December 9, 2011

To the Board of Trustees
Matson, Driscoll and Damico LLP
Money Purchase Plan and Trust

We have conducted a DOL limited-scope audit of the financial statements of Matson, Driscoll and Damico LLP Money Purchase Plan and Trust for the year ended April 30, 2011, and have issued our report thereon dated December 9, 2011. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements taken as a whole. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you dated November 1, 2011. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Matson, Driscoll and Damico LLP Money Purchase Plan and Trust are described in Note 2 to the financial statements. In 2011, the Plan adopted the reporting and disclosure requirements related to participant loans for defined contribution pension plans as issued in Accounting Standards Codification No. 962, *Plan Accounting – Defined Contribution Pension Plans*. The Plan also adopted the fair value disclosure requirements related to recurring and nonrecurring fair value measurements as issued in Accounting Standards Codification No. 820, *Fair Value Measurements and Disclosures*. The application of existing accounting policies was not changed during 2011. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. There are no accounting estimates that are particularly sensitive because of their significance to the financial statements or because of the possibility that future events affecting them may differ significantly from those expected.

The disclosures in the financial statements are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely adjustments identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. There were no adjustments identified during the audit.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated December 9, 2011.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

2010 Fee and Compensation Disclosure Report

This document is intended to assist a plan administrator (“you”) in understanding the fees and compensation associated with your plan. If your plan is required to complete a *Form 5500 Schedule C*, this report identifies the different types of reportable compensation paid with respect to the Hartford product utilized by the retirement plan.

As permitted under the Schedule C reporting rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate, or a formula or rate.

- Where it is an actual dollar amount, no further notation is provided.
- Where it is an estimate, we have used a reasonable method to arrive at the estimate and described the method used to arrive at the estimated amount.
- Where a formula or rate is provided, the formula may be disclosed under the Schedule C reporting rules. Alternatively, for purposes of Schedule C or for your fiduciary review of the compensation paid with respect to the plan’s product, you may calculate an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies. Thus, much of the compensation information being provided can be expressed in the form of a formula.

Please note that all compensation is being reported for the 2010 calendar year. This report includes compensation actually paid to or by The Hartford within the 2010 calendar year as part of your Hartford product. This report does not include amounts deducted from plan assets and paid to third parties (other than The Hartford). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here directly from other service providers.

Please note that we have provided suggested service codes with respect to services provided through our Hartford product. These service codes are listed in the 2010 Instructions for Schedule C (Form 5500). Please review with your experienced benefits counsel and other professionals to determine the most appropriate service codes for your plan.

Please contact your Hartford Client Service Team should you require additional information regarding the compensation paid to or by The Hartford with respect to your plan.

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice or accounting or other professional services. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
Matson, Driscoll & Damico, LLP
Money Purchase Plan and Trust

We were engaged to audit the accompanying statements of net assets available for benefits of MATSON, DRISCOLL & DAMICO LLP MONEY PURCHASE PLAN AND TRUST as of April 30, 2011 and 2010, and the related statement of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Reliance Trust Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of and for the years ended April 30, 2011 and 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

As further discussed in Note 1 to the financial statements, the Board of Trustees of Matson, Driscoll & Damico, LLP voted to terminate the Plan. In accordance with accounting principles generally accepted in the United States of America, the Plan changed its basis of accounting from the ongoing plan basis used in presenting the 2010 financial statements to the liquidation basis used in presenting the 2011 financial statements.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under Employee Retirement Income Security Act of 1974.

MATSON, DRISCOLL & DAMICO, LLP
MONEY PURCHASE PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the Matson, Driscoll & Damico, LLP Money Purchase Plan and Trust (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

Plan Termination – On November 30, 2007, the Plan was frozen. No more contributions will be made. Participants were responsible for directing the investments starting January 2008. On April 1, 2011, the Plan was terminated. Upon termination, all participants become fully vested. As approved by the Plan's Board of Trustees, all Plan assets were transferred into the Matson, Driscoll & Damico, LLP Profit Sharing Plan.

General – The Plan is a defined contribution plan covering substantially all full-time employees of Matson, Driscoll & Damico, LLP (the Partnership), and provides for retirement benefits to all participants.

Participant Accounts – Each participant's account was credited with the employer contribution and allocation of Plan earnings. Allocations were based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The Plan provides the participants to direct the balances in their accounts in various investment funds.

Vesting – Prior to the Plan termination, a participant had a vested interest in his employer contribution account according to the following vesting schedule:

<u>Years of Service</u>	<u>Vested Interest</u>
Less than two	0%
Two but less than three	20%
Three but less than four	40%
Four but less than five	60%
Five but less than six	80%
Six or more	100%

Forfeited Accounts – At April 30, 2011 and 2010, forfeited nonvested accounts totaling \$0 and \$683, respectively, will be used to reduce employer contributions or to pay administrative expenses.

Participant Notes Receivable – Participants may borrow from their fund accounts up to 50% of their vested account balance but no more than \$50,000 subject to certain limitations. The loans shall bear a reasonable rate of interest and are subject to certain restrictions as further defined in the Plan. All loans shall be repaid under a fixed schedule in substantially equal installments over a period not to exceed five years. No loans were outstanding as of April 30, 2011 and 2010.

