Report of Independent Auditors

To the Trustees of the
Berrodin Co., et al Employee Profit Sharing Plan and Trust

We have audited the accompanying statements of net assets available for benefits of the Berrodin Co., et al Employee Profit Sharing Plan and Trust (the “Plan”) as of February 28, 2011 and 2010 and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan’s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of February 28, 2011 and 2010, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Berrodin Co., et al
Employee Profit Sharing Plan and Trust
Notes to Financial Statements
As of and For the Years Ended February 28, 2011 and 2010

1. Description of Plan

The following brief description of the Berrodin Co., et al (the “Company”) Employee Profit Sharing Plan and Trust (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions. The Company is the Plan Sponsor.

General

The Plan is a defined contribution plan covering employees of the Company who have completed one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Effective February 28, 2011, the Plan was merged with and into the Berrodin Co., et al 401(k) Plan. As a result, \$8,138,205 of Plan assets were transferred to the Berrodin Co., et al 401(k) Plan during the year ended February 28, 2011.

Participation

An employee becomes a participant in the Plan on March 1st or September 1st coinciding with or next following the date eligibility requirements are met.

Service Rules

Employees are credited with a year of service for each plan year during which they have at least 1,000 hours of service.

Contributions

Contributions to the plan are at the discretion of the Company, as defined in the Plan document. Participants must be employed at the end of the Plan year to share in the allocation of the Company contribution. Generally, participants not employed at the end of the Plan year may also share in the allocation of the Company contribution if, during the Plan year, the participant retired, became permanently and totally disabled, or died. Prior to March 1, 2002, participants could contribute after-tax voluntary contributions to the Plan. After March 1, 2002, participants are not permitted to make voluntary after-tax employee contributions. Contributions are subject to certain limitations prescribed by the Internal Revenue Code. Participants, with the consent of the Plan Administrator, may also make rollover contributions to the Plan.

Participant Accounts

Each participant’s account is credited with an allocation of (a) the Plan Sponsor’s contribution, (b) Plan earnings, and (c) forfeitures of terminated participants’ nonvested accounts and charged with an allocation of administrative expenses. Allocations of contributions are based on the participant’s compensation while allocations of Plan earnings, forfeitures and expenses are based on participant’s account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Vesting in the participant’s employer contributions is based on years of continuous service as specified in the Plan document with accounts becoming 100% vested after five years of service. Participants become fully vested in employer contributions upon death or total and permanent

disability. The employee salary deferral contribution accounts, which were curtailed after March 1, 2002, are 100% vested at all times.

Payment of Benefits

Normal retirement age is 62. Through February 28, 2010, retirement and termination benefit payments may be made in equal annual or more frequent installments to the retiree and after his/her death to a survivor beneficiary until the account balance becomes exhausted, or by a lump sum payment (see Note 9). Hardship and in-service distributions are also permitted from participant accounts.

Life Insurance Contracts

Through February 28, 2010, participants had the right to request that a portion of their Company's contribution be used to pay the premium of a life insurance contract on his/her life (see Note 9). The premiums on these contracts are charged to the participants' account and the value of the life insurance contracts is excluded from the Plan's assets. While no new life insurance policies may be purchased by participants after February 28, 2010, existing life insurance policies previously purchased may continue in the Plan with the participant's account being reduced by the amount of any premiums.

Notes Receivable from Participants

Loans are available to participants of the Plan and are subject to approval by the Plan administrator. Loans may not exceed \$50,000 or one-half of a participant's vested account balance. Loans bear interest on the unpaid principal, and must be repaid within five years unless the loan is used to acquire a principal residence. Interest is payable at a rate commensurate with local prevailing rates. The minimum loan amount is \$1,000 and participants may only have up to two loans outstanding at any time.

Administrative Costs

Administrative costs, such as for third party administrative and accounting fees, are paid by the Plan.

Forfeited Accounts

Forfeitures of terminated participants' non-vested accounts were \$0 for the years ended February 28, 2011 and 2010. Forfeitures may first be used to pay administrative costs of the Plan and/or to restore previously forfeited balances. Forfeitures may also be used to reduce any Company contributions. Remaining forfeitures are allocated on the last day of the Plan year to eligible participants' accounts. Forfeitures used to offset employer contributions totaled \$0 and \$14,587 for the years ended February 28, 2011 and 2010, respectively.

2. Summary of Significant Accounting Policies

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded as earned on the accrual basis. Net appreciation or depreciation in the fair value of investments consists of the realized gains or losses and the unrealized appreciation or depreciation of those investments.

