INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Plan Participants of
Rockne's Inc 401(k) Profit Sharing Plan & Trust:

We have audited the accompanying statements of net assets available for benefits - modified cash basis of Rockne's Inc 401(k) Profit Sharing Plan & Trust as of December 31, 2008, 2007, 2006, 2005 and 2004, and the related statements of changes in net assets available for benefits - modified cash basis for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As described in Note 2, the financial statements and supplemental schedules have been prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Rockne's Inc 401(k) Profit Sharing Plan & Trust as of December 31, 2008, 2007, 2006, 2005 and 2004, and the changes in net assets available for benefits for the years then ended on the basis of accounting described in Note 2.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules on pages 11 through 16, together referred to as "supplemental information," are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental information is the responsibility of the Plan's management. The supplemental information has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

We have compiled the accompanying statement of net assets available for benefits - modified cash basis of Rockne's Inc 401(k) Profit Sharing Plan & Trust as of December 31, 2003, in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants.

A compilation is limited to presenting in the form of financial statements information that is the representation of management. We have not audited or reviewed the accompanying statement of net assets available for benefits - modified cash basis and, accordingly, do not express an opinion or any other form of assurance on it.

1. DESCRIPTION OF PLAN

The following description of the Rockne's Inc 401(k) Profit Sharing Plan & Trust ("Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

Rockne's, Inc. established the Rockne's Inc 401(k) Profit Sharing Plan & Trust, effective February 1, 1995. The Plan operates in accordance with Section 401(k) of the Internal Revenue Code. The Plan is a defined contribution plan covering substantially all employees of Rockne's Inc. and subsidiaries ("Companies"). To be eligible, employees must attain the age of 21 and have completed one year of service, as defined in the Plan. The Plan allows employees to enter the Plan the first day of January or July following the date on which the employee completes the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan was restated and amended, effective November 3, 2004, to reflect current regulations and all previous plan amendments. Subsequent to that restatement, the Plan was amended to comply with all new legislative and regulatory requirements. The Plan was again restated and amended, effective January 1, 2008, to reflect current regulations and all previous plan amendments. The Plan was amended, effective January 1, 2009, to comply with the provisions of the Pension Protection Act of 2006 and other relevant legislation. The Plan was amended, effective January 1, 2010, to comply with the provisions of the Heroes Earnings and Assistance Relief Tax Act of 2008 and the Emergency Economic Stabilization Act of 2008. The restatements and amendments had no effect on plan net assets or participant benefits.

Contributions

Each year, participants may contribute up to 15% of pretax annual compensation, as defined in the Plan. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. The Companies make safe harbor matching contributions equal to 100% of a participant's deferrals up to 3% of their compensation and 50% of deferrals on the next 2% of compensation. Additional profit sharing amounts may be contributed at the discretion of the Companies. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Contributions are subject to limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Companies' contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

The vested portion of a participant's account becomes payable upon death, disability, retirement or termination of service for any other reason. Participants may choose to receive vested account balances either as a lump sum amount or in installments.

In-service distributions of vested balances may be made to a participant who has not separated from service provided the participant has attained age 59 ½. Involuntary distributions of amounts less than \$5,000 are permitted under the Plan, but such distributions greater than \$1,000 must be directly rolled over to an individual retirement account set up by the plan administrator for the benefit of the participant. In-service hardship withdrawals of participant balances are not permitted under the Plan.

Vesting

Participants are immediately vested in their voluntary contributions and the Companies' safe harbor matching contributions, plus actual earnings thereon. In the event of termination of employment for reasons other than normal retirement, death or disability, a participant shall have a vested right in the Companies' pre-2003 matching and profit sharing contributions based on the participant's years of service with the Companies. Participants vest 20% per calendar year of service after the first calendar year of service and are 100% vested after six years of service.

Forfeited Accounts

Forfeited nonvested accounts are to be allocated to the individual accounts of each qualifying participant in the ratio of each participant's compensation for the plan year to the total compensation of all participants for such plan year. At December 31, 2008, 2007, 2006, 2005 and 2004, there were \$-0-, \$11, \$10, \$10 and \$9, respectively, of forfeited nonvested accounts in the Plan. During the years ended December 31, 2008, 2007, 2006, 2005 and 2004, forfeited nonvested accounts totaling \$11, \$-0-, \$-0-, \$-0- and \$-0-, respectively, were allocated to qualifying participants.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding balance of plan loans during the preceding one year period, or 50% of their vested account balance. Participants may only have one loan outstanding from the Plan at one time. Repayments must be amortized in level payments, not less frequently than quarterly, over a period not extending beyond five years from the date of the loan. A loan is not subject to the five-year repayment requirement if it is used to buy a principal residence. The loans are secured by the balance in the participant's account and bear interest rates that range from 6% to 8.5% at December 31, 2008, 5% to 9.25% at December 31, 2007, 5% to 8.5% at December 31, 2006, 5% to 6% at December 31, 2005, and 5% to 6% at December 31, 2004, which are commensurate with local prevailing rates as determined by the plan administrator.

