Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Independent Auditors' Report

We were engaged to audit the financial statements of the Dresser, Inc. Pension Plan for United Automobile, Aerospace & Agricultural Implement Workers of America, Local 1118 of Roots Blower Division, Connersville, Indiana - Plan 016 (the "Plan") as of April 30, 2011 and 2010, and for the years then ended, as listed in the accompanying index. These financial statements are the responsibility of the Plan's Employee Benefits Committee.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 5 and 6, which was certified by State Street Bank and Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended April 30, 2011 and 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements taken as a whole. The form and content of the information included in the financial statements other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

PLAN 016
NOTES TO FINANCIAL STATEMENTS
April 30, 2011 and 2010

1. Description of the Plan

The following description of the Plan provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions. Copies of the plan document are available from Dresser, Inc.

General

The Plan is a noncontributory defined benefit pension plan. It provides coverage for pension, disability, and preretirement death benefits for virtually all employees of the Roots Blower Division of Dresser, Inc. who are represented by the United Automobile, Aerospace and Agricultural Implement Workers of America, Local 1118 at Connerville, Indiana. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Establishment

On September 29, 1998, the Plan became sponsored by Halliburton Company ("Halliburton") (the "former" sponsor) when Halliburton completed an acquisition of Dresser Industries, Inc. ("Dresser") pursuant to an agreement and plan merger (the "Merger") dated February 25, 1998. Prior to the Merger, the Plan was sponsored by Dresser.

Effective May 1, 1999, the Plan's investments were invested in the Halliburton Company Employee Benefit Master Trust (the "former Master Trust") at State Street Bank and Trust Company (the "Trustee").

On April 10, 2001, Halliburton divested itself from Dresser pursuant to an agreement dated January 30, 2001. Effective on this date, Dresser, Inc. took over as sponsor of the Plan. Also at this time, the name of the Plan was changed from Dresser Industries, Inc. Pension Plan for United Automobile, Aerospace & Agricultural Implement Workers of America, Local 1118 of

Roots Blower Division, Connersville, Indiana - Plan 016 to Dresser, Inc. Pension Plan for United Automobile, Aerospace & Agricultural Implement Workers of America, Local 1118 of Roots Blower Division, Connersville, Indiana - Plan 016. On December 17, 2001, Dresser, Inc. established the Dresser, Inc. Master Trust (the "current Master Trust") and the Plan's assets were transferred into it. The Trustee remained the same.

On February 1, 2011, General Electric Company announced the completion of the acquisition of Dresser, Inc. This acquisition had no impact on the operation of the Plan.

Administration

The Plan is administered by an Employee Benefits Committee appointed by the Board of Directors of Dresser, Inc. The committee is generally responsible for administering the Plan, maintaining eligibility records of participants in the Plan, authorizing payment of administrative expenses, processing benefit claims and authorizing payment of benefits.

Eligibility

Employees become eligible for participation on their first anniversary of employment.

Vesting

The Plan provides for 100 percent vesting at the end of 5 years of vested service.

Benefit Provisions

The Plan provides benefits for normal and early retirement. The normal form of benefit payment for a single participant is a monthly life only benefit. The normal form of benefit payment for a married participant is a 50 percent joint and survivor benefit, in which an employee receives a monthly benefit payment until death, at which time the surviving spouse begins receiving 50 percent of the benefit until death. In addition, the Plan provides certain death benefits in the event of the death of an employee prior to retirement.

Contributions

Dresser, Inc. contributes to the trust fund such amounts deemed necessary based on actuarial computations to provide assets to meet anticipated future benefits to be paid from the Plan to its participants. Participating employees are not required or permitted to make contributions to the Plan. The Plan meets the minimum funding requirements as prescribed by ERISA.

2. Summary of Significant Accounting Policies

Basis of Reporting

The Plan's financial statements are prepared according to accounting principles generally accepted in the United States of America.

Valuation of Investments

Investments are valued at fair value as quoted by the trustee. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for further discussion of fair value measurements.

Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Accordingly, actual results could differ from those estimates.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent Events

In accordance with FASB ASC 855, *Subsequent Events*, management has reviewed subsequent events through February 9, 2012 the date the report was available to be issued. See Note 13 for a discussion of the subsequent events that were identified.

3. Actuarial Assumptions

The more significant assumptions underlying the actuarial computations made by the consulting actuary, Towers Watson, for plan years beginning May 1, 2010 and 2009 are as follows:

	<u>May 1, 2010</u>	<u>May 1, 2009</u>

Actuarial present value of accumulated plan benefits at May 1, 2010	<u><u>\$ 21,434,347</u></u>

4. Investment in Master Trust

The Master Trust invests plan assets in short term investments, registered investment companies and common collective trusts. The Master Trust maintains these investments for all of Dresser, Inc.'s pension plans and each plan has an undivided interest in trust investments. Ownership of plan assets is represented as proportionate dollar units of participation which is determined each quarter by the Trustee based upon initial plan participation and adjusted for plan contributions, plan benefit payments, and plan administrative expenses.

