NOTE A - DESCRIPTION OF THE PLAN

The following description of the Upstaging, Inc. 401(k) Savings Plan (the Plan) provides only general information. Interested parties should refer to the plan document for a more complete description of the Plan's provisions.

1. General

   The Plan is a defined contribution and 401(k) plan covering eligible employees of Upstaging, Inc. (the Company). Employees are eligible to contribute to the Plan on the first day of a calendar quarter upon attaining age 18 and either upon completion of 500 hours of service within six consecutive months from employment commencement date or upon completion of 1,000 hours of service within a twelve month period (see Note J). Participants are eligible for discretionary Company matching contributions upon completion of 1,000 hours of service and being employed on the last day of the plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions

   The Plan is funded by voluntary contributions of participants and discretionary matching contributions of the Company. Participants may contribute to the Plan, through regular payroll deductions, an amount subject to limitations imposed by the Internal Revenue Code. Participants may also roll over amounts representing distributions from other qualified employee benefit plans. The Company accrued discretionary matching contributions of $52,891 to the Plan for the year ending December 31, 2010.

3. Investment Options

   Participants must direct their salary deferral contributions and the Company's contributions into a variety of investment funds made available and determined by the Plan Administrator. Participants may change their investment options at any time.

NOTE A - DESCRIPTION OF PLAN (Continued)

4. Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's discretionary matching contributions, and an allocation of plan earnings. The Company's discretionary matching contribution is allocated based on a percentage of the participant's contribution. Plan earnings are allocated to participants' accounts in direct proportion to their respective account balances, based on the performance of participants' investment selections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

5. Vesting

Participants are immediately fully vested in participant and rollover contributions plus the actual earnings thereon. The portion of the participants' accounts attributable to the Company's contributions becomes 20% vested after two years of service and continues to vest at the rate of 20% for each successive year until 100% vested after six years of service. In the event of death, disability, or retirement at designated ages, participants become fully vested.

6. Payment of Benefits

On termination of service, a participant may elect to receive a single, lump-sum payment equal to the value of his or her vested account balance or a direct rollover distribution. Hardship withdrawals are also permitted by the Plan.

7. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants are permitted to take loans from the Plan up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. The loans are collateralized by the borrowers' respective vested account balances and bear interest at 4.25% to 9.25%. Principal and interest are paid by check over a period not to exceed five years, unless for the purchase of a primary residence. Related interest income totaled $4,747 for the year ended December 31, 2010.

NOTE A - DESCRIPTION OF PLAN (Continued)

8. Administrative Expenses

Administrative expenses of the Plan are paid by the Company and the Plan. Administrative expenses paid by the Company totaled approximately $2,500 for the year ended December 31, 2010. From time to time, the Plan Sponsor may incur additional Plan expenses at their discretion.

9. Forfeitures

At December 31, 2010 and 2009 (compiled), unallocated plan assets resulting from forfeited nonvested accounts were insignificant. These accounts will be used to reduce future discretionary Company contributions or pay the Plan's administrative expenses. Forfeitures of $740 were used to reduce the Plan's administrative expenses and forfeitures of $131 were used to reduce Company contributions during 2010.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

2. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

Level 1	Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include the following: * Quoted prices for similar assets or liabilities in active markets; * Quoted prices for identical or similar assets or liabilities in inactive markets; * Inputs other than quoted prices that are observable for the asset or liability; * Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's investments measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009 (compiled).

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year-end.

Common collective trust: Valued at the contractual terms and market values of the underlying investments, which approximates fair value.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2010 and 2009 (compiled).

3. Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Unrealized gains or losses from appreciation or depreciation of investments are recognized as increases or decreases in net assets available for benefits.

4. Use of Estimates

In preparing the Plan's financial statements, management is required to make estimates and assumptions that affect the reported amounts of net assets, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

5. Payment of Benefits

Benefits are recorded when paid.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

6. Accounting for Uncertainty in Income Taxes

Plan management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

7. New Accounting Pronouncement

In September 2010, the FASB issued Accounting Standards Update 2010-25, *Plan Accounting – Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans,* which provides guidance on how loans to participants should be classified and measured by defined contribution plans. This update requires that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. This update was adopted for the year ended December 31, 2010, and retrospectively applied to December 31, 2009 (compiled). There was no impact on the net assets of the Plan as of December 31, 2010 or 2009 (compiled), as a result of the adoption.

NOTE C - INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Investments and notes receivable from participants held at December 31, 2010 and 2009 (compiled), net appreciation in value of investments, and interest and dividends for the year ended December 31, 2010, were obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Glenview State Bank, the trustee. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the trustee.

NOTE C - INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS (Continued)

The following table presents the fair value of the investments and notes receivable from participants in the Plan. Individual amounts representing more than 5% of the Plan's net assets as of December 31, 2010 and/or 2009 (compiled) are separately identified.

NOTE D - INCOME TAX STATUS

The Plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable provisions of the Internal Revenue Code.

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become fully vested in their respective account balances.

NOTE F - MARKET RISK

The value of the Plan's investments is subject to market risk associated with potential fluctuations in the values of the underlying securities. Fluctuations in the market value of the Plan's investments could be material to the financial statements.

NOTE G - RELATED-PARTY TRANSACTIONS

Plan investments are managed by Glenview State Bank. Glenview State Bank is the trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each investment.

NOTE H - RECONCILIATION OF AUDITED FINANCIAL STATEMENTS TO FORM 5500

The following are reconciliations of net assets available for benefits and net increase in net assets available for benefits from these financial statements to the Form 5500. The reconciliation items are a result of the fact that the timing of deemed distributions varies between the financial statements and the Form 5500. The financial statements are required to be prepared in accordance with accounting principles generally accepted in the United States of America, whereas, the Form 5500 is required to be prepared in accordance with IRS guidelines.

NOTE I - PROHIBITED TRANSACTIONS

The Plan Sponsor failed to deposit participant contributions within the required timeframe as stated by the United States Department of Labor (DOL). The DOL considers late deposits to be prohibited transactions as disclosed in the accompanying supplemental information. Subsequent to year end, the Plan Sponsor corrected these deficiencies by remitting $5,200 to the Plan for lost earnings on the untimely contributions and loan repayments.

NOTE J - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through December 15, 2011, the date that these financial statements were available to be issued. Plan management has determined that no events or transactions, other than the items described further below and in Note I, have occurred subsequent to the statement of net assets available for benefits date that require disclosure in the financial statements.

Effective April 1, 2011, the Plan was amended to change employee eligibility requirements. Interested parties should refer to the plan document for a more complete description of the Plan's provisions.

In December 2011, the IRS completed an audit of the Plan. In accordance with the terms of the IRS audit conclusion letter, the Company contributed $128,188 to the Plan in December 2011. This amount has been included on the statement of net assets available for benefits as other employer contributions receivable, and included on the statement of changes in net assets available for benefits as other employer contributions.
