Independent Auditors' Report

To the Administration Committee and the Participants of the
Lattimore Materials Company 401(k) Plan
Addison, Texas

We were engaged to audit the accompanying statements of net assets in liquidation available for benefits of the Lattimore Materials Company 401(k) Plan (the "Plan") as of May 31, 2011 and the related statement of changes in net assets in liquidation available for benefits for the period ended May 31, 2011 (from January 1, 2011 through May 31, 2011). In addition, we were engaged to audit the statement of net assets available for benefits as of December 31, 2010. These financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by ING Life Insurance and Annuity Company, the custodian for the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that ING Life Insurance and Annuity Company held the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the custodian as of May 31, 2011 and December 31, 2010 and for the period ended May 31, 2011, that the information provided to the Plan administrator by the Custodian is complete and accurate.

As discussed in Notes 2 and 7 to the financial statements, the Board of Directors of Lattimore Materials Company, the Plan's Sponsor, voted on March 4, 2011 to terminate the Plan. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the ongoing plan basis used in presenting the 2010 financial statements to the liquidation basis used in presenting the 2011 financial statements.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Lattimore Materials Company 401(k) Plan

Notes to Financial Statements

1. Plan Description

The following description of the Lattimore Materials Company 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by the Board of Directors of Lattimore Properties, Inc. and related entities (the "Company", "Employer" or "Lattimore") on August 1, 1993. The Plan is intended to conform to, and qualify, under Section 401 and 501 of the Internal Revenue Code of 1986 ("IRC"), as amended. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan Sponsor was acquired in 2011 and shortly thereafter the Plan was terminated. As further discussed in Notes 2 and 7 to the financial statements, the Board of Directors of Lattimore Materials Company, the Plan's Sponsor, voted on March 4, 2011 to terminate the Plan. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the ongoing plan basis used in presenting the 2010 financial statements to the liquidation basis used in presenting the 2011 financial statements.

Administration

ING Life Insurance and Annuity Company (the "Custodian") has been retained to provide custodial and recordkeeping services for the plan.

Eligibility

An employee is eligible to participate in the Plan if such employee is an eligible employee of Lattimore Properties, Inc. or a related entity, has attained the age of 21 and completed one year service.

Contributions

Participants may contribute up to 100% of their annual compensation, subject to Internal Revenue Service limitations, with the contributions and earnings thereon being nontaxable until withdrawn from the Plan. Participants who are age 50 or older can make additional pre-tax contributions known as "Catch-Up Contributions", subject to certain limitations.

Effective for the pay date beginning on July 17, 2009 the Company made weekly contributions to the plan equal to 10% of each participant's pre-tax contribution, which should not exceed \$250 annually.

Notes Receivable from Participants

Notes receivable from participants are stated at cost, which approximates fair value. Participants may borrow from their vested fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as transfers between the investment fund and the participant loan. Loan terms range from 1 to 5 years with the exception of loans used for the purchase of a principal residence. These principal

Lattimore Materials Company 401(k) Plan

Notes to Financial Statements

residence loans can be for a period of up to thirty years. There were no loans outstanding as of May 31, 2011. Principal and interest are paid ratably through automatic payroll deductions.

Vesting

Participants immediately vest in their salary deferral contributions plus allocated earnings thereon. Participants vest in Employer contributions as follows:

Years of Credited Service	Percentage Vested
Less than 1	0%
1	10%
2	30%
3	50%
4	70%
5	90%
6 or more	100%

All Employer contributions vest immediately upon a participant's death, disability, or attainment of the normal retirement age, as defined by the Plan agreement. Employer contributions also vest upon Plan Termination. Therefore as of May 31, 2011 all employees were 100% vested in employer contributions.

Payment of Benefits

Upon termination of service, due to death, disability, retirement or separation of service, a participant may receive the vested account balance in a lump-sum distribution or by installments. In-service withdrawals are allowed under certain circumstances in accordance with the Plan.

Forfeitures

Forfeitures by non-vested participants are used to reduce future Company contributions and to pay administrative expenses. The amount of the unvested contributions forfeited for the period ended May 31, 2011 was \$2,039, of which all were used to offset Employer contributions.

