As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by AXA Equitable Life Insurance Company, the Custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the Custodian as of December 31, 2010 and 2009 and for the year ended December 31, 2010, that the information provided to the Plan administrator by the Custodian is complete and accurate.

The Plan's statement of changes in net assets available for benefits does not present investment income (other than from participants' notes) separate from the net change in fair value of investments. In our opinion, disclosure of that information is required to conform with accounting principles generally accepted in the United States of America; however, Plan management believes it is impracticable to develop the information.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

EDUCATIONAL BUS TRANSPORTATION, INC. PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010 AND 2009

Note 1 - Plan Description:

The Educational Bus Transportation, Inc. Profit Sharing Plan (the "Plan") is a profit sharing plan for Educational Bus Transportation, Inc. and Educational Bus, Inc. (collectively, the "Company"). The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan with a 401(k) feature covering all non-union employees of the Company who have completed one year of service, and are age 18 or older. Employees enter the Plan on the first day of the Plan year or the first day of the seventh month of the Plan year following completion of the eligibility requirements. They become eligible for discretionary employer contributions after completion of 1,000 hours of credited service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Each year, participants may make contributions up to 100% of eligible pretax annual compensation, as defined in the Plan. Participants may also contribute distributions from other qualified plans (rollovers). Company contributions are at the discretion of the Company's Board of Directors and are subject to limitations by law. For 2010, the Board of Directors elected to match 25% of each employee's annual contribution, up to a maximum of 2% of eligible compensation. All contributions are participant directed and are invested in a guaranteed interest account or units of pooled separate accounts. The Plan currently offers 13 pooled separate accounts as investment options for participants.

Participant Accounts - Each participant's account is credited with the participant's contributions, the Company's matching and allocations of discretionary contributions and Plan earnings and charged with the participant's withdrawals or distributions and an allocation of administrative expenses. Allocations are based on participant account balances as defined. The benefit to which a participant is entitled is the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Company contributions and the earnings thereon vest in accordance with the following schedule:

Years of Service	Vesting
0 - 1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participants' Notes Receivable - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loans require repayment within no more than 5 years, or up to 30 years if for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest must be paid ratably through payroll deductions or otherwise in at least equal quarterly installments.

Note 1 - Plan Description (Continued):

Forfeited Accounts - The Plan provides for forfeitures to reduce employer matching contributions. As of December 31, 2010, forfeitures available to reduce future employer contributions totaled $13,923. There were forfeitures of $91 during the year ended December 31, 2010.

Payments of Benefits - Upon termination of service for any reason, a participant, or his beneficiary, may receive one of the following forms of payment equal to the value of the participant's vested interest in his or her account: 1) Lump sum; 2) Installment payments; 3) Life annuity; 4) Qualified Joint and Survivor annuity; or 5) Installment payments over the life expectancy of the participant or the joint life expectancies of the participant and the participant's beneficiary.

Note 2 - Summary of Significant Accounting Policies:

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

Accounting Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation - The Plan's investments are stated at fair value except for the guaranteed interest account (See Note 5). Units of the pooled separate accounts are valued at quoted market prices which represent the net asset value of units held by the Plan at year end. Participant notes receivable are valued at cost which approximates fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Expenses - Professional fees and other administrative expenses are paid by the Plan, except when paid by the Company.

Payment of Benefits - Benefits are recorded when paid.

Accounting for Uncertainty in Income Taxes - FASB ASC Topic 740, Subtopic 10 prescribes a comprehensive model for how a plan should measure, recognize, present, and disclose in its financial statements uncertain tax positions that the plan has taken or expects to take on a tax return. The Plan recognizes tax benefits from uncertain tax positions only if it is more likely than not that the tax position will be sustained on examination by taxing authorities, based on the technical merits of the position. The tax benefits recognized in the financial statements from such positions are measured based on the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement. There was no impact to the Plan's financial statements as a result of FASB ASC Topic 740, Subtopic 10.

Subsequent Events - Plan management evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure. The accompanying financial statements consider events through December 6, 2011, the date the financial statements were available to be issued.

Note 3 - Related Party Transactions:

As of December 31, 2010 and 2009, Plan investments include funds held in a guaranteed interest account and in pooled separate accounts managed by AXA Equitable Life Insurance Company, the Custodian of the Plan; therefore, these transactions qualify as party-in-interest.

Note 4 - Investments:

Investments that represent 5% or more of the Plan's net assets as of December 31, 2010 and 2009, respectively, are separately identified as follows:

	2010	2009
Pooled Separate Accounts:		
EQ Money Market Fund	$ 476,306	$ 453,161
EQ Federated High Income Bond Fund	135,070	114,835
EQ Federated Fund for U.S. Government Securities	243,799	230,963
EQ Templeton Growth Fund	*	115,668
EQ Invesco Mid Cap Core Equity Fund	218,126	183,704
EQ AllianceBernstein Growth and Income Fund	208,265	170,952
EQ AllianceBernstein Growth Fund	142,183	126,382
Guaranteed Interest Account	122,930	*

*-Investments are not 5% or more of Plan net assets

Note 5 - Investment Contract with Insurance Company:

The Plan investment options include a guaranteed interest account. The account is credited with actual earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by AXA Equitable Life Insurance Company ("Equitable"). The contract is non-benefit responsive and, as such is included in the financial statements at December 31, 2010 and 2009 at fair value, which approximates contract value.

An effective annual rate of interest shall become effective at the beginning of each calendar year as set by Equitable. If the assets are withdrawn from the contract prior to maturity, early termination fees apply.

Note 6 - Information Prepared and Certified by Custodian:

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Custodian.

	2010	2009
Fair Value of Interest in:		
Guaranteed Interest Account	$ 122,930	$ 93,624

Note 7 - Fair Value Measurements:

FASB ASC 820, *Fair Value Measurement*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Level 2 Fair Value Measurements - The fair values of the guaranteed interest account and the pooled separate accounts are based on observable inputs including quoted net asset values for similar assets or liabilities in active or non-active markets.

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit:

		Fair Value Measurements Using:
	Fair Value	Significant Other Observable Inputs (Level 2)
December 31, 2010:		
Guaranteed Interest Account	$ 122,930	$ 122,930
Pooled Separate Accounts	1,871,106	1,871,106
Total	$ 1,994,036	$ 1,994,036
December 31, 2009:		
Guaranteed Interest Account	$ 93,624	$ 93,624
Pooled Separate Accounts	1,666,593	1,666,593
Total	$ 1,760,217	$ 1,760,217

Note 8 - Tax Status:

The Internal Revenue Service has determined and informed the Plan Sponsor by a letter, dated April 18, 2008, that the Plan and related trust were designed in accordance with applicable sections of the Internal Revenue Code (the "IRC"). The Plan has been amended since receiving the determination letter; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and the related trust was tax exempt as of the financial statement date. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 9 - Plan Termination:

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan, subject to the provisions of ERISA. In the event of a termination, all amounts credited to the accounts of participants will fully vest and become nonforfeitable.

Note 10 - Current Vulnerability Due to Concentrations of Credit Risk:

The Plan may invest in various types of investment securities. Investment securities are exposed to various market risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for plan benefits.

Note 11 - Commitments:

As of December 31, 2010, the Plan owed $102,242 to terminated employees.
