Report of Independent Auditors

To the Participants and Administrator of
The EMSC 401k Savings Plan

We were engaged to audit the financial statements and supplemental schedule of The EMSC 401k Savings Plan (the "Plan") as of December 31, 2010 and 2009 and for the year ended December 31, 2010, as listed in the accompanying index. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 7, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2010 and 2009 and for the year ended December 31, 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The EMSC 401k Savings Plan

Notes to Financial Statements

December 31, 2010 and 2009

1. Description of the Plan

The following description of The EMSC 401k Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan to facilitate systematic savings by eligible employees of Emergency Medical Services Corporation, American Medical Response, Inc., and its majority owned subsidiaries, and EmCare, Inc. and its majority owned subsidiaries (the "Companies") and to provide funds for their retirement. The Plan is administered by EMS Management, LLC (hereinafter referred to as the "Company"). The Company's Trustee, Fidelity Management Trust Company ("Fidelity"), is responsible for the investing, safekeeping and accounting for the Plan's assets and valuation of the individual participant's accounts.

Employee Eligibility

Participation in the Plan is voluntary. Substantially all employees are eligible at date of hire except for part time employees who must complete 1,000 hours of service to be eligible.

Contributions

Plan participants were allowed to contribute 1% to 40% of their eligible compensation, as defined by the Plan document, subject to the maximum allowed by section 402(g) of the Internal Revenue Code as indexed by the Internal Revenue Service (the "IRS"). The contribution limit for 2010 was \$16,500. In addition, eligible employees age 50 or over may contribute "catch-up" contributions of \$5,500 in 2010. The Company matching contribution shall be equal to 50% of the participant elective contribution (excluding "catch-up" contributions) made for each pay period, which does not exceed 6% of the participant's compensation for such period. Additional discretionary contributions may be made by the Company as determined by the Company. For the year ended December 31, 2010, the Company made no additional discretionary contributions.

Participants' Accounts

Participant accounts are adjusted periodically to reflect the fair market value of the assets allocated to the accounts. Each account balance is increased (decreased) by the amount of contributions, income, gains and losses allocable to such account since the prior valuation date. Income, expense, gains and losses generated by a particular investment are allocated to accounts based on each account's proportionate share of the investment. Any expenses relating solely to a specific account, such as loan origination fees and distribution fees, are charged to such account.

Vesting and Forfeitures

Participants contributions and the earnings thereon are fully vested at all times. Participants have a vested interest in a percentage of the employer's matching contributions based on years of service. Company contributions are vested 25% for each year of service and fully vested after four years of service, based on original Plan enrollment, or upon retirement or death. Forfeited amounts are used to reduce future employer contributions and allowable plan expenses. During calendar year 2010, forfeitures were used to reduce employer contributions by \$227,780 and pay Plan expenses of \$60,814. At December 31, 2010, forfeited non-vested accounts totaled \$181,126.

The EMSC 401k Savings Plan

Notes to Financial Statements

December 31, 2010 and 2009

Payment of Benefits

The balance in a participant's account is payable on or after his or her reaching retirement age as defined by the Plan. All vested amounts in the participant's account are also payable upon termination of employment with the Company. A participant may elect to receive either a lump-sum amount equal to the value of his or her account, single withdrawals at intervals of the participant's request, or annual installments. In addition, hardship distributions are permitted if certain criteria are met and are subject to certain penalties imposed by the IRS.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms range from 1 to 5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined monthly by the Plan administrator. Interest rates ranged from 4.25% to 10.5% at December 31, 2010. Principal and interest are paid ratably through payroll deductions.

Administrative Expenses

Administrative expenses include expenses for investment consulting, the audit, plan administration and expenses paid by participant, which relate to loan origination fees and distribution fees.

Change in Accounting Principle

In 2009, participant loans were reported at estimated fair value and classified as plan investments. Effective for fiscal years ending after December 15, 2010, Accounting Standards Update ("ASU") 2010-25: Reporting Loans to Participants by Defined Contribution Pension Plans requires that participant loans be measured at their unpaid principal balance plus any accrued but unpaid interest and classified as notes receivable from participants, which are segregated from plan investments. This change in accounting principle has been reflected in the 2009 and 2010 Statement of Net Assets Available for Benefits. There was no impact on the Statement of Changes in Net Assets Available for benefits.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

As described in Financial Accounting Standards Board Accounting Standards Codification section 962, *Reporting of Investment Contracts Held by Health and Welfare Benefit Plans and Defined-Contribution Pension Plans*, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The plan invests in fully benefit-responsive investment contracts in its master trust. Contract value for this investment is based on the net asset value of the fund as reported by the investment advisor. The Statement of Net Assets Available for Benefits presents the fair value of the investment in the master trust as well as the adjustment of the investment from fair value to contract value relating to the investment contracts. The Statement of Changes in Net Assets Available for Benefits is

The EMSC 401k Savings Plan

Notes to Financial Statements

December 31, 2010 and 2009

prepared on a contract value basis.

