Independent Auditors' Report

To the Plan Administrator of The Unica 401(k) Savings Plan:

We were engaged to audit the financial statements of The Unica 401(k) Savings Plan (the "Plan") as of March 17, 2011 and December 31, 2010 and for the period January 1 through March 17, 2011, as listed in the accompanying index. The financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note F, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the trustee as of March 17, 2011 and December 31, 2010 and for the period January 1 through March 17, 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

As discussed in Note H, the plan sponsor was acquired during 2010, and the Plan was merged with and into the IBM 401(k) Plus Plan in 2011. As of March 17, 2011, the Plan ceased to exist as a separate plan.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

A. PLAN DESCRIPTION:

The following description of The Unica 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the plan document for more detailed information.

General

The Plan was a defined contribution plan sponsored by the Unica Company (the "Company") covering substantially all employees who had reached the age of 21, except for collectively bargained employees, leased employees and non-resident aliens with no U.S.-source income. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Company was acquired by International Business Machines Corporation ("IBM") on October 6, 2010. See Note H.

Contributions

Participants could contribute up to 60% of their compensation (as defined in the Plan), subject to Internal Revenue Code ("IRC") limitations. Participants were allowed to make before- and after-tax (Roth) contributions. The Company could elect to make a discretionary matching contribution for each plan year. The Company could elect to make a discretionary nonelective employer contribution. Participants could also contribute funds from another qualified retirement plan ("rollover contributions"), subject to certain requirements. There were no participant or company contributions to the Plan in 2011.

Participant Accounts

Each participant's account was credited with the participant's contributions, the participant's allocation of the Company's contributions, and the participant's proportional allocation of the Plan's earnings, including realized and unrealized gains and losses, and expenses. Participants determine the percentage in which contributions were to be invested in each fund. Participants could change their investment options as set forth in the plan document.

Vesting

Participants were immediately fully vested in their contributions and the income earned thereon.

Participants hired before January 1, 2008 were immediately fully vested in Company matching contributions and the income earned thereon. These participants were fully vested in discretionary nonelective employer contributions after two years. Participants hired on or after January 1, 2008 vested in Company discretionary matching contributions, discretionary nonelective employer contributions, and earnings or loss, thereon in accordance with the following schedule:

NOTES TO FINANCIAL STATEMENTS

<u>Completed Years of Service</u>	<u>Percent Vested</u>
Less than 1	0%
1	25%
2	50%
3	75%
4 or more	100%

Forfeitures

When certain terminations of participation in the Plan occur, the nonvested portion of a participant's account represents a forfeiture, as defined by the Plan. If a forfeiting participant is re-employed and fulfills certain requirements, as set forth in the Plan, the participant's account could be restored. Any remaining forfeitures could be allocated to pay plan administrative expenses or to reduce future Company contributions. No forfeitures were used in 2011. Total unapplied forfeitures were \$0 and \$54,736 at March 17, 2011 and December 31, 2010, respectively. Forfeitures of \$109,810 were transferred to the IBM 401(k) Plus Plan (the "IBM Plan") on March 17, 2011.

Distribution of Benefits

The benefit to which a participant was entitled was the benefit that can be provided from the participant's vested account. Benefits could be distributed to participants upon termination of employment by reason of retirement, disability, death or other separation from service. Participants who terminated employment and had a vested account balance of less than \$1,000 received a lump sum distribution of 100% of their vested benefits. Participants who had a vested account balance in excess of \$1,000 could leave their funds invested in the Plan or could elect a lump sum distribution.

A participant could also request a withdrawal upon attainment of age 59½ or upon demonstration by the participant to the plan administrator that the participant is suffering from "hardship". Hardship was defined in applicable regulations promulgated or to be promulgated pursuant to Section 401(k) of the Internal Revenue Code or standards established by the Secretary of the Treasury or his delegate.

Participant Loans

A participant could request a loan in any amount not less than \$1,000. The loan amount was limited to the lesser of \$50,000 or 50% of the participant's vested account balance. Loans had to bear a reasonable rate of interest commensurate with local prevailing interest rates, as determined by the plan administrator. Loans were collateralized by the participant's nonforfeitable interest in the Plan and were supported by a promissory note. A participant could have only one loan outstanding at any one time. Loans were repayable over a period of up to five years unless the monies were used for the purchase of a principal residence, in which case the loan could be repaid over a period of up to 10 years. Principal and interest were paid ratably through payroll deductions. Participant loans were valued at the unpaid principal balance plus any accrued but unpaid interest and categorized as notes receivable from participants on the statements of net assets available for plan benefits. Delinquent participant loans were reclassified as distributions based upon the terms of the plan document.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for plan benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for plan benefits is prepared on a contract value basis.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net appreciation (depreciation) included the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits were recorded when paid.

