As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note K, which was certified by Hartford Life Insurance Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplementary schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2010 and 2009 and for the year ended December 31, 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, the scope of our work was not sufficient to enable us to express, and we do not express, an opinion on these accompanying financial statements and supplementary schedules. The supplementary schedules are presented for the purposes of additional analysis and are not a required part of the financial statements. The form and content of the information included in the financial statements and supplementary schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

A. Description of Plan

The following description of the Incite 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

1. **General.** The Plan is a defined contribution plan, covering full-time employees of Incite Rehab, LLC ("the Company") who have 700 hours of service and are 21 or older. The Plan is subject to the provisions of the Employees Retirement Income Security Act of 1974 (ERISA).

2. **Contributions.** Each year, participant contributions may be made to the Plan on a pre-tax basis or an after-tax basis and are subject to annual maximum limits equal to the lesser of 25% of the participant's annual compensation or a prescribed dollar amount, indexed for inflation. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants direct the investment of their account balances and future contributions. The Plan currently offers a variety of investment options for its participants. Employees are allowed to make rollover contributions to the Plan. Such employees are not required to be participants in the salary reduction portion of the Plan until such time as such employees elect participation.

   The Plan also permits the Company to make matching contributions and discretionary contributions. For the plan year ended December 31, 2010, the Company matches 50% of the aggregate salary reduction contribution to the extent the aggregate contribution does not exceed 4% of compensation. For the plan year ended December 31, 2009, the Company matched 100% of the aggregate salary reduction contribution to the extent the aggregate contribution does not exceed 4% of compensation. The maximum amount allowable for the Company to contribute is $4,900 and $9,800 ($245,000 salary maximum) for the years ended December 31, 2010 and 2009, respectively.

3. **Participant Accounts.** Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. **Vesting.** Participants are vested immediately in their contributions and rollover contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. The vesting schedule ranges from 20% to 100% from year 1 through year 5.

5. **Forfeitures.** Forfeitures of non-vested Company contributions are used to reduce future Company contributions. During both 2010 and 2009, $0 of forfeited participant accounts were used to reduce the Company's contributions. At December 31, 2010 and 2009, there were $13,008 and $0, respectively, of forfeitures that have not yet been applied to reduce the Company's contributions. The balance of $13,008 at December 31, 2010 was used to offset the 2010 matching contribution paid during 2011.

6. **Administrative Expenses.** Certain expenses incurred in the administration of the Plan are paid directly by the Company.

7. **Participant Loans.** Loans are not permitted under this plan.

8. **Payment of Benefits.** Participants may request either an in-service or hardship withdrawal of their account assets that are 100% vested. Participants may withdraw authorized pre-tax salary reduction contributions or after-tax salary reduction contributions after attaining age 59 l/2, or on a hardship basis prior to attaining age 59 l/2. Company matching contributions and investment earnings thereon are not eligible for in-service withdrawal or hardship withdrawal.

   A participant's vested account is distributable at the time a participant terminates employment with the Company, suffers a total and permanent disability, death, or retirement.

B. Summary of Accounting Policies

1. **Basis of Accounting.** The financial statements of the Plan are prepared on the accrual basis of accounting.

2. **Use of Estimates.** The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. **Investment Valuation and Income Recognition.** The investments in all of the funds, except the Fixed Income Fund, are presented at fair value, based on the quoted market prices of the underlying securities within each fund at December 31, 2010 and 2009. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Fixed Income Fund is fully benefit-responsive and is reported at fair value and adjusted to contract value. Contract value represents the accumulated contributions plus accrued net earnings, less distributions. Fair value of the investment in the Fixed Income Fund is estimated using a market value adjustment factor formula, which contains variable components, as provided by the Hartford.

   Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts, as well as the adjustment of the fully benefit responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

   Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

4. **Payment of Benefits.** Benefits are recorded when paid.

5. **Operating Expenses.** All expenses of maintaining the Plan are paid by the Company.

6. **Subsequent Events.** The Plan has evaluated subsequent events through October 4, 2011, the date the financial statements were available to be issued.

7. **Reclassifications.** Certain reclassifications have been made to the 2009 financial statements to conform to the presentation of the 2010 financial statements. These reclassifications had no effect on the net assets available for benefits.

C. Investments

The following presents investments at December 31, 2010 and 2009 that represent 5% or more of the Plan's net assets.

	2010	2009

*The 2009 investment amounts are for presentational purposes only. The value of these funds did not exceed 5% of the Plan's net assets at December 31, 2009.

**The 2010 investment amount is for presentational purposes only. The value of this fund did not exceed 5% on the Plan's net assets at December 31, 2010.