Administrative Expenses

Substantially all administrative costs are paid for by the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America. As a result of the Plan's termination as described in Note 7, the Plan changed its basis of accounting from the ongoing plan basis to the liquidation basis for periods after December 31, 2010. The liquidation basis of accounting presents assets at amounts expected to be realized in liquidation and liabilities at amounts expected to be paid. At May 31, 2011 there is no material difference

Lattimore Materials Company 401(k) Plan

Notes to Financial Statements

between amounts presented on the liquidation basis and those that would have been presented on the ongoing plan basis.

New Accounting Pronouncements

In January 2010, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Codification ("ASC") Update 2010-06, "Fair Value Measurements and Disclosures (Topic 820) - Improving Disclosures about Fair Value Measurements". This guidance requires: (i) separate disclosure of significant transfers between Level 1 and Level 2 and reasons for the transfers; (ii) disclosure, on a gross basis, of purchases, sales, issuances, and net settlements within Level 3; (iii) disclosures by class of assets and liabilities; and (iv) a description of the valuation techniques and inputs used to measure fair value for both recurring and nonrecurring fair value measurements. This guidance is effective for reporting periods beginning after December 15, 2009, except for the Level 3 disclosure requirements, which will be effective for fiscal years beginning after December 15, 2010 and interim periods within those fiscal years. The adoption of this guidance did not have a material impact on the Plan's financial statements.

In September 2010, the FASB issued Accounting Standards Update ("ASU") No. 2010-25, Reporting Loans to Participants by Defined Contribution Pension Plans. The ASU requires that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus accrued but unpaid interest. ASU 2010-25 is effective retrospectively for fiscal years after December 15, 2010, with early adoption permitted. The Plan adopted and retrospectively applied ASU 2010-25 as of January 1, 2010. Upon adoption, there was no material impact to the Plan.

In May 2011, the FASB issued ASU 2011-04, Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs (ASU 2011-04). ASU 2011-04 amended ASC 820, Fair Value Measurements and Disclosures, to provide a consistent definition of fair value and improve the comparability of fair value measurements presented and disclosed in financial statements prepared in accordance with U.S. GAAP and IFRSs. Some of the amendments clarify the application of existing fair value measurement and disclosure requirements, while other amendments change a particular principle or requirement for measuring fair value or disclosing information about fair value measurements. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. Plan management is currently evaluating the effect that the provisions of ASU 2011-04 will have on the Plan's financial statements.

Investment Valuation and Income Recognition

Plan investments are reported at fair value which is determined based upon quoted market prices or using observable market based inputs, other than quoted market prices, for similar investments. Funds are valued on a daily basis. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end. The fair value per unit of investments in common trusts is determined by each fund's trustee based on the fair value of the underlying securities within that fund. The relevant accounting standard for defined contribution plans defines the circumstances in which an investment contract is considered fully benefit-responsive and provides certain reporting and disclosure requirements for fully benefit-responsive investment contracts in defined contribution plans.

Lattimore Materials Company 401(k) Plan

Notes to Financial Statements

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make certain estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from such estimates.

Payment of Benefits

Benefits are recorded when paid.

Contributions and Contributions Receivable

Contributions are recorded on the accrual method of accounting. Contributions receivable are obligations arising from amounts owed to the Plan from Participants or the Employer that have not been included in the Plan's investments at year end. Contributions receivable are recorded at cost, which approximates their fair value. No contribution receivables were outstanding at May 31, 2011 while \$27,292 were outstanding at December 31, 2010.

Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

3. Information Certified by the Custodian

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following data included in the accompanying financial statements is complete and accurate.

- Net investment income and interest on notes receivable, as reflected in the Statement of Changes in Net Assets Available for Plan Benefits for the period ended May 31, 2011 as follows:

<i>Period ended May 31,</i>		2011
Net appreciation in investments	\$	439,415
Interest and dividends	\$	21,596
Interest income from notes receivable from participants	\$	8,843

- Investment values disclosed in Note 4;
- Investment information disclosed in Note 5; and

Lattimore Materials Company 401(k) Plan

Notes to Financial Statements

The Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to this certified information, except for comparing such information to the related information included in the financial statements.

