To the Board of Trustees
Liberty Dialysis-Hawaii, LLC 401(k) Plan
Mercer Island, Washington

We were engaged to audit the accompanying statements of net assets available for benefits of the Liberty Dialysis-Hawaii, LLC 401(k) Plan (the "Plan") as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010, and the supplemental schedule of assets (held at year end) as of December 31, 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Reliance Trust Company, the current trustee of the Plan, and JP Morgan Chase Bank, N.A., the former trustee of the Plan, except for comparing this information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the trustee holds/held the Plan's assets and executes/executed transactions. The Plan Administrator has obtained certifications from the trustees regarding the completeness and accuracy of the information summarized in Note 3 that was provided to the Plan Administrator by the current trustee as of and for the year ended December 31, 2010, and the former trustee as of December 31, 2009.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified and provided by the current and former trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

LIBERTY DIALYSIS-HAWAII, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS December 31, 2010

Note 1. Plan Description

The following description of the Liberty Dialysis-Hawaii, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Liberty Dialysis-Hawaii, LLC (the "Sponsor"). The Plan and Trust of which it is a part are intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code ("IRC") and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility: Regular employees of the Sponsor who are 21 years of age or older and regularly work at least 20 hours per week are eligible to participate in the Plan. The entry date into the Plan is the first day of any calendar month.

Contributions: Each year, participants may make salary deferral contributions in any percentage from 1% to 70% of pretax annual compensation, as defined in the Plan. Contributions are subject to certain limitations. In addition, participants may contribute rollover amounts representing distributions from other qualified defined benefit or defined contribution plans. For employees under ILWU ("Licensed Practical Nurses") and IBT ("Teamsters Union"), the Sponsor will make matching contributions on 25% of the employee deferral up to 8% of compensation. For employees under HNA ("Registered Nurses"), the Sponsor will make matching contributions on 50% of the employee deferral up to 8% of compensation. For non bargaining employees, the Sponsor will make matching contributions on 50% of the employee deferral up to 6% of compensation. The Sponsor may also, at its sole discretion, make a discretionary profit sharing contribution to the Plan. The Sponsor did not make any discretionary profit sharing contributions for the year ended December 31, 2010.

Participant accounts: Each participant's account is credited or charged with the participant's contributions, employer matching contributions, an allocation of the Sponsor's discretionary contributions, if any, transfers, withdrawals and an allocation of Plan earnings and losses. Allocations are based on a participant's account balance and the rate each participant's compensation bears to the total compensation of all participants, as defined in the Plan. The investment of each participant's trust fund is directed by the participant from the options available under the Plan.

Participants' investment options: Participants must direct their salary deferral contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options anytime throughout the year.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$500 up to a maximum of \$50,000, or 50% of their vested balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at a rate of 1% over the prime rate. Principal and interest are paid ratably through bi-weekly payroll deductions. Any outstanding balance of a loan at the time of any distribution due to death, retirement or termination of employment shall be deducted from the amount which would otherwise have been payable to the participant.

Vesting: Participants are immediately vested in their own contributions plus actual earnings thereon. Participants are also immediately vested in employer matching contributions. Participants become fully vested in discretionary contributions after 3 years of service.

Payment of benefits: Upon termination of service due to retirement or disability, a participant may elect to receive a lump sum amount equal to the value of his or her account, or monthly distributions over their life expectancy. In the event of death of the participant, the value of the account will be paid to the spouse or other named beneficiary in a lump sum or installments. In the event of termination for any reason other than retirement, death or disability, the vested account balance will become distributable to the participant. Participants may make withdrawals from the Plan in cases of hardship as defined in the Plan Document.

LIBERTY DIALYSIS-HAWAII, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS, Continued December 31, 2010

Participant forfeitures: Forfeitures related to unvested employer contributions will be used to reduce future employer contributions. Former employees can have this forfeiture reinstated if they start working again for the Sponsor, as long as the break in service does not exceed 5 years. At December 31, 2010, unallocated forfeited non-vested accounts totaled \$35,717. These accounts will be used to reduce future employer contributions.

