's independent auditors not to perform any auditing procedures with respect to the certified information by the Trustees except for comparing such information to information included in the Plan's financial statements and supplemental schedule.

NOTE 4 – INVESTMENTS (UNAUDITED)

At December 31, 2010 and 2009, all investments of the Plan were participant-directed. The following schedule presents investments that were in excess of five percent (5%) of the Plan's net assets available for benefits at December 31:

	2010	2009
SSgA Stable Value Fund	$ **166,794**	$ **
T. Rowe Price Retirement 2010 – R	**166,342**	**
T. Rowe Price Retirement 2020 – R	**351,777**	357,357
T. Rowe Price Retirement 2030 – R	**759,345**	643,731
T. Rowe Price Retirement 2040 – R	**652,259**	447,533
Janus Forty Fund – R	**157,648**	**
Pimco Total Return Fund – R	**170,775**	**

** Represents less than five percent (5%) of the Plan's net assets as of December 31.

The following table presents the net appreciation (including investments bought, sold and held during the year) in fair value for the Plan's investment categories for the year ended December 31, 2010:

Mutual funds	$ 302,748
Collective trust funds	17,902
NET APPRECIATION IN FAIR VALUE OF INVESTMENTS	$ 320,650

NOTE 5 – TAX STATUS

The Plan adopted a prototype non-standardized profit sharing plan with cash or deferred arrangement which received a favorable opinion letter dated May 3, 2002, in which the Internal Revenue Service ("IRS") stated that the prototype plan, as then designed, was acceptable under Section 401 of the Internal Revenue Code ("IRC") for use by employers for the benefit of their employees. The Plan has been amended since the receipt of the opinion letter. However, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Company has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2010, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Company believes it is no longer subject to income tax examinations for years that are considered closed for tax filing purposes.

NOTE 6 – PLAN TERMINATION

Although the Company intends to maintain the Plan indefinitely, the Company reserves the right to terminate the Plan at any time. Upon termination, no further contributions will be made to the Plan and all amounts credited to participants' accounts will be one hundred percent (100%) vested. The Company will direct the distribution of accounts in a manner permitted by the Plan as soon as practicable.

NOTE 7 – RELATED PARTY TRANSACTIONS

Certain Plan assets are managed by the Trustee. Therefore, these transactions qualify as party-in-interest transactions. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. Fees paid by the Plan for the investment management services are netted against net appreciation in fair value of investments.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities which are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 at December 31, 2010 and 2009:

	2010	2009
Net assets available for benefits per the financial statements	**$ 3,070,364**	$ 2,507,022

Excess participant contributions payable	**22,577**	311
NET ASSETS AVAILABLE FOR BENEFITS PER FORM 5500	**$ 3,092,941**	$ 2,486,532

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to net income per Schedule H of Form 5500 for the year ended December 31, 2010:

Net increase in net assets available for benefits	$ 563,342

Add: excess participant contributions payable at 2010	22,577
Less: excess participant contributions payable at 2009	(311)
