Notes to Financial Statements

February 1, 2011

1. Description of the Plan

The following description of the Voyager HospiceCare, Inc. 401(k) Employee Benefit Plan (the Plan) provides general information about the Plan's provisions. Voyager HospiceCare, Inc. (the Company) is the plan sponsor. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all eligible employees of the Company. The Plan became effective August 1, 2004. The Plan was amended and restated effective January 1, 2006. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Transamerica Life Insurance Company (Transamerica) is the recordkeeper and custodian of the Plan.

During August of 2010, the Company was purchased by Harden Healthcare, Inc. Effective October 1, 2010, the Company became a participating employer in the Harden Healthcare 401(k) Plan. Effective February 1, 2011, the Plan merged into the Harden Healthcare 401(k) Plan. All of the plan's assets were either distributed or transferred by May 27, 2011.

Eligibility

Employees become eligible to participate in the Plan on the first day of the month coinciding with or next following the completion of one month of service. Effective April 1 2010, the Plan was amended to begin automatic enrollment in the Plan. After an employee has completed thirty days of service, the employee will be automatically in the Plan at a 2% deferral rate unless the participant completes an enrollment form with specific instructions.

Contributions

Each year, participants may contribute a percentage of their eligible compensation, as defined in the Plan, on a pre-tax basis, not to exceed the annual limit established by the Internal Revenue Code (the Code). Participants may also contribute amounts representing distributions from other qualified plans. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. Effective October 1, 2010, the participants no longer made contributions to the Plan.

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

The Company may elect to make a discretionary employer matching contribution and additional discretionary profit sharing contribution although one was not made for the period from January 1, 2011 to February 1, 2011 to the Plan.

Participants direct the investment of the contributions into various investment options offered by the Plan. The Company's contributions are allocated in the same manner as that of the participant's elective contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, (b) Plan earnings and, (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary contributions is according to the following schedule:

Years of Service	Vesting Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Forfeitures

Nonvested balances of participants' accounts may be subject to forfeiture upon termination of their employment with the Company. Forfeited balances of terminated participant's nonvested accounts are used to offset employer matching contributions or pay Plan expenses. At February 1, 2011 and December 31, 2010, forfeited nonvested account balances totaled \$0 and \$92,097, respectively.

Payment of Benefits

Vested benefits are paid to participants upon death, disability, retirement or termination of employment by either arranging for a rollover to another plan or lump sum payment. For terminated participants' account balances that are less than \$1,000, the plan administrator may distribute the entire amount in a lump sum without the participant's consent. For terminated participants' account balances that are at least \$1,000 but less than \$5,000, the plan administrator may transfer the entire amount into an individual retirement account without the participant's consent. If the participant's vested portion is greater than \$5,000, the participant may elect to maintain the vested portion in the Plan.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the IRS and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Notes Receivable From Participants

Participants are permitted to borrow a maximum amount of the lesser of \$50,000 or 50% of their vested account balance. Notes receivable from participants are secured by the balance in the participant's account and bear interest at a reasonable interest rate as determined by the Company. Notes receivable from participants terms range from one to five years or a reasonable amount of time for the purchase of a principal residence. Principal and interest is paid through payroll deductions with equal installments made each pay period.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are reported on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States. Benefits are recorded when paid to participants.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect certain amounts reported in the financial statements and the accompanying notes and schedule. Accordingly, actual results could differ from these estimates.

Valuation of Investments and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion of fair value measurements.