4. Fair Value Measurements

ASC 820 "Fair Value Measurements" establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 - Inputs include unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs include (1) quoted prices for similar assets or liabilities in active markets, (2) quoted prices for similar assets or liabilities in inactive markets (3) inputs other than quoted prices that are observable or (4) inputs derived principally from or corroborated by observable market data by correlation or other means.

If the assets or liability has a specified or contractual term, the Level 2 input must be observable for substantially the full term of the assets or liability.

Level 3 - Inputs are unobservable and significant to the fair value measurement.

The assets' or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of May 31, 2011 and December 31, 2010. The plan had no liabilities that are required to be recorded at fair value at May 31, 2011 and December 31, 2010, respectively.

The following is a reconciliation of the beginning and ending balances, including total gains (losses), realized and unrealized, for the Level 3 investments as of and for the period ended May 31, 2011.

Period Ended May 31, 2011					
	Beginning Balance	Net Purchases	Net Sales	Gains (Losses)	Ending Balance
Guaranteed Interest Account	\$ 2,941,246	62,038	(3,024,880)	21,596	\$ -

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value.

Mutual funds

Valued at the net asset value of shares held by the Plan at period end.

Guaranteed Interest Account

Fair value of the Fixed Account which consists of an underlying non-benefit responsive GIC owned by the Plan is calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Lattimore Materials Company 401(k) Plan

Notes to Financial Statements

5. Investments

The following investments represent 5% or more of the Plan's net assets at May 31 and December 31, respectively:

	2011	2010
Growth Fund of America, mutual fund	\$ -	\$ 1,202,500
Loomis Sayles SC Value-Retail Class, mutual fund	-	1,175,562

Total investments above 5%	-	10,656,965
Total investments below 5%	-	1,557,705
	\$ -	\$ 12,214,670

During the period ended May 31, 2011, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$439,415.

6. Guaranteed Interest Account

The Plan invests in a non benefit-responsive guaranteed interest account with ING. ING maintains the contributions in a general account. The account is credited with a guaranteed and fixed rate of return. The guaranteed interest account is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan by ING. The guaranteed interest account is non benefit-responsive, thus fair value is the relevant measurement attribute.

The guaranteed interest account promises contract value for a benefit event, such as a termination, death, disability or retirement. However, there is a market value adjustment, which is also called a surrender charge, when funds are withdrawn prior to their maturity or for a non-benefit event, such as a withdrawal from the account for a change in investment option. The guaranteed interest account does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The guaranteed interest account earned a rate of return of 1% in 2011. Maturities ranged from 0 to 12 months. The guaranteed interest contracts are not fully benefit responsive and are stated at fair value.

Lattimore Materials Company 401(k) Plan

Notes to Financial Statements

7. Plan Termination

In 2011, the Plan Sponsor was acquired by an outside entity. It was determined after the acquisition to terminate the Plan and on May 31, 2011, the Plan was liquidated. Upon termination, all participants became 100% vested in Employer Contributions and all Plan assets were distributed to the participants.

8. Related Party Transactions

Certain Plan investments are managed by ING, the Custodian of the Plan, as defined by the Plan, and therefore these transactions qualify as party-in-interest transactions.

9. Federal Income Tax Status

The Plan received a favorable determination letter dated November 7, 2001 regarding its status under Section 401(k) of the IRC as amended and is, therefore, exempt from federal income taxation. The Plan has not filed for its own determination letter. However, Plan management believes that the Plan is designed and is currently being operated in compliance with the applicable sections of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by federal, state and/or local tax authorities. The Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of May 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at May 31, 2011 and December 31, 2010 to Form 5500:

<i>May 31 and December 31, respectively</i>	2011	2010

11. Subsequent Events

In the preparation of its financial statements, the Plan considered subsequent events through November 8, 2011, which was the date the Plan's financial statements were available to be issued.
