INDEPENDENT AUDITOR'S REPORT

December 7, 2011

To the 401(k) Committee
Fab Corp, Inc. 401(k) Plan:

We were engaged to audit the financial statements and supplemental schedules of Fab Corp, Inc. 401(k) Plan (the "Plan") as of December 31, 2010 and the year then ended as listed in the accompanying index. These financial statements and the supplemental schedules are the responsibility of the Plan's management. The financial statements and schedules of the Plan as of December 31, 2009 were audited by other auditors whose report dated October 7, 2010, on the statements and schedules disclaimed an opinion for the reasons described in the following paragraph.

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Transamerica Life Insurance Company, the trustee of the Plan at December 31, 2010, except for comparing such information with the related information included in the financial statements and the supplemental schedules. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and execute investment transactions. The Plan administrator has obtained a certification from the trustee that, as of December 31, 2010 and for the year ended December 31, 2010, the information provided to the Plan administrator by the custodian is, accurate and complete.

As described in Note 1, the Plan adopted Financial Accounting Standards Board Accounting Standards Update 2010-25, *Plan Accounting—Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans*, as of December 31, 2010, which clarified how loans to participants should be classified and measured by defined contribution pension plans. This update was retrospectively applied to December 31, 2009.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and the supplemental schedules taken as a whole. The form and content of the information included in the financial statements and the supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. PLAN DESCRIPTION

The following description of the Fab Corp, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a trusteed, defined contribution plan which benefits the eligible employees of Fab Corp, Inc. (the "Company" or "Employer"). It was established effective January 1, 2005 and last amended on October 1, 2008. It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Trustee and Administration – Transamerica Life Insurance Company ("Transamerica") is the trustee of the Plan and holds all Plan assets in a trust account. Duties of the trustee include, among others, receiving contributions, collecting income, reinvesting the trust fund and making payments from the trust fund as directed by the sponsor's management. Transamerica Retirement Services ("Recordkeeper") is the recordkeeper of the Plan. The term "trust fund" refers to all assets of whatever kind or nature held from time to time by the Recordkeeper under the trust without distinction between contributions and income.

The Plan is administered by a 401(k) Committee, which consists of four members. The 401(k) Committee is given all power necessary to carry out its duties including, but not limited to, the power to interpret the Plan and decide on all questions of eligibility and the status and rights of participants.

Eligibility – Employees of the Company who have completed one year of service and are 21 years of age are eligible to participate in the Plan. The entry date of the Plan for eligible participants is on the January 1st or July 1st that coincides with, or next follows, the date that a participant first satisfies the age and service requirements.

Contributions – Employees choosing to defer a portion of their salary or wages may elect to contribute up to 70 percent of their compensation, as defined, up to a maximum annual contribution in accordance with the provisions of the Internal Revenue Code ("IRC") pertaining to retirement savings $16,500 for 2010. Participants who are aged 50 before December 31, 2010 are eligible to make additional catch-up contributions of up to $5,500 for the 2010 Plan year.

1. PLAN DESCRIPTION (continued)

The Employer makes qualified non-elective matching contributions to the Plan to satisfy certain 401(k) safe harbor requirements. The non-elective matching contribution made by the Company is equal to 100 percent of the employee's elective deferral that does not exceed 3 percent of the employees' eligible compensation for the Plan year, plus 50 percent of the amount of the employees' elective deferral that exceed 3 percent of the employee's compensation, but do not exceed 5 percent of the employee's compensation.

The Company may also make a discretionary profit sharing contribution in an amount to be determined annually. The Company did not make additional discretionary profit sharing contributions during 2010 or 2009.

Participant's Accounts − Each participant's account is credited with the participant's contribution, the Employer's safe harbor matching contributions, the Employer's discretionary matching contributions, an allocation of Plan earnings and an allocation of the Plan's administrative expenses, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participant contributions and employer safe harbor contributions are fully vested at all times. Discretionary profit sharing contributions vest according to the following schedule:

FULL YEARS OF SERVICE	VESTED PERCENTAGE
Less than 1 year	0%
1 years	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

In addition, participants are considered fully vested upon attainment of the normal retirement age of 65, disability, or death.

In the event of termination of service because of retirement, termination of employment or upon disability or death of a participant, the entire vested amount of the participant's account shall be distributed to the participant or the participant's beneficiary.

1. PLAN DESCRIPTION (continued)

Forfeitures – Forfeitures may offset the Employer's discretionary matching contributions to the extent they exceed the amounts required to reinstate the accounts of reemployed or reinstated participants. There were no forfeitures applied to discretionary matching contributions in 2010 or 2009. As of December 31, 2010 and 2009, there were $3,601 and $3,538, respectively, of unallocated forfeitures in the Plan.

Notes Receivable from Participants − Participants may borrow from their fund accounts up to a maximum equal to the lesser of 50 percent of their vested account balance or $50,000 reduced by the balance of any outstanding loans. Such loans are secured by a pledge of the participant's vested account balance in the trust fund and bear interest at the prevailing interest rate charged by banks for similar loans. At December 31, 2010, interest rates ranged from 4.25 percent to 6.25 percent. Notes receivable from participants are carried at cost, which approximates fair value.

In September 2010, FASB issued an amendment, *Plan Accounting—Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans* (ASU 2010-25), which provides guidance on how loans to participants should be classified and measured by defined contribution pension plans. This amendment requires that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. This amendment was adopted for the year ended December 31, 2010, and retrospectively applied to December 31, 2009. Prior year amounts and disclosures have been revised to reflect the retrospective application of adopting this new amendment. The adoption resulted in a reclassification of participant loans of $44,610 from investments to notes from participants as of December 31, 2009.

