INDEPENDENT AUDITORS' REPORT

To the Trustees of the
Premier Brands Inc. 401(K) Profit Sharing Plan and Trust
Mount Vernon, New York

We have audited the accompanying statements of net assets available for benefits (modified cash basis) of the Premier Brands Inc. 401(K) Profit Sharing Plan and Trust (the "Plan") as of December 31, 2009 and 2008, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2009, and the supplemental schedules H, line 4i – Schedule of Assets (Held At End of Year) as of December 31, 2009. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

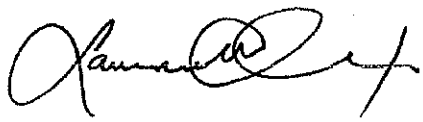

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. Also, an audit includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1, these financial statements and supplemental schedules were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2009 and 2008, and the changes in net assets available for benefits for the year ended December 31, 2009, on the basis of accounting described in Note 1.

Our audit was performed for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental schedule H, line 4i - Schedule of Assets (Held At End of Year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2009

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of the Premier Brands of America, Inc. 401(K) Plan (the "Plan") is presented to assist in understanding the Plan's financial statements and supplemental information. These financial statements, supplemental information, and notes are representations of the Plan's management, who is responsible for the integrity and objectivity of the financial statements. Other than the Plan's use of the modified cash basis of accounting outlined below, these accounting policies conform to accounting principles generally accepted in the United States of America, and have been consistently applied in the preparation of the financial statements and supplemental schedule.

Basis of Accounting

The financial statements of the Plan have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under the modified cash basis of accounting, salary deferrals are recorded when withheld from participants' payroll and employer contributions are recorded when declared by the Board of Premier Brands, Inc. (the "Plan Sponsor"). Payments toward participant loan principal and interest are recorded when received. Benefit payments are recorded when paid.

Investment Valuation and Income Recognition

Investments in money market funds and mutual funds are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2009

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Events Occurring After Report Date

The Plan Sponsor has evaluated events and transactions that occurred between January 1, 2010 and September 23, 2011, which is the date the financial statements were available to be issued, for possible disclosure and recognition in the financial statements. Any such disclosures have been reflected within the financial statements.

NOTE 2 - DESCRIPTION OF THE PLAN

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established December 1, 2001 and restated on December 30, 2008 to provide deferred compensation and profit sharing benefits to employees of the Plan Sponsor. The Plan is a defined contribution plan covering all employees of the Plan Sponsor who are of age 21 and have completed one month of service. Employees may enter the Plan immediately upon meeting the age and service requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended, to include all applicable amendments up to and including the Economic Growth and Tax Relief Reconciliation Act of 2001 ("EGTRRA").

Contributions

Employees may elect to defer a maximum amount not to exceed $16,500 (the annual threshold as established by the Internal Revenue Service ("IRS")) for the Plan year ended December 31, 2009. Participants who attained age 50 by December 31 were eligible to make an additional bonus deferral of up to $5,500, for a Plan year total of $22,000 in 2009. The Plan Sponsor matches 10% of up to 90% of a participating employee's salary deferred. The Plan Sponsor may also make profit sharing contributions to the Plan at the discretion of its Board of Directors. During 2009, the Board of Directors did not authorize a discretionary contribution. Employees may also make rollover contributions to the Plan.

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited with each participant's contribution and earnings, and an allocation of any employer contributions and administrative expenses. As a participant-directed plan, each participant's investment choices determine his/her share of earnings or losses.

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2009

NOTE 2 – DESCRIPTION OF THE PLAN *(continued)*

Vesting

Participants are one hundred percent vested in their voluntary contributions plus actual earnings thereon. Vesting in the Plan Sponsor's contributions portion of participant accounts plus earnings thereon is based on continuous service as follows:

Years of Credited Service	Vesting Percentage
Fewer than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participants will be fully vested in case of death or disability.

Participant Loans

The Plan provides for participant loans at a minimum of $1,000 up to the lesser of $50,000 or 47.5% of a participant's account balance. Generally, the participant must be an active employee to apply for a loan and interest is payable at an interest rate of prime plus one. Loans are repaid over a period selected by the participant; however, such period may not be fewer than twelve months and not exceed five years. As of December 31, 2009, loans have been recorded at their outstanding balances.

Payment of Benefits

Participants will reach the Plan's normal retirement age at age sixty-five. At the normal retirement age, participants will be entitled to one hundred percent of their vested account balances, but benefits may be deferred if the participants so elect. Payment can be in form of one or more payments within a year; installment payments over a period selected by the participant which cannot be longer than his/her life expectancy or the combined life expectancies of his/her designated beneficiary. Each participant can elect the form of payment to receive the account balance in. Participants are entitled to 100% of their vested account balances upon separation of employment and their estates are entitled to one hundred percent of the decedents' vested account balances upon death.

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2009

NOTE 2 - DESCRIPTION OF THE PLAN *(continued)*

In-Service Withdrawals

In-service withdrawals are permitted by the Plan for elective deferrals, matching contributions, and employer profit sharing contributions if the participant has attained age 59 ½.

Hardship Withdrawals

Hardship withdrawals are not permitted by the Plan.

Administrative Expenses

Certain administrative functions are performed by employees of the Plan Sponsor for which they are compensated by the Plan Sponsor. In addition, the Plan Sponsor pays certain other Plan-related expenditures. Certain investment-related Plan expenses like administrative and management fees are paid from the assets of the funds, and therefore reduce the overall return offered by the funds.

Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become one hundred percent vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Plan Sponsor may determine.

Compliance Tests

As of December 31, 2009, the Plan has failed the required anti-discrimination tests and corrective distributions will be issued to plan participants subsequent to year end.

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2009

NOTE 3 – INVESTMENTS

NOTE 4 - FAIR VALUE MEASUREMENTS

The Plan Sponsor utilizes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (level 3 measurements). The three levels of the value hierarchy are described below:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include:
  - Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability;
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset and liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2009 and 2008.

Mutual Funds: Mutual funds are valued at the net asset value ("NAV") of shares held by the Plan at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2009

NOTE 4 - FAIR VALUE MEASUREMENTS *(continued)*

NOTE 5 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2009

NOTE 6 - RELATED PARTY TRANSACTIONS

At December 31, 2009 certain Plan investments were managed by Merill Lynch, Pierce, Fenner & Smith as the Plan Trustee and therefore, these transactions qualify as party-in-interest transactions. Participant loans also qualify as party-in-interest transactions.

NOTE 7 - TAX STATUS

The Plan Sponsor elected to adopt Paychex, Inc.'s (the third party administrator) prototype plan. The Plan administrator and Paychex, Inc. believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan Sponsor to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor and Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2009, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2006.