Plan termination: Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan Termination, participants will become 100 percent vested in their accounts.

Administrative expenses: Management fees related to investments are allocated to participant's accounts and offset against gains and losses. All other expenses are paid by the Sponsor.

Note 2. Significant Accounting Policies

The Plan's significant accounting policies are as follows:

Basis of accounting: The financial statements of the Plan are prepared on the accrual method of accounting.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accrued when earned and dividend income is accrued on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan Management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Payments of benefits: Benefit payments to participants are recorded upon distribution.

Risks and uncertainties: The Plan provides for various investment options that may invest in equity, fixed income or other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk and uncertainty associated with certain investment securities, it is possible that participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits could be materially affected in the near term.

Recent accounting pronouncements: In January 2010, the Financial Accounting Standards Board (FASB) issued an amendment *Fair Value Measurements and Disclosures – Improving Disclosures about Fair Value Measurements* (ASU 2010-06) which requires new disclosures and reasons for transfers of financial assets and liabilities between Levels 1 and 2. This amendment also clarifies that fair value measurement disclosures are required for each class of financial assets and liabilities, and disclosures about inputs and valuation techniques are required for both Level 2 and Level 3 measurements. It further clarifies that the reconciliation of Level 3 measurements should separately present purchases, sales, issuances, and settlements instead of netting these changes. The guidance was effective for the Plan in 2010, except for the guidance related to Level 3 measurements, which is effective for periods beginning on or after December 15, 2010. The adoption of ASU 2010-06 did not have a material impact on the Plans' financial statements.

LIBERTY DIALYSIS-HAWAII, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS, Continued December 31, 2010

In September 2010, the FASB issued an amendment, *Plan Accounting – Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Plans* (ASU 2010-25), which provides guidance on how loans to participants should be classified and measured by defined contribution pension plans. This amendment requires that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. This amendment requires retroactive application to all periods presented. This amendment was adopted for the year ended December 31, 2010, and retroactively applied to December 31, 2009. Prior year amounts and disclosures have been revised to reflect the retrospective application of adopting this new amendment. The adoption resulted in a reclassification of participant loans totaling \$203,961 and \$95,430 from investments to notes receivable as of December 31, 2010 and 2009, respectively. There was no impact to the net assets as of December 31, 2010 or 2009 as a result of the adoption.

In May 2011, the FASB issued Accounting Standards Update (ASU) 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRSs*, (ASU 2011-04). ASU 2011-04 amended ASC 820, *Fair Value Measurements and Disclosures*, to converge the fair value measurement guidance in GAAP and International Financial Reporting Standards (IFRSs). Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. Plan management is currently evaluating the effect that the provisions of ASU 2011-04 will have on the Plan's financial statements.

Note 3. Information Certified and Provided by JP Morgan Chase Bank, N.A. and Reliance Trust Company

The following is a summary of the investment information as of December 31, 2010 and 2009, and for the year ended December 31, 2010, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the former trustee, JP Morgan Chase Bank, N.A. and the current trustee, Reliance Trust Company and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustees that information provided to the Plan Administrator by the trustees related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

NOTES TO FINANCIAL STATEMENTS, Continued December 31, 2010

Reliance Trust Company also certified to the completeness and accuracy of \$486,878 of net appreciation in fair value of investments, dividend income of \$65,864, and \$5,767 of interest on notes receivable from participants for the year ended December 31, 2010.

Note 4. Fair Value Measurements

The FASB codification provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritized the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the plan at year end.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5. Tax Status

The Trust established under the Plan to hold the Plan's assets is qualified pursuant to section 401(k) of the Internal Revenue Code ("IRC") and accordingly, the trust's net investment income is exempt from income tax.

Effective February 1, 2006, the Plan adopted a standardized form of a prototype plan sponsored by Automatic Data Processing Federal Credit Union. The prototype plan has received an opinion letter from the Internal Revenue Service dated May 3, 2002 as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2007.
