INDEPENDENT AUDITORS' REPORT

October 10, 2010

To the Board of Directors of the
Harvey Souza 401(k) Profit Sharing Plan & Trust:

We have audited the accompanying statements of net assets available for benefits of the Harvey Souza 401(k) Profit Sharing Plan & Trust (the "Plan") as of December 31, 2009 and 2008 and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2009 and 2008, and the changes in net assets available for benefits for the years ended December 31, 2009 and 2008 in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held at year end as of December 31, 2009 is presented for the purpose of additional analysis and are not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

1. DESCRIPTION OF PLAN - (Continued)

Participant Loans

The Plan has a provision which allows participants to borrow from their vested account balance. The maximum loan is 50% of the participant's vested balance to a maximum of $50,000. Loan repayments of principal and interest are made through payroll deductions over a period of one to five years or longer if used to acquire a dwelling unit.

Payment of Benefits

Retired or terminated participants receive the vested portion of their Company contributions and earnings on their Company contributions and one hundred percent (100%) of their pre-tax contributions as soon as administratively possible following retirement, termination or upon becoming disabled.

2. SUMMARY OF ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Date of Management's Review

Subsequent events were evaluated through October 10, 2010, which is the date the financial statements were available to be used.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Participant loans are valued at cost which approximates fair value. The net appreciation or depreciation in the fair value of each fund includes interest, dividends, realized appreciation and depreciation, and unrealized appreciation and depreciation less expenses. Any net unrealized appreciation or depreciation for the period is reflected in the statement of changes in net assets available for benefits.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

2. SUMMARY OF ACCOUNTING POLICIES – (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosure. Accordingly, actual results could differ from those estimates.

3. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate or amend the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

4. TAX STATUS

The Internal Revenue Service provided a letter dated November 26, 2001 that stated that the Prototype Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has since been amended and restated. The trustee, plan sponsor, and plan administrator are not aware of any course of action or series of events that have occurred that would adversely affect the qualified status of the Plan. Therefore, no provision for income taxes has been included in the Plan's financial statements.

5. INVESTMENTS

The following table represents the fair value of investments at December 31, 2009 and 2008. Investments that represent 5 percent or more of the Plan's net assets are separately identified.

6. FAIR VALUE MEASUREMENT

The Plan's investments are reported at fair value in the accompanying statement of nest assets available for benefits.

December 31, 2009	Fair Value	Fair Value Measurement Using: Quoted Prices in Active Markets For identical Assets (Level 1)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 685,850	$ 685,850	$ -
Participant loans	83,111	-	83,111
	$ 768,961	$ 685,850	$ 83,111

6. FAIR VALUE MEASUREMENT – (Continued)

December 31, 2008	Fair Value	Fair Value Measurement Using: Quoted Prices in Active Markets For identical Assets (Level 1)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 559,577	$ 559,577	$ -
Participant loans	79,796	-	79,796
	$ 639,373	$ 559,577	$ 79,796

SFAS No. 157, Fair Value Measurements, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the Fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No level 2 inputs were available to the Plan, and Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 1Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held at year end.

Level 3 Fair Value Measurements

The participant loans are not actively traded and significant other observable inputs are not available. Thus, the fair value of participant loans is equal to the amortized cost of the loans because the loans are secured by each respective participant's account balance. The following table provides further details of the Level 3 fair value measurement.

6. FAIR VALUE MEASUREMENT – (Continued)

Fair Value Measurements Using Significant Unobservable Inputs (Level 3)

	2009 Participant Loans	2008 Participant Loans
Beginning balance	$ 79,796	$ 77,726
Gain included in net assets for benefits	-	-
Purchases, sales, issuances, and settlements	3,315	2,070
Ending balance	$ 83,111	$ 79,796

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
