Employees' Retirement Plan

We were engaged to audit the financial statements and supplemental schedule of (the "Plan") as of August 31, 2011 and 2010 and for the years then ended, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Wilmington Trust Retirement and Institutional Services Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the Trustee as of and for the years ended August 31, 2011 and 2010 that the information provided to the plan administrator by the Trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The Way International Founding Employees' Retirement Plan

Notes to Financial Statements August 31, 2011 and 2010

Note 1 - Plan Description

The following description of The Way International Founding Employees' Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a noncontributory defined benefit pension plan sponsored by The Way International and Affiliates (the "Plan Sponsor") covering permanent ministry employees who were both hired before September 1, 1987 and were actively employed on August 1, 2000. All eligible employees were fully vested on August 31, 2000. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Pension Benefits - The Plan provides participants who retire on their normal retirement dates with a monthly retirement benefit equal to (1) \$31 times the participant's years of service (to a maximum of 20 years of service) with a 2 percent annual cost-of-living adjustment from September 1, 2000 until the date the participant terminates employment, less (2) the participant's offset benefit, multiplied by (3) a fraction, the numerator of which equals the participant's years of service determined as of the date the participant incurs a one-year break in service or retires, whichever is applicable, and the denominator of which equals the participant's years of service determined as of the participant's normal retirement date assuming that the participant remained an active participant in the Plan until such date. A participant's offset benefit is equal to the actuarially determined monthly benefit of the participant's vested profit-sharing account balance in The Way International, Inc. 401(k) Savings Plan.

Funding - The Plan Sponsor's funding policy is to fully fund the Plan at the initiation of the Plan, plus additional amounts as it may determine to be appropriate from time to time based on an actuarial determination of the benefit obligation. At August 31, 2011, the Plan Sponsor had made the actuarially determined contribution in order to meet the ERISA minimum funding requirements for the plan year ended August 31, 2011.

Payment of Benefits - Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested value of the participant's accumulated plan benefits if less than \$5,000 or in various installment annuities.

Party-in-interest Transactions - Certain plan assets are in investment funds managed by Wilmington Trust Retirement and Institutional Services Company or its affiliates. Wilmington Trust Retirement and Institutional Services Company is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

The Way International Founding Employees' Retirement Plan

Notes to Financial Statements August 31, 2011 and 2010

Note 1 - Plan Description (Continued)

Forfeitures - Any forfeitures arising from the severance from service or death of a participant or for any other reason shall be used to reduce the employer contributions and shall not be applied to increase the benefits any participant would otherwise receive under the Plan.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - The Plan's investments are stated at fair value. The municipal debt securities, U.S. government securities, and corporate debt securities are valued using quoted market prices and/or other market data for the same or comparable instruments and transactions in establishing the prices, discounted cash flow models, and other pricing models. These models are primarily industry-standard models that consider various assumptions, including time value and yield curve as well as other relevant economic measures. Mutual funds are valued based on quoted market prices. See Note 7 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - All administrative fees incurred with regard to the operation of the Plan are paid by the plan sponsor and reimbursed by the Plan.

Actuarial Assumptions - The significant actuarial assumptions used in the valuation of the Plan at August 31, 2011 and 2010 are summarized as follows:

Actuarial valuation method	- Projected unit credit cost method
Return on assets	- 8.50% per annum
Normal retirement date	- At age 65
Life expectancy	- RP2000 combined projected for 2011 and 2010 valuations

These actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The Way International Founding Employees' Retirement Plan

Notes to Financial Statements August 31, 2011 and 2010

Note 2 - Summary of Significant Accounting Policies (Continued)

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Significant estimates are used in determining the actuarial present value of accumulated plan benefits.

Risks and Uncertainties - Contributions to the Plan and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, employee compensation, and demographics. Due to the changing nature of these assumptions, it is at least reasonably possible that changes in these assumptions will occur in the near term and, due to the uncertainties inherent in setting assumptions, that the effect of such changes could be material to the financial statements. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. It is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the statement of net assets available for benefits.

Actuarial Present Value of Accumulated Plan Benefits - The Plan's consulting actuaries estimate the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants, to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

Accumulated plan benefits (see Note 4) are those estimated future periodic payments that are attributable under the Plan's provisions to services rendered by the participants to the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) present participants or their beneficiaries, and (c) beneficiaries of employees who have died. The trust, at the participant's retirement date, may purchase annuities from insurance companies to fund retirement benefits. Any annuities purchased are excluded from the assets of the trust. Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including December 6, 2011, which is the date the financial statements were available to be issued.

Note 2 - Summary of Significant Accounting Policies (Continued)

Reclassification - Certain prior year amounts have been reclassified to conform to the current year presentation.

