Notes to Financial Statements
January 11, 2011 and December 31, 2010

NOTE 1 - DESCRIPTION OF PLAN

The following description of **BioScrip, Inc. 401(k) Plan** provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) Plan covering substantially all employees of the Company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Eligible participants are automatically enrolled in the Plan with 2% of Plan compensation withheld as salary deferral. Participants may modify the deferral amount or decline to defer under the Plan by entering into a salary deferral agreement with the employer. The employee may elect to defer up to 60% of defined compensation. The Company may make additional discretionary contributions each year. Contributions may be subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings and charged with an allocation of applicable administrative expenses. Allocations are based on participant earnings or account balances, as defined. Each participant self directs their individual account in various fund company investments.

Vesting

Participants are 100% vested at all times in their deferral accounts. For the Company's discretionary contributions the vesting schedule is 0% at 1 year, 25% at 2 years, 50% at 3 years, 75% at 4 years, and 100% at 5 or more years of service.

Forfeited Accounts

At January 11, 2011 and December 31, 2010, forfeited non-vested accounts totaled \$-0- and \$68,639, respectively. Forfeited non-vested accounts are used to pay Plan expenses and then reduce future employer contributions. Also, in 2011 and 2010, Plan expenses of \$163 and \$259, respectively, were paid from forfeited non-vested accounts. No forfeitures were used to reduce employer contributions during 2011 and 2010.

Payment of Benefits

Benefits are recorded when paid. On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of his or her account, or delay receipt of benefits if the vested account balance is greater than \$5,000.

Participant Loans

Participants may borrow from their fund account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 10.25%, which are commensurate with local prevailing rates as determined quarterly by the Plan's management. Principal and interest are paid ratably through biweekly payroll deductions. Participant loans are reported at unpaid principal balance. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the period/year.

Operating Expenses

The employer pays a portion of the administrative expenses of the Plan.

Subsequent Events

The Plan has evaluated subsequent events through November 14, 2011, the date the financial statements were available to be issued.

NOTE 3 - INVESTMENTS

The Plan's investments were liquidated and merged into another plan as described in Note 9. There were no remaining assets held at the end of the period.

During the period ending January 11, 2011, and the year ending December 31, 2010, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the period/year) appreciated in value by \$162,742 and \$2,687,895, respectively, as follows:

	<u>2011</u>	<u>2010</u>
Pooled Separate Accounts	\$ 162,742	2,687,895

NOTE 4 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Notes to Financial Statements
January 11, 2011 and December 31, 2010

NOTE 4 - FAIR VALUE MEASUREMENTS (continued)

Level 2	<p>Inputs to the valuation methodology include -</p> <ul style="list-style-type: none"> • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</p>
Level 3	<p>Inputs to the valuation methodology are unobservable and significant to the fair value measurement.</p>

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at January 11, 2011 and December 31, 2010.

Pooled Separate Accounts

Valued at the net asset value (NAV) of the underlying assets of the fund held by the Plan at year end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of January 11, 2011 and December 31, 2010:

NOTE 5 - PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 6 - TAX STATUS

The IRS has determined and informed the Company that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan's management and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan's management has analyzed the tax position taken by the Plan, and has concluded that as of January 11, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 - CERTIFICATION

Transamerica Life Insurance Company's certification applies to all assets except receivables. The investment income reported in the Statements of Changes in Net Assets Available for Benefits for the period ended January 11, 2011, and the year ended December 31, 2010, was certified by Transamerica Life Insurance Company.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 9 - MERGER

The Plan sponsor (formerly Critical Homecare Solutions, Inc.) was acquired by BioScrip, Inc. on March 25, 2010. As a result of the acquisition, the Plan sponsor and Plan name were amended to BioScrip, Inc. and **BioScrip, Inc. 401(k) Plan**, respectively. On January 11, 2011, the Plan merged all assets into the BioScrip, Inc. 401(k) Retirement Plan.
