INDEPENDENT AUDITOR'S REPORT

We were engaged to audit the financial statements of Hal Hays Construction, Inc. Retirement Savings Plan (the Plan) as of June 30, 2011 and 2010, and for the years ended, and the supplemental schedules as of and for the year ended June 30, 2011, as listed in the accompanying index. These financial statements and schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Transamerica Retirement Services, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended June 30, 2011 and 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedules taken as a whole. The form and content of the information included in the financial statements and schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

HAL HAYS CONSTRUCTION, INC. RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2011 AND 2010

NOTE 1: DESCRIPTION OF PLAN

The following description of the Hal Hays Construction, Inc. Retirement Savings Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General

The Plan is a defined contribution plan covering all employees of Hal Hays Construction ("Company"). Employees are divided into two major categories, Prevailing Wage employees and 401(k) employees. The two categories are subject to different rules under the Plan. Employees are classified as Prevailing Wage or 401(k) based on the functions they perform for the Company. Prevailing Wage employees are required to enter the Plan from inception of employment. 401(k) employees can enter the plan when they are at least 21 years of age and have completed six months of service. The employees are eligible for 401(k) employer discretionary match when they are at least 21 years of age, and have worked at least 1,000 hours in a consecutive 12-month period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B. Contributions

Plan participants can elect to defer part of their earnings on a pre-tax or after tax basis. There are no Plan imposed limits on the amount an employee can contribute. However, the Internal Revenue Service limits the maximum amounts that can be contributed on a pre-tax or after tax Salary Deferral basis. For calendar years 2011 and 2010 that limit is $16,500. All employees who are eligible to make Elective Deferrals under the Plan and who have attained age 50 before the close of a Plan Year, shall be eligible to make Catch-up contributions, as well. The Plan also allows for employer non-elective contributions also known as a profit sharing contribution and employer match. To be eligible to receive employer non-elective contribution an employee must have completed 1,000 hours of service during the plan year and be employed on the last day of the Plan year. To be eligible to receive matching contribution an employee must have attained age 21. All Prevailing Wage employees receive employer contributions, which are determined by the job contract and level of work performed.

C. Participant Accounts

Separate accounts are maintained for each participant. Participants direct the investment of their contributions into various investment options offered by the Plan. Each participant's account is credited with the participant's contribution and allocations of the company's contribution and plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1: DESCRIPTION OF PLAN (continued)

D. Vesting

Participants are immediately vested in their 401(k) contributions, transfer or rollover contributions, as well as all prevailing wage employer contributions. Vesting in the Company's discretionary contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Vesting Schedule for Employer Matching:

Years of Vesting Service	Percent Vested
Less than 2	0.00%
2 but less than 3	20.00%
3 but less than 4	40.00%
4 but less than 5	60.00%
5 but less than 6	80.00%
6 or more	100.00%

E. Participant Loans

Participant loans are not permitted by the Plan.

F. Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a single-sum cash payment or have it rolled over into an individual retirement account (IRA) or another qualified plan that accepts transfers.

G. Forfeited Accounts

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. These forfeited amounts will be used to reduce the Company's profit sharing contributions and matching contributions. As of June 30, 2011 and 2010, there were no forfeited non-vested accounts.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

B. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

C. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold, as well as held during the year.

D. Payment of Benefits

Benefits are recorded when paid.

E. Administrative Expenses

The Plan sponsor absorbs most of the costs associated with the Plan, including setup, contribution processing, audit fees, and certain administrative expenses. The participants pay recordkeeping and trustee fees.

F. Financial Instruments

The carrying amount of all financial instruments approximates fair value. The carrying amounts for investments and contributions receivable approximate fair value because of the short maturity of these instruments.

G. Subsequent Events

Management has evaluated subsequent events through February 17, 2012, which is the date the financial statements were available to be issued, and has determined that there are no transactions that will have a significant impact on the Company.