During 2010, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $204,766 as follows:

Mutual Funds	$ 196,392
Fixed Income Fund (Contract Value)	2,913
Common Collectrive Trust	5,461
	$ 204,766

D. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

D. Fair Value Measurements (continued)

Level 2 Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must by observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the plan at year-end.

Guaranteed Investment Contract: Valued at fair value by using a market value adjustment factor formula from contract value. The market value adjustment contains variable components.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

D. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010 and 2009:

	Assets at Fair Value as of December 31, 2010			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 1,803,630	-	-	$1,803,630
Guaranteed Investment Contract	144,090	-	-	144,090
Total Assets at Fair Value	$ 1,947,720	-	-	$1,947,720

	Assets at Fair Value as of December 31, 2009			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 1,144,757	-	-	$1,144,757
Guaranteed Investment Contract	64,739	-	-	64,739
Total Assets at Fair Value	$ 1,209,496	-	-	$1,209,496

E. Investment Contract with Insurance Company

The Plan has a fully benefit-responsive investment contract with Hartford Life Insurance Company (Hartford). The Hartford maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at fair value and then adjusted to contract value as reported to the Plan by the Hartford. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

F. Investment Contract with Insurance Company (continued)

The contract has certain restrictions that impact the ability to collect the full contract value. If the Plan was to terminate or discontinue, a market value adjustment may apply as receiving full contract value may not be available. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. The Hartford may not terminate the contract at any amount less than contract value.

The Hartford is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 3%. Such interest rates are reviewed on a quarterly basis for resetting.

The average yield and crediting interest rate was 3% during both 2010 and 2009.

G. Related Party Transactions

Certain plan investments are shares of mutual funds managed by Merrill Lynch Life Agency and Proequities, Inc. Merrill Lynch Life Agency was the financial advisor, for the beginning of the plan year, and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the plan sponsor for the investment management services to Merrill Lynch Life Agency amounted to $2,988 and $2,692 for the years ended December 31, 2010 and 2009, respectively. Proequities, Inc. assumed the position as financial advisor for the latter portion of 2010. Fees paid by the plan sponsor for the investment management services to Proequities, Inc. amounted to $3,732 for the year ended December 31, 2010.

The Company provides certain accounting, administrative, and investment management services to the Plan for which no fees are charged.

H. Amendment or Termination of the Plan

Although the Company expects to continue the Plan indefinitely, the Company, at its discretion, reserves the right to amend, modify, suspend, or terminate the Plan, provided that no such action shall deprive any person of any rights to contributions made under the Plan. If the Plan is terminated or contributions thereto have been completely discontinued, the rights of all participants to the amounts credited to their accounts shall be nonforfeitable and the interest of each participant in the funds will be distributed to such participant or his or her beneficiary in accordance with the Plan terms and ERISA.

I. Tax Status of the Plan

The Internal Revenue Service has determined and informed the Company by a letter that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

J. Risks and Uncertainties

The Plan invests in various investment securities. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

K. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of Net Assets Available for Benefits per the financial statements at December 31, 2010 and 2009 to Schedule H of Form 5500:

	2010	2009
Net Assets Available for Benefits per Form 5500	$ 1,942,120	$1,207,435
Employee Contributions withheld during plan year but paid in subsequent year	26,733	21,702
Employer Contributions paid in subsequent year	99,303	200,688
Net Assets Available for Benefits per Financial Statement	$ 2,068,156	$1,429,825

L. Information Certified by the Trustee (Unaudited)

At December 31, 2010 and 2009, the Plan's investments were held by the Trustee. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Trustee as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The fair value of investments at December 31, 2010 and 2009, as reported by the Trustee, is summarized as follows:

Mutual Funds	$ 1,757,562	$ 1,124,502
Fixed Income Fund (Contract Value)	138,490	62,678

Fixed Income Fund	2,913	1,181
Common Collective Trust	5,461	3,566
	$ 204,766	$ 236,445

M. Administrative Expenses

The administrative expenses for the plan are paid by the plan sponsor. Expenses for the years ended December 31, 2010 and 2009 were $7,392 and $3,015, respectively.

N. Subsequent Events

Effective January 1, 2011, the Plan was amended to

- Change eligibility to participate in the Plan to 1 month of service from 700 hours.
- Change the employer matching contribution to a discretionary matching contribution rather than to a percentage of the employee deferral.

Effective August 29, 2011, the Plan was amended to

- Allow participant loans

It is not practical to estimate the effect on the financial statements of the Plan as of the date these statements were available to be issued.