Notes Receivable from Participants

Notes receivable from participants (participant loans for Form 5500 reporting purposes) are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Cash and Cash Equivalents

Interest-bearing cash consists of cash and interest-bearing deposits. The Plan's cash balances have been kept on deposit primarily at one bank and generally in amounts greater than the limit of insurance provided by the Federal Deposit Insurance Corporation. Interest-bearing cash is stated at cost which approximates fair value.

Investment Fees

Net investment returns reflect certain fees paid by the funds to their affiliated investment advisors, transfer agents, and others as further described in each fund prospectus or other published source. These fees are deducted prior to allocation of the Plans' investment earnings activity and thus not separately identifiable as an expense.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from those estimates.

Reclassifications

Certain items in the prior year financial statements have been reclassified to conform to the current year's presentation.

Recently Issued Accounting Guidance

In January 2010, the Financial Accounting Standards Board (“FASB”) updated the guidance in FASB Accounting Standards Codification (“ASC”) Topic 820, *Fair Value Measurements and Disclosures*. The updated guidance (i) requires separate disclosure of activity in transfers in and out of Levels 1 and 2 fair value measurements, (ii) requires disclosure of Level 3 fair value measurements activity on a gross basis, (iii) clarifies existing disaggregation requirements, (iv) and clarifies existing input and valuation technique disclosure requirements. The updated guidance was effective for periods beginning after December 15, 2009, except for the rollforward of activity in Level 3 fair value measurement disclosure requirements, which are effective for fiscal years beginning after December 15, 2010. Retrospective adoption was not required. The Plan adopted the aspects of the guidance that are currently effective as of March 1, 2010 and will adopt the remaining guidance on March 1, 2011. The adoption of the effective guidance had no effect on the Plan’s net assets available for benefits or its changes in net assets available for benefits and the adoption of the remaining guidance is not expected to have any effect on the Plan’s net assets available for benefits or its changes in net assets available for benefits.

In September 2010, the FASB updated the guidance in FASB ASC Topic 962, *Plan Accounting – Defined Contribution Pension Plans*. The guidance clarifies how loans to participants should be classified and measured by defined contribution pension benefit plans. Participant loans were previously classified as investments at fair value. The updated guidance requires that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. The updated guidance also exempts participant loans from fair value and credit quality disclosure requirements. The guidance in this update was effective for fiscal years ending after December 15, 2010, with retrospective adoption required. The adoption of the guidance had no significant effect on the Plan’s net assets available for benefits or its changes in net assets available for benefits.

In May 2011, the FASB issued Accounting Standards Update No. 2011-4, *Fair Value Measurement (Topic 820), Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRS*. The amendments change the wording used to describe many of the requirements in U.S. GAAP for measuring fair value and for disclosing information about fair value measurements. Some of the amendments clarify the FASB’s intent about the application of existing fair value measurement requirements. Other amendments change a particular principle requirement for measuring fair value or for disclosing information about fair value measurements. Some of the disclosures required by the amendments are not required for nonpublic entities. The amendments are to be applied prospectively and are effective for nonpublic entities for annual periods beginning after December 15, 2011. The Plan does not expect the amendments to have any effect on the Plan’s net assets available for benefits or its changes in net assets available for benefits.

3. Investments

All investments, except for participant loans, are nonparticipant-directed. The following table presents the fair value of investments as of February 28, 2011 and February 29, 2010:

	<u>2011</u>	<u>2010</u>
Investments, at fair value:		
Cash – interest bearing	\$ 0	\$ 927,084
Mutual funds	0	354,174
Investments, at estimated fair value:		
Annuity contracts	0	6,140,698
Total investments	<u>\$ 0</u>	<u>\$ 7,421,956</u>

The net appreciation (depreciation) in fair value of investments (including gains and losses on investments bought, sold and held during the year) for each significant class of investments consists of the following for the years ended February 28, 2011 and February 29, 2010:

	<u>2011</u>	<u>2010</u>
Investments, at fair value:		
Mutual funds	\$ 10,163	\$ 4,027
Exchange-traded funds	13,130	0
Investments, at estimated fair value:		
Annuity contracts	257,807	254,720
	<u>\$ 281,100</u>	<u>\$ 258,747</u>

The annuity contracts at February 28, 2011 and February 29, 2010 had rates of interest ranging from 2.00% to 5.25%. The annuity contracts are obtained through life insurance companies which have the annuitant of the policies being one of the trustees of the Plan with the owner of the policy being the Plan. The annuities and their interest rates are guaranteed by the insurance companies. No specific assets or investments are assigned to the annuities other than the general account of the insurance companies. The annuity contract periods vary but typically are up to five years. The annuity contracts often can be extended by the annuitant. Surrender charges vary by contract but can be up to 10% of the accumulation value of the annuity. However, surrender charges, in most cases, do not apply at the end of a guaranteed period, and for certain annuity contracts the surrender charges decrease as the annuity contract approaches maturity. There were no reserves against the contract value for credit risk of the contract issuer or otherwise. The key factors that influenced future interest rates for the annuity contracts are the following: the level of market interest rates; the amount and timing of contributions and the duration of the guaranteed interest period.

4. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Berrodin Co., et al
Employee Profit Sharing Plan and Trust
Notes to Financial Statements
As of and For the Years Ended February 28, 2011 and 2010

- Level 2: Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at February 28, 2010.

<i>Mutual funds</i>	Valued based on quoted year-end net asset values of the respective entities, which are adjusted daily.
<i>Interest-bearing cash</i>	Valued at cost and consists of cash held in interest bearing accounts at banks.
<i>Annuity contracts</i>	Valued at contract values supplied by the insurance companies. These values estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Due to the transfer to Berrodin Co., et al 401(k) Plan, the Plan held no investments as of February 28, 2011.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of February 28, 2010:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds (GNMA)	\$ 354,174	\$ 0	\$ 0	\$ 354,174
Interest-bearing cash	927,084	0	0	927,084
Annuity contracts	0	0	6,140,698	6,140,698
Total assets at fair value	<u>\$ 1,281,258</u>	<u>\$ 0</u>	<u>\$6,140,698</u>	<u>\$ 7,421,956</u>

The table below sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended February 28, 2011 and 2010:

	<u>Annuity</u> <u>contracts</u>
Balance, beginning of year 2010	\$ 6,027,841
Realized gains/(losses)	0
Unrealized gains/(losses) relating to instruments still held at the reporting date	254,720
Purchases, sales, issuances and settlements (net)	(141,863)
Balance, end of year 2010	<u>\$ 6,140,698</u>
Realized gains/(losses)	0
Unrealized gains/(losses) relating to instruments still held at the reporting date	257,807
Purchases, sales, issuances and settlements (net)	(758,003)
Transfer to Berrodin Co., et al 401(k) Plan	(5,640,502)
Balance, end of year 2011	<u><u>\$ 0</u></u>

5. Plan Termination

Although it has not expressed the intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. Income Tax Status

The Plan obtained a determination letter on August 5, 2003, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirement of the Internal Revenue Code ("IRC").

Effective March 1, 2010 (see Note 9), the Plan, through the adoption of the Karr Barth Pension Administration, Inc. Volume Submitter Profit Sharing Plan was amended and restated. The Internal Revenue Service issued an advisory letter, dated January 31, 2006, stating that the volume submitter profit sharing plan document was designed in accordance with applicable IRC requirements as of that date.

Although the Company has not applied for a new determination letter for the Plan, and the Plan has subsequently been amended, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes the Plan, as amended, is qualified and the related trust is tax-exempt as of February 28, 2011. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax

Berrodin Co., et al
Employee Profit Sharing Plan and Trust
Notes to Financial Statements
As of and For the Years Ended February 28, 2011 and 2010

positions taken by the Plan, and has concluded that as of February 28, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for Plan years prior to 2008.

7. Risks and Uncertainties

The Plan provides for investments in various securities, which in general are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

8. Related-Party Transactions

The Plan issues loans to participants, which are secured by the balances in the participants' accounts. Therefore, related transactions qualify as party-in-interest transactions. All other transactions which may be considered parties-in-interest transactions relate to normal plan management and administrative service, and the related payment of fees. Trustees of the plan are also Plan participants.

9. Plan Amendment and Restatement

Effective March 1, 2010, the Plan was amended and restated through the adoption of the Karr Barth Pension Administration, Inc. Volume Submitter Profit Sharing Plan. Among other administrative matters, the Plan was amended and restated to:

- (1) Limit the form of distributions to lump-sums and partial withdrawals or installments as permitted for required minimum distributions under Internal Revenue Code Section 401(a)(9);
- (2) Remove the option which permitted participants to purchase life insurance through the Plan; and
- (3) Comply with applicable requirements of the Pension Protection Act, Heart Act, 415 and Regulations.

10. Subsequent Events

The Plan has evaluated subsequent events through December 7, 2011, the date the financial statements were available to be issued.