Investment Options

Upon enrollment in the Plan, a participant may direct all contributions to any of the investment options available to them through Merrill Lynch Pierce, Fenner & Smith, Inc.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Companies. No such officer or employee received compensation from the Plan. Certain administrative expenses of the Plan, including legal and audit fees, have been paid by the Companies and are, therefore, not expenses of the Plan. The Plan pays fees related to the management of participating accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Accounting Pronouncements

In September 2006, FASB Statement No. 157, *Fair Value Measurements*, was issued and is effective for fiscal years beginning after November 15, 2007. FASB Statement No. 157 defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. The Companies adopted FASB Statement No. 157 as of January 1, 2008. See Note 4 for the impact that adopting FASB Statement No. 157 had on the Plan.

Rockne's Inc 401(k) Profit Sharing Plan & Trust
Notes to Financial Statements
December 31, 2008, 2007, 2006, 2005, 2004 and 2003

In September 2010, the FASB issued ASU No. 2010-25, *Reporting Loans to Participants by Defined Contribution Pension Plans*. The ASU requires that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest rather than fair value. The ASU is effective for fiscal years ending after December 15, 2010, with early adoption permitted. The Plan retrospectively adopted the new pronouncement for all Plan years presented, reclassifying participant loans as noted. Adoption did not have a material effect on the Plan's net assets available for benefits or its changes in net assets available for benefits.

Basis of Accounting

The accompanying financial statements have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Investments are reported at current values. All other transactions are reported on a cash basis.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Plan did not hold any qualifying investment contracts for any of the periods presented.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of investment securities are recorded on a trade-date basis. Interest and dividend income are recorded on the cash basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events

The Plan has evaluated subsequent events through January 30, 2012, the date the financial statements were available to be issued.

4. FAIR VALUE MEASUREMENTS

FASB Statement No. 157, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB Statement No. 157 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2008 and prior periods.

Registered investment companies (e.g. mutual funds): Valued at the net asset value (NAV) of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2008:

Assets at Fair Value as of December 31, 2008

5. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

6. PLAN TERMINATION

The Companies have the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions. See the Subsequent Events note for further information regarding Plan termination.

7. RELATED PARTY TRANSACTIONS

Certain Plan investments as of December 31, 2008, 2007, 2006, 2005, 2004 and 2003 were shares of registered investment companies that were managed by an affiliate of Merrill Lynch Pierce, Fenner & Smith, the Plan's custodian. Therefore, these transactions qualify as party-in-interest transactions.

Notes receivable from participants totaling \$3,010, \$9,122, \$10,687, \$10,683, \$6,871 and \$5,749 as of December 31, 2008, 2007, 2006, 2005, 2004 and 2003, respectively, are considered party-in-interest transactions. Interest income pertaining to notes receivable from participants totaled \$297, \$394, \$482, \$392 and \$443 for the years ended December 31, 2008, 2007, 2006, 2005 and 2004.

8. TAX STATUS

The Plan has adopted a prototype plan document to which the Internal Revenue Service has issued an opinion letter dated March 31, 2008, in which the Internal Revenue Service stated that the prototype, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The prototype has been amended since issuance of the most recent opinion letter. The Plan has not requested an individual determination letter from the Internal Revenue Service. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and intends to take corrective action for any identified deficiencies. Therefore, the plan administrator believes that the Plan is qualified and the related trust is tax-exempt.

9. NONEXEMPT PROHIBITED TRANSACTIONS

During the years ended December 31, 2008, 2007 and 2006, the Companies failed to remit, on certain occasions, participant contributions and loan repayments totaling \$70,090 as soon as administratively feasible after being withheld from participants, thus constituting nonexempt prohibited transactions between the Plan and the Companies. All of the identified delinquent contributions and loan repayments for 2008, 2007 and 2006 were deposited into the Plan by January 2009. The Plan is in the process of calculating lost earnings and correcting these nonexempt prohibited transactions. See the Subsequent Events note for further information regarding nonexempt prohibited transactions.

10. DELINQUENT FILER VOLUNTARY COMPLIANCE PROGRAM

The Plan is in the process of voluntarily filing delinquent Forms 5500 from plan years 2000 and 2002 through 2008 under the DOL's Delinquent Filer Voluntary Compliance Program (DFVCP).