The stable value fund is invested in Transamerica Stable Value Advantage Fund. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to fully benefit-responsive guaranteed investment contract because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Transamerica Stable Value Advantage Fund has no stated maturity and interest rates are reset monthly as of the beginning of each month, during which a new interest rate is applied daily to the total outstanding balance of the investment. The accompanying statements of net assets available for benefits presents the fair value of the investment in this stable value fund, since no adjustment from fair value to contract value was required as contract value approximates fair value. The minimum interest rate of the stable value fund for 2011 and 2010 was 3%. The average yield for 2011 and 2010 was 3% and 3.5% respectively.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Voyager HospiceCare, Inc. 401(k) Employee Benefit Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

New Accounting Pronouncements

In January 2010, Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2010-06, *Fair Value Measurements and Disclosures (Topic 820): Improving Disclosures about Fair Value Measurements*. ASU No. 2010-06 amends the disclosure requirements of FASB Accounting Standards Codification (ASC) 820 to require new disclosures regarding (a) transfers in and out of levels 1 and 2 and (b) activity in level 3 fair value measurements. ASU No. 2010-6 also provides amendments to FASB ASC 820 that clarify existing disclosures regarding (a) level of disaggregation for each class of assets and liabilities and (b) disclosures about inputs and valuation techniques for fair value measurements that fall in either levels 2 or 3. The new disclosures are effective for interim and annual reporting periods beginning after December 15, 2009 except for the disclosures regarding the rollforward of activity in level 3 fair value measurements that are effective for fiscal years beginning after December 15, 2010. The Plan adopted ASU No. 2010-06 during 2010.

In September 2010, FASB issued ASU No. 2010-25, *Plan Accounting-Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans*, to clarify how loans to participants should be classified and measured. The amendments in ASU No. 2010-25 should be applied retrospectively to all prior periods presented and is effective for fiscal years ending after December 15, 2010. The Plan adopted ASU No. 2010-25 during 2010.

Adoption of the aforementioned standards did not have a material impact on the financial statements.

3. Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule including investments and notes receivable from participants held at February 1, 2011 and December 31, 2010 and net appreciation in fair value of pooled separate accounts, and interest income from notes receivable from participants for the period from January 1, 2011 to February 1, 2011 was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Transamerica, the custodian of the Plan.

Individual investments that represent 5% or more of the Plan's net assets at February 1, 2011 and December 31, 2010 are separately identified.

	February 1 2011	December 31 2010
Transamerica Stable Value Advantage	\$ 1,908,889	\$ 1,895,692
American Funds New Perspective	-	655,446
American Funds Growth Fund of America	-	639,204
American Funds Fundamental Investors	-	452,158
Transamerica AA- Moderate	-	428,247
Transamerica AA-Moderate Growth	-	423,066

4. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1—Inputs to the valuation methodology are unadjusted quoted prices or identical assets or liabilities in active markets that the plan has the ability to access.

Voyager HospiceCare, Inc. 401(k) Employee Benefit Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

Level 2—Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liabilities;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability

Level 3—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at February 1, 2011 and December 31, 2010.

The Plan's investments in shares of pooled separate accounts are stated at fair value based on the latest available published market prices, which represent the net asset values of shares held by the Plan at year-end. Stable value funds with underlying investments in investment contracts are valued at fair value of the underlying investment and then adjusted by the issuer to contract value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumption to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Voyager HospiceCare, Inc. 401(k) Employee Benefit Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of February 1, 2011 and December 31, 2010:

	Assets at Fair Value as of February 1, 2011			
	Level 1	Level 2	Level 3	Total

Total assets at fair value	-	\$ 7,812,969	-	\$ 7,812,969

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. Party-in-Interest Transactions

The Plan invests in shares of pooled separate accounts and a stable value fund managed by Transamerica. Transactions such as these qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction rules.

Voyager HospiceCare, Inc. 401(k) Employee Benefit Plan

Notes to Financial Statements (continued)

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts and distributions will be made as soon as administratively practicable after the Plan terminates.

8. Income Tax Status

The underlying non-standardized prototype plan has received an opinion letter from the IRS dated March 31, 2008 stating that the form of the plan is qualified under Section 401(a) of the Code, and therefore, the related trust is tax exempt. The Company has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Subsequent to receiving the IRS opinion letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of February 1, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

9. Subsequent Events

The Plan has evaluated subsequent events through November 11, 2011, the date the financial statements were available to be issued.