Plan Expenses

Substantially all expenses incurred in the administration of the Plan were paid by the plan sponsor. Loan processing fees were paid by plan participants.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Risks and Uncertainties

The Plan provided investment options which may invest in any combination of stocks, bonds, fixed income securities, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the

THE UNICA 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

C. INVESTMENTS:

The following represents the Plan's investments as of March 17, 2011 and December 31, 2010 that represented 5% or more of the net assets available for plan benefits:

	March 17, 2011	December 31, 2010	
Dreyfus Basic S&P 500 Fund	\$ -	\$ 1,814,205	*
Thornburg International Value Fund	-	2,030,288	*
Mainstay Large Cap Growth Fund	-	1,619,675	*
Oppenheimer Capital Appreciation Fund	-	1,082,664	*
American Century Vista Advisor Fund	-	1,294,451	*
Fidelity Advisor Equity Income Fund	-	1,503,908	*
Fidelity Advisor Strategic Income Fund	-	1,181,512	*
Fidelity Advisor Small Cap Fund	-	1,641,308	*
Fidelity Advisor International Small Cap Fund	-	1,171,830	*

* Represents 5% or more of net assets available for plan benefits.

During the period January 1 through March 17, 2011 the Plan's investments in mutual funds (including investments bought, sold and held during the year) appreciated in value by \$427,739.

D. FAIR VALUE MEASUREMENTS:

Accounting standards establish a framework for measuring fair value. That framework sets forth a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below.

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; or other inputs that are observable or can be corroborated by observable market data for substantially the full terms of the assets or liabilities.

THE UNICA 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

Level 3 - Inputs to the valuation methodology are unobservable and supported by little or no market activity and are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used by the Plan. There have been no changes in the methodologies used at December 31, 2010.

Mutual funds – Valued at the net asset value of the shares held by the Plan at year end as determined by quoted market prices.

Common collective trust – Valued at net asset value based on information reported by the trustee with reference to the market value of the trust's underlying assets at year end. The common collective trust is audited annually.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level and by major investment class, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Description	2010			
	Total	Level 1	Level 2	Level 3
Mutual funds:				
Index	\$ 1,814,205	\$ 1,814,205	\$ -	\$ -

Total mutual funds	20,666,210	20,666,210	-	-

Stable value	632,409	-	632,409	-
Total	<u>\$ 21,298,619</u>	<u>\$ 20,666,210</u>	<u>\$ 632,409</u>	<u>\$ -</u>

The common collective trust held by the plan was a stable value investment. The fund's objective was to preserve capital and to provide a competitive level of income over time that was consistent with the preservation of capital. To achieve this objective, the fund

THE UNICA 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

invested in fixed income securities, bond funds and money market funds. Redemptions were allowed daily for participants, however the Plan was subject to a one year redemption notice period. There were no unfunded commitments.

E. TAX STATUS:

The Plan had adopted the volume submitter defined contribution plan document of Fidelity Management Trust Company. The volume submitter received a favorable opinion letter dated March 31, 2008 in which the Internal Revenue Service ("IRS") stated that the form of the volume submitter plan was in compliance with the applicable requirements of the IRC. Prior to the adoption of the volume submitter plan the Plan had adopted a Fidelity prototype plan with an opinion letter dated October 9, 2003. The plan administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC, and that the related trust is therefore tax-exempt.

Accounting standards require recording uncertain income tax positions that exist in the Plan's financial statements. Plan management has determined there are no uncertain tax positions and believes there is no adjustment or disclosure required in the Plan's financial statements. The Plan did not recognize any interest and penalty expense for the period January 1, 2011 to March 17, 2011. The Form 5500 remains subject to examination by the IRS for the years ended December 31, 2008 through March 17, 2011.

F. COMPLIANCE AND ERISA:

The plan administrator had elected the method of compliance permitted under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, no auditing procedures with respect to the information certified by Fidelity Management Trust Company, the trustee of the Plan, were performed by the independent auditors except for comparing the information to the financial statements. The trustee has certified as to the completeness and accuracy of the investments (including notes receivable from participants) held by the Plan as of March 17, 2011 and December 31, 2010, the investment earnings and other investment-related transactions of the Plan for the period January 1 through March 17, 2011.

G. PARTIES-IN-INTEREST:

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, loans to participants and the management of investments held by the trustee were considered party-in-interest transactions.

H. PLAN MERGER:

The Company was acquired by International Business Machines Corporation ("IBM") on October 6, 2010. On January 1, 2011, certain employees of the Company became employees of IBM and became eligible to participate in the IBM Plan. On March 17, 2011, the Plan was merged with and into the IBM Plan and ceased to exist as a separate plan on that date.