11. SUBSEQUENT EVENTS

On certain occasions during 2009, 2010 and 2011, the Companies failed to remit participant contributions and loan repayments totaling \$84,584 as soon as administratively feasible after being withheld from participants, thus constituting additional nonexempt prohibited transactions between the Plan and the Companies. All of the identified delinquent contributions and loan repayments for 2009, 2010 and 2011 have been deposited into the Plan. The Plan is in the process of calculating lost earnings and correcting the nonexempt prohibited transactions from the years 2006 through 2011.

During 2010, the Plan made an erroneous distribution of \$9,574 to a party-in-interest in conjunction with a non-distributable event, thus constituting a nonexempt prohibited transaction between the Plan and the party-in-interest, specifically a transfer to, or use by or for the benefit of, a party-in-interest, of income or assets of the Plan. The ineligible distribution was repaid to the Plan by the party-in-interest in 2011.

The Plan received a Notice of Rejection dated March 23, 2011 from the U.S. Department of Labor ("DOL") informing the Plan that its 2009 Form 5500 annual report was rejected because a report of an Independent Qualified Public Accountant, along with audited financial statements and accompanying footnotes, was not attached to the filing, as required. The Plan subsequently received a Notice of Intent to Assess a Penalty dated June 13, 2011 from the DOL because the Plan had not satisfactorily responded to the DOL's request in the Notice of Rejection. The Plan subsequently filed an amended 2009 Form 5500 and received a Notice of Determination of Reasonable Cause dated September 26, 2011 from the DOL stating that the amended 2009 annual report was satisfactory. The DOL assessed a penalty, citing a failure to originally file an acceptable annual report, failure to timely correct the original filing and a failure to maintain adequate internal controls.

On January 1, 2012, the Board of Directors of Rockne's, Inc., the Plan Sponsor, approved a resolution to terminate the Plan, effective January 31, 2012. The Plan was formally amended January 27, 2012 to discontinue the safe-harbor matching provision, effective January 31, 2012. Final distributions will be determined based on all participants being 100% vested, and will be made as soon as possible after the termination date.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Plan Participants of
Rockne's Inc 401(k) Profit Sharing Plan & Trust:

We have audited the accompanying statements of net assets available for benefits - modified cash basis of Rockne's Inc 401(k) Profit Sharing Plan & Trust as of December 31, 2008, 2007, 2006, 2005 and 2004, and the related statements of changes in net assets available for benefits - modified cash basis for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As described in Note 2, the financial statements and supplemental schedules have been prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Rockne's Inc 401(k) Profit Sharing Plan & Trust as of December 31, 2008, 2007, 2006, 2005 and 2004, and the changes in net assets available for benefits for the years then ended on the basis of accounting described in Note 2.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules on pages 11 through 16, together referred to as "supplemental information," are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental information is the responsibility of the Plan's management. The supplemental information has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

We have compiled the accompanying statement of net assets available for benefits - modified cash basis of Rockne's Inc 401(k) Profit Sharing Plan & Trust as of December 31, 2003, in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants.

A compilation is limited to presenting in the form of financial statements information that is the representation of management. We have not audited or reviewed the accompanying statement of net assets available for benefits - modified cash basis and, accordingly, do not express an opinion or any other form of assurance on it.

Notes to Financial Statements
December 31, 2008, 2007, 2006, 2005, 2004 and 2003

1. DESCRIPTION OF PLAN

The following description of the Rockne's Inc 401(k) Profit Sharing Plan & Trust ("Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

Rockne's, Inc. established the Rockne's Inc 401(k) Profit Sharing Plan & Trust, effective February 1, 1995. The Plan operates in accordance with Section 401(k) of the Internal Revenue Code. The Plan is a defined contribution plan covering substantially all employees of Rockne's Inc. and subsidiaries ("Companies"). To be eligible, employees must attain the age of 21 and have completed one year of service, as defined in the Plan. The Plan allows employees to enter the Plan the first day of January or July following the date on which the employee completes the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan was restated and amended, effective November 3, 2004, to reflect current regulations and all previous plan amendments. Subsequent to that restatement, the Plan was amended to comply with all new legislative and regulatory requirements. The Plan was again restated and amended, effective January 1, 2008, to reflect current regulations and all previous plan amendments. The Plan was amended, effective January 1, 2009, to comply with the provisions of the Pension Protection Act of 2006 and other relevant legislation. The Plan was amended, effective January 1, 2010, to comply with the provisions of the Heroes Earnings and Assistance Relief Tax Act of 2008 and the Emergency Economic Stabilization Act of 2008. The restatements and amendments had no effect on plan net assets or participant benefits.

