HUITT-ZOLLARS, INC.
RETIREMENT PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the Huitt-Zollars, Inc. Retirement Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan provisions.

In preparation of these financial statements and related footnotes, the Plan has considered events through November 2, 2011, the date these financial statements were available to be issued.

General – The Plan was established February 1, 1993 as a defined contribution plan covering all of the eligible employees of Huitt-Zollars, Inc. ("Plan Sponsor"). The Plan is a qualified plan as defined by Section 401(a) of the Internal Revenue Code and contains a provision for salary reduction contributions under Section 401(k) of the Internal Revenue Code. The Plan is also subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Year – The plan year begins February 1 and ends January 31.

Eligibility – Employees of the Plan Sponsor are eligible to participate in the Plan upon employment provided the employee has attained age 21.

Contributions – Participants may elect to defer a portion of their salary, wages and/or bonuses each year rather than receiving that amount in cash. However, total deferred compensation may not exceed the limits set by ERISA in any one year. The Plan Sponsor may, at its discretion, contribute on an annual basis. If employer contributions are made, they are calculated as matching participant contributions on the first 6% of compensation deposited. Amounts deferred over 6% are not matched. No discretionary contributions were made in 2011 or 2010.

Participant Accounts – Each participant's account is credited with (1) the participant's contribution and (2) participant's rollover amount from another qualified plan, and (3) allocation of (a) the Company's contribution and (b) investment income (less expenses). Income for each of the investment choices is allocated to the participant's account on a daily basis and is based on the relative units of participation.

Participant Loans – Participants may borrow up to 50% of the vested balance of their account, subject to a maximum of $50,000. Notes receivable bear interest at reasonable interest rates and are secured by the participant's vested account balance. Principal and interest is paid ratably through payroll deductions.

1. Description of Plan (continued)

Vesting – Participants are immediately vested in their rollover, voluntary and salary reduction contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service and is as follows:

Year(s) of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participants become 100% vested at normal retirement, if disabled, or at death.

Payment of Benefits – Distributions are allowed in the event of termination of employment, disability or death, retirement, or financial hardship.

Disability or Death – The participant's combined account shall be paid to the participant or his or her beneficiary following disability or death, after receipt of written request for distribution.

2. Summary of Significant Accounting Policies

Basis of Presentation – The financial statements of the plan are prepared under the accrual basis of accounting. Purchases and sales of securities are recorded on a trade-date basis. Interest and dividends are recorded on the date paid to the Plan's investment account.

Risks and Uncertainties – The Plan provides for various investment options. These investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits. The Plan does not obtain or require collateral for these investment securities.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of additions and expenses for the year then ended. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

Reclassification - In September 2010, the Financial Standards Accounting Board issued guidance clarifying the classification and measurement of participant loans by defined contribution plans. That guidance requires that participant loans be classified as notes receivable from participants and measured at their unpaid principal balance, plus any accrued but unpaid interest. The plan adopted this new guidance in its January 31, 2011 financial statements and has reclassified participant loans of $506,075 and $348,230 for the years ended January 31, 2011 and 2010, respectively, from investments to notes receivable from participants. Net assets of the plan were not affected by the adoption of the new guidance.

3. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits in accordance with generally accepted accounting principles.

Generally accepted accounting principles establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used only when Level 1 inputs are not available to the Plan, and Level 3 inputs are only used when Level 1 or Level 2 inputs are not available. All of the Plan's assets are considered to be Level 1 investments.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended January 31, 2011, are reported in net appreciation or depreciation in fair value of investments.

4. Investments

The Plan assets are invested in mutual funds, index funds, common collectives, and money market accounts based on the participants' specified allocation percentages. The fair values of the individual funds that represent 5% or more of the Plan's net assets as of January 31, 2011 and 2010 are as follows:

	2011	2010
Star Core IV Fund	$2,663,821	$2,107,868

StarCore II Fund	1,035,476	**
Vanguard Growth Index Fund	**	1,683,877

** Represents less than 5% of net assets for year indicated.

5. Plan Termination

Although it has not expressed the intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, each participant's account becomes fully vested.

6. Federal Income Taxes

The Plan restated its plan document and adopted a revised defined contribution prototype plan and trust agreement on November 1, 2007 that previously received a favorable opinion letter regarding the tax-exempt status of the Plan. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, no provision for income taxes has been included in the Plan's financial statements.