5. Investments and Transactions Certified by the Trustee

Net investment gain	<u>\$ 3,247,779</u>	<u>\$ 4,701,037</u>

7. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at April 30, 2011 and 2010.

Short term investments: Stated at amortized cost.

Investments in registered investment companies: Valued at their respective net asset value per share/unit on the valuation date.

Investments in common collective trusts: Valued at their respective net asset value per share/unit on the valuation date.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Master Trust's assets at fair value as of April 30, 2011 and 2010:

Assets at Fair Value as of April 30, 2011				
	Level 1	Level 2	Level 3	Total
Short term investments	\$ -	\$ 2,117,532	\$ -	\$ 2,117,532

Total assets at fair value	<u>\$ -</u>	<u>\$ 195,495,020</u>	<u>\$ -</u>	<u>\$ 195,495,020</u>

8. Party-in-Interest Transactions

Plan investments are managed by State Street Bank and Trust Company. State Street Bank and Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the services of State Street Bank and Trust Company amounted to \$143,829 and \$97,678 for the years ended April 30, 2011 and 2010, respectively.

9. Reportable Transactions

A schedule of reportable transactions has not been presented because there are no reportable transactions which require presentation under ERISA Section 2520.103-6.

10. Plan Termination

While Dresser, Inc. does not currently intend to terminate the Plan or to permanently discontinue contributions, they may discontinue such contributions, and they may terminate the Plan. If terminated, net assets of the Plan would be distributed to participants and beneficiaries as prescribed by the terms of the Plan in accordance with ERISA. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the Pension Benefit Guaranty Corporation ("PBGC") at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided at all. In the case of termination, if assets of the Plan are sufficient to provide all accumulated plan benefits, then net assets in excess of accumulated plan benefits would be returned to Dresser, Inc.

11. Income Tax Status

The IRS has determined and informed the Plan by a letter dated January 29, 2003, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan's sponsor and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC; therefore, they believe that the Plan is qualified and the related trust is tax-exempt.

The plan sponsor has concluded that as of April 30, 2011 there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan sponsor believes it is no longer subject to income tax examinations for years prior to 2007.

12. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

| ▶ Valuation date | May 1, 2010 |
| ▶ Funding target and target normal cost | Present value of accrued benefits |
| ▶ Actuarial value of assets | Average of the fair market value of assets on the valuation date and the two immediately preceding valuation dates, adjusted for contributions, benefits, administrative expenses and expected earnings. The average asset value must be within 10% of fair value, including contributions receivable. |

The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years.

Benefits not Valued

All benefits described in the Plan Provisions section of this report were valued. Towers Watson has reviewed the plan provisions with Dresser Incorporated and, based on that review, is not aware of any significant benefits required to be valued that were not.

Change in Assumptions and Methods Since Prior Valuation

Contributions

The funding interest rate was changed from the full corporate bond yield curve as of April 2009 to the May 2010 segment rates as provided under the Pension Protection Act of 2006 (PPA).

The required mortality table used to calculate the funding target and target normal cost was updated to include one additional year of projected mortality improvements.

Data Sources

Towers Watson used asset data supplied by the trustee. Dresser Incorporated, furnished participant data as of the valuation date. Dresser Incorporated also provided the dates and amounts of the 2010 contributions that will be paid in 2011. Data were reviewed for reasonableness and consistency, but no audit was performed. Assumptions or estimates were made when data were not available. We are not aware of any errors or omissions in the data that would have a significant effect on the results of our calculations.

**Schedule SB, line 22 – Description of Weighted Average Retirement Age
Plan Year May 1, 2010 to April 30, 2011**

Dresser, Inc.

Pension Plan for United Automobile, Aerospace and Agricultural Implement Workers
of America Local No. 1118 of Roots Blower Division, Connersville, Indiana
EIN: 75-2795365 / PN 016

Age	Rate
55	2.56%
56	2.48
57	2.48
58	2.48
59	2.40
60	2.40
61	2.32
62	50.00
63	100.00

Weighted average retirement age: 62

As shown on Line 22 of the Schedule SB, the weighted average retirement age is 62. The weighted average retirement ages were weighted in proportion to the probability that an active participant under age 55 would remain an active participant to each age and then retire at that age. When determining the probability of remaining an active participant to a given age, only the retirement decrement assumption was taken into consideration.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.
