Board of Trustees
Meritas 401(k) Plan

We were engaged to audit the accompanying statement of net assets available for benefits of the Meritas 401(k) Plan (formerly known as The Village School Employees Savings and Retirement Plan) (the "Plan") as of December 31, 2010, the related statement of changes in net assets available for benefits for the year then ended, and the supplemental schedules as of or for the year ended December 31, 2010, as listed in the accompanying table of contents. These financial statements and supplemental schedules are the responsibility of the Plan's management. The financial statements of the Plan as of December 31, 2009, were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to information certified by the custodian. Their report, dated October 15, 2010, indicated that (1) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (2) the form and content of the information included in the financial statements, other than that derived from the information certified by the custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in note C, which was certified by American United Life Insurance Company ("AUL"), an asset custodian of the Plan, except for comparing such information with the related information included in the 2010 financial statements and supplemental schedules. We have been informed by the Plan administrator that AUL holds certain certified Plan assets and executes certain related transactions. The Plan administrator has obtained a certification from AUL as of and for the year ended December 31, 2010, that the information provided to the Plan administrator by AUL is complete and accurate.

Because of the significance of the information in the Plan's 2010 financial statements and supplemental schedules that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2010 financial statements and supplemental schedules taken as a whole. The form and content of the information included in the 2010 financial statements and supplemental schedules, other than that derived from the information certified by AUL, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Meritas 401(k) Plan (formerly known as The Village School Employees Savings and Retirement Plan) (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was formed and adopted by The Village School, L.P. (the "Village") effective July 1, 1989. In 2007, Village was acquired by Meritas, LLC (the "Company"). The Plan name was changed to Meritas 401(k) Plan effective April 1, 2010. The Plan is a defined contribution plan covering all employees of the Company who are age 20-1/2 years or older, with no service requirement. The Plan is also a salary reduction plan, or 401(k) plan, and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Transfer into Plan - On March 31, 2010, the following Plans merged into the Plan.

- Lake Mary 401(k) Plan with assets of approximately $250,000
- Green Valley Schools LLC 401(k) Retirement Plan with assets of approximately $850,000
- Collegiate Prep Schools LLC 401(k) Plan with assets of approximately 800,000
- Rancho Solano Private Schools 401(k) Profit Sharing Plan with assets of approximately $1,800,000

On August 31, 2010, the Meritas LLC 401(K) Plan, with assets of approximately $4,500,000 merged into the Plan.

Approximately $8,200,000 of assets were transferred into the Plan from the above mergers.

Contributions

Each year, participants may contribute up to 75% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company has the right to make additional discretionary contributions. For the year ended December 31, 2010, the discretionary Company contribution was approximately $388,000. Contributions are subject to certain limitations.

Rollovers

Any employee may roll over funds from prior qualified employer retirement plans after meeting eligibility requirements for participation in the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of (1) the Company's contribution and (2) Plan earnings. Allocations are based on participant earnings or account balances, as defined. Participants direct the investment of their contributions into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A - DESCRIPTION OF THE PLAN - Continued

Plan Investment Options

The Plan currently offers an insurance investment contract with American Life Insurance Company ("AUL or the "Custodian"), which includes a guaranteed investment contract or general account (AUL Fixed Fund) and a pooled separate investment account with investment options for participants.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is ratably vested over six years of credited service.

Forfeitures

Forfeitures represent the portion of non-vested benefits remaining from employees who have withdrawn from the Plan before becoming fully vested. At December 31, 2010, outstanding forfeited non-vested accounts totaled approximately $63,000. There was no forfeited non-vested account balance at December 31, 2009. In 2010, forfeitures of approximately $1,400 were used to pay administrative fees.

Administrative Expenses

Certain expenses incurred in the administration of the Plan are paid directly by the Company.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or $50% of their account balance, whichever is less. A participant cannot have more than two outstanding loans at any given time. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined by the Plan administrator and fixed as of the loan origination date. Principal and interest are paid ratably, through payroll deductions, over a period generally not exceeding five years from the date of the loan.

Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or in the form of a life or joint and survivor annuity. For termination of service for other reasons and for amounts less than $5,000, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

As described in Financial Accounting Standards Board ("FASB") guidance, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The guidance requires the statements of net assets available for benefits to present the fair value of the investment in the insurance contract as well as the adjustment of the investment in the insurance contract from fair value to contract value as of December 31, 2010 and 2009. The statements of changes in net assets available for benefits are prepared on a contract-value basis. The contract value of the Plan's benefit-responsive investment contract (AUL Fixed Account) approximates fair market value for the years ended December 31, 2010 and 2009, as reported by AUL.

Adoption of New Accounting Guidance

In January 2010, the FASB amended the fair value measurements and disclosures guidance by adding new disclosure requirements for Level 1 and Level 2, separate disclosures of purchases, sales, issuances and settlements relating to Level 3 measurements, and clarification of existing fair value disclosures. This amended guidance is effective for periods beginning after December 15, 2009, except for the requirement to provide Level 3 activity of purchases, sales, issuances and settlements on a gross basis, which will be effective for fiscal years beginning after December 15, 2010. The guidance did not have a material impact on the financial statements.

In September 2010, the FASB issued guidance clarifying the classification and measurement of participant loans by defined contribution pension plans. That guidance requires that participant loans be classified as notes receivable from participants and measured at their unpaid principal balance, plus any accrued but unpaid interest. The plan adopted this new guidance in its December 31, 2010 financial statements and has reclassified participant loans of $90,972 for the year ended December 31, 2009, from investments to notes receivable from participants. Net assets of the plan were not affected by the adoption of the new guidance.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes gains and losses on investments bought and sold as well as held during the year.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Benefit Payments

Benefit payments to participants are recorded upon distribution.

