NATIONAL VAN LINES EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
April 30, 2011

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the National Van Lines Employee Stock Ownership Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was established, effective as of May 1, 2010, as a leveraged employee stock ownership plan (the "ESOP"). It is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (the "Code"), and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is sponsored by National Holding Company, Inc. (the "Company") and is administered by the Company's Board of Directors. The First Bankers Trust Services, Inc. is the Plan's Trustee.

Eligibility

For the initial Plan year ended April 30, 2011, each employee of the Company on May 1, 2010 automatically became a participant, regardless of age. Employees hired by the Company after May 1, 2010, but prior to May 1, 2011, became eligible to participate on their hire date.

Subsequent to April 30, 2011, employees must complete a year of service of at least 1,000 eligible hours and must have attained age 21 to be eligible. Leased employees and employees who are members of a collective bargaining unit are not eligible to participate. Each eligible employee may become a Plan participant on the first entry date after attainment of eligibility. Plan entry dates are the first day of January and July.

Participants will receive an allocation for a Plan year if he or she has at least 1,000 hours of service during the Plan year and are employed on the last day of the Plan year. Employees who do not have at least 1,000 hours of service during such Plan year or are not employed on the last day of the Plan year are generally not eligible for an allocation of Company contributions for such year, with the exception of the year ended April 30, 2011. For the year ended April 30, 2011, contributions will be allocated to any participant employed on the last day of the Plan year, regardless of hours.

Contributions

The Company makes contributions to the ESOP Trust each Plan year, either in cash, Company stock, or by means of the forgiveness of any amounts due under the outstanding ESOP loan. Employee contributions are not permitted.

Contributions shall be made in cash to the extent necessary to enable the Trustee to pay any maturing obligations under any outstanding ESOP loan. Any shares of Company stock contributed to the Plan shall be valued at their fair market value as of the date of the contribution, as determined by the Trustee based upon a valuation by an independent appraiser.

NOTE 1 - DESCRIPTION OF THE PLAN (continued)

Participant Accounts

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with the participant's allocable share of the following: (a) Company stock purchased by the Trustee or contributed by the Company to the Plan for that year, (b) Company stock released from the suspense account for that year, and (c) forfeitures of Company stock arising during that year. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation.

A suspense account is established to maintain the shares of Company stock that the Trustee acquires with the proceeds of the ESOP loan. These shares are released from the suspense account each Plan year based on the percentage of principal and interest paid on the outstanding ESOP loan for a particular fiscal year to the total ESOP loan outstanding.

Employer contributions and Plan forfeitures are allocated to each participant's account based upon the relation of the participant's eligible compensation, up to $75,000, to total eligible compensation of all participants for the Plan year. There were no forfeitures of terminated nonvested account balances as of April 30, 2011. Plan earnings are allocated to each participant's account based on the ratio of the participant's beginning of the year account balance to all participants' beginning of the year account balances. There were no Plan earnings during the fiscal year ended April 30, 2011.

Payment of Benefits

No distributions from the Plan may be made until a participant retires, dies (in which case, payment shall be made to the participant's beneficiary or, if none, his or her legal representatives), or otherwise terminates employment with the Company and its participating subsidiaries. Distributions are made in cash, or in the form of shares of Company stock subject to the requirement that they be sold to the Company or back to the Trust at fair value immediately on distribution. Payment can be made in the form of a lump sum payment or a series of substantially equal installments over a period not to exceed five years, unless otherwise elected by the participant. Participants may also elect to rollover their account balance into an eligible retirement plan.

Any benefits provided by the Plan are paid by the Trustee from net assets available for benefits. The benefit to which a plan participant is entitled is the benefit that can be provided by the contributions and income thereon (including net realized and unrealized investment gains and losses) allocated to the participant's account. Upon termination of service due to normal retirement, death or total and permanent disability, the participant shall receive the vested account balance not later than one year after the close of the Plan year in which the participant ceases employment. For employees that are terminated for any other reason, distribution of their account balance shall be delayed until five years after the close of the Plan year in which the employee terminates.