Benefit Payments – A participant is eligible to receive benefit payments in the amount equal to the value of the participant's vested interest in their account upon attaining age 591/2, termination of service due to retirement, or prior to retirement, or death, disability, or proven hardship. Participants may elect to receive either a lump-sum amount equal to his or her account, or as a rollover to another qualified plan that shall not exceed the life expectancy of the employee or designated beneficiary. All payments made under the Plan are paid by the Trustee.

1. PLAN DESCRIPTION (continued)

If the value of the participant's account is less than $1,000, the payment will be made in cash as a single lump sum regardless of consent. If the value of the participant's account is between $1,000 and $5,000, and the participant does not affirmatively consent to receive a distribution, the balance will be rolled into an individual retirement account designated by the Plan administrator on behalf of the participant.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting.

Expenses − All reasonable expenses, which are necessary to operate and administer the Plan, may be deducted from the net assets of the Plan or at the election of the Company, paid directly by the Company. During the year ended December 31, 2010, administrative expenses and investment consulting expenses paid by the Company totaled approximately $11,000.

Investment Valuation and Income Recognition − Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Notes receivable from participants are valued at amortized cost, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Financial Accounting Standards Board ("FASB") established a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Pooled separate accounts: These investments are valued daily at the net asset value of shares or units held by the Plan based on the quoted market value of the underlying assets.

Stable value fund: Valued at contract value, which approximates fair value.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

Stable value fund − The stable value fund, which is provided as an investment option to participants in the Plan, holds fully benefit-responsive guaranteed investment contracts. The Trustee maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by the Trustee, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value and fair value of the investment contract at December 31, 2010 and 2009 was $122,782 and $63,262, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

The average interest rate credited to participants on these accounts, which approximated the average effective yield, was approximately 2.5 percent for 2010.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's administrator to make estimates and assumptions that affect the amounts reported in the accompanying statements of net assets available for benefits and changes therein. Actual results could differ from these estimates.

Payment of Benefits – Benefits are recorded when paid. Accordingly, benefits payable to persons who have elected to withdraw from the Plan, but have not been paid have not been accrued in the Plan. At December 31, 2010 and 2009, there were no amounts payable to participants.

Risk and Uncertainties – The Plan provides for investments that are exposed to various risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits, and therefore, could affect participants' account balances.

3. INFORMATION CERTIFIED BY TRANSAMERICA

The following is a summary of information that was prepared by Transamerica as a method of compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Transamerica, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedules related to the following assets:

	2010	2009
Investments at fair value:		
Pooled separate accounts	$ 776,251	$ 616,849
Stable value fund	122,782	63,262

3. INFORMATION CERTIFIED BY TRANSAMERICA (continued)

Transamerica certified the completeness and accuracy of $92,854 of net appreciation in pooled separate accounts and $3,059 of net appreciation in fair value of the stable value fund.

The following table represents the fair value of the assets in this Plan that were certified by Transamerica. Single assets representing at least 5 percent of the Plan's net assets available for benefits as of December 31, 2010 and/or 2009 are separately identified.

5. TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the provisions of the Plan to discontinue its contributions at any time and to terminate the Plan subject to the terms of ERISA.

In the event of termination of the Plan, the investments of the Plan shall be reduced to cash as soon as it may be expeditious. Any administrative costs or expenses incurred incidental to the final liquidation shall be paid by the Company, except in the case of the Company's bankruptcy or insolvency, at which time such costs shall be charged to the Plan. Upon reduction of the fund to cash, all assets would be allocated among the participants of the Plan in accordance with the provisions of the Plan.

6. INTERNAL REVENUE SERVICE DETERMINATION

Effective January 1, 2005, the Plan adopted a standardized form of a prototype plan sponsored by Transamerica Financial Life Insurance Company. The prototype plan has received an opinion letter from the Internal Revenue Service ("IRS") as to the prototype plan's qualified status as of May 30, 2008. The prototype plan opinion letter has been relied upon by this Plan. The Plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. PARTY-IN-INTEREST TRANSACTIONS

The Plan records notes from participants as receivables on the balance sheet. These transactions qualify as party-in-interest transactions as defined by ERISA. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

Certain Plan investment assets represent funds invested in, or maintained by, Transamerica; therefore, these investments represent exempt party-in-interest transactions.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2010:

Net assets available for benefits per the financial statements	$ 968,853

9. PROHIBITED TRANSACTIONS

During 2010 the Company inadvertently failed to deposit approximately $1,494 of participant deferrals within the required timeframe as interpreted by the United States Department of Labor ("DOL"). The DOL considers late deposits to be prohibited transactions. The Company plans to file Form 5530 and pay applicable excise tax and lost earnings for all 2010 late deposits. The excise tax payments will be made from the Company's assets and not from assets of the Plan.

10. SUBSEQUENT EVENTS

The Plan was amended July 1, 2011 and Hammonds Technical Services, Inc. Retirement Savings Plan was merged into Fab Corp, Inc. 401(k) Plan. The merger transferred approximately $521,000 into the Plan. Upon the transfer of assets from the Hammonds Technical Services, Inc. Retirement Savings Plan to the Fab Corp, Inc. 401(k) Plan the monies transferred will continue to vest according the vesting schedule outlined in Note 1. Both plans are qualified plans under Code Section 401(a) and the transfer of funds shall have no tax repercussions. The Plan sponsor considered subsequent events through December 7, 2011 on which the Plan's financial statements were available for issuance.
