Report of Independent Public Accountants

To the Board of Trustees
Haydon Kerk 401(k) Plan

We were engaged to audit the accompanying statements of net assets available for benefits of Haydon Kerk 401(k) Plan as of March 31, 2011 and December 31, 2010, and the related statement of changes in net assets available for benefits for the period from January 1, 2011 through March 31, 2011. These financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of March 31, 2011 and December 31, 2010 and for the period from January 1, 2011 through March 31, 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As discussed in Note 1, the Plan assets were liquidated on March 31, 2011 and transferred to The AMETEK Retirement & Savings Plan.

HAYDON KERK 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of Plan:

The following description of the Haydon Kerk 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for more complete information.

General:

The Plan is a defined contribution plan covering all eligible employees of Haydon Kerk Motion Solutions, Inc. (the "Company") who have reached the age of 21, except for those employees covered by a collective bargaining agreement, those that are non-resident aliens who do not receive any U.S. source income from the Company and leased employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Employees are eligible to make an elective deferral and receive the Company non-safe harbor matching contribution as long as they are twenty-one years of age or older. As of July 1, 2009, for the Company discretionary contributions, the employee must be employed on the last day of the contribution period and have obtained the age of twenty-one years.

Effective December 27, 2010, all contributions were discontinued to the Plan and all participants became participants in The AMETEK Retirement and Savings Plan.

Effective March 31, 2011, the Plan was merged into The AMETEK Retirement and Savings Plan. As a result of the merger, all Plan assets were transferred to The AMETEK Retirement and Savings Plan.

Contributions:

Participants may contribute between 1% and 75% of pretax compensation, as defined by the Plan. The Plan also has an automatic enrollment feature in place. Newly eligible employees who qualify for participation will automatically be enrolled in the Plan at a 2% deferral rate. Participants have the right to decline participation in the Plan and to change their deferral rate in accordance with the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a variety of mutual funds and a money market fund as investment options for participants.

The Plan allows for several types of employer contributions. The Company may, at its discretion, make discretionary matching contributions to the Plan. The Company elected to contribute an amount equal to 50% of the participant's contribution up to the first 4% of eligible compensation. The Company also may make corrective Qualified Non-Elective Employer Contributions ("QNEC") and Qualified Matching Contributions ("QMC"). In addition, the Company may make employer contributions in an amount to be determined by the Company. There were no matching, QNEC, QMC or employer discretionary contributions made for the period from January 1, 2011 through March 31, 2011. Contributions are subject to certain limitations as required by the Internal Revenue Code ("IRC").

HAYDON KERK 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of Plan (concluded):

Participant accounts:

Each participant's account is credited with the participant's contribution and allocation of Company matching contributions, Plan earnings and charged with an allocation of administrative and investment management expenses. Allocations are based on participant earnings or account balances, as defined by the Plan.

Administrative charges related to notes receivable from participants and distributions are deducted directly from the respective participant's account. Investment expenses charged by the mutual funds in which the Plan invests are paid directly from the underlying assets of the respective investments and are included in the net appreciation in fair market value of mutual funds in the statement of changes in net assets available for benefits.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are 100% vested immediately in all contributions plus actual earnings thereon.

Notes receivable from participants:

Participants may borrow from their accounts a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the vested balance in the participant's account and bear interest at rates that range from 4.25% to 10.25% as of March 31, 2011, which are commensurate with local prevailing rates as determined by the plan administrator. Interest rates are set at the prime rate plus 1% on the date the note is issued. Principal and interest are paid ratably through payroll deductions.

Payment of benefits:

On termination of service for any reason, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants with account balances less than \$1,000 will receive the vested interest in their account as soon as administratively feasible. Participants with a vested account balance greater than \$1,000 may defer payment of benefits until a later date.

Withdrawals from a participant's vested account balance may also be made in the event of a financial hardship, in accordance with the provisions specified in the Plan. In-service withdrawals are allowed for participants who have attained aged 59¹/₂, in accordance with the provisions specified in the Plan.

Forfeitures:

At March 31, 2011 and December 31, 2010, forfeited nonvested accounts totaled \$0 and \$3,303, respectively. These amounts may be used to reduce future employer contributions. In 2011, employer contributions were not reduced by forfeited nonvested accounts. In 2011, fees in the amount of \$3,303 were paid with the use of the forfeited nonvested accounts.

HAYDON KERK 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 2 - Summary of significant accounting policies:

Basis of presentation:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation and income recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation in fair market value of mutual funds which includes gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits:

Benefits are recorded when paid.

Operating expenses:

Certain expenses of maintaining the Plan are paid by the Company.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events:

The Plan has evaluated events and transactions for potential recognition or disclosure through October 19, 2011, which is the date the financial statements were available to be issued.

HAYDON KERK 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 3 - Investments:

The following investments represent 5% or more of the Plan's net assets as of March 31, 2011 and December 31, 2010:

	<u>March 31, 2011</u>	<u>December 31, 2010</u>
Fidelity Freedom 2025 Fund	\$ *	\$1,496,294
Fidelity Freedom 2020 Fund	*	1,377,064
Fidelity Retirement Government Money Market	*	1,063,384

Fidelity Freedom 2035 Fund	*	898,915
Fidelity Freedom 2015 Fund	*	855,276
Fidelity Contrafund	*	805,826

* Investment not held at March 31, 2011.

Note 4 - Fair value measurements:

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include; quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

HAYDON KERK 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 4 - Fair value measurements (continued):

Financial assets carried at fair value at December 31, 2010 are classified in the table below in one of the three categories described above:

	2010			
	Level 1	Level 2	Level 3	Total
Mutual funds:				
Lifecycle	\$ 7,701,920	\$ -	\$ -	\$ 7,701,920
Domestic equity	2,680,726	-	-	2,680,726
International/global equity	518,393	-	-	518,393
Bond	518,177	-	-	518,177
Balanced/hybrid	400,515	-	-	400,515
Specialty	214,398	-	-	214,398
Total mutual funds	12,034,129	-	-	12,034,129
Money market fund	-	1,063,384	-	1,063,384
Total assets at fair value	<u>\$12,034,129</u>	<u>\$ 1,063,384</u>	<u>\$ -</u>	<u>\$ 13,097,513</u>

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at March 31, 2011 and December 31, 2010.

Investments in mutual funds are valued at net asset value of shares held by the Plan at year end using market prices in active markets (Level 1). Level 1 instrument valuations are obtained from real-time quotes for transactions in active exchange markets involving identical assets.

The investment in the money market fund is valued using significant observable inputs, particularly dealer market prices for comparable investments as of the valuation date (Level 2). Level 2 instrument valuations are obtained from readily available pricing sources for comparable instruments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

HAYDON KERK 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 6 - Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7 - Tax status:

The prototype-plan document, which the Plan has adopted via a nonstandardized adoption agreement, obtained its latest opinion letter in 2008 in which the Internal Revenue Service ("IRS") stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of March 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

Note 8 - Party-in-interest transactions:

The Plan's investments in mutual funds and money market fund managed by Fidelity, the trustee, are considered exempt party-in-interest transactions. The Plan allows participants to take loans against their vested account balances, which are considered exempt party-in-interest transactions.

Note 9 - Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