NOTE 1 - DESCRIPTION OF THE PLAN (continued)

Vesting

If a participant's employment with the Company ends for any reason other than retirement, permanent disability or death, he or she will vest in the balances in his or her account based on total years of service with the Company. A participant becomes 20% vested upon the completion of two years of service and increases 20% for each year of service thereafter, until fully vested after six years.

The nonvested balance is forfeited upon termination of service. Forfeitures are allocated among active participants based upon compensation. Participants that terminate employment by reason of retirement, permanent disability or death are automatically 100% vested.

Voting Rights

The Trustee shall vote the shares of Company stock held in the Trust fund with respect to all matters as directed by the Board of Directors of the Company. Each participant will be entitled to direct the Trustee as to how to vote the shares of Company stock allocated to his or her account with respect to any proposed merger or consolidation, recapitalization, reclassification, liquidation, dissolution, sale of substantially all of the assets of a trade or business, or any similar transactions, as defined. The Trustee shall vote the shares of Company stock which are not allocated to any participant's account and the shares of allocated Company stock with respect to which no direction is received from the participants to whose accounts the shares are allocated, on the matters as directed by the Board of Directors of the Company.

Diversification

Diversification of Plan investments is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into other investments for the purpose of diversifying their investment risks. Participants who are at least age 55 with at least ten years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of the shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify receive a cash distribution.

Termination

The Company reserves the right to terminate the Plan at any time by action of its Board of Directors, subject to Plan provisions. Upon such termination of the Plan, the vested interest of each participant will be distributed at the time prescribed by the Plan provisions and the Code.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis for Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates in Preparing Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Company considers all highly liquid investments purchased with an original maturity of six months or less to be cash equivalents.

Operating Expenses

All of the expenses of maintaining the Plan were paid by the Company.

NOTE 3 - ADMINISTRATION OF PLAN ASSETS

Certain officers and employees of the Company and its subsidiaries perform certain administrative functions of the Plan. No such officer or employee receives compensation from the Plan. Administrative expenses for the Trustee's fees, as well as all accounting and auditing fees relating to the Plan, are paid directly by the Company.

NOTE 4 - COMPANY CONTRIBUTIONS

As of April 30, 2011, the $1,200,000 contribution receivable to the Plan represents a cash contribution from the Company. The Company is encouraged to make contributions in cash to the Plan which, when aggregated with the Plan's dividends and interest earnings, equals the amount necessary to enable the Plan to make regularly scheduled payments of principal and interest due on its future term loan. The contribution of cash was made in May 2011.

NOTE 5 - TAX STATUS

The Plan has not yet obtained a determination letter from the Internal Revenue Service stating that the Plan, as designed, is in compliance with the applicable requirements of the Code. The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, they believe that the Plan was qualified and the related Trust was tax-exempt as of April 30, 2011.

NOTE 6 - SUBSEQUENT EVENTS

Management evaluated subsequent events through February 2, 2012, the date the financial statements were available to be issued. Events or transactions occurring after April 30, 2011, but prior to February 2, 2012 that provided additional evidence about conditions that existed at April 30, 2011, have been recognized in the financial statements for the year ended April 30, 2011. Events or transactions that provided evidence about conditions that did not exist at April 30, 2011, but arose before the financial statements were available to be issued have not been recognized in the financial statements for the year ended April 30, 2011.

Subsequent to April 30, 2011, the Company changed its fiscal year-end from April 30 to December 31, beginning with the period ended December 31, 2011. The Company also entered into a stock purchase agreement with the Plan on May 26, 2011, whereby the Plan acquired 200,000 shares of the Company's common stock for $7,500,000. The stock is held in a Trust established under the Plan. The Company has an interest bearing installment note payable in annual installments through 2040 as a result of the stock purchase. There were two installment payments of principal interest subsequent to April 30, 2011. The first payment was made on May 27, 2011 totaling $1,200,000 and the second was made on December 28, 2011 totaling $250,000. The second debt service payment was funded by a $250,000 contribution from the Company to the Plan in December 2011. The Company will make annual contributions to the Plan that approximates the Plan's debt service, less dividends received. As the Plan makes each payment of principal, an appropriate percentage of stock will be allocated to participant accounts in accordance with applicable regulations under the Code.
