Independent Auditors' Report

To the Participants and Plan Administrator of
JSI Acquisition, Inc. 401(K) Profit Sharing Plan:

We were engaged to audit the accompanying statements of net assets available for benefits of JSI Acquisition, Inc. 401(K) Profit Sharing Plan (the "Plan") as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010 and the supplemental schedules of Schedule H, Part IV, line 4i – Schedule of Assets (Held At End of Year) as of December 31, 2010 and Schedule H, Part IV, line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2010. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by John Hancock Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of December 31, 2010 and 2009, and for the year ended December 31, 2010, that the information provided to the Plan administrator by the custodian is complete and accurate.

As further discussed in Notes 1 and 3 to the financial statements, by action of its board of directors, JSI Acquisition, Inc, the Plan sponsor terminated the Plan on December 31, 2010. In accordance with accounting principles generally accepted in the United States of America, the Plan changed its basis of accounting from the ongoing Plan basis used in presenting the 2009 financial statements to the liquidation basis used in presenting the 2010 financial statements.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulation for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

JSI Acquisition, Inc. 401(K) Profit Sharing Plan

Notes to the Financial Statements

December 31, 2010 and 2009

NOTE 1 - DESCRIPTION OF THE PLAN

The following brief description of the JSI Acquisition, Inc. 401(K) Profit Sharing Plan (the "Plan") is provided for general information purposes only. The Plan agreement should be referred to for a more complete description of the Plan's provisions.

General

The Plan, adopted as of January 1, 1999, is a defined contribution plan covering substantially all employees of JSI Acquisition, Inc. a California corporation (the "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (the "ERISA").

Plan Termination

The Plan was terminated effective December 31, 2010 and all participant and Employer contributions were discontinued. The net assets of the Plan were distributed in full to all the participants as prescribed by the provisions of the Plan and in accordance with ERISA. Certain disclosures included herein are intended to provide a brief description of the Plan provisions as they existed prior to termination of the Plan.

Eligibility

Employees who have attained 21 years of age and who have completed at least 12 months and 1,000 hours of service are eligible to participate in the Plan and receive Employer contributions. Employees can enter the Plan on January 1st or July 1st following satisfaction of eligibility requirements.

Contributions

Each year participants may contribute a certain percentage of their pre-tax annual compensation as defined in the Plan up to an amount as provided annually by the Internal Revenue Service. Participants who have attained age 50 before the end of the Plan year are also eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified benefit plans. The Employer may match, at its discretion, a fixed amount or a set percentage of each eligible employee's contribution as determined by its board of directors. Additional amounts including a profit sharing contribution may also be contributed at the option of the Employer. There were no Employer contributions for the years 2010 and 2009.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of (a) the Employer's contribution and, (b) Plan's earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled to is the benefit that can be provided from their vested account.

NOTE 1 - DESCRIPTION OF THE PLAN (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is vested in annual increments of 20 percent, vesting at 20 percent in the second year of credited service, and up to 100 percent in the sixth year of credited service. Upon termination of the Plan all participants became fully vested in the Employer's contributions plus earnings thereon.

Payment of Benefits and Forfeited Accounts

A participant's Plan benefits will be distributed at retirement, death, disability or upon termination of employment. Normal retirement age is 65 years. The Plan does not permit early retirement. Participants may elect to receive either a lump-sum amount equal to the value of the participant's vested balance in his or her account, or annual installments over a period of time. The benefits will be paid to the participant or beneficiary in accordance with the provisions of the Plan. That portion of an employee's interest, which is not vested upon the employee's break in service, is forfeited. The non-vested forfeited balances can be reallocated as of the end of the Plan year to the participants in the same manner as Employer's contributions or may be used to pay for Plan expenses. At December 31, 2010 and 2009 the balances in the forfeited non-vested account was $0 and $1,111, respectively.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to 50 percent of their total vested balance, subject to a minimum of $1,000 and a maximum amount of $50,000. The loans are secured by the vested balance in the participant's account. The Plan provisions require a reasonable rate of interest to be charged. Principal and interest are required to be paid ratably through regular payroll deductions. Interest rates on the loans ranged from 7% to 10%. At December 31, 2010 and 2009 the notes receivable balances were $0 and $33,266, respectively. Upon termination the unpaid notes receivable balances were treated as deemed distributions.

Tax Status

The Plan is based on a volume submitter profit sharing 401(K) plan agreement. The Internal Revenue Service has issued an opinion letter dated March 31, 2008 granting approval to the volume submitter. Under this arrangement the Plan is not obligated to file for a separate determination letter. Although the Plan has been amended, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

NOTE 1 - DESCRIPTION OF THE PLAN (continued)

Tax Status (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2006.

Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by John Hancock Life Insurance Company who is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the custodian for investment management services and to other third party administrators aggregated $3,840 and $1,200, respectively for the year ended December 31, 2010.

