McKechnie Investments, Inc. 401(k) Savings Plan
Notes to Financial Statements
June 30, 2011 and December 31, 2010

Note A – Description of Plan

The following description of the McKechnie Investments, Inc. 401(k) Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General: The Plan is a defined contribution plan covering all eligible employees of McKechnie Aerospace Investments, Inc. (the “Company”). Employees are eligible to participate in the Plan on the first day of the month following their date of hire. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). On December 6, 2010, the Company was acquired by TransDigm Group Inc. On June 30, 2011, the Plan was merged into the TransDigm, Inc. 401(k) Plan and all assets were transferred.
2. Contributions: Each year, participants may elect to contribute up to 50% of their annual pre-tax compensation each pay period. Participants who are age 50 by the end of the Plan year are eligible to make additional pre-tax contributions to the Plan designated as catch up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit and defined contribution plans. Contributions are subject to certain limitations. The Company and its participating subsidiaries contribute matching contributions at a rate of 50% of participant contributions up to 6% of compensation deferred per payroll period.
3. Participant Accounts: Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution(s) and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
4. Vesting: Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants become fully vested in their Company matching contribution accounts after the completion of the earlier of three years of service, one year of participation, attainment of age 55, date participant incurs a disability or date of participant death.
5. Investment Options: Upon enrollment in the Plan, participants may direct the investment of their accounts into various investment options offered by the Plan. They may change their investment options among those investments provided at any time during the Plan year.
6. Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance. Generally, the term of the loan may not exceed five years. However, if the loan is for the purchase of a participant's principal residence, the Plan administrator may permit a longer term. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is repaid ratably through payroll deductions.
7. Payment of Benefits: Upon termination of service or attaining normal retirement age, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. In-service and hardship withdrawals are also allowed as defined in the Plan agreement.

Note A – Description of Plan (Continued)

8. Forfeited Accounts: The non-vested portion of former participants' accounts may be used to reduce the amount of future employer contributions. Forfeited accounts totaled \$3,891 at December 31, 2010.

Note B – Summary of Significant Accounting Policies

1. Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").
2. Recent Accounting Pronouncements: In January 2010, the Financial Accounting Standards Board ("FASB") issued guidance which expands the required disclosures about fair value measurements. In particular, this guidance requires (i) separate disclosure of the amounts of significant transfers in and out of Level 1 and Level 2 fair value measurements along with the reasons for such transfers, (ii) information about purchases, sales, issuances and settlements to be presented separately in the reconciliation for Level 3 fair value measurements, (iii) fair value measurement disclosures for each class of assets and liabilities and (iv) disclosures about the valuation techniques and inputs used to measure fair value for both recurring and nonrecurring fair value measurements for fair value measurements that fall in either Level 2 or Level 3. This guidance is effective for periods beginning after December 15, 2009 except for (ii) above which is effective for fiscal years beginning after December 15, 2010. The Plan has adopted this guidance with no material impact on the Plan's financial statements.
3. Use of Estimates: The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.
4. Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the Plan year.
5. Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan agreement.

Note B – Summary of Significant Accounting Policies (Continued)

6. Payments of Benefits: Benefits are recorded when paid.
7. Administrative Expenses: The Company pays certain administrative expenses of the Plan. The Company does not charge the Plan for administrative services performed on behalf of the Plan.
8. Subsequent Events: Subsequent events for the Plan have been considered through the date of the Independent Auditor's Report which represents the date the financial statements were available to be issued.

Note C – Information Certified by the Plan's Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants information reflected on the accompanying Statements of Net Assets Available for Benefits as of June 30, 2011 and December 31, 2010, and the related investment income and interest income on notes receivable from participants reflected in the Statement of Changes in Net Assets Available for Benefits for the six months ended June 30, 2011.

Note D – Investments (Continued)

For the six months ended June 30, 2011, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$1,867,455.

Note E – Fair Value Measurements

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Quoted market prices in active markets for identical assets or liabilities. An active market for the asset or liability is a market in which the transaction for the asset or liability occurs with sufficient frequency and volume to provide pricing information on an ongoing basis.
- Level 2: Observable market-based inputs or unobservable inputs that are corroborated by market data, such as quoted prices for similar assets or liabilities or model-derived valuations.
- Level 3: Unobservable inputs that are not corroborated by market data. These inputs reflect a company's own assumptions about the assumptions a market participant would use in pricing the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2011 and December 31, 2010.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year end. The NAV is based on the value of the underlying investment assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements (Continued)
June 30, 2011 and December 31, 2010

Note E – Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis at December 31, 2010:

	Level 1	Level 2	Level 3	Total
Mutual funds:				
Mid/Large cap	\$ 23,613,335	\$ -	\$ -	\$ 23,613,335
International	4,838,777	-	-	4,838,777
Small cap	5,480,120	-	-	5,480,120
Fixed income	4,046,171	-	-	4,046,171
Money market fund	8,284,947	-	-	8,284,947
Total assets at fair value	<u>\$ 46,263,350</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 46,263,350</u>

Note F – Related Party Transactions

Certain administrative services are provided by the Company at no cost to the Plan and certain administrative costs incurred by the Plan are paid by the Company.

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company ("Fidelity"). Fidelity is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest. The Plan paid fees to Fidelity totaling \$8,033 during the six months ended June 30, 2011.

Note G – Income Tax Status

The Internal Revenue Service ruled on March 18, 2008 that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified and the related trust is tax exempt.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.