Plan Expenses

A participant with a loan is directly charged a processing fee upon origination of the loan. Other administrative costs of the Plan charged by AUL are generally paid by the Company.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE C - INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, American United Life Insurance Company ("AUL") has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, except for the SEI Stable Asset Fund, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2010 and 2009.

- Investment income and interest income on notes receivable form the participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2010.

- Schedule H, line 4i - schedule of assets (held at end of year), except for the SEI Stable Asset Fund, as of December 31, 2010.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE D - INVESTMENTS

NOTE E - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, "*Fair Value Measurements and Disclosures*," establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology, including the following:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTE E - FAIR VALUE MEASUREMENTS - Continued

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Pooled separate accounts - Valued at the net asset value provided by the administrator of the fund. The net asset value is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. Investments are traded on a daily basis and there is no restriction on redemptions.

Mutual funds - Valued at the net asset value of shares held by the Plan at year-end.

Guaranteed investment contract - Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2010			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts				
International (a)	$ -	$195,140	$ -	$ 195,140
Growth (b)	-	140,039	-	140,039
Value (c)	-	649,796	-	649,796
Index (d)	-	57,062	-	57,062
Asset Allocation (e)	-	10,298,333	-	10,298,333
Stable Value (f)	-	164,698	-	164,698
Guaranteed investment contract	-	-	995,016	995,016
	$	$11,505,068	$995,016	$12,500,084

(a) The international fund invests primarily in international equity securities.
(b) Growth fund invests in common stocks and other equity securities in the emerging markets to provide opportunity for a strong investment return.

NOTE E - FAIR VALUE MEASUREMENTS - Continued

(c) Value funds invest at least 80% of assets in common stocks and other equity securities in U.S. companies with very large market capitalization. They may invest in securities of small companies that offer growth potential.
(d) Index funds invests in equity securities to mirror the performance of public indices.
(e) Asset allocation funds provide investment returns in line with retirement age.
(f) The stable value fund seeks a steady investment return through investments in guaranteed investment contracts.

The following table includes a summary of changes in the fair value of the Plan's assets at fair value as of December 31:

	2009			
	Level 1	Level 2	Level 3	Total
Mutual funds	$2,576,585	$ -	$ -	$2,576,585
Guaranteed investment contract	-	-	550,224	550,224
	$2,576,585	$ -	$550,224	$3,126,809

Level 3 Gains and Losses

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2010:

	Guaranteed investment contract
Balance, beginning of year	$550,224
Purchases, sales, issuances and settlements, net	444,792
Balance, end of year	$995,016

NOTE F - INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 1989, the Plan entered into an unallocated group annuity contract with AUL. AUL maintains the contributions in both a general account (AUL Fixed Fund) and investments options of the Plan.

The benefit-responsive general account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The general account is included in the financial statements at contract value as reported to the Plan by AUL. Contract value represents contributions made to the general account, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

NOTE F - INVESTMENT CONTRACT WITH INSURANCE COMPANY - Continued

As described in note B, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guarantee investment contract.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value, which approximates fair value, of the general account at December 31, 2010 and 2009, was $995,016 and $550,224, respectively. The average yield and crediting interest rates were approximately 4.2% and 4.1% for 2010 and 2009, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but for 2010 may not be less than 4%. Such interest rates are reviewed on an annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Liquidation of the entire contract may cause a one-time adjustment to the aggregate contract value, resulting in a fair value different from the contract value. This total liquidation is a contingent event, which cannot be initiated by the Plan participants, and can only be initiated by the Plan trustee upon termination of the Plan or complete termination of the contract. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

NOTE G - TAX STATUS

The Plan is currently under a national Internal Revenue Service ("IRS") approved prototype plan sponsored by AUL that has received a favorable determination letter dated April 17, 2002, under the applicable provisions of the Internal Revenue Code ("IRC"). Companies who adopted this plan without changes could rely on the sponsor's determination letter. The Company adopted the AUL prototype plan without any changes. However, the Plan has been amended since the latest determination letter. The Plan administrator believes that the Plan is current designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United State of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2010 and 2009, to the Form 5500:

	2010	2009
Net assets available for benefits per financial statements	$13,190,625	$3,256,711
Add excess contributions refundable to participants at end of year	11,282	1,163
Net assets available for benefits per Form 5500	$13,201,907	$3,257,874

The following is a reconciliation of the net increase per the financial statements for the year ended December 31, 2010 to the Form 5500:

Net increase prior to Plans transfer per the financial statements	$1,718,955
Add 2010 excess contributions refundable	11,282
Less 2009 excess contributions refundable	(1,163)
Net income per the Form 5500	$1,729,074

NOTE I - RELATED-PARTY TRANSACTIONS

The Company provides to the Plan certain accounting and administrative services for which no fees are charged. AUL is considered a party-in-interest, as defined by ERISA, since it provides services to the Plan as investment custodian. Fees paid to AUL from the Plan totaled approximately $3,000 for 2010.

NOTE J - DELINQUENT CONTRIBUTIONS

During the Plan year ended December 31, 2010, there were deemed loans made to the Company when participant contributions were not remitted to the trust on a timely basis. The Company has remitted the 2010 contributions to the trust. The Company has not remitted the interest to the trust for the Plan year ended December 31, 2010. The Company will repay the Plan for interest incurred on deemed loans for the 2010 Plan year in 2011.

NOTE K - SUBSEQUENT EVENTS

Plan management has determined that no material events or transactions occurred subsequent to December 31, 2010, and through December 21, 2011, the date the Plan's financial statements were available for issuance, that would require adjustments and/or additional disclosures in the Plan's financial statements.