Investment Options, Management and Administration

The Plan has engaged John Hancock Life Insurance Company as the Plan custodian and the record keeper of the Plan. The assets of each fund within the Plan are invested under an arrangement with John Hancock Life Insurance Company, the custodian. All expenses incurred in maintaining the Plan are paid by the Plan unless the Employer, at its discretion elects to pay all or part of the expenses. These expenses include fees of the Plan custodian, third-party administrators and accountants. Upon enrollment in the Plan, a participant may direct their contributions in the various investment choices, including mutual funds offered by John Hancock Life Insurance Company. Participants should carefully read the prospectus before investing in the various funds offered under the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

Basis of Accounting

The Plan's basis of accounting for the year ended December 31, 2010 changed to the liquidation basis of accounting in accordance with accounting principles generally accepted in the United States of America. There were no material differences in the Plan's financial statements using the liquidation basis of accounting compared with the accrual basis of accounting used in presenting the 2009 financial statements.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Contributions

Contributions from participants are recorded based on payroll withholdings during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reported period. Actual results could differ from those estimates.

Guaranteed Investment Contracts with Insurance Company

The Plan has entered into a benefit-responsive guaranteed investment contract with John Hancock Life Insurance Company ("John Hancock"). John Hancock maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value, as reported to the Plan by John Hancock. Contract value, as reported to the Plan by John Hancock, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rates on guaranteed investment contracts are established by John Hancock on the first day of each calendar month and apply to any regular ongoing participant contributions made to the guaranteed account that month.

Certain events limit the Plan's ability to transact at contract value with John Hancock. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another Plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Guaranteed Investment Contracts with Insurance Company (continued)

The average yield on the guaranteed investment contracts based on actual earnings for the period year ended December 31, 2010 and 2009 was as follows:

Average annual interest earned as reported by John Hancock	2010	2009
3 Year Account	0.44%	1.03%
10 Year Account	1.63%	2.22%

The fair value of the guaranteed investment contracts at December 31, 2010 and 2009 were as follows:

Contract value reported by John Hancock	At December 31 2010	2009
3 Year Account	$ -	$ 1,119
10 Year Account	-	12,877
	$ -	$ 13,996

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note on fair value measurements below. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are valued at cost which approximates fair value. Delinquent notes receivables are reclassified as distributions based upon the terms of the Plan document. Upon termination, all unpaid notes receivable balances were treated as deemed distributions.

Payment of Benefits

Benefit payments to participants are recorded when paid.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Pooled separate accounts: valued on a per unit market value as determined by John Hancock, which reflects the fair value of the investments comprising separate pooled funds.

Guaranteed investment contracts: valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Fair Value Measurements (continued)

The following table reflects the Plan's assets at fair value as of December 31, 2010 and 2009:

Level 3 Gains and Losses

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2010:

	Level 3 Assets Year Ended December 31, 2010 Guaranteed investment contracts
Balance at Beginning of Year	$ 13,996
Unrealized Gains (Losses)	(1,104)
Purchases, Sales, Issuances, and Settlements (Net)	(12,892)
Balance at End of Year	$ -
The amount of total gains or losses for the period attributable to the change in the unrealized gains or losses relating to assets still held at the reporting date	$ -

There were no financial liabilities subject to these requirements as of December 31, 2010 and 2009. There have been no changes in the methodologies used at December 31, 2010 and 2009.

NOTE 3 - PLAN TERMINATION

The Plan trustees terminated the Plan effective December 31, 2010 and all participant and Employer contributions were discontinued. The net assets of the Plan were distributed to participants in December 2010 as prescribed by the terms and provisions of the Plan and in accordance with ERISA. Upon termination all participants were 100% vested in the Employer's matching and discretionary contributions, including profit sharing.

NOTE 4 - INFORMATION CERTIFIED BY THE PLAN CUSTODIAN

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5 (c) of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

	December 31	
	2010	2009
Investments, at fair value:		
Pooled separate accounts	$ -	$ 250,216
Guaranteed investment contracts	-	13,996
Receivables:		
Notes receivable from participants	-	33,266
	$ -	$ 297,478

	Year Ended December 31, 2010
Investment income:	
Net appreciation in fair value of pooled separate accounts	$ 25,955
Net depreciation in fair value of guaranteed investment accounts	(1,104)
Interest on guaranteed investment contracts	452
Interest on notes receivable from participants	2,250
	$ 27,553

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule of Schedule H, Part IV, line 4i – Schedule of Assets (Held At End of Year) as of December 31, 2010.

NOTE 5 – INVESTMENTS

The following presents investments that represent 5 percent or more of the Plan's net assets:

	Fair Value at	
Description	2010	2009
Lifestyle Moderate	$ -	$ 70,968
Lifestyle Balanced	-	76,760
Lifestyle Growth	-	33,967

During 2010, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $24,851 as follows:

Pooled separate accounts	25,955
Guaranteed investment accounts	(1,104)
	$ 24,851

NOTE 6 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through February 10, 2012 the date the financial statements were available to be issued.

NOTE 8 – NON-EXEMPT TRANSACTIONS

During 2010 the Employer failed to remit certain participant salary deferrals and participant loan repayments aggregating $11,130 and $8,557, respectively to the Plan custodian in a timely manner, as defined by ERISA. These contributions are considered non-exempt party-in-interest transactions which may result in the imposition of 15 percent excise tax on the amount of the transactions. The Employer intends to pay all fines imposed including the excise tax resulting from these late remittances. See attached supplemental schedule of delinquent participant contributions. The Employer used guidelines issued by the Internal Review Service to compensate participants for lost income resulting from delay in remitting the contributions. The Employer believes that these non-exempt transactions do not affect the tax status determination of the Plan.