Contributions

Each year, participants may contribute up to 15% of pretax annual compensation, as defined in the Plan. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. The Companies make safe harbor matching contributions equal to 100% of a participant's deferrals up to 3% of their compensation and 50% of deferrals on the next 2% of compensation. Additional profit sharing amounts may be contributed at the discretion of the Companies. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Contributions are subject to limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Companies' contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

The vested portion of a participant's account becomes payable upon death, disability, retirement or termination of service for any other reason. Participants may choose to receive vested account balances either as a lump sum amount or in installments.

In-service distributions of vested balances may be made to a participant who has not separated from service provided the participant has attained age 59 ½. Involuntary distributions of amounts less than \$5,000 are permitted under the Plan, but such distributions greater than \$1,000 must be directly rolled over to an individual retirement account set up by the plan administrator for the benefit of the participant. In-service hardship withdrawals of participant balances are not permitted under the Plan.

Notes to Financial Statements
December 31, 2008, 2007, 2006, 2005, 2004 and 2003

Vesting

Participants are immediately vested in their voluntary contributions and the Companies' safe harbor matching contributions, plus actual earnings thereon. In the event of termination of employment for reasons other than normal retirement, death or disability, a participant shall have a vested right in the Companies' pre-2003 matching and profit sharing contributions based on the participant's years of service with the Companies. Participants vest 20% per calendar year of service after the first calendar year of service and are 100% vested after six years of service.

Forfeited Accounts

Forfeited nonvested accounts are to be allocated to the individual accounts of each qualifying participant in the ratio of each participant's compensation for the plan year to the total compensation of all participants for such plan year. At December 31, 2008, 2007, 2006, 2005 and 2004, there were \$-0-, \$11, \$10, \$10 and \$9, respectively, of forfeited nonvested accounts in the Plan. During the years ended December 31, 2008, 2007, 2006, 2005 and 2004, forfeited nonvested accounts totaling \$11, \$-0-, \$-0-, \$-0- and \$-0-, respectively, were allocated to qualifying participants.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding balance of plan loans during the preceding one year period, or 50% of their vested account balance. Participants may only have one loan outstanding from the Plan at one time. Repayments must be amortized in level payments, not less frequently than quarterly, over a period not extending beyond five years from the date of the loan. A loan is not subject to the five-year repayment requirement if it is used to buy a principal residence. The loans are secured by the balance in the participant's account and bear interest rates that range from 6% to 8.5% at December 31, 2008, 5% to 9.25% at December 31, 2007, 5% to 8.5% at December 31, 2006, 5% to 6% at December 31, 2005, and 5% to 6% at December 31, 2004, which are commensurate with local prevailing rates as determined by the plan administrator.

Investment Options

Upon enrollment in the Plan, a participant may direct all contributions to any of the investment options available to them through Merrill Lynch Pierce, Fenner & Smith, Inc.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Companies. No such officer or employee received compensation from the Plan. Certain administrative expenses of the Plan, including legal and audit fees, have been paid by the Companies and are, therefore, not expenses of the Plan. The Plan pays fees related to the management of participating accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Accounting Pronouncements

In September 2006, FASB Statement No. 157, *Fair Value Measurements*, was issued and is effective for fiscal years beginning after November 15, 2007. FASB Statement No. 157 defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. The Companies adopted FASB Statement No. 157 as of January 1, 2008. See Note 4 for the impact that adopting FASB Statement No. 157 had on the Plan.

Rockne's Inc 401(k) Profit Sharing Plan & Trust
Notes to Financial Statements
December 31, 2008, 2007, 2006, 2005, 2004 and 2003

In September 2010, the FASB issued ASU No. 2010-25, *Reporting Loans to Participants by Defined Contribution Pension Plans*. The ASU requires that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest rather than fair value. The ASU is effective for fiscal years ending after December 15, 2010, with early adoption permitted. The Plan retrospectively adopted the new pronouncement for all Plan years presented, reclassifying participant loans as noted. Adoption did not have a material effect on the Plan's net assets available for benefits or its changes in net assets available for benefits.

Basis of Accounting

The accompanying financial statements have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Investments are reported at current values. All other transactions are reported on a cash basis.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Plan did not hold any qualifying investment contracts for any of the periods presented.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of investment securities are recorded on a trade-date basis. Interest and dividend income are recorded on the cash basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events

The Plan has evaluated subsequent events through January 30, 2012, the date the financial statements were available to be issued.