MATSON, DRISCOLL & DAMICO, LLP
MONEY PURCHASE PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

1. Description of Plan (Cont.)

Benefits – Payment of benefits shall commence after the valuation date in which the latest of the following occurs:

- Participant's 65th birthday or normal retirement age;
- The 10th anniversary of the year in which the participant commenced participation after having reached his/her 60th birthday;
- The participant's termination of employment.

Beneficiaries were entitled to 100% of the participant's account balance upon death or disability, as defined.

Retirement – Normal retirement age was the date on which the participant attained age 65.

2. Summary of Significant Accounting Policies

Basis of Accounting – During the year ended April 30, 2011, the Plan was terminated. Due to the decision to terminate the Plan, the basis of presentation for the financial statements was changed from an ongoing basis used to present the 2010 financial statements to the liquidation basis of accounting used to present the 2011 financial statements.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Shares of the common/collective trust held with Bank of America are stated at estimated fair value which represents the net asset value of shares held by the Plan at year-end. Bank of America computed market value of the trust based upon quoted market prices of the underlying securities held by the trust. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan provides for investments that, in general, are exposed to various risks such as interest rates, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amount reported in the statement of net assets available for benefits.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits – Benefits are recorded when paid.

MATSON, DRISCOLL & DAMICO, LLP
MONEY PURCHASE PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

2. Summary of Significant Accounting Policies (Cont.)

Operating Expenses – Expenses paid on behalf of the Plan for legal, accounting and other administrative expenses are paid by the plan sponsor in accordance with the plan document.

Fair Value Measurements – In January 2010, the Financial Accounting Standards Board (FASB) issued guidance in Accounting Standards Codification No. 820, *Fair Value Measurements and Disclosures*, amending the disclosure requirements related to recurring and nonrecurring fair value measurements. The guidance requires new disclosures on the transfers of assets and liabilities between fair value measurement hierarchy levels, including the reasons for and the timing of the transfers. The new accounting guidance also clarifies existing disclosure requirements regarding the level of disaggregation of fair value measurements and disclosure of significant inputs and valuation techniques utilized. The Plan adopted these disclosure requirements in 2011.

Reporting Participant Loans – In September 2010, the FASB issued guidance in Accounting Standards Codification No. 962, *Plan Accounting – Defined Contribution Pension Plans*, amending the reporting and disclosure requirements related to participant loans for defined contribution pension plans. The guidance requires that loans issued to participants be reported as notes receivable, segregated from plan investments, and be measured at their unpaid principal balances plus any accrued but unpaid interest. This guidance was effective for reporting periods ending after December 15, 2010, and is to be applied retrospectively to all periods presented. Adoption had no effect on the Plan's net assets available for benefits.

Notes Receivable from Participants – Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions.

3. Investment Certification

The plan committee has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the trustee for the Plan, has certified to the completeness and accuracy of all investments, at fair value, reflected on the accompanying statements of net assets available for benefits as of April 30, 2011 and 2010, and investment income and the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended April 30, 2011 and 2010.

MATSON, DRISCOLL & DAMICO, LLP

4. Investments

Investments that represent 5% or more of the Plan's net assets are presented below:

	<u>2011</u>	<u>2010</u>
Registered investment companies:		
Retirement 2010 Fund	\$ *	\$ 1,099,480
Retirement 2020 Fund	*	675,298
Retirement 2030 Fund	*	1,738,344
Retirement 2040 Fund	*	644,574
Common/collective trust:		
Stable Asset Fund	*	358,146

*Less than 5%

During the years ended April 30, 2011 and 2010, the Plan's investments in registered investment companies (including investments bought, sold, as well as held during the year) appreciated in fair value by \$598,648 and \$1,245,175, respectively.

5. Related Party Transactions

Historically, the Plan's investments were held and managed by the trustee of the Plan. These transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan during 2011 for legal, accounting, and other professional services rendered by parties-in-interest were based on customary and reasonable rates for such services.

6. Tax Status

The Plan obtained its latest determination letter on February 22, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

7. Fair Value Measurements

Generally accepted accounting principles provide a uniform framework for the definition, measurement and disclosure of fair value measurements. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price), in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. The financial accounting standards establish a fair value hierarchy which requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The financial accounting standards describe three levels of inputs that may be used to measure fair value.

MATSON, DRISCOLL & DAMICO, LLP
MONEY PURCHASE PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS

7. Fair Value Measurements (Cont.)

- Level 1:* Quoted market prices (unadjusted) for identical assets or liabilities in active markets that the plan has the ability to access as of the measurement date.
- Level 2:* Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted market prices in markets that are not active, and other inputs that are observable or can be corroborated by observable market data.
- Level 3:* Significant unobservable inputs that reflect the plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at April 30, 2011 and 2010.

The fair value of registered investment companies and publicly traded equities is determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The net asset value of the common/collective trusts is based on the market value of its underlying investments. This fund contains synthetic investment contracts comprised of both underlying investment and contractual components which have observable Level 1 and Level 2 pricing inputs, including quoted prices for similar assets in active and non-active markets.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