Note 3 - Unaudited Investment Information

Wilmington Trust Retirement and Institutional Services Company (the "Trustee") holds the Plan's investments and executes all investment transactions. The investment balances and related activity included in the accompanying financial statements and supplemental schedule of assets held at end of the year are based solely on information provided by the Trustee.

Investments that exceed 5 percent of end of year net assets are as follows:

	2011	2010
Mutual funds:		
Harbor Capital Appreciation Fund	\$ 452,364	\$ 367,742
Europacific Growth Fund	421,768	398,005

The assumption change in 2011 includes a change in mortality table from RP2000 Combined Projected for 2010 Valuations to RP2000 Combined Projected for 2011 Valuations. The assumption change in 2010 includes a change in mortality table from RP2000 Combined Projected for 2009 Valuations to RP2000 Combined Projected for 2010 Valuations.

Note 5 - Plan Termination

Should the Plan terminate at some future time, its net assets generally will not be available on a pro rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then-existing assets and the PBGC guaranty while other benefits may not be provided for at all.

Note 6 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service, dated November 8, 2001, indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Way International Founding Employees' Retirement Plan

Notes to Financial Statements August 31, 2011 and 2010

Note 7 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at August 31, 2011 and 2010 and the valuation techniques used by the Plan to determine those fair values.

Level 1 - In general, fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no significant transfers between levels of the fair value hierarchy during 2011 and 2010.

Plan Sponsor' EIN: 34-4440110

Plan Number: 001

Plan Name: The Way International Founding Employees' Retirement Plan

2010 Quarterly Contributions

The minimum required contribution (\$382,897) is calculated assuming the payment was made on the valuation date. Payments made after the valuation date are discounted at the plan's effective interest rate for the year from the payment date back to the valuation date to test if the discounted contributions meet the minimum requirement for the year. The plan's effective interest rate is the single interest rate that would develop the same Funding Target. If quarterly contributions are required, and the quarterly contribution was made after its due date, then the effective interest rate is increased by 5% in determining the discounted value of the quarterly contribution.

Definitions

Effective Date August 31, 2000

Covered Employees Any employee who was hired before 1987 and who were actively employed on August 1, 2000.

Participation Date September 1, 2000 for eligible employees.

Benefit service Number of years and fractions thereof as of September 1, 2000 subject to a maximum of 20 years.

Vesting Service Equal to elapsed time from date of hire until date of termination, retirement or death.

Normal Retirement Date (NRD) First of the month coincident with or next following 65th Birthday or September 1, 2000 if later.

Monthly Pension Benefits The monthly accrued benefit for this floor benefit plan is equal to

$$\text{Net Benefit} = [(a) \times (b) - (c)] \times (d)$$

Where (a), (b), (c) and (d) are defined below as:

- (a) = \$31.00 times years of Benefit Service.
- (b) = A 2% annual cost-of-living adjustment from September 1, 2000 until the date the Participant terminates employment.
- (c) = An offset based on the annuitized value of the profit sharing account in the 401(k) plan based on 1983 Unisex Group Annuity Mortality and the immediate interest rate assumed by the PBGC in valuing annuity benefit upon a plan termination.
- (d) = The ratio of service at termination to service at the Participant's Normal retirement Age.

Plan Name:	The Way International Founding Employees' Retirement Plan

Eligibility for Benefits

Normal Retirement	Attainment of NRD.
Early Retirement	Retirement before NRD and on or after both attaining age 55 and completing 20 years of vesting service.
Postponed Retirement	Retired after NRD.
Deferred Vested	Termination for reasons other than death or retirement after completing five years of vesting service.
Disability Retirement	No special benefits are payable.
Pre-retirement survivor annuity coverage	Married participants who were married for the 12-month period immediately prior to the Participant's date of death.
Postretirement survivor annuity coverage	Participants who have terminated employment but are eligible for a Vested Benefit who die prior to commencement of that benefit.

Monthly Benefits Paid Upon the Following Events

Normal Retirement	Monthly pension benefit determined as of NRD
Early Retirement	Monthly pension benefit determined as of date of early retirement. Pension is reduced actuarially for each month that commencement of benefits precedes NRD. Actuarial adjustments are based on a 7.00% interest rate and the 1983 Unisex Group Annuity mortality table.
Postponed Retirement	Monthly pension benefit determined as of actual retirement date.
Termination With deferred vested benefit	Monthly pension benefit determined as of termination date, payable at age 65.
Pre-retirement survivor annuity coverage	50% of the monthly pension benefit, determined at later of the date of death or 55 th birthday date, actuarially reduced for early commencement. Benefit commences at the later of the participant's death or the date the participant would have been age 55 and is paid for the lifetime of the spouse. Actuarially reduced benefits are payable as of the first of the month following the date of death.