3. INVESTMENTS

Investments held by the Plan as of December 31, 2008, 2007, 2006, 2005, 2004 and 2003, including separate identification of investments that represent 5% or more of the Plan's net assets, are summarized as follows:

4. FAIR VALUE MEASUREMENTS

FASB Statement No. 157, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB Statement No. 157 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2008 and prior periods.

Registered investment companies (e.g. mutual funds): Valued at the net asset value (NAV) of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2008:

5. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

6. PLAN TERMINATION

The Companies have the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions. See the Subsequent Events note for further information regarding Plan termination.

7. RELATED PARTY TRANSACTIONS

Certain Plan investments as of December 31, 2008, 2007, 2006, 2005, 2004 and 2003 were shares of registered investment companies that were managed by an affiliate of Merrill Lynch Pierce, Fenner & Smith, the Plan's custodian. Therefore, these transactions qualify as party-in-interest transactions.

Notes receivable from participants totaling \$3,010, \$9,122, \$10,687, \$10,683, \$6,871 and \$5,749 as of December 31, 2008, 2007, 2006, 2005, 2004 and 2003, respectively, are considered party-in-interest transactions. Interest income pertaining to notes receivable from participants totaled \$297, \$394, \$482, \$392 and \$443 for the years ended December 31, 2008, 2007, 2006, 2005 and 2004.

8. TAX STATUS

The Plan has adopted a prototype plan document to which the Internal Revenue Service has issued an opinion letter dated March 31, 2008, in which the Internal Revenue Service stated that the prototype, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The prototype has been amended since issuance of the most recent opinion letter. The Plan has not requested an individual determination letter from the Internal Revenue Service. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and intends to take corrective action for any identified deficiencies. Therefore, the plan administrator believes that the Plan is qualified and the related trust is tax-exempt.

9. NONEXEMPT PROHIBITED TRANSACTIONS

During the years ended December 31, 2008, 2007 and 2006, the Companies failed to remit, on certain occasions, participant contributions and loan repayments totaling \$70,090 as soon as administratively feasible after being withheld from participants, thus constituting nonexempt prohibited transactions between the Plan and the Companies. All of the identified delinquent contributions and loan repayments for 2008, 2007 and 2006 were deposited into the Plan by January 2009. The Plan is in the process of calculating lost earnings and correcting these nonexempt prohibited transactions. See the Subsequent Events note for further information regarding nonexempt prohibited transactions.

10. DELINQUENT FILER VOLUNTARY COMPLIANCE PROGRAM

The Plan is in the process of voluntarily filing delinquent Forms 5500 from plan years 2000 and 2002 through 2008 under the DOL's Delinquent Filer Voluntary Compliance Program (DFVCP).

11. SUBSEQUENT EVENTS

On certain occasions during 2009, 2010 and 2011, the Companies failed to remit participant contributions and loan repayments totaling \$84,584 as soon as administratively feasible after being withheld from participants, thus constituting additional nonexempt prohibited transactions between the Plan and the Companies. All of the identified delinquent contributions and loan repayments for 2009, 2010 and 2011 have been deposited into the Plan. The Plan is in the process of calculating lost earnings and correcting the nonexempt prohibited transactions from the years 2006 through 2011.

During 2010, the Plan made an erroneous distribution of \$9,574 to a party-in-interest in conjunction with a non-distributable event, thus constituting a nonexempt prohibited transaction between the Plan and the party-in-interest, specifically a transfer to, or use by or for the benefit of, a party-in-interest, of income or assets of the Plan. The ineligible distribution was repaid to the Plan by the party-in-interest in 2011.

The Plan received a Notice of Rejection dated March 23, 2011 from the U.S. Department of Labor ("DOL") informing the Plan that its 2009 Form 5500 annual report was rejected because a report of an Independent Qualified Public Accountant, along with audited financial statements and accompanying footnotes, was not attached to the filing, as required. The Plan subsequently received a Notice of Intent to Assess a Penalty dated June 13, 2011 from the DOL because the Plan had not satisfactorily responded to the DOL's request in the Notice of Rejection. The Plan subsequently filed an amended 2009 Form 5500 and received a Notice of Determination of Reasonable Cause dated September 26, 2011 from the DOL stating that the amended 2009 annual report was satisfactory. The DOL assessed a penalty, citing a failure to originally file an acceptable annual report, failure to timely correct the original filing and a failure to maintain adequate internal controls.

On January 1, 2012, the Board of Directors of Rockne's, Inc., the Plan Sponsor, approved a resolution to terminate the Plan, effective January 31, 2012. The Plan was formally amended January 27, 2012 to discontinue the safe-harbor matching provision, effective January 31, 2012. Final distributions will be determined based on all participants being 100% vested, and will be made as soon as possible after the termination date.