NOTE 3: INVESTMENTS

Unaudited information certified by the Plan trustee

The June 30, 2011 and 2010 Statements of Net Assets Available for Benefits, the investment activities included on the Statements of Changes in Net Assets Available for Benefits for the years then ended, and the accompanying notes and supplemental schedules to the financial statements were prepared in part or entirely from information certified by the trustee in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of $1,746,415 and $1,248,396 at June 30, 2011 and 2010, respectively.

All investments were held in trust by Transamerica as of June 30, 2011 and 2010. All investments held by Transamerica are participant directed. The following presents the fair values of the investments held in trust at June 30, 2011 and 2010. Investments that represent five percent (5%) or more of the Plan's net assets are separately identified.

	June 30, 2011	June 30, 2010
AEGON Cash Reserve	$ 170,388	$ -
Transamerica Cash Reserve	-	229,453
Vanguard Target Ret 2020	203,520	149,893
Vanguard Target Ret 2025	181,634	97,093
Vanguard Target Ret 2030	291,225	198,065
Vanguard Target Ret 2035	204,457	101,200
Vanguard Target Ret 2040	141,679	-
Vanguard Target Ret 2050	139,803	-
Others	413,709	472,692
Total Plan Investments	$ 1,746,415	$ 1,248,396

The Plan's investments (including investments bought, sold and held during the year) appreciated in value by $281,329 and $94,347 for the year ending June 30, 2011 and 2010, respectively.

NOTE 4: FAIR VALUE MEASUREMENT

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Common stocks, corporate bonds and U.S. government securities – Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual Funds – Valued at the net asset value of shares held by the plan at year end.

Fixed Income Securities – Valued using their last quoted bid price.

NOTE 4: FAIR VALUE MEASUREMENT (continued)

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit as follows:

	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)
June 30, 2011		
Mutual funds	$ 1,746,415	$ 1,746,415
Total	$ 1,746,415	$ 1,746,415
June 30, 2010		
Mutual funds	$ 1,248,396	$ 1,248,396
Total	$ 1,248,396	$ 1,248,396

NOTE 5: RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Transamerica during the Plan years ended June 30, 2011 and 2010. Transamerica is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Hal Hays Construction Inc., the employer whose employees are covered by the Plan, makes employer contributions to all Prevailing Wage employees. These transactions qualify as party-in-interest transactions.

In addition, the Plan engaged in various party-in-interest transactions throughout the year which contributed to the operation of the Plan itself. These transactions included payments to the Plan’s third party administrator, investment advisor, auditor, sponsor, actuary, participants and various investment funds.

Fees paid by the plan for investment management services for the year ended June 30, 2011 and 2010 amounted to $2,175 and $2,131, respectively.

NOTE 6: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. If the Plan terminates, benefits provided under this Plan are neither insured nor guaranteed by the Company, by the Pension Benefit Guaranty Corporation, a federal governmental agency, nor under any state or federal law.

NOTE 7: TAX STATUS

The Company has not applied for a determination letter regarding its tax status from the Internal Revenue Service, as it is not required. However, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the Internal Revenue Code.

NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 9: EXCESS CONTRIBUTIONS

Under the Plan, participants may elect to defer wages in the form of a contribution to the Plan. Many lower-paid employees elect not to make such deferrals. Thus, a special nondiscrimination test considers the "actual deferral percentage" (ADP) of highly compensated and non-highly compensated employees eligible to participate. The ADP test is applied to the 401(k) portion of the Plan. The ADP for each participant is the participant's pre-tax elective deferral divided by the participant's compensation, as defined in the Plan documents. The participant's elective deferral includes his or her elective deferrals and any qualified matching contributions made by the Company. The maximum permitted ADP for highly compensated employees for a year will be determined based on the ADP for non-highly compensated employees during the current Plan year. During the Plan years ending June 30, 2011 and 2010, there were $-0- and $19 contributions returned to highly compensated employees, respectively.