Use of Estimates

The preparation of the financial statements in conformity with US GAAP requires the Plan's management to make significant estimates and assumptions that affect reported amounts of net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options in mutual funds which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the participant's account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available For Benefits.

Valuation of Investments Held and Income Recognition

The Plan's investments in mutual funds are stated at fair value as determined by quoted market prices, which represents the net asset value of shares held by the plan at year end. The Plan's interest in investment contracts is based on the fair value of the master trust's underlying investments as based on information reported by the investment advisor using the audited financial statements of the trust at year-end. The Plan's investments are held in an AMR Savings Plans Master Trust.

Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Net Appreciation (Depreciation) in the Fair Value of Investments

The Plan presents in the Statement of Changes in Net Assets Available for Benefits, the net change in appreciation (depreciation) in fair value of investments, which consists of the net realized gains and losses and the net unrealized appreciation or depreciation on these investments.

Contributions

Contributions from Plan participants are made through payroll deductions. Contributions from the Company are accrued based upon amounts required to be funded under the provisions of the Plan.

Payment of Benefits

Benefits are recorded when paid. No amounts are owed at December 31, 2010 or 2009 to participants who have elected to withdraw from the plan, but have not yet been paid.

* The 2010 and 2009 amounts represent contract value for the investment.

** Amount represents less than 5% of Plan's total net assets

During 2010, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciation in value by \$18,392,825 and the Plan received interest and dividends totaling \$4,502,851, all of which related to registered investment companies and participant loans.

4. Fair Value Measurements:

Financial Accounting Standards Board Accounting Standards Codification section 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

Investments in mutual funds: Valued at quoted market prices which represent the net asset value of shares held by the Plan at year end.

Investments in stable value fund and self-directed brokerage accounts: Valued at the quoted market price of the underlying investments held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2010:

5. Termination of the Plan

While the sponsor of the Plan has not expressed any intent to discontinue its contributions, they reserve the right to terminate the Plan at any time subject to the provisions of ERISA, by an instrument in writing delivered to the Plan's administrator. If the Plan is terminated or contributions are completely discontinued under the Plan, the participant's non-vested interests become fully vested. Upon termination of the Plan by the Company, the Trustee will distribute to each participant (or other person entitled to distribution) the value of the participants' accounts in a single sum as soon as practicable following such termination. The amount of such distribution shall be determined as of the valuation date immediately preceding the date the distribution is to be made.

6. Tax Status of the Plan

The IRS has determined and informed the Company by a letter dated June 21, 2002, that the Plan and related trust are designated in accordance with Section 401(a) of the Internal Revenue Code (IRC) and, therefore, the fund established as part of the Plan is not subject to federal income tax under provisions of Section 501(a) of the IRC. As long as the Plan is qualified under the tax laws, participants will not be taxed currently on Company contributions and before tax 401(k) participant contributions to the Plan or on income earned thereon. The Plan has been amended since receiving the determination letter. However, it is the opinion of the plan administrator that the Plan as presently amended, is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service ("IRS"). The Plan administrator has analyzed the tax positions taken by the plan and has concluded that as of December 31, 2010, there are no uncertain

positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for the years prior to 2007.

7. Information Certified by the Trustee

The following unaudited information at December 31, 2010 and 2009 and for the year ended December 31, 2010, regarding the Plan's financial statements and supplemental schedule was certified to be complete and accurate by the Trustee within the meaning of Section 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

Statement of net assets available for benefits and related Note 3:

- Investments and notes receivable from participant
- Adjustment from fair value to contract value for fully benefit-responsive investment contracts

Statement of changes in net assets available for benefits and related Note 3:

- Net appreciation (depreciation) in fair value of investments
- Interest and dividends

All information in the supplemental schedule:

- Schedule of Assets (Held at End of Year)

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

8. Related Party Transactions

Certain Plan investments are shares of mutual funds managed by the Trustee. As the Trustee is the custodian as defined by the Plan, these transactions qualify as party-in-interest.
